Increasing Warehouse **Capacity**

Center of the Nation Wool, Inc's acquisition of property and building plans will add 10,500 square feet of storage space to the companies existing capacity on the south side of Railroad Street and eliminate the need to rent additional warehouse space.

Center of the Nation's role is as a middleman between the ranchers who sell the wool, and the textile industry that buys it. Their efforts achieve maximizing the returns to area producers on the marketing of the wool.

Company CEO Larry Prager said the company has over the years had to lease additional storage space in the community to handle the large volume of wool that comes into the facility from throughout the region.

Of late they have been leasing warehouse space in the quonsets at the old Bushfield Airport site.

The lot where the building is being built has been vacant for several years.

The lot, now owned by Center of the Nation Wool was purchased in the early 80's by Dr. Mike Nehl when he acquired the Railroad Street building that

County Commissioners Reorganize and **Get Ready for the New Year**

BETTY BRUNER

news@bellefourchebeacon.com

BELLE FOURCHE-The first meeting of 2022 was full of ordinary and unordinary business for the Butte County Commissioners. The commissioners closed out 2021 with a brief look at any unfinished business and began the reorganization process immediately following. Commissioner Kim Richards took the chairperson seat, while Stan Harms was voted in as Vice-Chair. Outgoing Chair Karrol Herman thanked the commissioners and said she was happy to hand the "reins over" to Richards. She was thanked for her time in the chairperson's

Committees will remain the

same as 2021 with a change in the Weed & Pest Board, Frank Walton was named as alternate. The committees are as follows: Extension-Karrol Herman Ambulance-Kim Richards and Frank Walton

Dispatch Advisory Board-Stan Harms, with Frank Walton as Alternate

BH Council of Local Govt-Kim Richards, with James Ager as Alternate

County Buildings-James Ager and Frank Walton Resource & Conservation

Development-James Ager, with Kim Richards as Alternate Jail & Juvenile Service-Frank Walton

BF Economic Development-Frank Walton Butte-Lawrence County Fair

Board-James Ager Weed & Pest Board-Karrol Herman, with Frank Walton as Alternate

Highway/Transportation Committee-Kim Richards and Karrol Herman

Planning Commission-Stan Harms, with Karrol Herman as Alternate

TIF Committee-Stan Harms

After several minutes of discussion concerning dates and time for future commission meetings, the commissioners voted that meeting dates would remain the same for the month of January, but on a trial basis, the February and March meetings will have a change.

Termes Tetra Art In Middle School

The BFMS Library now has an original Tetra Art sculpture created under the direction of world-renowned artist, Dick Termes of Spearfish.

Students from the 7th grade classes contributed art pieces using the design template developed by Mr. Termes. His workshop sessions in 2020-21 were delivered remotely to 7th graders online.

This past December the students enjoyed his in-person presentation of his Termespheres as well as doing their own mathematically based art.

Many of the students also had an opportunity to help Mr. Termes finish the sculpture with color.

Mr. Termes and the students hung the Tetra Art sculpture in the Belle Fourche Middle School library where it will be on permanent display.

Mr. Termes has been presenting at the BFMS for over ten years and his workshops have been organized over the years by middle school teacher, Joann Stephens, and supported by Purple Pride and the SD Arts Council.

Student artists and Mr. Dick Termes hang the finished Tetra Art sculpture in the Belle Fourche Middle School library. George A. McIntyre 74

George A. McIntyre, age 74 of Belle Fourche, died Tuesday, January 4, 2022 at his home with his loving family by his

Obituaries

The Celebration of Life Service will be held 1pm Friday, January 21, 2022 at the Summit Open Bible Church in Belle Fourche. There will be no visitation. Inurnment will take place prior to the service at Black Hills National Cemetery on January 21 at 11am. Military Honors will be provided by the Belle Fourche Veterans Honor Guard.

In lieu of flowers, green plants are preferred or donations to the Summit Open Bible Church Men's

George's service will be broadcast live online, on his obituary page located on the funeral home's website: www.LeveringtonFH.com

George Allen McIntyre was born January 3, 1948 in South Hampton, Ontario, Canada. He was the son of Edward "Ted" Houldine and Anna Elizabeth (Ballantyne) McIntyre. George grew up in Claremont California, where he graduated from high school in 1967. It was also there, where he met the love of his life, Wanda Jackson. They were married on August 4, 1968, shortly after Wanda graduated from high school. To this union, a daughter Monica was born.

George served American in the U.S. Army for 20 years. His military career began in 1968 and in those 20 years he was station in West Germany from 1970-1973, Korea from 1976-1977, and West Germany from 1980 – 1983. George retired as Sergeant First Class in 1988. During those years, George always showed great care for the troops. He was a dedicated servant-leader, and he always took care of those who were alone during the holidays. When the 10th Mountain Division was reactivated, it was with great pride that George became the first ever, First Sergeant to lead them. In July of 1992, the family moved to Hulett Wyoming, and in 1994 they settled in Belle Fourche.

George had several jobs throughout his life. He was an installer and foreman for Fire Control Systems; a carpenter for Ted Corean Construction of Belle

Fourche; a maintenance employee for Black Hills State University; and he was a Master Craftsman in construction and an auto mechanic. For two years, George helped rebuild the Diamond Ranch, located near Hulett WY. During that time, he was instrumental in creating the Prophet House at the ranch, which is used to house missionaries. Because he was adopted, George always had a heart for children who needed home and from 1996 to 2009

he and Wanda served as Foster Parents. During those years they provided 126 children a home. George was a member of the Summit Open Bible Church, where he served on the board for 20 years. He enjoyed games like the City League Horseshoeing League, and playing cards as well. On the night he went home to heaven, George was playing cards and he definitely had the winning hand. He also enjoyed fishing, and he was very talented working with wood, having made so many things. He was humble, generous, kind, loving, thoughtful, and he had a great sense of humor. He will be greatly missed by his family and friends.

George is survived by his wife, Wanda of Belle Fourche; daughter, Monica McIntyre and Al Rockwood of Ellendale ND; grandchildren, Malia Oster, Amber McWha, Paul French, Ali McIntyre; great grandchildren, Elijha McWha, Ian Oster, Gabriel Mitchell; brothers, George and Sue Wilson of Exter Ontario Canada, Thomas Jackson of Mission Viejo CA; sisters, Elizabeth Hockey of Kirkton, Canada, Carolyn and Gary Luther of Hulett WY, Marilyn Nolan of Mission Viejo CA, Dorothy and Brent Magnusen of Florence MT, Linda Jackson of Orlando FL; sistersin-law, Sandy Wilson of Huron Park; and numerous nieces and nephews.

George was preceded in death by his parents, Ted and and Anna, and Carnell and Lorraine Jackson; brothers, Kenneth Wilson, William Jackson, Ray Nolan, Edward Shute; and sisters, Peggy Wolf and Mary Jackson.

Betty Mischel 80

Betty (McLaughlin-Conitz) Mischel, 80, of Newell, SD, passed away Tuesday, December 28, 2021, at Dougherty Hospice House in Sioux Falls, SD. She will be remembered for being an exceptional woman in more ways than can be recounted here. Those who knew her were the benefactors of her kindness, her caring, her encouragement, and her nurturing ways. She was hard working and treasured her time with family; they were her world.

Betty was born the fourth of nine children to

John and Hertha Mclaughlin in Hazen, ND, on June 11, 1941. She lost her mother at the age of 10 which led her to take on the responsibility of caring for her siblings and taking on household chores. She graduated from high school in Hazen and moved to Mandan, ND, to work as a dental assistant, which she thoroughly enjoyed. Betty married Kenneth Conitz of New Salem, ND on November 5, 1964. They worked hard operating a dairy farm for many years, while raising their family of three girls. She became an excellent cook - especially known for her kuchen, fleischkueckla and potato salad - and discovered she even liked to sew. After Kenny passed away in 1987, Betty continued to run the dairy farm for a couple of years. She then moved to Bismarck and again worked as a dental assistant and attended Interstate Business College in Bismarck, graduating in 1990, with a degree in Medical Assisting. While living in Bismarck she loved to play Bingo and dance. Her girls have fond memories of Betty teaching them to dance by turning the kitchen into a dance floor. She is remembered by many as always taking time to sit at the kitchen table to visit while drinking a cup of coffee. In 1998, she married Chuck Mischel. They resided in Bismarck until moving rfish in 2005. Chucked passed away in 2009,

which time Betty moved to Newell to be near her girls and grandchildren

Never one to be idle, she began working in the cage' at different Casino's in Deadwood where she enjoyed seeing old friends and making new ones. She officially retired in 2018, to enjoy cooking for her family, always having something ready in case the grandkids wanted lunch. Betty loved her family. She is survived by two daughters, Danelle Mutchler, Whitewood, SD, and Deb (TJ) Steele, Newell, SD; grandchildren, Tyler (Jordynn) Mutchler, Megan Dix, Prestyn

Novak, Caleb Mutchler, Jacob Rieniets, Layton, and Kayden Steele; great-grandchildren, Tilden Mutchler, and Josie Dix; brothers, John (Jill) McLaughlin, Strasburg, CO, Mike McLaughlin, Hazen, ND, and Jerome McLaughlin, Gillette, WY; sisters, Mary Ann (Syl) Schutt, Hazen, ND, and Patricia (Neil) Blume, Herman, MN; brother-in-law, Jerome Weiand, Fergus Falls, MN; and numerous nieces and nephews.

Betty was preceded in death by daughter, Denise Rieniets; son-in-law, JD Mutchler; first husband, Kenny; second husband, Chuck; parents, John and Hertha (Miller) McLaughlin; two brothers, Lester, and Robert; 1 sister, Margaret; 4 nieces; 1 nephew; paternal grandparents, Jack (John) and Margaret (Moloney) McLaughlin, and maternal grandparents, Rudolf and Mary (Reinhardt)

A celebration of Betty's life will be held on her birthday, June 11, 2022, in Hazen, ND, with a gathering to follow in Beulah, ND

Condolences may be sent to the family at www.kinkadefunerals.com.

Thomas Seaman 65

Thomas Ryan Seaman passed away on January 10 at the family ranch at Newell. Family and public visitation was held. on Friday, January 14 at Black Hills Funeral Home in Sturgis. Rosary was held at St. Anthony's Catholic Church at the Tom and Karen Seaman ranch outside of Newell on Saturday, January 15, funeral services were held at St. Anthony's on the ranch. Burial was at the ranch following the service. Live streaming was held at the NVN Senior Center in Newell during the service with a luncheon following the burial.

Thomas Ryan Seaman was born on August 16, 1956, to Don and Phillis Seaman of Newell. SD. Tom was the baby of 5 boys and Phillis knew he would be one of a kind. Tom was a fun loving, giggling, little ball of fire. Tom always had a funny story to share such as jumping out of the top of the hay loft with his older brothers. Tom went to Newell School competing in many sports like Basketball and Rodeo and activities like FFA. After graduation, Tom went to Western Dakota Tech for History and Ag. He enjoyed his younger years with various buddies, razzing people and joking around, skiing Terry Peak, going to random barn dances, and playing the guitar and singing. Tom also hauled mail from Sturgis all the way out to Mud Butte for many years.

On April 25, 1987, Tom married his loving wife, Karen Seaman, where they resided in Sturgis for over 10 years. During this time, they welcomed into the world 3 children: Jessica Marie, Sunny Sha Rae and J.C. Ray. Tom and Karen hayed land Southeast of Newell and ran sheep while living on a small ranchette just North of Sturgis. They loved the ranch life and

through sweat, sacrifice and much praying they inevitably fulfilled their dream by purchasing "Lakeview Ranch." Here they raised their 3 Tom was always one to appreciate the small

things. Lambing, early morning bailing, a good cup of coffee (with cream and honey of course), deer hunting with his son, working alongside his wife, and later, enjoying his grandkids were some of his dearest joys. He never said no to some good Orman fishing, a campfire, and a beautiful sunrise over the lake outside their window. He always found the beauty in the smallest blessings and appreci-

ated the simplicity of the birds chirping, the smell of fresh cut alfalfa, and the sheep grazing in the meadow. Tom's laugh, big grin, and joking demeanor brought happiness to many. He never went anywhere he didn't know someone including the gas station (no matter the zip code).

Thomas Ryan Seaman passed away in his home surrounded by his devout wife and children on January 10, 2022. Tom will be greatly missed by so many hearts that he touched.

Tom is survived by his spouse of 34 years Karen, daughters- Jessica (Hayes) Bean of Newell, SD, Sunny (Anthony) Pesicka of Faith, SD, and J.C. Seaman of Newell, SD. Grandchildren- Mavis, Evelynn, McCoy, Koraline, Archer and Rhett. Father Donald Seaman, 4 brothers and spouses as well as many nieces, nephews, and dear friends. Tom is proceeded in death by his Mother Phillis Seaman and many late Aunts and Uncles.

Merciful Jesus, grant him eternal rest.

Black Hills

Pastor's Perspective

Pastor's Perspective is provided by Doug Clark of Nisland Independent Community Church of Nisland

"Press On"

1. Philippians 3:12-13 says, 12. Not that I have already attained, or am already perfected; but I press on, that I may lay hold of that for which Christ Jesus has also laid hold of me. 13. Brethren, I do not count myself to have apprehended; but one thing I do, forgetting

those things which are behind and reaching forward to those things which are ahead.'

Have you ever wished you could go back in time and correct things that you did wrong, or correct things that you should have done, and just didn't do? We probably all have done things or said things that we later regretted. For some it could be the regret of a broken marriage. Some regret how much time they wasted. I am sure that all of us would like to go back and undo certain things of the past. But of course we cannot go back and undo what we have done or said. The Apostle Paul at one time had been a murderer

and persecutor of Christians. But then he met Jesus. Think of how his life would have been different if he had met Jesus sooner than he did. Now that he knew Jesus, all the things of the world meant nothing to him in comparison to knowing Jesus. Philippians 3:8 says, "Indeed, I count everything as loss because of the surpassing worth of knowing Christ Jesus my Lord. For his sake I have suffered the loss of all things and count them as rubbish, in order that I may gain Christ.'

Paul gives good advice on what we are to do now. There is nothing we can do to change the past, so he says to look to the future. The Bible says, "Behold now is the time, today is the day of salvation." Thank God that those who repent of their sins and trust in Jesus are forgiven of all of our sins for the sake of Jesus who gave up His life on the cross as the payment for all of our sins, and we can look to the future knowing that God is with us, and will take believers to Himself in heaven in His own time. Paul continues that same passage by saying in v. 14, "I press toward the goal for the prize of the upward call of God in Christ Jesus."

Chutes for Charity

Chutes for Charity big fundraiser is coming up February 5.

Due to Covid they haven't been able to hold the event for the last

three years Some highlights of Black Hills Roundup Chutes for charity is last year regionally they gave out a little over \$52,000 to local neighbors that needed help and since the organizations inception in 2009 we've given out about 3/4 of \$1 million in support of others.. Chutes volunteer, Denise Adams commented, "This being our big fundraiser and not being able to have any big fundraising for three years we're really relying on this to help us replenish the fun so we can continue on helping our neighbors."

"Even though we haven't had the fundraising the last three years, the applications still come in and we do the best we can. So we're counting on this to help replenish those funds so that we can continue providing support.

We will have approximately 16 wonderful wines to taste; eight Bourbons; and eight whiskeys along with heavy hors d'oeuvres and charcuterie boards available throughout the tasting.

We will also have live and silent auctions and are still looking for donors and sponsors for our event... if anyone has any questions or you have any questions please don't hesitate to call Denise

Tri-State Museum and Visitor Center's Military Exhibit Goes Bright and Patriotic

In early 2020, when the museum in Belle Fourche was closed due to the pandemic, most of the exhibits on the floor were refreshed with colorful paint, new photos and storyboards, and the addition of

Only one major exhibit was not fully renovated at that time: the Military Exhibit. This was because it was understood that that project would require more time and effort than could be given then.

In early January of 2022, the museum and visitor center was closed for its annual cleaning. The main objective: carry out the renovations that the Military Exhibit has long needed.

"Other exhibits all now have a signature color and we wanted the Military Exhibit to do so as well," said director Kristi Thiel-

en. "Collections Archivist Jada Udager recommended that we go even further and paint the exhibit in the patriotic colors of red, white and blue.

The red flannel that previously backed all six of the exhibit cases was both dated and an impediment to securely hanging photos, artifacts and storyboards. It was removed. Instead, each case was painted in bold red, white and blue. Johnson Electric put lights in each of the cases; the addition of the paint and the light have brightened the whole exhibit, which often seemed dark because of its placement at the back of the

museum. Udager made a happy discovery when she removed the red flannel behind the gun exhibit, which sits at the rear center of the Military

Exhibit. "Under the fabric was a beautiful wood wall!" she said. "It was a real surprise, but we decided to leave it that way, to make it stand out from the rest of the exhibit."

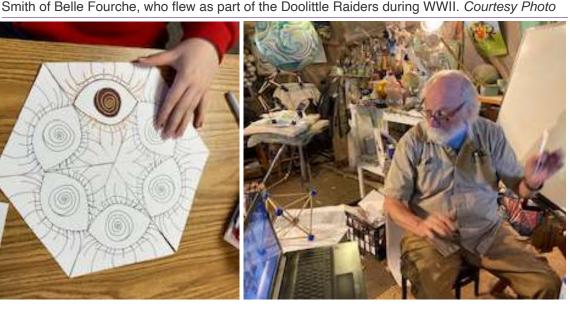

Once the painting was done and the lights installed, the content of each case was rearranged for maximum impact. The museum staff feels that the exhibit's fresh, lighted look will make it an especially appealing place to visit, whether by locals or the many tourists who come during the summer season.

"Our military artifacts look spectacular now," said Thielen. "We hope everyone in the area will take the time to come and visit the exhibit."

The Tri-State Museum and Visitor Center is located at 415 Fifth Avenue in Belle Fourche.

A close-up of one of the six exhibit cases in the Military Exhibit. This case is devoted to Don

Middle School Students of the Month for December

Belle Fourche Middle School students of the month for Dec. were recognized on Monday, Jan. 10th at the school district's regular monthly board meeting.

The middle school teachers nominate the students and two are chosen from each grade, fifth through eighth. They are chosen based on leadership qualities, academic achievement, excellence in behavior,

and good citizenship. The students are presented

with a certificate of recognition and a personalized school t-shirt.

For the 5th grade Railynn Strickland and Colter Ryan were honored. The 5th grade award was sponsored by Steroes 'N Stuff, Radio Shack. In the 6th grade Josephine McCord and Bryan Panameno-Hernandez were presented certificates. Pete's Clothing sponsored the 6th grade award. In the 7th grade, Elliot Schreder and Nicholas Vetter were recognized. Twisted Apparel sponsored the 7th grade award. In the 8th grade Denali Larson and Gavin Pearson were honored as students of the month. Nehl Dental sponsored the 8th grade award.

Creative Life Story Writing Workshop 2 Heirlooms: Creative Life This interactive workshop will program on your computer in the complete of th

2022 Heirlooms: Creative Life Story Writing Workshops @ Creative Life Story Writing Tuesday, January 25.

SDSU Extension will be hosting the 2022 Creative Life Story Writing Workshop webinar over Zoom on Jan. 25 from 6-8 p.m.

The workshop will include a combination of educational content, writing prompts, writing time, sharing time, and calls to action over the course of a 2-hour zoom session.

Whether you're an experienced writer, or you're just starting out, this workshop is for anyone interested in recording their memories onto paper.

provide information on how to organize your life stories and how to make them interesting for readers. Through writing prompts, you will learn how to incorporate sensory detail into your stories, making special moments and milestones more

Research shows that life story writing can be personally fulfilling, as well as an outlet for processing emotions. Writing your life stories preserves your memories and provides an heirloom for family and friends. Registration: opened Jan. 1. Please have access to a notebook and pen or a Word

program on your computer if you plan on participating in the workshop. All ages of adults are welcome to attend. For more information about the instructor, please visit www.mollybarari. com or contact Leacey Brown, SDSU Extension Gerontology Field Specialist.

This program was made possible by the SD Humanities Council, an affiliate of the National Endowment for the Humanities. Space is limited so register soon. For the workshop, please have access to a notebook and pen or a Word program on your computer. All ages of adults are welcome to attend.

Lady Broncs Split Games with Chadron and Lead **Deadwood**

The Belle Fourche Lady Broncs split their games last week as they traveled to Chadron and dropped a tight game to the Lady Cardinals 41-36 before rebounding with a sound defeat of the Lead-Deadwood Lady Golddiggers in Belle Fourche 57-19.

Against Chadron, both teams battled closely in the first half and the Cardinals held an 18-17 edge at half-time. The Broncs had a strong third period behind the inside outside work of Grace Clooten and Chloe Crago to out score Chadron 12-5. In the fourth period the Broncs held a 10-point lead with a little more than three minutes to go but the Cardinals were able to close the gap and overtake the Broncs for the victory.

Lady Bronc head coach. Bill Burr surveys his team's action against Chadron. Jamie Hockenbary photo

Broncs Boys BB go 1-1

The Belle Fourche Broncs went 1-1 in last weeks basketball contests as they fell to Chadron in a close battle 46-42 in Chadron, before returning home to bounce Lead-Deadwood 68-32. The Broncs controlled the game for three quarters as they led 14-11 after one and went to the lockers holding a 25-17 cushion. Belle still was ahead of the Cardinals 36-31 after three periods but were outscored 15-6 in the final stanza for the ending score of 46-42 in favor of Chadron.

The Broncs shot 38% from the field for the night and shot 100% at the free throw line but only took six attempts there.

Anthony Staley controlled the board for Belle with 10 caroms on the night and Ryder Audiss had 6 clears. Aiden Giffin and Anthony Budmayr had 11 points each to lead Belle in scoring with Budmayr dropping in three shots from behind the arc. Cole Hockenbary chipped in with 7 counters for the Broncs.

In the JV game Chadron came out a winner 46-33. Jordan Sandoval paced Belle with 8 points and Jet Jensen and Nolan Wahlfeldt had 7 points each. The Broncs returned home to face the Golddiggers from Lead-Deadwood where they controlled the game from start

Rangers. to finish. Senior guard Gabe Heck had a great night for the Broncs as he knocked down five three pointers on the evening with teammates Ryker Audiss and Jet Jensen each putting in two from deep. Belle hit 43% of their shots from the field for the evening but struggled from the line only hitting 5 of 11

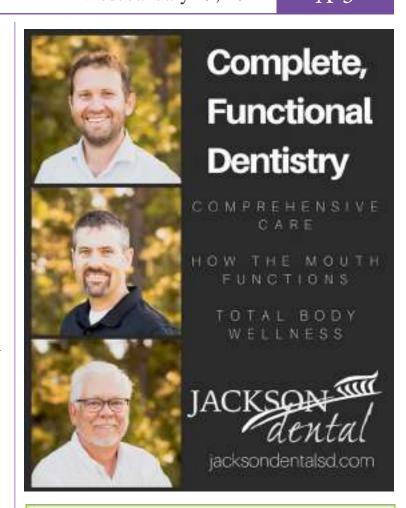

attempts. Heck paced the Broncs in scoring with 17 points, Audiss netted 16 with Budmayr and Giffin each getting 10. Budmayr had a great floor game with 8 assists and he also had 8 rebounds. Staley also pulled down 8 boards for the winners. The Broncs are now 4-3 on the year.

Anything Left in the Barrel?

By: Doug Cole

Belle Fourche is having what as far as most people's memories go back an unprecedented chain of events happing in our city government.

This paper is dated Wednesday January 19th. We print on Monday's so details of the events of the first 2 days of the week are not reported on.

Action on the Mayor's letter Alledging a Council Member violations of City Code of Conduct and the recently form "We the People of Belle Fourche" citizens group will have gone down in the annals of Belle Fourche history before you have a chance to read this.

We had received requests to print letters to the editor on the subject, but answered those requesting that in everyone's best interest wait for the meetings to occur before doing so.

One cannot help but wonder how did we get to this point in our city?

If you asked individuals on either side of the debate I'm sure you would find fingers pointing to numerous suspects.

We have gone out of our way with the Beacon to not be critical of our city or county government or the people elected to represent us on those bodies.

We believe it is difficult to be

in the barnyard pick up a hunk of manure and fling it at someone without getting some of it on your hands.

> In other words it can make us all look bad. Work together by building each other up, not by tear-

ing one another down.

I guess you could say, "Someone has to be responsible for the problems!"

Well guess what? I know who

It's me! I'm the guilty party. I moved to Belle Fourche in 1987. I had spent most of the 10 year prior and two years after moving here working in some capacity or another in, or with government, state, local, and

nationally. When I ended that part of my career I went into construction in Belle and the last thing I had any interest in doing was attend another government meeting.

I went about my business and paid no attention to the city or county affairs.

Myself and many others like me just assume that the people elected use due diligence and as members of a representative democracy do what is in the best interest of all the people they represent.

If not, the voters need to pay attention and find/elect people who believe in doing so.

Belle Fourche Lady Broncs Champions of Pepsi Cup Soccer Tournament

L to R - Anthony Bradley (head coach), Tessa Stearns, Alexis Pickett, Maddison Mailloux, Aleyah Carbajal, Annie Jensen, Lydia Main, Jaz Olson, and Kyle Parks (assistant coach). Not pictured: Assistant Coaches Mo Keller & Betsy Stearns. Courtesy Photo

Tim Stearns

Special to the Beacon The Lady Broncs U16 indoor soccer team travelled to the Cam-Plex Event Center in Gillette, WY over the weekend of January 8-9 to participate in the Pepsi Cup. The third-annual tournament, hosted by the Gillette Edge Soccer Club, brought more than 85 teams and 700 youth from Wyoming, Montana and South Dakota ranging in age from U8 to U19. Gillette teams provided a strong showing, winning 5 of the 11 divisions at the competition, but the Belle Fourche girls went undefeated over the

weekend and brought home the championship hardware in their first tournament of the indoor soccer season.

The Lady Broncs, with head coach Anthony Bradley, started the tournament with a pair of wins over local teams on Saturday afternoon. First up was a victory by the smallest margin of the weekend with a score of 5-2 over Gillette Edge White, followed by a win over Gillette Edge Purple by a score of 9-4. The semi-final game on Sunday was against local rivals Sturgis Wildfire, who were shut out by the Lady Broncs 5-0. Final-

ly, the championship match against Black Hills Rapids 07 Girls culminated with two unbeaten teams looking for their first tournament win of the indoor soccer season. Although the Rapids came into the match with fewer goals scored against them in the weekend than the Lady Broncs, they were no match for the Belle Fourche girls as Bradley's team soared to an 11-4 victory.

The Lady Broncs' next appearance was at the Black Hills Rapids Winter Classic that took place January 14-16 at the Rushmore Plaza Civic Center in Rapid City.

PRCA News

ProRodeo Hall of Famer Jerome Robinson passes away. ProRodeo has lost one of its superstars. ProRodeo Hall of Fame bull rider Jerome Robinson passed away Jan. 9. He was 74.

Robinson, who was inducted into the ProRodeo Hall of Fame in Colorado Springs, Colo., in 2019, qualified for the National Finals Rodeo 11 times - 1970-75 and 1977-81.

Robinson went on to become a cowboy with many hats -acontestant, contractor, event producer, contract personnel and member of the PRCA Board of Directors. With so many titles on his résumé, Robinson was inducted into the ProRodeo Hall of Fame as a Notable, a word that perfectly summarizes his career.

"I was floored to be truthful," Robinson said in the July 19, 2019, edition of the ProRodeo Sports News. "It was completely unexpected knowing all the other people who put time into this association. I'm completely humbled by it knowing the other people who have done a lot for this outfit."

During his time in the professional ranks, Robinson served as the Bull Riding Director on the PRCA Board for four years,

vice-president for one, a term on the National Finals Rodeo Commission, and was on the PRCA research and development committee for the building of the Colorado Springs headquarters and Hall of Fame.

Robinson made a lasting contribution to rodeo when in 1975 he helped institute the centralized computer entry system, known today as PRO-COM. This system utilized a computer to implement the rules and guidelines of the PRCA Rulebook and a bank of toll-free phone lines to communicate with rodeo contestants, stock contractors, secretaries, and committees.

Fellow ProRodeo Hall of Fame bull rider Donnie Gay, an eight-time PRCA world champ, praised Robinson for his contributions to the sport.

"You don't qualify for NFR 11 times without being pretty good," Gay said. "Jerome was always in the mix, and he out rodeoed everybody in those days. He was able to get to so many rodeos and ride so many bulls and he would draw a check almost everywhere he went.

Robinson finished a career-best fourth in the 1974 and 1975 PRCA world standings.

The Good Stuff

by Jim Thompson

The Good Stuff was developed for radio by Jim Thompson nearly 2 decades ago. Jim Thompson takes motivational stories that listeners and readers send him and incorporates them into the program. It has been on the air for more than 10 years.

Everyone needs a good story for coffee meetings with friends. Here's a couple of my favorites. Have a good time telling them!

It's all in how you look at things

A seaman meets a pirate in a bar, and talk turns to their adventures on the sea.

The seaman notes that the pirate has a peg-leg, a hook, and an eye patch.

The seaman asks, "So, how did you end up with the pegleg?"

The pirate replies, "We were in a storm at sea, and I was swept overboard into a school of sharks.

Just as my men were pulling me out, a shark bit my leg off.

"Wow!" said the seaman. "What about your hook"?

"Well", replied the pirate, "We were boarding an enemy ship and were battling the other sailors with swords. One of the

enemy cut my hand off." "Incredible!" remarked the

seaman. "How did you get the

eye patch"? "A seagull dropping fell into my eye," replied the pirate.

"You lost your eye to a seagull dropping?," the sailor asked incredulously.

"Well," said the pirate, "it was my first day with my hook"

And then....

One day, on 9/9/99, a man woke up at 9:09 a.m. in the morning, jumped on Bus #99 and went to his favorite restaurant on 9th Street. When the cashier rang up his order, it totaled \$9.99.

"Oh, wow, this is an omen!" the man said, so he bought a pair of cheap binoculars at the 99¢ store, pulled out 99 cents in fares and took Bus #99 to the Race Track.

As he approached Gate No. 9, he said to the ticket agent: "I would like to bet \$999.99 on Horse No. 9 in the 9th race."

"Why those particular numbers?" the ticket agent asked.

"Nine seems to be my lucky number today," the man said excitedly. "I'm really on a roll!"

Feeling confident, he sat through the first eight races until Race No. 9 came up. Sure enough, he was on a roll.

The horse came in ninth.

Go tell 'em! - jt

Rodeo Rapid City Coming in Early February FOOD - AUCTION - LIVE MUSIC

Rodeo Rapid City is fast approaching with the event scheduled Feb. 3-5th, 2022. One of the top PRCA rodeos in the nation it has been nominated 20 times as PRCA's "Large Indoor Rodeo of the Year." Rodeo Rapid City won the award three times, including most recently in 2020. This past year it was nominated once again as one of the top five rodeos in the

Top PRCA contestants will again be competing in seven different rodeo events for more than \$200,000 in prize money.

Rodeo personnel in 2022 will feature award winning announcer Will Rasmussen, Barrelman J.J. Harrison and Specialty Act of the Year, Bethany Iles/Rider Kiesner. Also featured this year is the first round of Freestyle Bullfighting action.

The event will be held in the brand new Summit Arena at the Monument in Rapid City.

Along with the PRCA event

will once again be the 20X SD High School Showcase. In years past several Belle Fourche and Newell area rodeo athletes have competed at the event.

This rodeo features the top three high school

rodeo competitors in 10 events from all four regions of the state. Watch the state's top high school athletes compete for

scholarships, team travel funds from Farm Credit Services and the prized Maynard Trophy Buckles. The 20X event is scheduled for Sunday, January 30th.

Xtreme Broncs also returns for 2022 on January 29th. The top 40 PRCA Bronc Riders in the nation are coming to Rapid City to compete for a \$10,000 cash purse. The top three cowboys from the long round advance to the sudden death short round.

Rodeo personnel will feature 22-time award winning Barrelman Keith Isley, along with a special guest appearance from the Young Living Percheron

Hitch! Not to be RODEO outdone Xtreme RAPID CITY Bulls will also be returning. This event will kick things off on January 28th. Xtreme

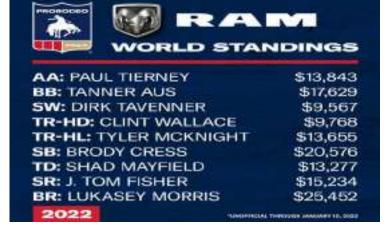

Bulls features the

40 top PRCA Bullriding contestants competing against 40 of the top bulls in the world for over \$36,000 in prize money.

Timed-event slack is scheduled for Jan. 31 through Feb. 3rd at 10am each morning.

Admission is free. The Freestyle Bullgfight Competition will be held at 2pm on Thursday afternoon Feb. 3rd

and admission is also free. For ticket information log on to SuttonRodeo.com.

I took this from an old family photo of my great-uncle Cleve, my paternal grandfather's brother.

Cleve had an interesting life. He was a doughboy during WWI, a lifer in the Army plus he took part in "turkey shoots" from Panama to Alaska and reportedly did quite well.

It's a fact he attended the bullfights in Mexico early 1900s because we have photos he took.

There's also a rumor he worked for the 101 Ranch for a time but that might be just a story. Maybe, maybe not. No matter, the photo made for a great exercise in pencil!

> "Uncle Cleve" Pencil

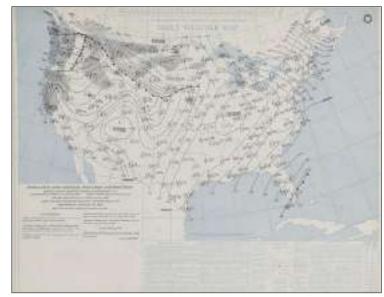

The Black Hills Remarkable Temperature Change of January 22, 1943

The Black Hills area can experience spectacular temperature variations. Day-to-day changes occur as cold and warm fronts cross the northern Plains. However, temperature ranges across the area at a given time can be just as great. They happen rapidly as the wind direction changes, most notably the warming Chinook winds that have given the Black Hills the reputation as the "Banana Belt" of the Midwest. Other temperature differences are caused by inversions, when warm air flows over a shallow pool of cold air. Because the Black Hills rise above the plains like an island in a body of water, they are in the warm air layer.

The most notable temperature fluctuations occurred on January 22, 1943 when temperatures rose and fell almost 50 degrees in a few minutes. This phenomenon was caused when a frontal boundary separating extremely cold Arctic air from warmer Pacific air rolled like an ocean tide along the northern and eastern slopes of the Black Hills.

In mid-January 1943, Arctic air pushed southward from Canada, bringing extremely cold temperatures across the central United States. By the morning of January 19, temperatures were well below zero as far south as Kansas and in the single digits to teens across Texas. On January 20, warmer air started to spread eastward from the Pacific over the Rockies while lows ranged from -20 to -30 degrees across the Dakotas (see map below). The boundary separating this warmer air from the frigid air was near the front range of the Rocky Mountains and through Nebraska, with

Daily Weather Map from the morning of January 20, 1943

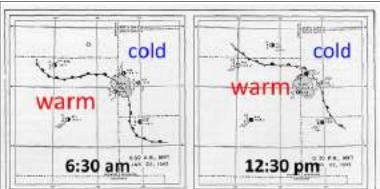

Casper WY at 22 degrees while Rapid City was -20 degrees. During the day, the warm air aloft reached the higher elevations of the Black Hills. Temperatures warmed into the 30s at Custer and Lead while highs remained below zero in downtown Rapid City, the Rapid City Airport (now Ellsworth Air Force Base), and Spearfish. The following day, temperatures reached the 40s in the Hills but struggled to get into the single digits above zero on the plains as the front advanced to the northeast.

Early morning temperatures on January 22 were already above freezing in the higher elevations of the Black Hills but still below zero along the foothills. Shortly after daybreak, the front moved northeast—down the slopes of the Black Hillsand temperatures warmed rapidly. Later in the morning, the front retreated to the southwest and temperatures plummeted

just as quickly. The oscillations occurred several times during the morning; the front pushed east of Rapid City during the afternoon, allowing the airport to reach 50 degrees. It finally shifted south again during the late afternoon, and the cold air returned to the foothills.

In Spearfish, the temperature rose from -4 at 7:32 a.m. to 45 degrees-a rise of 49 degreesin just two minutes. A couple of hours later, it plunged from 54 back to -4 degrees—a change of 58 degrees in 27 minutes. In downtown Rapid City, the temperature had warmed to +5 degrees by 9:20 a.m., then it quickly warmed to 54 degrees by 9:40 am—a difference of 49 degrees in 20 minutes.

The drastic temperature changes were logged on recording thermometers at the Montana-Dakota Utilities Company offices in both downtown Rapid City (then at 725 St. Joseph Street) and Spearfish. A picture

of the instrument with a replica of the January 22, 1943 chart is shown below along with a picture of the actual temperature recording chart.

The change in temperature was noticeable as people rounded street corners. Motorists were unable to see out their windshields when thick frost forms as they encountered the front and plate glass windows cracked.

This event, which the Rapid City Daily Journal described as "crazily deviating temperatures" and "freakish warmth", received national media coverage. It was featured in "Ripley's Believe it or Not" and "Strange as it Seems" cartoons printed in newspapers across the country.

A detailed description of the event was written by Roland R. Hamann, Senior Observer with the U.S. Weather Bureau office (now National Weather Service) at Rapid City, South Dakota and published in the March 1943 Monthly Weather Review as "The Remarkable Temperature Fluctuations in the Black Hills Region January 1943."

Capitol News

KAREN ODELL

news@belle four chebe a con.com

Dick and Erma Albert made a trip to the Hills to pick up a few supplies, on Thursday. Erma got some Sugar Beef apples at Safeway that were delicious. They both went to the Senior Citizen dinner, where Bobbie had pork chops and mashed potatoes, this week. Erma stayed to play cards, and it was nearly dark by the time she got the mail, and went home. On Sunday, they went to the Catholic Church for mass. They stayed for the pot luck lunch, and then for Bible Study afterward.

Well, Lynn Gustafson's Alabama team was finally beaten, on the last game of the season, but it was very close and exciting. It was a great winning streak while it lasted. Their dog has been loving the mild January weather.

Donna Lewis has lots of January birthdays to make cakes for. That has kept her busy. She still has some Christmas candy to deliver. Darick was born on January eleventh, which was Lee's birthday, too. Now she will begin on the cakes for many February birthdays.

Mark and Rhonda Johnson visited at Junior and Shirley Melum's on Tuesday. Charlie Odell came to inspect a few cows for Mark. Junior gets out every morning and afternoon, to do a few chores, and the weather has been nice for January. Shirley keeps busy with her sewing and cooking inside. Ernie and Rachel spent this week working cows. They sold some cows this week, too, and were glad for the good weather for their outside work. Rachel and Daniel visited at Charlie

and Karen Odell's on Friday. George and Romela Heady came to Bryce and Dawn Padden's, last Sunday. It is always great to have them here, for a visit from Arizona. They complained of the cold weather, but for people on Tie Creek it seemed to be a very nice and warm day. On Monday, Dawn and Dorothy Padden went to the Diligent Doers Extension Club meeting, at the Over The Edge. Janet Odell was the hostess for the meeting. Bryce took them to the Harding County girls' basketball games in Buffalo, on Tuesday, against Bowman. It was a good and close game. On Wednesday, the Pill Pool competition began at the Corner Bar in Camp Crook, and Bryce went in for the games. On Thursday, Bryce, Dawn and Dorothy went again to Buffalo for the girls' basketball games against Sundance. The girls will not have home games next week, so Dawn plans to go to Ekalaka to see her nephews play. Dorothy

saw the big snow flakes, on Sunday morning, and hoped for some nice wet mud from all that snow, but as it turned out it was just a white covering that lasted only a hour or two.

Charlie Odell went to Buffalo for cattle cake, on Monday. He had a doctor's appointment at Ft. Meade, on Tuesday, and he got to visit with Lil Odell for a short while. He inspected cattle for Daniel Kalback, Mark Johnson, Ian and Jenna Flatgard and Ernie and Rachel Melum. On Wednesday, he got to visit, for a short time, with Ernie, Junior and Mark Johnson.

Daniel Kalbach and Rachel Melum stopped by to visit at Charlie and Karen Odell's, on Friday. It was good to visit with Daniel, and Karen and Rachel always enjoy their interesting and diverse conversations. Karen watched her grandson, Kellan, wrestle in Mitchell on youtube.com/live. Kellan won two, and lost one of his matches. He won the first one on points, and Karen still has trouble seeing how those points occur. Karen and Charlie Odell watched Ekalaka basketball at Plevna, on the computer, on Saturday night. It was great to get to watch the games. Karen wrote some violin music, finished a couple of pillows, refinished a picture frame, and worked on the outside of the house on the warm days. On Sunday, they went to church in Camp Crook, and later Charlie went back to the Over The Edge to bring supper home. Micki and Jesse Hinds had a couple days of tsunami warnings at their house in Tacoma, after a volcanic explosing built a new island in the south Pacific. The warning only produced mild winds, while Murphy and Rowan found sand dollars on the beach near a lighthouse. Mollie's, Cody's and Jeff's families had some more blizzards and ice to the east of us. Mollie Smith called from Minnesota, where she had been cross-country skiing. Carson Odell started fifth grade wrestling and had his first match at Mitchell, while his brother, Kellan, practiced his coaching skills. Baseball may still be his favorite sport.

A fellow you've got to walk up wind of, even if there's no breeze a blowing, seems to also have a name you never forget.

The Opinions of Robert Dennis.

A self-employed, rancher, saddle maker, poet, picker and chopped liver.

rdennis@gwtc.net

It's a New Year!

Hope everyone had great New Years. I managed stay up and make sure 2021 left! Hopefully 2022 will be much better.

I got to thinking today (yeah, scary, huh?) seems to me life and work go together hand in hand. Have you ever noticed that people who are doing the work they want, seem to be happier? Sure they grumble and fuss at times, but all in all, they seem content and happy. And if they aren't, why are they doing what they are doing to earn a living? I understand some have a job that is not their first pick. And I understand that in any job, there are aspects that most people don't enjoy. Everybody wants to ride a horse, but nobody wants to clean out the stall.

From the few years I have lived on this big blue planet,I have noticed in my work, ranching, those who do it, are usually pretty good at their jobs. If they aren't, they tend to quit and do something else. Kind of get culled, so to speak. And that is good. Why spend your life doing something you don't enjoy?

I watched a silly movie the other night about four people who were all going to kill themselves by jumping off a building on New Years eve... they talked each other out of it and of waiting until Valentines day, essentially 6 weeks. Kind of a crazy premise, but it was watchable.

I was told once that suicide is a permanent solution to a short term problem. Had a friend tell me once it is just so stupid. "If it is that bad, just leave. Go somewhere else, do something else."

Seemed like good advice at the time, but as the years went by, I learned you can't run from your problems. And I am not making light of those who fight depression and have dark thoughts. There was a time in my life where suicide seemed like a great choice. Luckily, for whatever reason, I kept on keeping on. And I am thankful I did. For many good reasons.

I found out many years ago, the secret to a happy life is finding out what your passion is and then figuring out how to make a living at it. You don't need to get rich, just make enough to have a good life. And to me, living a good life doesn't entail lots of creature comforts.

Most of us are spoiled. We have it pretty easy compared to those who lived here in the past. I don't personally know anyone who goes to bed hungry or is not warm. And have a good place to sleep at night. Sure, we hear of homeless people. But do you know any?

So what I told my sons was the only thing I could say for sure about life was to figure out what you like to do and then figure out how to make living at it. Seems like they all are pretty much doing that.

I guess I am rambling, this probably doesn't make much sense, but then when was I ever accused of having any sense!?

Go out and be happy. And then share it with someone who isn't. Kind of like a smile. Doesn't cost a dime, easy to share and most people appreciate getting one!

Explore Year-Round Fun Outdoors in 2022 with GF&P Outdoors Bingo

PIERRE, S.D. – South Dakota Game, Fish and Parks (GFP) is hosting a year-round activity with chances to win prizes for going outside and playing BIN-GO in 2022.

The 2022 Go Outdoors BINGO activity has a total of four BINGO cards—one for each season—with five chances to win! Each season, a new BIN-GO card will be posted online. Each card will highlight new, seasonal activities. To participate, submit photos engaging in any five activities on the BINGO card.

The annual activities are sponsored by the South Dakota State Parks as a larger marketing effort to encourage everyone to visit their local parks.

"The 2022 Year-Round Fun theme reminds us that parks, along with nature, are always open and ready for us to explore, not just in the summer,"

said GFP marketing coordinator, April Larson. "South Dakota State Parks are open year round! This includes multiple camping and lodging accommodations, facilities like shower houses that are kept open as long as weather allows, and roads and trails that are plowed where possible."

Contact the park directly to check their status before arrival.

The 2022 Go Outdoors BINGO activity ends Nov. 30, 2022. Each season a winner will receive a seasonal outdoor item and a two-night stay at a South Dakota State Park. In December, a grand prize winner will receive an Ultimate South Dakota State Park Experience, which includes a 2023 annual State Park Entrance License, two tickets to experience the 2023 Governor's Buffalo Roundup at Custer State Park, along with a two-night stay during the Roundup.

The Winter BINGO card is available online at gfp.sd.gov/bingo. Submit entries online. Email questions to ParkInfo@state.sd.us.

2022 Commission

suggested that he would like to see an option of evening meetings. If the meetings were streamlined via a Consent Agenda, there would be no need for a full day. Evening meetings would allow the public to attend, he pointed out.

Meetings were set for the first and third Tuesday of each month; the first Tuesday at 9:30 a.m. and the third Tuesday for the month of January at 1 p.m. and the third Tuesday in February and March at 6 p.m. on a trial basis.

Fourteen resolutions were passed by the commission setting official depositories, establishing polling locations, and annual wages, among other items. A full listing of the resolutions can be found in the January 10, 2022 Minutes on the Butte County website, buttesd.org.

During public comments, the condition of the county roads and the importance of building permits were brought to the attention of the commission. Highway Superintendent Dwayne Heidrich explained to

the residents of Butte County that the county's plan is to redo several roads and bridges in the upcoming year. Weather conditions, lack of personnel, and other factors come into the planning process. Chairperson Kim Richards assured everyone that the commission is trying to maintain county roads to the best of their ability.

"We are working to follow state and federal laws," he explained. Many times, those laws seem to cause the process to come in at a higher cost with more complicated procedures, but it is necessary to follow those procedures according to Richards. Heidrich concluded by saying that the immediate plan is to run the "blades" (road graders) from sun up to sun down as soon as possible.

Another medical cannabis application was approved by the commissioners. Redwater Cannabis Care, LLC was approved as a dispensary only. Their application will be forwarded to the state for further review and possible approval.

The commission will hold a public hearing concerning redistricting on February 8, 2022.

Wool Warehouse

housed Nehl Dental before the recent construction of their new facility on south Hwy 85.

The building and the lot had been the property of long time Belle business Rainbow Chev-

To Pragers knowledge there was only ever one other structure on the site, when back in the 20's a small residence long since demolished was located

The lot for many years has sited part of the carnival during the communities annual July 4th celebration.

Prager hopes to have the lights on in the new building by May 15th.

Larry Prager, has been quoted as saying, "United States produces about 25 million pounds of wool a year. And through our doors we'll market between 4 and a half and 5 million pounds. So we're handling roughly 20 percent of the wool produced in the United States. Wool that is local to this region." Prager says typically the bales they handle weigh 400 maybe 500 pounds. Too heavy to carry, so they're carted around by forklifts. The new building will provide easier access to the inventory and will increase efficiency. The wool for the bales come in from about 1500 wool operations from several surrounding states. Prager says, each sheep produces about 10 pounds of wool. The wool of one sheep could make a suit or a wool blanket.

The single biggest user of wools from this region is the US military. Wool that goes toward U.S. military dress uniforms, typically made with a 50-50 blend of wool and polyester. The facility supplies

Railroad Street north entrance of Center of the Nation Wool's existing warehouse. Beacon Photo

East entrance to Center of the Nation Wool facility at 820 8th Avenue. Beacon photo

a little over half of all the wool consumed by the U.S. military and the armed forces.

Prager says, "Wool is a great fiber, it's a natural fiber, never been duplicated with synthetics, it's wearability, durability, fire resistance.""These crimps are the natural curviture of the wool

fiber, gives it a lot of strength, elasticity, compression resistance, and the closer those are together, the finer and higher valued this wool's gonna be."

Prager says the second biggest use of their wool is machine washable wool socks.

Ft. Robinson Breakout Run Stops in Belle Fourche

Phillip Whiteman Jr., right front, addresses the runners and support staff of the annual Ft. Robinson Breakout run. The event, which Whiteman began more than 20 years ago, makes an annual overnight stop in Belle Fourche at the Americann as the Cheyenne student runners make their 400-mile relay run from Ft. Robinson, Nebraska, to Busby, Montana. The run is an educational and inspirational event for native American youth as they retrace the journey their ancestors began more than 100 years ago in an effort to escape captivity at Ft. Robinson. The ancestors were being held pending forced relocation back to Oklahoma, instead of being allowed to return to their native land in Montana. - Hunter Anderson Photo

Looking Back in Belle-

124 years ago Northwest TIMES

January 6, 1898 South Dakota Brain Products Inventive genius not confined by state lines.

The following patents were issued to citizens of South Dakota last week: Franklin R Carpenter, Deadwood, separating and refining metals; Jacob Jackson, Lead, submarine torpedo; William Ostrander, Watertown, fender for horse hay rake. These were reported by O'Farrell, Fowler & O'Farrell, Patent Solicitors, Washington, D.C., whose ad apprears in this paper.

Talk of the Town T.W. LaFleiche went to Capital, Mont., first of the week as counsel for S.C. Simmons against "Shorty" Quonian. During the absence of C. A. Dana the resident physicians have charge of the prescription department of the drug store and will fill their own prescriptions.

100 years ago Belle Fourche Post

January 20, 1922 City Case on Trial The case of the City of Belle

Fourche vs. H. W. Carney and others, wherein the plaintiff seeks condemnation proceedings of the several tracts of land covering the right-of-way of the new water works pipe line leading to this city, is on trial in circuit court at Deadwood this week. The plaintiff is represented by L. M. Simons and Dan McCutchen of Belle Fourche and Rice and Wishart of Deadwood, while Hayes & Heffron represent the defendants. A large number of witnesses have testified and the case will probably last most of the week.

75 years ago Belle Fourche Daily Post January 20, 1947 Authorities Smash Huge Sugar

Black Market in New Mexico Federal authorities in New Mexico believe they have smashed the larest sugar black market in the nation's history. The climax in the drive to break u the illegal operations came today with the arrest of a Hobbs, N.M. bottle plant operator. Authorities believe the arrest will end the operations of the ring which covered four states and involved more than one million pounds of sugar. The bottle plant owner, A. M. Barlett, has been charged with violating sugar rationing regulations. Officials now are looking for a sugar rationing clerk who they believe also is involved in the case. Nomination Made For

Bit-Spur Queen

Members of the Belle Fourche Bit and Spur club, at their annual dinner dance Saturday night, nomiated three persons as condidates for Bit and Spur Club queen for 1947. Suggested for the honary post were Mary Ellen O'Donnell, Dawn Anderson and Marilyn Malvin. The queen will be elected at the annual Bit and Spur Club Shindig here Feb. 15.

50 years ago

Belle Fourche Daily Post January 12, 1972 Ericson Honored By Hills Pioneers

Tribute was paid to the late Otto Eriscon, when board members of the Society of Black Hills Pioneers met Monday in Deadwood. Ericson was serving as president of the organization at the time of his death. Mrs. Robert Beals, daughter, presented the organization with a picture of the late president. The picture will be hung along with that of other presidents in the Pioneer Room of the Adams Museum. Mrs. Ulrich, who was serving as vice president, was

by Mary Buchholz

elected as president of the pioneer group. Three new members joined the organization, including Mrs. Myra Hitzel of Belle Fourche. Attending theh board meeting from Belle Fourche were Mrs. Robert Beals and Harry M. Mitchell, board members and Mrs. Beal's son Eric, a third generation member.

Belle Baptist Holds Annual Meet

The annual meeting of the Baptist Church of Belle Fourche was held Jan. . After a fellowship super Pastor Robert Starburg showed slides of the contruction of the Christian education addition. There were reports from the various officers. Jim Ramey reported for the board of deacons, deaconesses and the building committee. Howard Nussbaum spoke for the board of trustees. Mrs. Marvin Kindsfater todl what the board of Christian education has done. Mrs. Maurice Ashley gave the Senior High BYF and Mrs. Dean Bucher the Junior High BYF report. Mrs. Bob Waddell explained about the activites of the Women's Mission Society. Mrs. Ola McAmis and Mrs. Daisy Oliver reported for the memorial committee. Mrs. Gale Ellingson thanked those who have helped the music committee. Mrs. Craigg VanDerBoom gave the ushers' report. Treasurer Alvin Parke reported that the 1971 offering for local expenses were \$34,231.57, which included \$14,851.55 for the building

"Building Main Street, not Wall Street"

Vibrant Communities and Local Media Must Work Together

sics month each year. This week, we discuss the importance of local media in building a vibrant transformative community. Don't confuse local media with National media, they are different in their mission and scope. Local media can be vital in a community's transformation and vibrancy. It was recently asked, What happens when a community loses their local newspaper? A follow-up question was also asked, How would that community then get their news? As might be expected, answers varied from things such as radio, social media, word of mouth, friends, neighbors, to answers such as other regional outlets and so forth. All of which are accurate to a degree, but regardless, it was agreed the community would suffer from lack of accurate information.

Yes, communities would still figure out when businesses closed, violent crimes tend to blanket social media and word of mouth, the not so pleasant news and information tends to reach far and wide on social media, radio, friends, neighbors etc. And yes, they would get a bit of regional coverage for any high-profile crimes and business closings. They might even get unlucky and have a major news outlet like the NY Times or Washington Post swoop into town doing a feature story on another dying rural American

But who is consistently going to be the community voice sharing the community's feel-good stories, business openings, and convey the great things happening by John Newby locally to the outside

world? Aside from a

local media company sharing the great happenings in your community, let's carry reality one step further. When potential new businesses are looking to relocate to a community, they first tend to Google all the prospective communities or locations. Without a voice sharing the great things going on, what they will see besides the business closings, crime stories, obituaries, and yes, that NY Times piece, will appear at the top of their search. Without that voice conveying the good things, they are left with only the impressions of the less desirable things. What conclusions do you think they will make? While I wish this was only a "what if" situation, unfortunately, nearly two thousand communities across the country experience this scenario today.

Local newspapers can be the eyes into the soul of your community. They should be the community's ambassador to the outside world. If the local newspaper can't convey your community's positive message to the outside world, who then will be able to convey that message in a consistent and accurate fashion? If your local newspaper isn't doing this, demand them

to do so. Newspapers should be the community's proverbial communication town square. In today's world of media fragmentation and information sources, providing this role is more critical than ever. Local communities need every bit of help they can muster, having a local media presence fulfilling the above roles is critical to the overall success and vitality of

the community. A recent Notre Dame study indicated a community that loses their newspaper could expect the cost of local government to increase by 30% within five years. This doesn't mean government is bad, but without the media oversight, they tend to spend more than they otherwise might. Regardless of the political leanings of the local newspaper, that simple act of oversight saves a community hundreds of thousands or even millions of dollars.

Another recent poll shows most residents believe their local newspaper is doing fine financially. While many newspapers are okay, it is safe to say most local media outlets are facing challenging and potentially crippling economic headwinds. Importantly, it is often the case communities are facing many of these same economic challenges. The media company and the community must work together, finding synergies that can be created to mold a strong community foundation from which to build. For both to succeed, they need each other more than ever before.

When a community loses its newspaper, part of that community dies. In addition to less civil engagement, these communities may lose their identity. A quote by Portland State's Lee

SCHOOL BOARD

Flooring and **Asbestos Challenges School**

COLLEEN BRUNNER

news@bellefourchebeacon.com

NEWELL - The Newell school board opened bids to replace flooring in the in the lower elementary, upper elementary and middle school, as well as removal of asbestos in the lower elementary and made a decision on companies to fulfill those bids, at their most recent board meeting Monday night.

The bed award winner for the asbestos removal was given to low-bidder, Horsley Specialties of Rapid City for \$32,800. The only other bid came from L and L Insulation of Rapid City for \$36,140.

"Both had to follow the specs of the asbestos removal," said Superintendent Andrew Fergen. There was just one bid for flooring replacement from Innovative Installations, also of Rapid City. That came in at \$167,557 for hard flooring in hallways and carpet in classrooms, throughout the elementary and middle school.

"We downsized to not doing the ag-science building since we are planning some renovations there," shared Fergen. "So far, we have spent about \$200,000 out of the general fund for carpet, with \$810,000 in the budget. The funds come out of the Esser III funding."

In March 2021, a third pandemic stimulus bill dubbed the American Rescue Plan was signed into law, providing public school districts across the country a whopping \$122 billion in Elementary and Secondary School Emergency Relief (ESSER III) funds. These funds are designed to help schools reopen quickly and safely, as well as address the months of significant learning loss by U. S. students during the COVID 199 pandemic. Schools like the Newell district have taken advantage of these funds to address long-standing issues that have not been taken care of through regular general funds. Certain parameters must be met by the district in the way the funds can be utilized.

The board also heard a presentation from Jeff Yennic of Ketel Thorstenson accountants on the finalization of the school's most recent audit.

"It gives you a reasonable, but not absolute assurance that your books are in order," said Yennic. "We present four findings." Those include a segregation of duties where small business offices such as the Newell school district business office, where something could go wrong. Another set of

Newell Represented at State Quarter Horse Convention

BETTY BRUNER

news@bellefourchebeacon.com

PIERRE-The state South Dakota Quarter Horse Convention was held in Pierre, SD the first weekend of January. Two Newell students, Rowdy and Sorley Wetz, had the privilege of meeting the AQHA President Norman Luba and his wife Lorraine.

The South Dakota youth association members also helped with seating, serving, and decorating for the banquet.

Miss Rodeo South Dakota Martina Loobey was on hand for Friday night's social events.

Getting Ready for Spring

BETTY BRUNER

news@bellefourchebeacon.com

VALE – The Vale Community Hall was filled with area farmers and ranchers attending the annual Vale Ag Fair this week. The event has grown to include many of the area's businesses. from banking to irrigation pivots. Feed and farming equipment salesmen from tractors to irrigation revealed what was offered for the upcoming farming season. Insurance agencies were available to discuss rates and coverages, while other dealers showed off their products.

The Butte County Conservation District had material. There was also information about the services of the NRCS available to the public.

The farmers and ranchers look forward to the ag fair, sponsored by the Vale Community Club, to discover new ideas in agriculture. Attendees can find cost savings on fertilizer, seed, and farm chemicals and banking sources available.

The Ag Fair was sponsored by the twenty-something exhibitors. The Vale Community Club organized the event and planned the free luncheon that was served to around 200 people. The event is a fund-raiser for the Community Club with

funds needed to keep the heat and lights going in the winter. The facility is useful for the community with ongoing events held during the year. The hall is open for Bingo in the Spring and Fall months and is available for rental.

Farmers and ranchers are already thinking about spring planting and making plans for the new year. The Vale Ag Fair just whetted their appetites for farming weather.

The Vale Community Hall was chockfull of interested people discovering new and old friends. - Betty Bruner photo

Superintendent Looks to Future of Newell School

COLLEEN BRUNNER news@bellefourchebeacon.com

NEWELL - There are many ways that Superintendent Andrew Fergen and the Newell school board are looking at the future of the district. However, there are some things that they are taking a "wait and see" attitude about. One of those things is the latest information coming from the CDC and the Department of Health, with new suggestions on waiting five days for symptom free after receiving

a positive Covid result. 'The CDC guidelines were with a positive test it was 10 days away," said Fergen on Wednesday. "Now the new protocol is five days symptom free

and five days with a mask. My recommendation is that we hold off and see how it goes before making any changes." Fergen said all the students and staff

that have had Covid have needed the full ten days and possibly more to recover from the virus. "We need to be a little patient and wait and see how schools are affected."

Currently the school protocol is to wear a mask for three days after contact with a person who tested positive; or if not willing to wear a mask for the three days, then the student or staff member would need to

stay away from school for those three days.

Fergen said the board and administration is looking at a positive future for the district,

especially in light of the money saved by refinancing their current loans, a total of over \$300,000. Debt service culminations include Austin Auditorium remodel from 2012.

the new boiler system and more energy efficient lighting.

"The savings wasn't a onelump sum," said Fergen. "But any savings is always a good thing."

Advertise in the Belle Fourche Beacon & the Valley Irrigator. Butte County's most widely read newspaper.

From C1 **FERGEN**

Fergen said they were also feeling good about the approval of the school calendar for the next school year.

"We are starting a bit later, on August 22," he shared. "If we had replicated last year's calendar we would have planned to start August 17 and we felt it was better to move our date further back from the (Sturgis motorcycle) rally." He said this way they can have teacher in-service a couple days the previous week, as well as holding the open house, and then start on the Monday with a full week of school. Christmas break will be shorter, with Christmas falling on a Sunday. They will plan to let the students go on December 22nd with early release and come back on January 3. Fergen is also excited about

some of the upcoming improvements to be made with Esser III funding, including additional space in the CTE building for a small welding shop, as well as a space for small engine repair.

"Ag-tech industries are huge here (in SD) and ag-tech programs see kids of all different abilities taking the classes," he said. "Not just those planning a technical career."

He did say there could be some challenges ahead. With the advent of the Albany Farms noodle factory coming into Belle Fourche, there could be more people moving into eastern Butte County. That would probably mean more students, a need for more staff and additional need for housing.

"We have been working with the city on a housing study already," said Fergen. "We may have to continue to look at that and try to move forward as needs increase."

If you have events for the calendar, please contact Colleen Brunner at colleenkbrunner@gmail.com.

Jan. 19: Kids JAM (age K-6th) at Nisland Independent church, 402 Olin, 6 p.m.; Adult Bible study during same time frame. Check the Nisland church website at https://nislandchurch.wixsite.com/nis-

Newell Community Club Presents

Chase The Ace

Purchase your ticket for

from any Community Club Member

or at Newell Area Businesses. Proceeds go to the **Newell Rodeo Arena Grandstand Fund.**

Tuesday night: 7:00 pm Drawing at the Newell Bar.

One name from the tickets sold each week will be drawn. That person will win 10% of the week's ticket sales and draw 1 card from the deck. If they find the Ace of Hearts they will split the jackpot 50/50 with the Newell Community Club.

If they find another card, the game continues next weekas the Jackpot grows with ticket Other Aces will pay \$100 and Jokers are \$25.

The Deck is reduced by 1 card increasing your chance to find the **Ace of Hearts.**

Tickets can be purchased on line @ newellcommunityclub.com

Must be 18 years or older to participate. Must be a South Dakota resident. Irrigators Fall to Bobcats in First Round of WRT

COLLEEN BRUNNER

news@bellefourchebeacon.com

NEWELL - In first round action of the 40th annual West River Boys' basketball tournament on Thursday, the Newell Irrigators smacked up against the Upton Bobcats and their

opponents came to town to win. Things didn't go well from the tipoff for the hometown team. Newell was outscored 25-12 in the first period. Jamin Davidson tossed one in from beyond the arc to start things off for the Irrigators in the early seconds of the quarter to put Newell up 3-0. That would be

the only time they would lead in the game.

With Upton spreading points around seven different players, making it difficult for the Newell boys to defend their shots. Devon Jones hit from inside and outside the arc for five points, while Jaden Tennis nailed two shots in the paint.

The second quarter was a total bust. Newell was unable to put any points on the boards. Meanwhile Upton scored 19 points with four three-pint shots. The half-time score stood at 44-12. The third period was nearly as dismal as the second for the Irrigators with just one point from

Chase VanDerBoom shooting two at the line. Upton did not let up and put 16 points up, widening the gap to 60-13 at the end of three quarters.

The boys were really unable to get anything moving in the final quarter with Tennis and Colton Burtzlaff both scoring one field goal each, for the only points in the period. That left Upton with a wide open win, scoring 11 points in the period. The final score was 71-15.

Q: N-12, 12, 13, 15. U-25, 44, 60, 71. VanDerBoom 0, 0, 1/2, 1; Davidson 0, 1, 0/0, 3; Jones 1, 1, 0/0, 5; Tennis 3, 0, 0/0. 4; Burtzlaff 1, 0, 0/0, 2.

From C1 **School Board**

findings included capital asset records, a third was preparation of financial statements, which is ultimately the districts responsibility, even though Ketel Thorstenson helps prepare those, and the final of presenting a preliminary trial balance, and helping with SDR (South Dakota Retirement) pension activities. Yennic said there were "no issues" but that he wanted the board to be aware of where problems could arise.

With the exit of the previous business manager, Sophie Burditt on December 1, and the hiring of new business manager Jaqueline Birner, who is just finding her place in the process, there are many things that still need to be figured out.

"Overall, it was a successful audit," said Yennic.

During reports from administration and department heads, many topics were touched on. Birner said she would be taking a webinar to get training for administering school board elections, which the board set for April 12, in combination with the city election. Board members up for election include: Lisa Wendt, Breanne Bonnet and Sarah Brunner.

Transportation and Maintenance Director Robert Witherspoon said they had been working on getting new locks in and updating bathrooms fixtures in the school. Each door on the campus buildings now has an electronic lock which can be opened with the key fobs that each staff member and student carries.

"This makes it a lot easier for staff and students to move about the campus," said Fergen. Cara Muckridge, the Student Success Coordinator and Technology Coordinator said that staff had been training on the Newline Smart Boards.

"Their minds have kind of been blown," said Muckridge, of the challenges of learning a new product and all the different uses that it has. "We really need about 12 more." She also said the four new copiers will be on campus next Tuesday and those will also have a learning curve. She mentions that seniors would soon be taking the

BETTY OLSON

news@bellefourchebeacon.com

That warmer weather sure felt good this week. It started to warm up on Monday and the temperature continued to raise all week long with a high of 49 degrees on Thursday, but it sure cooled off on Friday.

Molly Holt has started her new job working at a feed store in Gordon, Nebraska. Bill and Becky Holt helped Molly move down there last week to start her job. She is living with some other girls in Chadron and driving to work every day.

Reub was feeling a little better on Monday so we went to Buffalo to get enough paint to repaint the living room, kitchen, bedroom and bathroom before we put the flooring down in the kitchen and living room. Taz went up to work on a carpenter job near Reeder that day and then invited Grandpa Reub down to watch a football game with him that evening.

It was windy when we got up Tuesday morning, but after the wind went down that afternoon it was really nice out. We had Ladies Aid at Slim Buttes Lutheran Tuesday afternoon with Norma Tenold leading the lesson and serving us delicious tapioca pudding and cookies for lunch. Tuesday was also the first day of the 2022 South Dakota Legislative session and

Gov. Kristi Noem gave her State of the State speech before the legislators from both the House and the Senate. Please keep our elected officials in your prayers because they are really going to need

We just heard that Michael McCann, 56, passed away on Christmas Day at the Sanford Hospital from complications of Cold Agglutinin Disorder – a rare autoimmune disorder. Mike was a relative of Reub's and Dalyn McCann's brother. Mike graduated from Harding County High School in 1983.

them.

Arlis Seim's father, James Thingvold, age 88, of Lemmon, passed away on Thursday, January 6, at the West River Regional Medical Center in Hettinger. His funeral was Saturday at the Prince of Peace Chapel of the Evanson Jensen Funeral Home in Lemmon.

Grand River Roundup

These families have our sympathy.

It we there

I woke up with a bad cough Wednesday morning, but after I took a long walk in the beautiful warm weather I felt a lot better. Reub was sanding some of the floor we're going to put the new flooring on and that left a lot of dust in the air that made me cough again. Taz was working up near Reeder that day and I stayed with the little people until he got home while Amanda went in to Buffalo for volleyball that evening.

The weather was really nice again on Thursday when Reub and I went to Hettinger. He had to get a COVID test to see if he would be able to have a medical procedure done next Tuesday. We think he just had the flu like everyone else on the place, but guess we'll find out by Monday. Taz joined a bunch of other cowboys that left Thursday afternoon for the rodeo in Denver, CO, on Friday and Saturday.

The weather was cold on Friday and the wind was blowing 70mph, so, except for taking care of my chickens, I did my best to stay inside. Casey took the Harding County wrestlers to Gettysburg that afternoon for the wrestling tournament early Saturday morning.

It warmed up on Saturday and there was no wind so I took a nice, long walk. With Casey and Taz both gone, Missy did all the feeding here and Reub fed the cows at the other place like always. Trig is student teaching in Sundance, Wyoming so he couldn't come home either. Both Casey and Taz got home late Saturday night, so they were here to do the feeding before we all went to church Sunday morning.

We went to Bible study at Lester and Sharon Longwood's Sunday night. Linda and Dennis Hathaway came to tell us about the trip that Linda and Mary Lou Marty made to Israel a few years ago. John and Corinne Erickson, Duane and Dawn Harris, and Todd and Anna Buer joined us to tour Israel in the pictures Linda showed us on TV. I took my father's 1939, 1940, and 1941 Sorum High School annuals to show Dennis Hathaway pictures of his mother, May Ruby, and two of her sisters that went to school in Sorum.

With the beginning of the session of legislature in Pierre and the mess in Washington, I'll leave you with these quotes from Ronald Reagan:

*"Socialism only works in two

places: Heaven where they don't need it and hell where they already

*'The most terrifying words in the English language are: I'm from the government and I'm here to help.'

*'The trouble with our liberal friends is not that they're ignorant; it's just that they know so much that isn't so.'

*'I have wondered at times about what the Ten Commandments would have looked like if Moses had run them through the U.S. Congress.

*'The taxpayer: That's someone who works for the federal government but doesn't have to take the civil service examination.'

*'Government is like a baby:
An alimentary canal with a big appetite at one end and no sense of responsibility at the other'
*'The nearest thing to eternal life we will ever see on this earth is a government program.'
*'Government's view of the economy could be summed up in a few short phrases: If it moves, tax it. If it keeps moving, regulate it.

And if it stops moving, subsidize it'

*'Politics is not a bad profession. If you succeed, there are many rewards; if you disgrace yourself, you can always write a book.'

*'No arsenal, or no weapon in the arsenals of the world, is as formidable as the will and moral courage of free men and women.'

*'If we ever forget that we're one nation under GOD, then we will be a nation gone under.'

Then and Now in Newell

"Looking Forward to our Past"

January 18, 19121
At the Butte County Commissioner's January meeting; the Belle Fourche Bee, the Northwest Post and Valley Irrigator were designated the official papers of Butte County for the ensuing year. There were other papers that asked to be appointed, but the Commission appointed the 3 papers with largest circulation. The Irrigator appreciates the honor conferred by the Commission.

Tom Burke, who lives between Hoover and Govert, notified Henry Jacobsen that one of his cows had died and that he would no longer try to winter the cattle which he had contracted to do. Mr. Jacobsen will now have to look for another wintering place.

One of James O'Dell's traps caught a man last Monday but the trap did not hold him long as his loud shouts attracted the attention of several nearby who hastened to release him. O'Dell made a trip to Belle Fourche last week and returned after disposing of his coyote hides.

January 19, 1922
The proposed radio station is creating much interest in the territory adjacent to Newell, judging by the expressions coming daily to this office. Yesterday, in a business letter to the Irrigator, a country subscriber adds: "Your radio station is fine; I will work for it in the

community".

Mrs. E.S. Hartwell experienced a fire scare at her home yesterday morning when a gas explosion took place in the furnace and filled the rooms with smoke. J.W. Price sustained his

reputation as a fireman by making a beautiful run to the premises with an armload of hand extinguishers. Happily, upon his arrival the only fire that could be found was confined to the furnace.

Messrs Beals and Louis Karinen are busy putting up ice in the Twilight vicinity, which will seem good during the hot July and August days, even though we have plenty of it now and don't have to go to the ice house to get it either.

January 21, 1932
Mrs. L.C. Sutter of Lead who taught at the Milberg School a couple of years ago, is now teaching at the Ingersoll School near Belle Fourche, as substitute for Mrs. Ida Mae Doud, who has a new little daughter.

Wm. Gensler and Wm. Quinn are thinking of moving out to Willow Creek, on State Highway 79, where they will soon begin the work of making a new channel cut and filling in the approaches to the new bridge recently completed.

January 15, 1942 Clifford Burke, son of Mr. & Mrs. Alfred Burke of Hoover, was taken to a Belle Fourche hospital Sunday suffering from an accidental gun-shot wound in his left foot from a 22 caliber rifle bullet. The attending physician declared the wound was a clean one and said young Burke would be in the hospital only 4 or 5 days. Burke was hunting in a pick up Sunday, one of the boys he was with suddenly shot a rabbit, quickly ejected the shell. The still hot shell struck Burke's hand and the resultant

by Linda Velder

reaction caused him to fire his own gun, sending the bullet through his left foot.

Installation of flood lights at Orman Dam was completed the past week by Butte Electric Association workers according to Donald Soma, Association Project Superintendent. Current has also been made available and it is expected that the lights will be turned on when guards have been named to duty there by the Reclamation Bureau. The lighting consists of 8 flood lamps along the top of the structure and 1 on each end near the bottom. The association might expect enough copper wire to complete erection of lines out of the January copper allotment to the National REA.

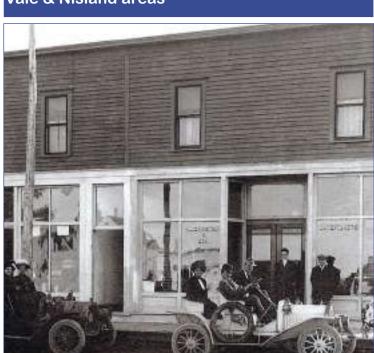

County Nurse Lavina Simon announced last week that home nursing classes are being held in various parts of Butte County. First class will be at Vale in the Congregational church basement 1:30 to 5:30 PM January 15. The classes are open to all persons who are willing to carry out the full 6-week of the First Aid course. First classes being held at Nisland every Tuesday evening 7:30 PM at the High School are progressing nicely.

January 17, 1952
Mr. & Mrs. Bob Mutchler
have returned to the Morell
Ranch from Grangly, Colorado,
because of heavy snows the
construction of power lines with
which Bob was employed has
been temporarily halted. George
Bauer and John Magenheimer
helped Morell's erect their wind
mill last week.

A benefit dance to give to the March of Dimes will be held

at Newell City Hall, Saturday, January 26. Music furnished by TIMM'S Troubadours and an old dance Jamboree with R.D. Long calling. National allocations for polio treatment in South Dakota have far exceeded the state's total March of Dimes contributions. Last year among counties in the State, Butte County ranked 63rd, 2nd from the end in donations. Contributions with a purchased ticket to the March of Dimes dance will help considerably.

January 18, 1962
Sales at Bratton's Inc. this
week: carrots 2 lbs 25 cents;
pork roast 49 cents a lb; Butter
Nut Coffee 2 lb can \$1.19; TrisCo Flour 10 lbs for 79 cents;
Cream of Wheat 39 cents a
box; bananas 2 lbs 25 cents and

many more such bargains. State Law requires that personal property self-listing assessment form be returned within 10 days of receipt, Newell City Assessor Mrs. Gordon Bonestell reminds all property owners this week. The State Law also makes it mandatory that persons, who have not received listing blanks, obtain same from an assessing officer and fill them immediately. Those desiring to return the listing blanks in person may take them to Mrs. Bonestell in the basement of Masonic Temple.

Friends are reminded to attend the Annual Old Timers Get-together at the Vale Community Hall, Friday evening February 2 beginning with a pot luck supper at 6:00 O'clock. Family histories to be presented are Rosander, Wilson and B.B. Glover followed with visiting and dance at 9:00 O'clock. Everyone interested is invited to attend.

This is a picture of the Face of Orman Dam. during the early days of WWII. The U.S. government thought the Japanese might be bold enough to blow the dam. So civilian guards were hired by the Reclamation Bureau to watch the dam day and night. Notice the high winds and wave action were already destroying the facing.

Lady Gators Downed in First Round of WRT

COLLEEN BRUNNER

news@bellefourchebeacon.com

NEWELL - In the 31st annual, Newell-hosted, West River Girls' Basketball tournament on Tuesday night in Austin Auditorium, the Newell Lady Irrigators were downed by an ambitious and tough Upton Bobcat team, 49-28.

With at least two Newell players sidelined after that game due to illness, things weren't looking too good for the rest of that game and the second-round game on Friday night.

In the first period Kim Johnson started things off early with a field goal, but Upton quickly tied it up. Five points from the Bobcats Caylor and seven from A. Loundenbeck pushed the first quarter lead to 17-7. Sydnee Kjellsen and Jaelyn Wendt also had added a field goal each, with Wendt tossing in one of two at the free-throw line.

Newell rallied some in the second quarter with Wendt hitting five and Kjellsen going inside for a good field goal for their second set of seven.

Upton struggled some, putting just nine points on the boards, but still maintained the lead at the end of the first half, 26-14.

Although Wendt again hit for two field goals, it was clear she was tiring. Erk nailed one from beyond the arc, putting the Newell fans on their feet, and Taylor Gaer came inside for two points, for nine total in the period. Upton found their groove and tossed in 12 points to outscore Newell with a third quarter lead 38-23.

The fourth quarter was dismal for the Irrigators with just five points on a field goal by Erk and a trey by Mary Mahaffy. Meanwhile Upton continued to

outscore Newell with 11 points and at the final buzzer grabbed the win, 49-28.

Q: N-7, 14, 23, 28. U-17, 26, 38, 49. Erk-1, 1, 0/0, 5; Wendt-5, 0, 2/4, 12; M. Mahaffy-0, 1, 0/0, 3; Gaer-1, 0, 0/0, 2; Johnson-1, 0, 0/2, 2; Kjellsen-2, 0, 0/0, 4.

Sydnee Kjellsen sets up for the jump shot from the three-point arc against Upton. - Brunner photo

Boys Fall in Second Round WRT Action

COLLEEN BRUNNER

news@bellefourchebeacon.com

NEWELL – The Newell Irrigators were decimated by the Moorcroft Wolves in second round action of the 40th West River Boys' Basketball tournament. The Newell boys struggled the entire game to get anything going, with the first quarter particularly difficult. Newell put four points on the

boards, a field goal each from

Jaden Tennis and Colton Burtzlaff.

Moorcroft tripled the Irrigators score, putting 12 points on the boards, giving the Wolves a 12-4 lead at the end of one period.

Burtzlaff revved things up a bit in the second period for Newell, putting up a field goal, the point after on the foul and another from outside the arc. Unfortunately, there was no other scoring for Newell. That ended up as six points in the quarter, leaving the Irrigators down 24-10 at the half.

Things went even worse in the third period as Newell only ended up with two points on a field goal by Burtzlaff. Moorcroft didn't let up and put up 18 points, widening the gap and their lead to 42-12.

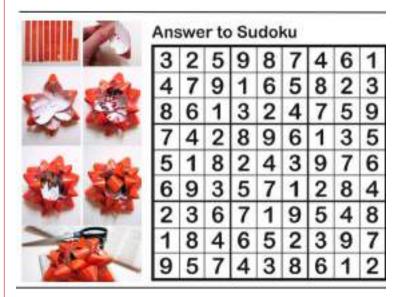

Things picked up a bit in the fourth quarter for Newell with Devon Jones nailing a layup, Tennis and Nate Randolph hitting from the three-point line. Burtzlaff meanwhile hit two for two inside the arc. He was fouled on the first shot and went to the line but was not successful. The final score was 53-24.

Q: N 4, 10, 12, 24. M 12, 24, 42, 53. Jones 1, 0, 0/0, 2; Tennis 1, 1, 0/0, 5; Randolph 0, 1, 0/0, 3; Burtzlaff 5, 1, 0/2, 14.

Colton Burtzlaff spots up for a three from the left baseline as the Irrigators took on Moorcroft in the second round of the West River Boy's Tournament. He led the Irrigators with 14 points. -Hunter Anderson photo

Nisland/Arpan Auxiliary Holds Fundraiser

COLLEEN BRUNNER

news@bellefourchebeacon.com

NISLAND - The Nisland/Arpan Volunteer Fire Department Auxiliary held their annual soup and dessert fundraiser supper on Saturday night in Nisland. For

the past five years the auxiliary has held this January fundraiser to help fund different items for the fire hall, the department, and equipment for the Nisland-based group.

On Saturday, January 15, there were 12 homemade soups lined up along the serving window in the new fire hall kitchen. There were also a variety of desserts from bars and cookies to cakes and candies.

Tables were set up in the hall for those who gathered to eat and visit and ultimately to

support the department in their volunteer efforts to keep their

community safe. "The soup is delicious," said Abigail Epple who is one of the Auxiliary members. Her husband Martin serves on the department.

Ladies who served during the event included: Pam Fickbohm, Judy Dague, Nance Reid, Lisa Noziska, Abigail Epple, Barb Garness, Sherry Wells, Cassie Heidrich, Sandy Heidrich, and Rhonda Fickbohm.
