Fireworks and Cannabis in Butte County

Betty Bruner
news@bellefourchebeacon.com

BELLE FOURCHE – The use of fireworks in Butte County topped the discussion of the Butte County Commissioners this week. Deputy Jason March explained that the sheriff’s office checks with the Chief Meteorologist to check the conditions for fireworks to get a recommendation for the county. He commented that it is likely to get drier, but with caution, fireworks could be discharged. The commissioners voted on a resolution that fireworks can be discharged July 2-5 from 11 a.m. to 11 p.m. Belle Fourche city has a separate resolution and fireworks cannot be discharged or possessed at the Belle Fourche Reservoir. “Have fun, be responsible,” said Deputy March.

State’s Attorney Cassie Wendt was front and center to give further explanation of the Medical Marijuana Ordinances. She had met with Kittrick Jeffries, owner of Dakota Cannabis Consulting in Rapid City. He brought several items of interest that should be addressed in evolving the present ordinances to correlate with the state statutes that are being formulated.

One of the biggest points to consider, she pointed out, is that rather than state a time, place, and manner, the limit should be on the number of facilities. The limit could be within a specific distance or limitation, i.e. feet, yards, miles-a limit of geographies.

Also, a mandatory restriction that the permit/license must be activated within a specific time-frame.

Wendt indicated several other ideas Jeffries had listed and told the commissioners that with this information it was important to start working on drafts and changes of the present ordinances. The changes would make the process clearer and address issues that will make the process more coherent.

“We have time. So how do you want to proceed?” she asked the commissioners.

Commissioner Kim Richards sees the need to make the changes, but wants to be thorough.

“Why get in a hurry? We need to make changes so let’s not work backwards,” he said.

“We should keep it on the agenda. Keep track and see what the state does,” said Wendt.

Commissioner James Ager would like to set up work sessions so that all the nuances can be understood about medical marijuana.

“We must be diligent,” he said. There is a county lien against property previously owned by Leonard Toohey that has been purchased through a

State of the State Flags at Issue at CON Monument

BEACON STAFF
news@bellefourchebeacon.com

BELLE FOURCHE - Wind and weather have taken their toll on the fifty state flags on display at the Center of the National Monument in Belle Fourche. Now you can add COVID to that list.

Over the past two years the flags have become torn and faded, as they normally would, but replacing them has been a challenge according to Kristi Thielen, Director of the Tri-State Museum and Visitor’s Center.

“The vendor that we have been working with for years is having trouble getting the material to make the flags,” she said. “They tell us it is related to COVID in getting the supplies from overseas.”

Thielen says the flags normally last about 16 months before they must be replaced. According to the vendor, the soonest they could expect to see new flags would be by the end of July. In the meantime

discussion was heard during last week’s City Council meeting about the possibility of just taking the flags down until the new ones arrive.

“We’ve been getting about one complaint per day no about the flags,” Thielen said. Public Works Director Dirk Hoffman

added that the complaints are coming from local citizens and not visitors.

Thielen and Hoffman told the council that the suggestions have been made just to take the flags down until the new ones arrive.

“I think if we don’t see

anything we might just take them down in the next week,” Thielen said.

“I agree that sometimes it would be better to just take them down,” said Ward 1 Councilman Monte Talkington.

Temporary Medical Marijuana Ordinance Passes Second Reading

BEACON STAFF
news@bellefourchebeacon.com

BELLE FOURCHE - Medical marijuana (cannabis) laws are due to go into effect in the state of South Dakota, tomorrow, July 1st but don’t expect medical marijuana to be available just yet. The state Department of Health still must announce its rules to govern the distribution and sale of medical cannabis and they have until October

29th to do so.

Already at least one local citizen has voiced interest in medical cannabis. During last week’s City Council meeting, during community input, Mike Driesen appeared at the meeting to tell of his and his business partner’s interest in establishing a medical marijuana dispensary and a grow facility in Belle Fourche. He invited questions from the council of which there were non.

Although medical marijuana will be legalized this week it won’t be available until the DOH has done its work and announced the regulations. In the meantime, the city of Belle Fourche has adopted city ordinance 3-2021; A Temporary Ordinance Regarding the Issuance of Local Medical Cannabis Establishment Permits and/or Licenses. The second reading on the measure was held last week. There were no

citizens present to speak for or against the ordinance and it was passed without objection by the council. This means the ordinance has been adopted and will go into effect upon date of publication.

The ordinance says that anyone who wishes to open a medical marijuana dispensary within the city must apply for a permit and/or license from the city. But any licenses will not

Special Commissioners Meeting

Betty Bruner
news@bellefourchebeacon.com

BELLE FOURCHE – A special Butte County Commissioners meeting was held Friday morning to further discuss new hire position within the Auditor’s office. Following an opening statement by Auditor Elaine Jensen first giving an apology to the commissioners for what was said in executive session on

Tuesday and going on to clear the air for other issues. She pressed on then by explaining the need for two positions in the office.

“We are a team,” she said. The commissioners continued to discuss the necessity and logistics of adding another position to the budget.

Jensen clarified the need for

New Crow’s Nest Installed at Roundup Grounds

BELLE FOURCHE - A new crow’s nest has been installed at the Black Hills Roundup grounds just in time for the 102nd annual event.

Four Aces Contracting and Fabrication from Sundance, WY, was the lead contractor of the project. Crews from the area placed the new crow’s nest, on the supports between the two bucking chutes early last week. The new unit is both larger and has more visibility than the old structure.

“It just goes along with the improvements we’ve been making at the Roundup Grounds the past couple of years,” said Keith Anderson, Roundup Committee Chairman.

The cost of the new crow’s nest was close to \$20,000 according to Anderson. And there may be more improvements on the far side of the arena to come.

“We have some plans to maybe put some VIP boxes on both sides of (the crow’s nest) to go with the other improvements and make it all blend together,” he said.

Improvements to the brackets that frame the banners above the bucking chutes were also

made last week.

“We like to put a little money back into the grounds each year so it doesn’t become rundown as it has in the past,” Anderson added. “If you put that stuff off it costs a lot to repair. But if you put in a little at a time as you go along it doesn’t sting so bad.”

Verona Vroman 94

Verona Vroman, age 94 of Buffalo SD, died Saturday, June 19, 2021 at the Belle Estate in Belle Fourche.

Verona's life will be celebrated 10:30am Wednesday, July 7, 2021 at the Christian Life Center with Pastors Henry Mohagen and Paul Howard officiating. Visitation will be 5 to 7 pm Tuesday July 6th at Leverington Funeral Home of the Northern Hills in Belle Fourche. Inurnment will take place in Pine Slope Cemetery, in Belle Fourche.

The funeral service will be live-streamed on Verona's obituary page, located on the funeral home's website: www.LeveringtonFH.com

Verona Martha (Heck) Vroman was born in Tolstoy, SD on Sept 26, 1926 to Eugene and Frieda Heck. Eugene was born in 1883 and came to the US from Haubersbronn, Germany in 1909. Frieda was born in 1888 and raised in SD. They were married in 1916 in Tolstoy where he owned a shoe repair and harness shop. Eugene and Frieda had five children: Ruth, Esther, Walter, Verona and Virginia. Later, Eugene moved the family and the leather repair shop to Gettysburg, SD. There, Verona and her siblings attended school and helped in the shop. Frieda passed away in 1937. Esther came home from college to help her Dad care for the family until Eugene was remarried in 1938 to Louisa. With this marriage, Verona gained step-siblings, Russell and Virginia Jo.

Verona was 13 when she accepted the Lord, was baptized, and attended the Church of God. Her unwavering faith and relationship with God was of utmost importance to her throughout her life. She graduated from Gettysburg High School in 1945, and the family moved to Mitchell, SD. While visiting her sister, Esther Wammen, in the Slim Buttes, she met Bill. The two wrote letters and dated for about a year before they married on November, 7, 1947 in Mitchell, SD. They honeymooned in Sioux Falls, SD, returning to the XX Ranch in Harding County to a log house to begin their life together.

Bill and Verona had 4 children. Larry Bill, May 12, 1949; Linda Kay, January 21, 1951; Ross Gene, September 15, 1952; and Mark James, September 1, 1956. Ross was born with Cerebral Palsy-Hydrocephalus and passed away at the age of 13. The couple spent the majority of their years on the ranch with their three kids, raising beef cattle, ponies and horses. Verona's specialties included packing picnic

lunches, cheering and keeping score at the numerous rodeos the kids competed in. She also timed at the Regional High School Rodeo for several years.

Verona was active in the Slim Buttes Cowbells and Eastern Star where she held various offices. Bill and Verona faithfully attended church services as well as other church related functions. Verona loved the tradition of hosting a live Nativity Service for the community in the barn every Christmas. The evening always concluded with singing Christmas carols and having refreshments in the house. The family vacations included a trip to Missouri to visit Verona's father Eugene, and to Seattle to visit brother, Walt and his family during the 1962 World's Fair. Verona helped plan trips to the National High Rodeo Finals in MN, NV, OK, KS, and TX.

Bill and Verona enjoyed taking trips with the Elite Club, traveling to Branson, Nashville, Alaska and Washington, DC. Every winter for 40 years, they drove to AZ to visit their daughter Linda, her family and friends. In 2000 Bill and Verona retired to Buffalo where they enjoyed lunching and card games at the Senior Citizens. They were always happy to host coffee guests or grandkids' overnight stays and they rarely missed academic or sporting events the grandkids were involved in. Bill and Verona spent their last few years at Peaceful Prairie Estates and Belle Estate where she passed away at the age of 94 on June 19, 2021. Verona loved hosting many family reunions at the ranch. Her cooking and baking were known and appreciated by branding crews, hired hands and anyone one who stopped by the house.

Verona is survived by her daughter Linda (Bill) Otis of Buckeye, AZ; son, Mark (Jo) of St. Onge, SD; 7 grandchildren: Taylor Vroman, Ryan (Kelcee) Vroman, Seth (Jen) Otis, Trent (Kim) Otis, Nikki Vroman, Lisa (Chance) Kvistad, Lona (Jake) Downs; 10 great-grandchildren: Jace, Mollee, Tyson, Reese, James, Kayden, Mylee, Harlan, Alexa, Jace; sister, Virginia Malde of Spearfish; and brother, Walt (Jeannie) Heck of Seattle WA. She is also survived by her daughter-in-law, Claudia Vroman of Buffalo. She was preceded in death by her parents; husband, Bill in 2019; sons, Ross and Larry; sisters, Esther Wammen, and Ruth Johnson.

Leverington Funeral Home of the Northern Hills

Jim Kaiser 78

Jim Kaiser, 78, passed away unexpectedly early on the morning of July 10, 2020 at Monument Healthcare in Spearfish SD.

Jim was born on November 4, 1941 to David and Lucille Kaiser in Belle Fourche. He was raised on a farm in the Orman-Arpan area along with his 9 siblings. He attended country schools in the Arpan area and high school in Belle Fourche, graduating with the Class of 1960. During his high school years, Jim worked at Eddie's Fifth Avenue Market.

On June 22, 1961, Jim married Judith Ryan, of Aladdin, at St. Paul's Catholic Church in Belle Fourche. Jim held various jobs around Belle Fourche until he and Judy moved to Kenosha, Wisconsin where they raised their family of four children, Jamie, Jill, Jerry & Jeb. While residing in Wisconsin, Jim worked construction, the last job before his retirement being with Bane Nelson where he was in charge of the tool trailers. Jim was also good at woodworking and remodeling and did a lot of projects in and around Kenosha in his spare time.

Upon retirement, Jim moved back to Belle Fourche and resided next door to his brother Vince and wife, Dottie. Jim continued to do woodworking and remodeling projects for people around Belle Fourche. Jim and Vince enjoyed living close again and became best buds until the untimely death of Vince in 2008. After Vince's death, Jim helped Dot with yard work around their homes in Belle Fourche and together with his nephew David kept up all the projects that were necessary on Dot's other rental properties.

With his daughter Jill's recurring cancer diagnosis, Jim, along with other family members spent a lot of time with Jill and her fiancé, Bill Barter in Ft. Lauderdale, Florida. Even after Jill's death, Jim continued spending winters in Ft. Lauderdale. Thank you, Bill, for the hospitality and friendship you and Gabby (Jill and Bill's dog) extended to Jim over the

years. Jim grew to love Gabby and Gabby and Jim had a lot of walks and quiet time together.

Jim is survived by his children, Jamie (Paul) Schoessling, Arlington Heights, Illinois and their children, Megan (fiancé Dane), Paul and Kelly; Jerry (Kirsten) Kaiser, Kenosha, Wisconsin, and their daughters, Elise, Carla (Jeremy), (and their daughter Charlie), and Julia (Tyler) Price; and son, Jeb (and the late Nona) Kaiser, Raymond, Wisconsin, and their children, Nika & Dino Dominici and Chloe Kaiser, Jim's former wife and mother of his children, Judith Ryan Kaiser, Kenosha, Jill's fiancé, Bill Barter, Ft. Lauderdale, and of course, Gabby. Jim is also survived by his five siblings, Loretta Upton, Paul (Pamela) Kaiser, Marietta (Ray) Schnitger, Nancy (Ed) Pedneau and Carol (Larry) Vavruska as well as numerous nieces and nephews and their extended families. Also, by sister-in-laws, Vince's wife, Dorothy (Dot) and Bob's wife, Mary Carol Kaiser.

Jim was preceded in death by his daughter Jill in 2010, his daughter-in-law Nona Kaiser in 2019, infant son, Jeffrey (1964). Parents, Dave & Lucille Kaiser, and siblings, Frances, Bob, Vince and Theresa. Also, brother in laws, Bob Upton, Sid Johnson and Dale Burke, nephew Kevin Burke, and Jim's goddaughter, Lori Schnitger.

Grave site rites for Jim will be held on Friday, July 2, 2021, at 10:30 a.m., at the Alva Cemetery at Alva, Wyoming where his daughter Jill and brother Vince are buried. The grave side service is open to all who wish to attend. Family and friends will then gather at the Branding Iron in Belle Fourche, right after the grave side services for a time of fellowship.

Arrangements are under the care of the Fidler-Isburg Funeral Chapels and Isburg Crematory of Spearfish. Online condolences may be written at www.fidler-isburgfuneralchapels.com

Isburg Funeral Chapels & Crematory Service

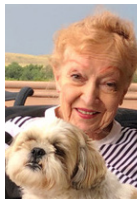

Leona Mae Wyatt 85

Leona Mae Wyatt died May 09, 2021 in Chadron, Ne. She was born October 31, 1935 in Belle Fourche, SD. She was preceded in death by her parents Josephine Herbert & George Noyce and sister Nelly Noyce. She is survived by her husband David Wyatt and daughter Lee Ann Wyatt both of Chadron, NE and brother Larry Noyce and sister in law Ginger Noyce both of Tucson, AR.

After graduating from Belle Fourche High School, Leona worked at the ASCS office. She later moved to Edgemont, SD and worked in Igloo, SD at the Army Depot. The Army Depot closed June 30, 1967 and later that year Leona accepted a position with the US Forest Service and moved to Chadron, NE with her only child, Lee Ann. Leona loved her position with the Forest Service and loved her co-workers who became important lifelong friends to her. She worked at the Forest Service until her Retirement.

On New Years Eve, 1971 Leona had her first date with Dave Wyatt who became the "Love of her Life" and they married on June 20, 1974, spending the next 47 years together.

Leona loved to laugh and made so many people smile with her friendly personality and was commonly known as "Red" because of her beautiful long

red hair. She was a fabulous cook and was known to spread lots of love to people with her famous Cinnamon Rolls!! She enjoyed her home out in the country and summertime was her favorite, working endless hours in her yard, planting her flower and vegetable gardens. Leona had a love for music and was a beautiful pianist and during her younger years had been a member of a band who played lots of venues in South Dakota. Leona was a master seamstress and was known to start sewing a new outfit in the evening and would wear it to work the next day!! She always looked like a million dollars and was quite the fashionista with her clothing and jewelry. Leona had a passion for animals and usually had several pets at one time and was known to rescue and help animals in need of a home.

Leona was a devoted Wife, Mother, Daughter, Sister & Friend. She was very Loved and will be missed dearly by us all.

A Graveside Service will be held on Friday, July 2, 2021 at 2 pm at the Pine Slope Cemetery in Belle Fourche. Friends and Family are all welcome. Celebrating the 4th of July in Belle was one of her favorite things.

Ellen Gilger 72

Ellen Gilger, age 72 of Boyes, Montana, died Saturday, June 26, 2021 after a long and private battle with cancer.

The funeral service will be held 11am Thursday, July 1st, 2021 at Leverington Funeral Home of the Northern Hills in Belle Fouché. Pastor Samuel Smith will officiate the service. Visitation will be held one hour prior to the service. Interment will take place in Pine Slope Cemetery in Belle Fourche.

The funeral will be live-streamed on Ellen's obituary page, located on the funeral home's website: www.LeveringtonFH.com

Hazel Ellen DeCock was born January 5th, 1949 in Billings, Montana. She was the daughter of Kathleen (Schmeling) and Cornelius E. DeCock. Her first years were spent on Fish Creek which is south of Shawmut, MT. She soon moved to south of Harlowton, MT so she could attend school and graduated from high school there in 1967. She went on to attend 3 semesters of college at Miltonvale Wesleyan College in Miltonvale, KS (now educates in Bartlesville, OK known as Oklahoma Wesleyan University). Attending this Christian college really changed the path of her life as she met Gayla Gilger there intertwining the Gilger and DeCock families. Gayla married her brother, Carl DeCock while Ellen married Gayla's brother, Dusty Gilger in 1976. She finished her degree in Elementary Education at Black

Hills State University in Spearfish, SD. She then went on to use her degree teaching 1 year at Cherry Creek, MT, 2 years at Sonnette, MT, and part of a year at Broadus, MT. If someone ever mentioned one of her former students, she often commented how she or he was "one of her kids" from teaching.

Pregnancy complications caused Ellen to cut her teaching career short, but she was able to then focus on ranching with Dusty on Pilgrim Creek with his folks. There they raised 4 children. A significant event in Ellen's life occurred around age 5. Her parents did something unusual and attended a special church service. A shy little girl who hid under her Mother's skirts, did something uncharacteristic. She went up to the front of the church in front of many people to ask Jesus into her heart. It was such a life changing moment from then her desire was to serve the Lord. Ellen's faith impacted those around her from family, friends, neighbors to complete strangers. She constantly praised God for His interventions in her life.

Ellen was preceded in death by her parents, Cornelius & Kathleen DeCock, her father-in-law and mother-in-law Douglas & Fidelia Gilger, brother Carl DeCock, sister-in-law Gayla (Gilger, DeCock) Fredrickson.

She is survived by her husband Dusty Gilger; children Triston Gilger (Boyes), Elissa Gilger, Gaiton

BF Arts Council's Herrmann Park Summer Concert Series

Belle Fourche Arts Council's summer concert series begins on July 1 with the Cowboy Band

The Belle Fourche Arts Council will once again host a series of concerts at Herrmann Park in July. The first concert will occur on Thursday, July 1 at 7 p.m. and will feature the Cowboy Band. All subsequent concerts will occur on Wednesday nights, but will all begin at 7 p.m.

Other concerts in the series are the Brass Quintet on July 7; Green Dolphin Jazz on July 14; Black Sheep and the Shepherd on July 21; and the Northern Hills Community Band on July 28.

There is no admission charge, but a free-will offering will

be taken. These monies assist the Council in providing not just the concert series but a scholarship to a deserving Belle Fourche student.

The Congregational Church will serve ice cream at the concerts, for a free-will offering.

There are some chairs provided but those who attend are encouraged to bring lawn chairs or blankets to sit on.

In the event of inclement weather, concerts will be moved to the Belle Fourche Rec Center. A decision to move the concert is typically made at 6 p.m.

For more information about the Arts Council and the summer concerts, please call 605-723-1200.

Community Card of Thanks from Bruce McAmis & Family

Our family deeply appreciates all the kindnesses shown to us during the illness and death of our beloved Peggy – sweetheart, wife, mom and grandma.

Each card, message and tribute to her life were reminders of the many people she influenced, cared for and journeyed with during her time on earth and brought us comfort.

Bonds of friendship run deep, and this community displayed that loving concern in our time of loss.

Thank you to each one for your generous gifts of food, memorial gifts, phone calls and presence when we needed it most.

*Gratefully,
Bruce McAmis
Kathy, Dave, Alvin & Cheryl and all of the grandchildren*

Pastor's Perspective

This week's Pastor's Perspective is provided by Stephen Carson, Belle Fourche Connection Church

"Trust His Heart"

When I was a kid, I enjoyed watching the Bob Ross painting programs on television. I have no artistic ability at all, but I think that was one of the main reasons I enjoyed watching his show so much. It amazed me to see how his paintings always seemed to come together in the end. Every episode I can remember watching had a point in it where I thought he had made a mistake and ruined the painting! The scene in the painting would be coming together perfectly and then he would add something into it that seemed completely out of place! It looked to me, from my untrained and untalented perspective, that he had made a terrible mistake! But, by the end of the painting, everything would come together beautifully! The end result would be a masterpiece! In fact, the very thing I thought had ruined the picture had actually become an integral part of it!

God often works just like that in our lives as well. Unlike God, we don't know the beginning from the end. We don't see the whole picture of our lives, but God absolutely does. There are times when things happen to us that we simply do not and will not fully understand this side of eternity. Everyone has experienced tragedies in their lives. We have all tasted the bitterness of trials. We have all experienced seemingly unfair pain in our lives. And we are often left asking the question, "Why?" In the midst of tragedy and trial we struggle to understand what God is doing and why God is allowing certain things to happen. I have experienced this many times. But I can say that as I look back over the years of my life, I can see God's hand and plan so clearly through all of that pain and confusion. God can take the things in our lives that we think have destroyed us and turn those things into vital, beautiful parts of the story that He is weaving into our lives.

I want to encourage you today with Romans 8:28. It reads, "And we know that for those who love God all

things work together for good, for those who are called according to his purpose." This verse is a great reminder for those who have trusted Christ. God's plan in our lives may not go as we have planned, but His plan is always best. We may not fully understand why as we don't see the big picture, but God does! And God is good and He is rich in love and mercy. Therefore, we can trust Him, even when we don't fully understand everything that is happening in our lives.

Charles Spurgeon was a British pastor in the mid to late 1800's. He was a faithful man of God who was used greatly in his day and is still being used today through the legacy of his teachings. Despite this, he was a troubled soul who battled deep depression and discouragement. He had some really rough patches in his life of intense pain and trial. One of his most famous quotes that was borne out of his anguish is, "When you can't see God's hand, trust His heart." What a wonderful reminder! Our God is good! He isn't haphazard! He is purposeful and redemptive. Whatever is going on in your life today, run into the arms of Jesus and trust His heart!

Now, there is a caveat in this. In order to experience this kind of closeness with God and help during trials, you must know Christ. Despite our sin and rebellion, God loved us enough to send His Son, Jesus, into this world to live among us. And He came on a mission. His mission was to die on a cross in our place as our substitutionary sacrifice. And three days later He rose from the dead conquering the grave and death. And if a person will call on the name of Jesus in faith and repentance, believing that Jesus is the sinless Son of God who can forgive their sins and give them new life, they will be saved. That person will be made new. Their sins will be forgiven and eternal life will be granted to them. The only way you can experience Romans 8:28 is if you know Christ. And I pray that you do.

A Final Tribute and Celebration of Life

Ervin 'Erv' Bruggeman

Nov. 29, 1941 – Oct. 1, 2020

A final tribute and celebration of life for Ervin 'Erv' Bruggeman, who left us too soon on October 1, 2020, will be held Friday, July 2, 2021, at the AmericInn, 2312 Dakota Avenue, Belle Fourche, SD. Family and friends are asked to gather at the outdoor patio at the AmericInn at 3:00 pm. (In case of inclement weather, the gathering will be held at the inside meeting room of the AmericInn.)

for **Millie Schmidt**

February 21, 1929 – April 5, 2020

*Please join us for a celebration
of the life of Millie Schmidt
on Saturday, July 3, 2021
from 12:00 pm – 2:30 pm
at the Belle Fourche
Area Community Center
1111 National Street,
Belle Fourche.*

All family and friends are encouraged to stop for refreshments and to celebrate Millie's life.

Due to Covid we were unable to gather at the time of her death. If you are unable to attend, please sign the online guestbook at klinefuneralchapel.com.

Join Us In Celebrating

THE LIFE OF

ALVIN C. SHAW

July 8, 1924--February 6, 2021

Monday July 5th, 2021

11:00 AM to 4:00 PM

Bowman Hall in Herrmann Park

Randy Shaw and Denise Webster, the children of Alvin C. Shaw invite friends and family to join us for a Celebration of Life to commemorate Al's life.

Food and drinks will be served and we would be honored to have you there when you can come join us. Al passed away on February 6, 2021 at the age of 96.

Happy 4th of July

Kay Heck Awarded Coaches Association Distinguished Service Award

The South Dakota Coaches Association recently awarded

Kay Heck receiving the Distinguished Service Award.
Courtesy photo

Kay Heck the Distinguished Service Award for 30+ years of service to and support for Belle Fourche High School athletics. Her voice directed many wrestlers and track and field participants to the proper place at the proper time over the years. She has been on the bench keeping books at most home volleyball and basketball games for countless years, and each year she says, "she'll do another season." Congratulations Kay Heck for a so well deserved award.

Father's Day Frenzy Team

The Belle Fourche 21 team took 3rd in the Deadwood "Father's Day Frenzy" tournament. Anything Left in the Barrel? — By: Doug Cole

June 28, 2018 saw the first printing of the Belle Fourche Beacon. This week hosts the completion of three years of publication of a local newspaper in Belle Fourche.

As we anticipate the July 4th Independence Day celebration and a week of Black Hills Roundup Activities, no matter what else is happening, we can be thankful we live in a country where freedom exists and we can participate and enjoy the tremendous week.

We are often asked if we are going to send out subscription bills and our answer remains the same as when we started: No you won't receive a bill. As each year of publication is completed, like this week, we will announce the anniversary and subscriptions will remain 100% voluntary compliance

We will continue to print & distribute our weekly 8,825 copies to seven counties in the Tri-State area.

If you enjoy and wish to send in a payment for subscription we would welcome the support.

We have set the "recommended" voluntary subscription rate to cover the cost of printing and mailing one paper for 52 weeks of the year.

We have experienced increases in both postage and printing costs so effective August 1, 2021 we suggest a nickel a week increase to a yearly total subscription cost of \$30.60 for in our saturation delivery area and online subscriptions.

Out of permit delivery area cost

for 1st Class mailing is currently \$75 and will go to \$88 per year.

Any subscriptions paid in July are at the old rate and new rate will start August 1, 2021

We had the privilege of playing in a very well organized and very well run and very successful Chutes for Charity Invitational Golf Tournament. 12th Annual.

Golf is a game that requires patience, practice, perseverance, and a degree of perfection.

We had all of those well in hand in the tourney, except those that started with the letter P.

My stellar shots were like Vitamins. Unfortunately "Only one a

Justin Tupper Meets with Sen. Rounds in DC

WASHINGTON – U.S. Senator Mike Rounds (R-S.D.) met with St. Onge producer

and vice president of the U.S. Cattlemen's Association, Justin Tupper.

South Dakota producer Justin Tupper and Sen. Mike Rounds share a meal prior to Tupper's appearance in front of the Senate Agriculture Committee. *Courtesy Photo*

The two discussed anti-competitive practices in the cattle industry prior to Tupper's testimony before the Senate Agriculture Committee. The Committee held a hearing to examine price transparency in cattle markets.

"Justin Tupper is a tremendous advocate for the cattle industry," Rounds said. "I enjoyed a chance to visit with him and to hear about his remarks for the Ag Committee. It's long past time for Congress to focus on the anticompetitive practices in the cattle industry that are running independent cattle producers out of business. I hope this hearing will give us greater traction on several pieces of legislation I've introduced to protect cattlemen and consumers."

New Graduated Driver License Requirements Take Effect July 1

July 1, 2021 is an important date for drivers between the ages of 14 and 18 and their parents in South Dakota.

That is because a new state law takes effect that changes some requirements for South Dakota teenage driver licenses and permits. It is important that teen drivers and their parents understand the changes.

Specifically, the new law makes changes to the state's graduated driver licensing program for teenage drivers

due to a law approved by the 2020 state legislature. Due to COVID-19, Gov. Kristi Noem suspended implementation of the new law through June 30, 2021. On July 1, 2021, the measure becomes law.

This new law changes some of the eligibility requirements for teenage driver instruction permits and operator licenses, meaning that after July 1, no one size fits all for our teenage drivers. If they have not done so already, it is important for

young drivers and their families to closely review the new law and its provisions before July 1 to see how they will be impacted.

For further information, including the text of the new state law, please visit the Driver Licensing Program website at South Dakota Driver Licensing | SD DPS. You can also contact the state Driver Licensing Program via email at dpsdl@state.sd.us or by calling 605-773-6883.

HAVE A HAPPY JULY 4TH!

The Good Stuff ————— by Jim Thompson

The Good Stuff was developed for radio by Jim Thompson nearly 2 decades ago. Jim Thompson takes motivational stories that listeners and readers send him and incorporates them into the program. It has been on the air for more than 10 years.

Some of the simplest stories offer the best wisdom. This one that fits in that category. AND it has Abe Lincoln in it. Can't get much better than that for credibility:

Lessons of a Circuit Rider

In his circuit-riding days Abe Lincoln and his companions, riding to the next session of court, had crossed many swollen rivers on one particular journey, but the formidable Fox River was still ahead of them. They said one to another, "If these streams give us so much trouble, how shall we get over the Fox River?"

When darkness fell, they stopped for the night at a log tavern, where they fell in with the Methodist presiding elder of the district who rode

through the country in all kinds of weather and knew all about the Fox River. They gathered about him and asked him about the present state of the river.

"Oh, yes," replied the circuit rider, "I know all about the Fox River. I have crossed it often and understand it well. But I have one fixed rule with regard to the Fox River—I never cross it till I reach it."

And as long as we're talking about parsons and the like: this is from a nameless author in a magazine I discovered in 1981:

The Perfect Pastor

The perfect pastor preaches exactly 10 minutes.

He condemns sin roundly but never hurts anyone's feelings.

He works from 8am until midnight and is also the church janitor.

The perfect pastor makes \$40 a week, wears good clothes, drives a good car, buys good books, and donates \$30 a week to the church.

He is 29 years old and has 40 years experience.

Above all, he is handsome.

The perfect pastor has a burning desire to work with teenagers, and he spends most of his time with the senior citizens.

He smiles all the time with a straight face because he has a sense of humor that keeps him seriously dedicated to his church.

He makes 15 home visits a day and is always in his office to be handy when needed.

The perfect pastor always has time for church council and all of its committees.

He never misses the meeting of any church organization and is always busy evangelizing the unchurched.

The perfect pastor is always in the next church over!

If your pastor does not measure up, simply send this notice to six other churches that are tired of their pastor, too.

Then bundle up your pastor and send him to the church at the top of the list.

If everyone cooperates, in one week you will receive 1,643 pastors.

One of them should be perfect!

Cowboy Channel to Broadcast, Stream Jr. NFR

COLORADO SPRINGS, Colo. – The Cowboy Channel and Jr. Rodeo are excited to announce that the 2021 Jr. National Finals Rodeo will carry all action from the first barrel run on June 28 until the last ride on Saturday, July 3 via the PRCA on Cowboy Channel+ app.

In addition, the Jr. NFR semi-finals and finals will be telecast on Cowboy Channel, which will bring fans all of the action across your favorite viewing screen.

Fans can live stream events via the PRCA on Cowboy Channel+ app or watch the live Cowboy Channel telecast, depending on the round. Semifinals and finals will be available on both platforms, while all other rounds will be available live and on-demand via the app.

The Jr. NFR is being held at the historic Cowtown Coliseum in Fort Worth, Texas, June 28-July 3. The Jr. NFR features the best-of-the-best contestants in all of youth rodeo in a tournament-style rodeo competition.

More than 500 contestants will compete for a Jr. world championship in the core rodeo events. The Jr. NFR gives fans an opportunity to see the next generation of ProRodeo contestants.

As for the Black Hills Roundup, the Cowboy Channel has still not determined the date for the replay of the 102nd annual

event. A spokesperson for the channel told the Beacon that several details regarding their scheduled are being finalized this week. Due to the large number of rodeos over the 4th of July weekend (known as Cowboy Christmas because of the prize money awarded) the schedule was in flux trying to accommodate all the content that is coming into the network.

The Roundup will be live streamed on the Cowboy Channel App from July 1 - 4th, according to the spokesperson.

Bull rider Parker McCown Back After Shoulder Injury

After being sidelined for six months with a right shoulder injury, bull rider Parker McCown, who made his Wrangler National Finals Rodeo debut as a rookie in 2020, is back on the trail.

McCown returned at the Parker County Sheriffs' Posse Frontier Days Xtreme Bulls in Weatherford, Texas, June 8.

The Montgomery, Texas, cowboy has made seven rides since his return and made the whistle three times. He had an 81-point ride in Gladewater, Texas, June 9 and another 81-point trip in Pleasant Grove, Utah, June 16.

"Everything feels good," said McCown, 21. "I did a bunch of rehab, physical therapy and working out. It feels back to normal. I feel a little rusty, but I am feeling better. The hardest part is just getting back in the groove every day.

"My approach is simple. I just want to try and ride all my bulls and have fun. I am blessed to be back, and I just want to capitalize on my opportunities. I am glad to be going to a bunch of rodeos and am glad to be back out here after sitting at home for six months."

McCown suffered a right (riding) shoulder separation and right AC joint fracture during his 88.5-point ride on Vold Rodeo's Bar Fly in Round 4 at the NFR at Globe Life Field in Arlington, Texas, Dec. 6.

McCown finished second in the round and sixth in Round 5. As a result of the injury, he missed the last four rounds. He finished 11th in the PRCA | RAM World Standings with \$98,138.

"I had surgery with (Dr. Tandy Freeman) a couple of days after the NFR," McCown said. "They repaired my rotator cuff, my biceps and my AC joint."

Capitol News

KAREN ODELL

news@bellefourchebeacon.com

Some of us finally got some rain on Saturday and Sunday. It was getting extremely dry, and the lightening that the rains brought was nerve-wracking, and scary. The few cool days was a great relief for the plants and the animals. We have had record-breaking temperatures for June.

Dick Albert made a sad trip to Florida for a funeral. While he was in Florida it rained three inches on one day, and four inches on another. Irma had doctor's appointments on Monday and Wednesday. She went shopping on Sunday on her way to the airport to pick Dick up from his return flight.

Bruce and Lynn Gustafson have just gotten a sprinkle of rain during the last three days of cooler weather. Lynn and Linda Matthews went to Bowman for hair appointments on Monday. Then Lynn went to the Hills for a doctor's appointment on Friday. They finally got their air conditioner, and it was a great relief from the terrible hot days. They went to church at Little Missouri Church on Sunday. Ryan and Alvin Cordell and Denin Cheguis spent the first part of the week at the Buck place, spraying weeds. Rhys Pearson came out to spend some time on Wednesday. Then she and Ryan's girls, Kymber and Kynlee, went to a volleyball clinic at Ekalaka. On Saturday and Sunday, Alvin and Marlee went down to Sundance for the Burch reunion, and they had a great time visiting. They had no measurable rain this week.

Junior and Shirley Melum just got a few drops of rain, too. It had looked black and threatening, but no rain developed at Capitol. Shirley is still sorting material to give to the quilters up north.

Dorothy Padden went to Belle Fourche with Bryce on Thursday morning. That evening, Brett and Stacey Padden came for a visit, and stayed until Sunday. Dorothy had gotten a half-inch of rain on Thursday,

but it seemed to just surround her house and neighbors didn't get it.

Last week, Donna Lewis went to Billings with a few cakes. She stayed at her brother, Jerry, and LaRae Collins's on Wednesday night. She went to visit her good friend, Kay, on her birthday and took her a cake, and they had a great birthday party. Donna spent the night with Kay and went on to Worland, Wyoming the next day with a few more cakes. At her daughter, Wanda's, there was a birthday party for Samantha, so she got a cake. Then Donna sent home cakes with Summerlea and Thomas for August birthdays and also sent one with Sierra for her future birthday, too. She even had brownies for Buff for Father's Day. On Monday, she came back through Gillette and Hulett to get home. She went up to Baker on Saturday, and by dark on Saturday night she discovered that it had rained a whole inch at the ranch. As she was coming home there were puddles on the highway from Hendricks's to Jimmy Carroll's. Pam called on Sunday to tell Donna that she had been shopping at Runnings, and bought a bunch of plants that were on sale. She was going to bring them out to plant them. Donna mentioned that it was raining hard again, but Pam came anyway. When she went to check the water, she had to use 4-wheel-drive to get out of the draw. The rain had stopped, and Donna measured another quarter of an inch. They planted all the plants in places that could be reached by the hose, and thanked God for the rain.

Charlie Odell inspected cows for Justin Kerr on Monday. Then when he got home, Karen helped him work calves. It is really lots of fun to work calves when you are 80 years old, but by the time they were half done, they had the new calf chute opened to a wider size, and things were working a little better. Karen spent much time tearing off the old porch floor of the bigger cabin that had fallen apart. Charlie got her a new 2 by 6 when he was in town and she painted all of the porch that was in good shape and painted the new boards before they were cut. Then Charlie helped do the end that had to have the new 2 by 6, while Karen removed and replaced boards

...and other wonderments.

I've been known to use myself as a model in some paintings but the older I get the less impressive a shadow I throw so I try to avoid it. I do use friends and relatives though, and this painting has an uncle and two cousins as the subjects on horseback. Taken from a family photo album circa 1950, there were actually six kids on that horse, myself included at 5 years old, but I whittled it down to just the three. The scene is fictitious but that's my artist license at work.

Here's to Mud Puddles

I took off Saturday afternoon and drove to Harrison Neb, for a gig. I went south of Hot Springs and came in at Crawford. I hate to be that guy, but man, I am jealous!

Green and hay! From Rapid City south it looked great. They had many more bales in their fields than anyone is getting in these parts. And the grass was green and pretty tall. Cows I seen were fat and sassy and enjoying the cool weather and the rain that was falling.

Harrison was shorter grass, but still pretty green. A guy I know from that area told me they had just gotten an inch of rain and it was amazing how much it changed the look of that grass in just 24 hours.

I drove on roads that showed where it had rained earlier, most of the way home. When I called Cindy to tell her I was headed home

about 9 pm, she said that it was raining here. When I got home I checked the rain gauge and it showed about 1 one hundredths.. Oh well, at least it washed the grass a bit.

In the past, when ever we got a good rain and someone would comment on it, I would always reply, 'Well, my son is a priest, so God's going to take care of me'. I thought that was a pretty good answer. Then someone pointed out the passage in the Bible where it tells us, "He makes it to rain on the just and the unjust alike." That kind of took the wind out of my sails!

I have thought on that passage a lot, since. Not sure what the meaning is, as like so many passages that people like to quote from the Bible, if you don't read what comes before it or after it, in the context it was written, you can sure take the wrong meaning

from it.

From my thinking on it, it means that God showers his grace and justice on everyone. And some are grateful and some are not. I ain't no biblical scholar, just a dumb ol' rancher, but that is my take away right now. Who knows, I might change my thinking on further reflection and conversations with people.

I sure hope and pray we get more rain soon. Hit is hard to see this beautiful country we all live in looking so drab when we have seen how much more beautiful it can look in it's best green finery!

Here's hoping we all are walking in lots of mud puddles soon and no one is cussing them!

NEW VISIONS
OLD TRADITIONS
2021 BLACK HILLS ROUNDUP GRAND PARADE

From A1 Flags

There was discussion about finding a new vendor or even contacting each individual state to send a flag to Belle Fourche. Thielen said that while that idea might sound like a good solution in reality it isn't.

She said the inconsistency of response from one state to the next would lead to delays in getting all the flags up. Added to that, she said, is the fact that each state could send flags of

different materials, such as cotton or polyester, which wear at different rates. Then there is the possibility of receiving flags of various sizes even when specifications are spelled out.

She said going with one vendor solves those issues. She reiterated that the current vendor has been doing a good job in supplying the flags in the past until global supply chain issues came up during the pandemic.

Council required no action on

From A1 Commission

warranty deed by Jon Buckles. Buckles appeared before the commission to discuss dropping the lien. The commissioners informed him that it would be necessary to submit his request in writing and the issue would be pursued through that route. Further explanation was given to the commission to vacate the north-south section line between Sections 32 and 33, T10N, R4E, B.H.M. The vacated line is between the pints that existing improved Arpan Road deviates to the west of the section line and into the NE1/4SE1/4 and SE1/4SE1/4 of

Section 32, T10N, R4E, B.H.M. Richard and Nancy Litschewski were given permission to vacate that section.

No action was taken on Kevin Petersburg's inquiry for weight restrictions on Halle Rae Road development. The new construction in the area has brought in heavy construction traffic and he desires the county to limit road travel.

Faith Goehring presented a proposal to the commissioners for a dog park in Butte County. She had visited with city council members earlier in the week and had been told to contact the county commission. She queried the commission on an

From A1 Special Meeting

an Office Manager in the Auditor's Office. Recently, an employee had retired and her duties could not be handled by the present staffing. The position will be advertised internally as per county statute. Jensen went on to describe the necessity of putting into place a Deputy Auditor's position. "We need to be pro-active," she said. The present Deputy Auditor is looking to retire within

the next two years. It will take a considerable time to train someone to take his place, she said, so now is the time to hire someone. The Auditor's Office is getting busier and trained personnel is essential to the efficiency of the office she pointed out. The commissioners decided that an Office Manager position could be advertised. State's Attorney Cassie Wendt would develop a second position of Deputy Auditor.

the matter as the discussion took place during the informational part on the council's agenda and no motions were brought forward.

acre of property behind Dairy Queen in Belle Fourche that is county land. The commissioners thought that as a whole this property is close enough to the city that it has a lot of value and was probably too expensive to be donated. There could be other properties in the county, though. No action was taken at the meeting while the commissioners took it under advisement. Commissioners went into executive session regarding personnel and contractual matters. The next regular Butte County Commissioners meeting will be July 6 at 9:30 a.m. in the Butte County Courthouse.

Following the discussion of adding new positions, Commissioner James Ager brought up Parliamentary Procedure questions. He was not sure if the statements by Jensen were correct since it was not on the agenda, however Wendt stated that the agenda was a guideline and can be amended. "But what occurred should be enough detail on the agenda for the public to understand," she said. "It's important to keep talking," she concluded.

From A1 Second Reading

be granted until the South Dakota Department of Health has put forth the regulations for such as required by SDCL 34-20G-72. An application received before the DOH makes the regulations known will be denied.

The ordinance states that the city will make a further study on the effects of medical marijuana establishments on the community and its zoning laws.

The Dept. of Health has until the end of October to announce the standards for medical cannabis. They are currently assessing local zoning and licensing requirements needed to approve local permits. And no licenses will be issued before that in order to provide predictability in the licensing process to potential investors. The temporary city ordinance will be a vehicle that bridges the gap between the July 1st legalization and the DOH's announcement of its rules and regulations.

More information can be found online here: https://sdlegislature.gov/Statutes/Codified_Laws/2078845

Also during the city council meeting the item of the removal or renovation of the Wyler Park skating rink was moved from the consent agenda to the regular agenda at the request of Councilman Randy Sowers. Sowers then asked that the item be referred back to the

Public Works Committee for further action. According to the committee the skating rink is in need of repair or renovation. If the old rink is repaired the cost may be around \$15,000. If the rink is rebuilt with a concrete base for the liner the cost would be closer to \$25,000, according to Public Works Director Dirk Hoffman. The matter was due to be discussed June 28th during the Public Works Committee meeting.

Approved on the council's consent agenda was the application for a grant for playground equipment at Herrmann Park and to place "Children at Play" signs on 11th Avenue near Jones Park, the site of the new city splash pad.

The council also approved the hiring of Jordan Fischer as an Officer I for the Belle Fourche Police Department. Also, a quote from Porterfield Electric was approved in the amount of \$9,500 for improvements to the baseball field lights at the Roundup Grounds.

During the informational period of the meeting Councilman Vern Hintz brought to the council's attention the need for improvements on 5th Avenue at the railroad crossing. "It's pretty pathetic. What do we need to do?" he asked.

Hoffman said that the Rail Authority and the DOT are the parties that need to be contacted. No further action was taken on the matter.

On Saturday, July 3 at 2:00 PM, they will celebrate the 95th birthday for Donald Seaman, at the Tom Seaman Family Ranch 4 miles north of Newell, at 12941 U.S. Hwy 212.

Donald is a World War II Army Veteran that served in the China-Burma-India Campaign as a tank commander and trainer. He is a life-member of the Veterans of Foreign Wars; helped establish the VFW Post in Newell, South Dakota in the 1950's; and is its last surviving World War II member. Donald is a retired rural mail carrier with the Newell Post Office. He now resides in Spearfish.

“Keeping Your Future in Focus”

Keeping your Future in Focus” is Black Hills Vision Care Motto! They were recently recognized for their membership with the Belle Fourche Development Corporation. Their mission is to ensure

patients the best possible vision performance by providing the highest quality vision and eye health care possible in a comfortable, professional, and “patient-friendly” environment. They keep overall patient

wellness and understanding as first priorities in everything they do. They maintain the highest health care standards, state-of-the-art instrumentation, and commitment to continuous improvement in their profession.

Spearfish 4th of July Parade Marshalls Announced

SPEARFISH, S.D:The 21st Annual Spearfish 4th of July Parade will be held Sunday, July 4th at 12:00 p.m. with a B-1 Bomber Flyover shortly after the start of the parade. The Parade committee is pleased to announce that the dedicated members of the Spearfish Honor Guard will be honored as the Parade Marshalls for the 21st Annual Spearfish 4th of July Parade. The Spearfish Honor Guard currently has about 20 members who volun-

teer their time throughout the Northern Hills. The Honor Guard serve as the guard at Veteran funeral services in numerous communities and the BH National Cemetery, conduct multiple flag ceremonies, honor our fallen servicemen and women on Memorial Day, and host presentations at local schools for Veteran’s Day. Dressed in uniform, they honor our fallen with the distinct honoring sound of taps played on bugles, as well as the firing

of rifles signifying the fallen are properly cared for. At the end of the service, the Honor Guard remove the flag from the casket, carefully folding it, inserting a few of the rifle shells in the fold, and present it to the next of kin. “I am currently the oldest member of the Spearfish Honor Guard at age 92,” commented Arnie Koski. “I have discharged over 3,000 rounds for ceremonies. It is my privilege to honor our Country and the men and

From B3 Capitol News

on the other side of the porch. Charlie went to Padden’s to inspect cows on Wednesday, and went to Buffalo for some supplies on Thursday. Yvonne Yoder notarized some documents for him on his way through Camp Crook. We certainly are thankful for having her nearby. On Friday, Charlie inspected cows for Shell’s and then hauled loads of cows and calves to Capitol summer pasture. Karen finished painting the trim on the little cabin and painted the door and window trim on

the new cabin and finished painting the porch. She worked on her books for Sugar Creek Township in Ohio. All the kids called Charlie on his birthday, and Father’s Day. On Sunday, Pastor Dinsmore was back from a family vacation, and Charlie and Karen joined a few others at church. Karen played piano, and then they had lunch at the Corner Cafe, and visited with the Arledge family. Friends like to console you with the saying “Tomorrow is another day.” If they would just tell me which other day it’s going to be, I could just skip the bad ones, and cheer right up.

women that served.” Arnie served in WWII and the Korean War. The Honor Guard is continually looking for Veterans to serve and join their cause. Gene & Yvonne Fieck of Gene’s Lock Shop began the 4th of July Parade in 2000 to bring the community together on this important day in American history. Countryside Church, the Spearfish Downtown Business Association, and the Spearfish Chamber of Commerce have joined forces to continue the tradition. Support is also given by the City

of Spearfish and the Spearfish Police Department. “The desire to continue on with the event Gene & Yvonne created so many years ago is truly a community effort,” commented Melissa Barth, Spearfish Chamber of Commerce. The parade will line up in the high school parking lot then head south on North Main Street through downtown Spearfish, disseminating at Grant Street. For more information, contact the Chamber at 642-2626 or visit www.SpearfishChamber.org.

Looking Back in Belle

These articles come from newspaper microfilm from the Belle Fourche Public library, using a new microfilm reader and printer. The photographs are from the Tri-State Museum.

123 years ago
 Belle Fourche Times
 July 7, 1897
Local News

A scheme to dam the Belle Fourche river is being considered by some of our progressive citizens. The object is primarily to obtain a boating place. The land occupied by the old lake on Hay creek is getting too valuable, and the townsie company intends soon to drain the same. It is calculated that a blind dam could be built across the river just above the mouth of Redwater for \$200 or less. There is very little fall in the river for a half a mile above that point, and a four-foot cribbed of still water for pleasure boating. If built substantially a four foot dam would not be impaired by the spring floods, it is figured, as the high water would flow over the top and also spread over the flat on the north side. It certainly looks feasible and would be a splendid enterprise to carry out.

Starts Today First Annual Tri-State Round-Up Opens With Program That Will Please You
 The first annual Tri-State Round-Up will open in Belle Fourche this morning under the most favorable conditions possible. The weather prom-

ises to be right – there are thirty-eight untamed outlaw horses waiting for some one to attempt to ride them; there are thirty steers of the long-horn variety for the riders, ropers and bulldoggers; Sam Brownell, the world champion rider is here. Rollo, the dare-devil, is here. Klipps' Klowns are here; J. B. Robinson, the man who has had charge of the Miles City round-up for the past few years came in Monday and has been getting the program shaped up.

103 Years Ago
 Northwest Post Belle Fourche
 July 11, 1918
 The net receipts from the July 4th auction sales were approximately \$14,500 (\$258,498.51 in 2021 dollars), while \$340 were taken in by the young ladies in charge of a lunch and flower booth, and an equal amount was realized from the big bowery dance on the opening night. The gross receipts at the fair grounds, including grandstands and auto stalls, totaled about \$8,500. The program opened Thursday morning with a grand street parade headed by the Deadwood Home Guards band. The first item in the Red Cross auction was a small silk flag, by little Miss Kiddle, and the bidding continued until it reached \$100 at which figure George Sletton and E. M. Clarkson of Harding county bought

by Mary Buchholz

the beautiful little emblem of freedom.

On last Thursday and Friday Belle Fourche entertained the largest crowd of visitors ever assembled in any city in Western South Dakota, the occasion being the first annual Tri-State Round-Up, under the direction of the Belle Fourche Commercial club, and new history was made in this wonderful little city of real achievements.

103 Years Ago
 Belle Fourche Bee
 July 14, 1918
 The bucking horses were perhaps the best ever assembled in an arena in this part of the west not one refused to buck, and all gave their riders a busy few minutes. Tip Top, "Tipperary's understudy, belonging to Chas Wilson of Harding, was at his best, and the first day gave an exhibition of lunging, twisting, jumping and bucking that made his rider bite the dust. It was proposed to have Sam Brownell ride this horse as the last event for the first day, but in the drawing Mr. Brownell drew another and Garrett Stockey fell the honor of matching wits with Tip-Top. Mr. Brownell's mount "High Moon," was a good one, but no match for the rider, who is a past master in the art of staying on the hurricane deck of a bronc, that dislikes riders and everything pertaining to them. The carpenters of Belle Fourche showed their loyalty and willingness to assist the Red Cross and Y.M.C.A. by donating their

services in erecting the dance pavilion and other work where needed.

The gates for the two days were in charge of T. F. Harris, assisted by a lot of as earnest workers as ever sold tickets, and as a result this part of the work was handled in a manner satisfactory to the management as well as the large crowds.

Harry L. Barnett, with his Kaiser coffin, in which every person purchasing a War Savings Stamp for 25 cents, was allowed to drive a nail, did a

thriving business and sold over \$600 worth of stamps. He was on the job early in the morning, and late at night, and had an able assistant in the person of H.W. Lawson.

Messrs. J. T. Farrell of Sundance, Roy Kopp of Ekalaka and W Clanton of Harding, as well as Sam Brownell of Cheyenne, are to be commended for fairness of their judging of the riding events. They know riding when they see it, and have the backbone to make a decision and stand by it.

"Building Main Street, not Wall Street"

by John Newby

More to Truly-Local Than Shopping and Eating

I recently saw a simple, yet excellent marketing campaign by Americas Newspapers that said, "Shop Local, Eat Local, Read Local". Nothing could be more critical for a local community than this simple statement. After all, keeping as many dollars local as possible is what keeps pumping the lifeblood throughout a community.

Ironically, that same day I saw a piece in the MediaPost publication indicating that more people than ever are consuming and paying for news and information. That may seem to be a great trend if you are a media company, but the "rest of the story" as Paul Harvey might have used with this piece seems to indicate a troubling trend. The lion's share of this shift is benefiting national news and information outlets, not local ones.

While we don't downplay the need for national news and information, one must wonder why communities would neglect information in one's own backyard. One of the biggest issues facing most every local community is the ability to convey needful and timely information. I would argue being locally informed is every bit as critical as being nationally informed. I might even go as far as to say, it is even more critical. Additionally, I would suggest that a well-run local newspaper or media company is able to move a community forward

during these challenging economic times.

Before we touch on the need for communities to support their local news and information products just as they would support shopping, dining, and overall spending locally, let's look at why this trend might be so. Let's start internally, we have two groups of local media companies. In the first group, we must take an honest look at many of the local products being shoved off as local newspapers. They are run by out-of-town media owners who have no presence. Their staff has been cut to the bone. With staff cuts, content is more cookie-cutter, regional, and less about their community. Publishers or the face of the community have been eliminated. They have simply allowed their local media company to become a nameless entity in the community, throwing out information most could care less about.

We certainly don't want to paint with broad strokes, lumping all newspapers in group one. Mismanagement pointed out in group one isn't the case everywhere. In group two, there are many local media products where money, time, human capital, and much more are being poured into the local community. Whilst the first poorly managed group of media companies deserve their fate, this second group deserves and needs the support of their communities in much greater ways.

If you have events for the calendar, please contact Colleen Brunner at colleenbrunner@gmail.com.

June 30: Wednesday in the Park, sponsored by the Newell Improvement Corporation. Low-cost meal for purchase, free movie and free popcorn. Meet in north park at 6:30 with games, playing in the park and a movie to follow. Each Wednesday through July unless otherwise noted. Come and gather as a community and enjoy the evening together.

July 3: Erk Family Golf Tournament at the Newell Golf Course. Call the golf club at 456-2195 for more information.

July 4: Golf Scramble at the Newell Golf Course. Call the golf club at 456-2195 for more information and to register. Fireworks at dusk. Donations accepted. Fireworks for sale in the clubhouse starting July 2.

July 7: Wednesday in the Park, sponsored by the Newell Improvement Corporation. Low-cost meal for purchase, free movie and free popcorn. Meet in north park at 6:30 with games, playing in the park and a movie to follow. Each Wednesday through July unless otherwise noted. Come and gather as a community and enjoy the evening together.

July 7: Newell Improvement Corporation monthly meeting. 6 p.m. Location TBA. See their Facebook page at <https://www.facebook.com/NewellImprovement> for more information. They would appreciate new input!

July 8: Newell Golf Club sponsored junior golf. K-3rd sessions 10-11 a.m.; 4-8th sessions 11 a.m. to noon. All skill levels, learning basics of putting, chipping and full swing. Introduction to values and social experiences. Call the golf course at 456-2195 for more information. Instructors: Abbie Nelson-605-210-2055, abbiemnelson@gmail.com and Scott Wince 605-892-5143 for more information. This is free for Newell area students.

July 13: Technology Sale-Newell School District. 5-7 p.m. Multi-purpose room, All Sales Cash. Includes: 250 used Fujitsu T725 & T726 laptop/tablets, no operating system; 9 Smart Boards, 2 projectors, miscellaneous items including: camcorders, external keyboards, document cameras. All sold, "as-is, no warranty." Not responsible for fixing or configuring this equipment. For more information, call Cara Muckridge at 605-456-2393 or email Cara.Muckridge@k12.sd.us.

July 14: Wednesday in the Park, sponsored by the Newell Improvement Corporation. Low-cost meal for purchase, free movie and free popcorn. Meet in north park at 6:30 with games, playing in the park and a movie to

follow. Each Wednesday through July unless otherwise noted. Come and gather as a community and enjoy the evening together.

July 14: Vale Community Club Bingo at the Vale Community Hall at 7 p.m.

July 15: Newell Golf Club sponsored junior golf. K-3rd sessions 10-11 a.m.; 4-8th sessions 11 a.m. to noon. All skill levels, learning basics of putting, chipping and full swing. Introduction to values and social experiences. Call the golf course at 456-2195 for more information. Instructors: Abbie Nelson-605-210-2055, abbiemnelson@gmail.com and Scott Wince 605-892-5143 for more information. This is free for Newell area students.

July 22: Newell Golf Club sponsored junior golf. K-3rd sessions 10-11 a.m.; 4-8th sessions 11 a.m. to noon. All skill levels, learning basics of putting, chipping and full swing. Introduction to values and social experiences. Call the golf course at 456-2195 for more information. Instructors: Abbie Nelson-605-210-2055, abbiemnelson@gmail.com and Scott Wince 605-892-5143 for more information. This is free for Newell area students.

July 28: Vale Community Club Bingo at the Vale Community Hall at 7 p.m.

July 29: Newell Golf Club sponsored junior golf. K-3rd sessions 10-11 a.m.; 4-8th sessions 11 a.m. to noon. All skill levels, learning basics of putting, chipping and full swing. Introduction to values and social experiences. Call the golf course at 456-2195 for more information. Instructors: Abbie Nelson-605-210-2055, abbiemnelson@gmail.com and Scott Wince 605-892-5143 for more information. This is free for Newell area students.

Newell Rodeo Playdays will be on the following Mondays, June 28th, July 5th, July 12th, and July 19th. If there's a cancellation due to rain, the playday will be the following Thursday. The Newell Community Club hosts this event. Please call Shannon Dirk for more details or visit their Facebook page at <https://www.facebook.com/groups/552585081459849>

July 8-29: Junior Golf at the Newell Golf Course. Two sessions: Age K-3 from 10 to 11 a.m. and 4-8 from 11 a.m. to noon. Free of charge and provided by the Golf Club. Instructors are Abbie Nelson and Scott Wince. Contact the golf club at 456-2195, Nelson at 210-2055 or abbiemnelson@gmail.com or Scott Wince at 892-5143. Kids are encouraged to bring their own clubs.

From C1
City Commssion

tion water for 516 9th St. and 913 Dartmouth Ave. ended with any decision being tabled until next month. Belle Fourche Irrigation District Manager Tristan Clements explained that owners Paul Erk and Todd Komes would like to surrender approximately seven acres of irrigation allotment to Newell so that they would have a garden turnout under the city's allotment. BFID is satisfied with the request as all the paperwork has been filed, but the final decision must be made by city officials.

Foreman Larry Parker informed the commission members that it could cost around \$3,500 to \$4,000 to put pipe from the present underground pipe to the two residents. It would take a considerable time to recoup that cost he said.

A lengthy discussion ensued dealing with location and cost. Mayor Wetz suggested that more time was needed to investigate cost and need and called for tabling the decision.

Commission members and residents of Newell have voiced concern with the unfinished splash pad in the North Park. Newell Improvement Corporation representatives Betty Bruner and Judy Dague were available to explain the delays

that have hounded the organization. Presently, construction is on hold while the group is endeavoring to find a plumber. NIC has contracted with an electrician, concrete contractor, and a general contractor.

Bruner proposed that the group put up a fence to discourage vandalism and keep people safe. The commissioner accepted that and expect it to be done soon. She also assured members that the organization is attempting to do everything they can to finish the project.

Foreman Parker asked that a person be hired for a part-time position, usually half-days as needed. He said that with repairs to irrigation lines, etc. he and Verl Tift could not accomplish everything that needed to be done. It was decided that someone should be hired in a seasonal position working less than 19 hours per week at \$12 per hour.

Animal tags and mowing were discussed by the commissioners. Finance Officer Jennifer Parrow disclosed that letters had been sent to legally licensed animal owners. Out of the 181 animals listed by the city, only 66 animals had been licensed at this point. Finance Clerk Sheila Smith will call owners to verify ownership. The situation will be checked next month.

Mayor Wetz suggested that

any animal that is running loose should be picked up and is it isn't licensed it should be forfeited and either adopted or euthanized. According to Parker, when an animal is in the care of the city the sheriff is called.

Written complaints are important to get control of the running animals, said Parrow.

There are several lots within the town's limits that are not being taken care of, according to Parrow. Eleven letters had been sent to various property owners, but only four had complied and mowed. Parrow had done some investigation concerning what other cities were charging to mow. Mayor Wetz suggested that a minimum charge of \$200 plus \$35 per hour for the labor would be reasonable per the city attorney's approval. A motion was made and approved by the commissioners.

Parker is checking on the water usage this past two and half weeks since over 1.5 million gallons have been used. He is not sure if there could be a leak or where the water is going but it is substantially higher than normal, nearly double in fact Parker stated. He will continue to investigate.

The next regular commission meeting will be held July 12 at 6 p.m.

Rodeo Playdays Begin

COLLEEN BRUNNER
news@bellefourchebeacon.com

NEWELL – Sponsored by the Newell Community Club, the 2021 Newell Play Day Series began on Monday, June 28, with a good group registered. The dates run each Monday from June 28 through July 19. Pre-entries started on June 22 and closed by 2:30 on the day of the event.

Organizer Shannon Dirk said they are looking forward to seeing everyone.

"We are still working on some details for the play days so more information will be coming soon," said Dirk. Just prior to the first play day, Dirk was still looking for someone who would be interested in running the stick horse events for the 0-4 age group.

Entries are taken on the day of each playday from 3:30 to 4:30 with a start time at 5 p.m. Age divisions included: 0-4 years with stock horse events, barrels, flag race, poles, and dummy roping. 4-6 years with barrels, flag race, poles, goat un-tying (no horse), and dummy

roping. Ages 7—10 compete in barrels, flag race, poles, goat un-tying (w/horse), dummy roping, and dummy team roping. 11-14 year old's compete in barrels, flag race, poles, goat tying, break-away roping, and dummy team roping. Ages 15+ compete in barrels, flag race, poles, goat tying and breakaway roping. Ages are as of June 28, 2021.

"We will try to have on fun event each night that will be for fun, but will not go towards all around," said Dirk.

The cost for the events is \$5 per event for non-members and \$3 per event for members. Membership includes: \$20 per individual and \$30 per family. Series Membership is required to be eligible for the end-of-the-year awards and the individual must attend three play days to be eligible for the year-end awards.

Membership is NOT required to participate in the play days. In case of bad weather, it is suggested you "call before you haul." Contact is Shannon Dirk at 605-380-6023.

At a previous year's play day event Caitlyn Rans leans to plant the flag in the bucket while mom Courtney assists. - Brunner photo

SD Highway 34 Road Work Underway

RAPID CITY, S.D. - The South Dakota Department of Transportation says a chip seal and fog seal application will be applied to S.D. Highway 34 in the Rapid City area beginning Monday, June 21.

The chip seal will take place on Highway 34 from the intersection of S.D. Highway 79 east of Sturgis to the Belle Fourche River and will take approximately six days to complete

with an additional two days for the fog seal.

Traffic will be reduced to one lane and guided through the project with the use of flaggers and a pilot car. A delay of up to 15 minutes can be expected while traveling through the work area during daytime hours.

Loose gravel will be present for a period of 36 to 72 hours after each day's chip seal ap-

plication. Traffic should travel at 40 mph or the posted speed limit if it is less than 40 mph during this time frame. The permanent pavement markings are scheduled to be applied within 14 days of completion of the chip and fog seal applications.

The prime contractor on this \$1.4 million project is Bituminous Paving, Inc. from Ortonville, Minnesota.

Then and Now *in Newell*

“Looking Forward to our Past” by Linda Velder

June 29, 1911

A kid 9 years of age, from Lead came down to Belle Fourche Sunday and defeated the local team. It was the first time this season Belle Fourche team been beaten by a 9 year old on the adult team. Belle Fourche has come out second best, Newell knocked the stuff in out of the Cubs this summer at the recent game between Newell and Nisland, was a pretty fair game, but didn't come out as the Nisland boys figured on 6 to 2. Everybody had a good time, but the boys were a little sore when they got home.

Five train cars of hay arrived Monday, 3 were for Wm. Quinn at the Quinn Livery Stable, 1 for Maney Bros and 1 for Young & Son.

Richard Mueller met death near Tama last week, being suffocated in a well which he was digging. He was using black powder and entered the well before the fumes of the powder had disappeared.

June 30, 1921

There was a grand opening of the Finnish Community Hall on Horse Creek Friday, June 24 which is located near the Horse

Creek Consolidated School. The program opened with the singing of the American and Finnish National anthems and the opening address was delivered by A. Davidson. Other numbers on the program consisted of vocal and instrumental solos, recitations, etc. Charles Hill loaned his piano and the Kulpaca Orchestra from Lead provided music for the dance. A large crowd was in attendance, lunch was served at midnight and a good time enjoyed by all.

Odie Mutchler was brought in Tuesday night for medical attention for a dislocated shoulder, which he received in an accident while riding a horse. The 7-year old son of Joe McCarthy of near Fairpoint and little Johnny Glover from near Vale were also both brought to Newell this week for medical attention, both having suffered fractured arms.

In order to take care of the large crowds at the Round-Up this year the C&NW RR is running 3 special trains each day of the big show, 1 from Rapid City, 1 from Deadwood and 1 one from Newell. The train from this end of the line will leave Newell at 10:00 AM each day, returning to leave Belle Fourche at 10:00 PM. Those from Nisland wishing to ride

Newell's 1960 Jr. Miss; Cherril Gladstone as she was crowned winner and went on to represent SD in the National competition where she was declared First Runner-up.

BETTY OLSON
news@bellefourchebeacon.com

It was hot here this week with the temperature in the triple digits on Wednesday. It was also really dry, although they got a little moisture north of us on Friday. Last Monday was the first day of summer, but it didn't turn out quite like we'd planned. Reub and I were going to catch a ride with John and Corinne Erickson to the Awakening meeting at Opal that evening, but we had a really bad flat tire right at the junction of Highway 79 and Highway 20. It took quite a while to get the tire changed so I called Corinne and told her we weren't going to be able to make it in time. John and Corinne came over to the junction and followed us home and they came in to have a really good visit.

Tuesday was Denton Turbiville's birthday and Amanda and the kids went to Turbiville's to help him celebrate that evening. It was also our grandson Till Olson's birthday and our grandson Trig Olson had a birthday on Wednesday. I called Trig to wish him happy birthday and he was working in Whitewood putting in a sidewalk for someone and Sandy Dan brought them concrete from Croell Redi-Mix.

Reub got some Leafy Spurge Flea Beetles and we went up to our Horse Creek pasture on Thursday to dump them out on the Leafy Spurge up there. We also put out mineral and checked the water. It was a great trip with lots of pretty flowers blooming everywhere. While Reub and Casey were busy haying that afternoon, I went over to Lodgepole to check the water at Cow Camp and everything looked good

there too. One of the windows on Reub's swather broke and Reub and I took a cardboard measurement up to Bowman Glass on Friday to have them make us a replacement. We also picked up a part for the swather from West Plains. It rained on us all the way to town and was still sprinkling on the way home, but when we got home there wasn't even a drop of rain on this place!

Nubby (Feitag) Larson's funeral was on Saturday at Slim Buttes Lutheran and lots of friends and relatives came to say goodbye to our dear friend. Her eight grandkids were the pallbearers and she is buried in the Slim Buttes Lutheran Cemetery. Reub and Pete Larson are cousins and Reub got to see a lot of relatives he hadn't seen for quite a while. Carolyn (Nagel) Erickson, 82, of Amidon, ND, passed away on Wednesday, June 16, in Dickinson. Her funeral service was on Tuesday, June 22 at the Bowman Lutheran Church with burial in the Lebanon Lutheran Cemetery at Amidon. Her husband Pastor Jerry Erickson served several churches in this area and Carolyn played piano for the services.

These families have our sympathy. Friday was Pastor Henry and Linda Mohagen's 50th wedding anniversary and we celebrated their anniversary after church on Sunday with a beautiful cake made by Amanda Schuchard. It was also Duane and JoAnn Shea's 51st anniversary on Sunday so we celebrated with them too. Mark and Jo Vroman, Linda Otis, and Mark and Gwen Millett were in church this morning and it was great to see them! Kenny Kvanvig stopped to visit Sunday afternoon and

get a mower head from Reub to fix his mower. Haying time sure keeps the guys busy fixing machinery.

Last week I let you know I've been locked out of Facebook, so if you get a friend request from me go ahead and friend me because I haven't been hacked but I set up a new Facebook account. We'll see how long that lasts, but I'd love to have all my friends back again!

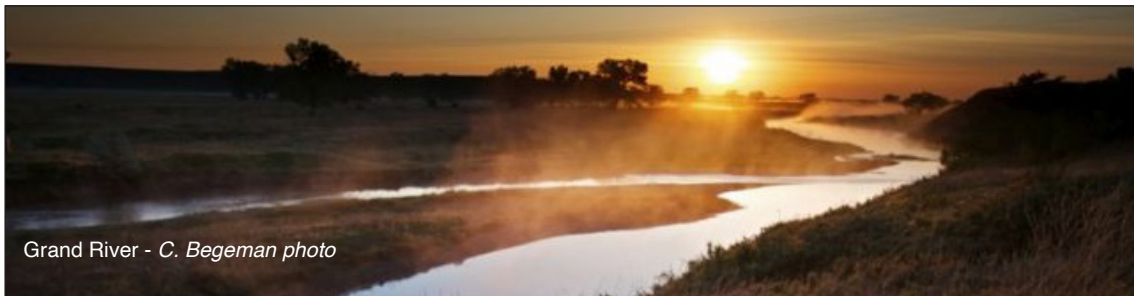

I had a good visit with Teri Dee Sunday afternoon and Teri and Mike and the boys are planning to come out to visit us July 17th and 18th. We haven't been able to get together for quite a while, so that will be really fun.

It seems like the new administration is blaming all the problems they've created on climate change and global warming, although the United States is one of the cleanest countries on the planet and climate change has nothing to do with the chaos on our southern border. We used to call it weather instead of climate change and it changed every day! With that in mind, I'll leave you with these from Jay Leno:

"Climate experts say we should tell villagers in developing countries to reduce the amount of cooking smoke they generate to help fix global warming. You know, it's as if these people don't hate us enough already. I mean, they live in mud huts, they have thatch roofs, their clothes are made of straw. We pull up in a bunch of Humvees and SUVs going, 'Hey, you want to cut the smoke out of here?'" - Jay Leno

"According to a new U.N. report, the global warming outlook is much worse than originally predicted. Which is pretty bad when they originally

Grand River C4

Then 'n' Now in Newell

the train must be prepared; for the train will make only a very brief stop at the siding.

July 2, 1931

Phil Burke of near Nisland brought in an 80-gallon per minute artesian well at his ranch Saturday of last week. The well has a strong flow and will force water through a system in the house as well as furnish plenty of water for irrigating the lawn and garden. Mr. Burke did his drilling himself with a rig borrowed from his neighbor P. P. Vallery.

The Devereaux & Burke and Howard Sheridan wool clips were sold this week in Newell at 16 cents to Cordingly & Co of Philadelphia, through M.E. Hafner, local wool buyer. This was one of the largest sales in Butte County wool and the top price paid in this territory so far this season.

July 3, 1941

Much damage was recently caused at the Newell ball diamond by parties driving a car around same and now workmen this week will have to do considerable work there. Since the diamond is not a public driveway, a final warning is issued that those driving around there in the future will be punished to the full extent of the law.

Joe Matousek owner of Sturgis Hatchery, this week

announced that final deliveries for this season will be made here Monday, July 14. He will make his regular trips here this Saturday, next Wednesday and the final date.

Waino Kayras has been doing electrical wiring the past week at the Harold Richman and J.M. Mishler homes. These ranchers will be supplied with electrical energy from the REA high-line which is now under construction.

July 5, 1951

Last Wednesday morning 18 Cub Scouts, 3 parents and 2 little sisters rode the freight caboose from Newell to Belle Fourche as a planned excursion in the Summer Pack Program of the Newell Cub Scout Pack. The whole party was shown through the entire caboose where the working of a steam locomotive was explained by the engineer. Those riding in the train were: Mrs. Norris Soma, Herman Shipley and Horace Parsons. In Belle Fourche a

from the Newell Museum

picnic lunch was enjoyed in the city park where the Cubs were met by parents; Mrs. Shipley, Bob Price, Robert Lyons, Harry Weakley and Mrs. Parson bringing the lunch. After the party, the troop was transported home. The next feature of the Summer Pack Program will be a swimming party in 2 weeks, with Mrs. Hugh Caton in charge of arrangements.

Although 3 Districts are yet to report, a decrease of about 20 school children was shown in the 1951 Rural School Census for Butte County according to figures released by the County Superintendent of Schools. This year's total, without reports from Kusel, Sulphur and Indian Creek Districts was 2,189 compared to 2,206 in 1950.

June 29, 1961

A clothing drive was planned by members of Mission Circle at a meeting of the group in

Then and Now C4

Horse Community Hall 1921; People pictured in front of the newly constructed building are Left Mr. & Mrs. John Killinen; to the right is Mrs. Jacob Neamy holding daughter Irma (later Klock). In 1936, John Killinen raised and moved the building to his farm.

the Church basement Tuesday afternoon. The Circle members are asking the entire Church congregation to bring clothing to the church basement on July 3. The clothing will be given to Mexican workers here who are in need of same.

Cherril Lynn Gladstone, sophomore at University of South Dakota will be Newell’s first entry in history in the Miss South Dakota Talent & Beauty Pageant at Hot Springs this year. Cherril is the daughter of Mr. & Mrs. F. Lyn Gladstone is

sponsored by the Newell Community Club as the city’s first ever “Miss Newell”. She was graduated from Newell High School in 1960 and now majoring in music education at the University. Miss Gladstone in 1960 represented South Dakota Junior Miss, where selected as First Runner-Up in the National competition. She has studied piano for 11 years and for her talent presentation, Cherril will play a piano solo.

Judy Milberg of the Prairie Pinafores Club at Newell won first place in the Butte County 4-H Radio Speaking contest held over station KDSJ,

Deadwood Monday noon. Judy spoke on “Citizenship, a 4-H Goal” will represent Butte County at the state radio speaking contest July 14. Barbara Ericson, Range Ramblers Club, Fruitdale placed 2nd speaking on “Conservation of Our National Resources”. All essays were prepared by the girl with scoring being on basis of composition, choice of material, organization of material, use of language, delivery, projection, pronunciation and vocal control. Judges were Mrs. Kenneth Arthur, Mrs. George Ericson and Rev. James Rice of Belle Fourche.

Newell Rodeo Playdays

Mondays:

July 5th, July 12th, and July 19th

If there’s a cancellation due to rain, the playday will be the following Thursday. The Newell Community Club hosts this event. Please call Shannon Dirk for more details

From C1
TRANQUILITY

“Sometimes if you go with the flow, you get caught in the flood,” he said. In other words, he explained, don’t follow the world’s pattern and get caught up in distractions.

Gwen Kitzen served a delicious evening meal of beef and lamb with several sides. Good food, good fellowship made the day complete.

Fort Tranquility is a place where one can leave distractions

behind and soak up the wonder of the peace and quiet of area. It’s the beginning of a dream not just for the Seamans, but for those that wish to come and partake of what they are offering.

The Seamans will be hosting another event in the Fall. But for this summer, if you need a place to retreat to from the world around, send them an email at dixie@harmonycream-soaps.com.

Clements New Irrigation District Manager

Key to new duties is communication.

BETTY BRUNER

news@bellefourchebeacon.com

NEWELL – From working with the public in law enforcement to becoming the manager of the Belle Fourche Irrigation District, Tristan Clements utilizes his skills in communication as his key strength. After 22 years in law enforcement he was looking for a change and found it when the position of Project Manager at BFID opened up.

Although he has no background in irrigation or dealing with BFID, Clements feels he is ready to take on the task of day to day operations. His duties are widespread and include over-

seeing employees, dealing with the Bureau of Reclamation, and SD Department Agriculture and Natural Resources (DANR). Clements said that probably three-fourths of his day, however, is taken up with meeting farmers in the area.

Clements is still trying to “get his feet wet” as he learns to fully understand the irrigation process. He plans to wait for a complete season to see what changes, if any, may need to be implemented. One of his first steps will be to ensure all employees are well-trained.

“Training makes everybody’s life easier,” he pointed out.

Clements and his family presently live near Vale. His wife, Jackie, teaches second grade at Newell School. They are joined by two teenagers, Kelsi and

Charlie, and a pre-teen, Jorey. The youngsters are active in the Butte-Lawrence Fair showing their sheep. Clements is on the Fair Board, also contributing to community involvement.

“The job is fantastic. We have great employees and good opportunities,” said Clements. He oversees seven ditch riders, Water Master Dave Nuenke, and Foreman Darren Alexander. There are three men in the maintenance shop who are supervised by Alexander.

“Right now, is a time of transition,” he said. He has a lot to learn, but is available and willing to listen and learn. The door is always open.

“Give me a call. I’ll be happy to see what I can do.”

Biden’s Backdoor Death Tax

GOV. KRISTI NOEM
Commentary

Over the past year, our farmers and ranchers went to work every day to feed this country during a time of great challenge and uncertainty for millions of Americans.

How does President Biden plan to thank them? By raising their taxes.

The so-called “American Families Plan” would create a backdoor death tax on family farms and millions of other small businesses.

For decades, our tax code has protected farmland from being double-taxed when it is passed on to the next generation by ensuring that a capital gain is not realized at the time of death and transfer – otherwise known as a step-up in basis. But President Biden needs more money to pay for his \$1.8 trillion wish list of big government programs, and he’s expecting hardworking Americans to pick up the check. His tax plan would eliminate step-up in basis and impose a capital gains tax of up to 43.4 percent on unrealized gains valued at over \$1 million. President Biden claims that this

will only impact the wealthiest Americans. Unfortunately, that’s not the case.

Farmers and ranchers tend to own large amounts of valuable land, equipment, and livestock that makes them appear wealthy on paper, but they often have very little cash on hand. They spend years incurring great costs to make their land more productive, but they never know each year whether they will make any money. By the time that land is transferred to an heir at death it likely will have increased greatly in value, and under President Biden’s plan this would trigger a significant tax burden for the person who inherits it.

I experienced this firsthand when my dad died in an accident on our family farm and ranch. Our family was dealing with a tragedy, and suddenly we were faced with a massive death tax bill. We had land, machinery, and cattle, but we didn’t have any money in the bank. Thankfully, we had support from our small community and were able to borrow on our land and pay off that debt. But it took ten years and a lot of sacrifice. Those less fortunate

than us would have been forced to sell the family farm to pay that tax.

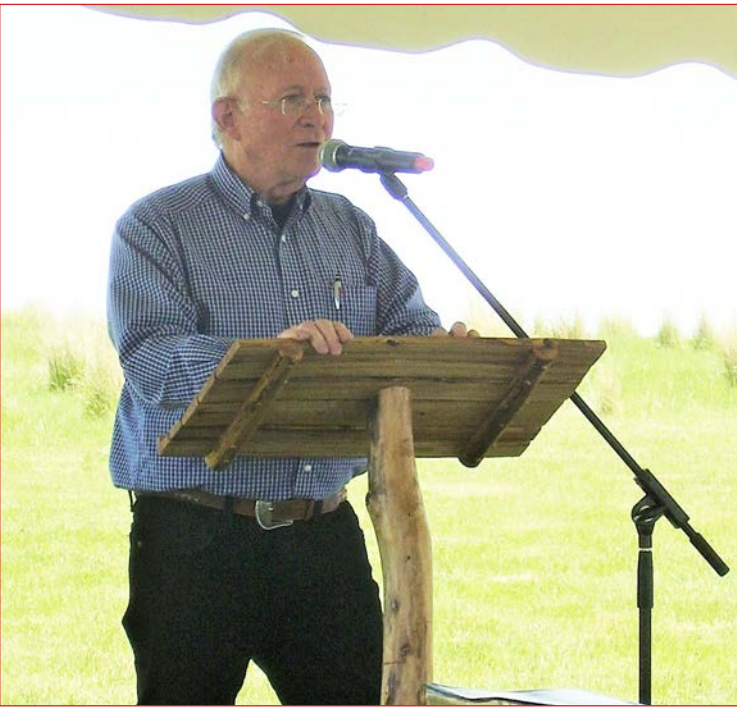

That’s why I got into politics in the first place. And when I was in Congress, I worked with President Trump to repeal the death tax for most family farms in the Tax Cuts and Jobs Act.

Our farmers and ranchers face challenges every day that few of us can imagine. They work and sacrifice to feed the world while building something that they can pass on to their kids and grandkids. Another death tax will only make it more difficult for young farmers and ranchers to acquire the land and equipment needed to pursue a life in agriculture. As a result, we will see more farm consolidation and the loss of vibrant rural communities.

Prosperity is not created by higher taxes and bigger government. Leaders like Ronald Reagan and Donald Trump knew that. The American people create our shared prosperity through their independence, hard work, and ingenuity. Washington, D.C. should learn to leave that well enough alone.

Pastor Jake Julson from New Underwood spoke to a crowd of about 20 gathered at Fort Tranquility, located on the Seaman farm west of Newell. - Courtesy Photo

Fred Wilson encouraged Jerry and Dixie Seaman to pursue their dream of Fort Tranquility. He was one of the speakers at a recent retreat held there. - Courtesy Photo

Pastor Timothy Stuen from Rapid City enlivened the crowd by singing several familiar songs along with one he had written during a darker time in his life. He was part of the speakers at the retreat held at the Jerry Seaman farm. - Courtesy Photo

Roadside Mowing: Hold off Until July 10

PIERRE, S.D. – The South Dakota Departments of Game, Fish and Parks (GFP) and Transportation (DOT) want to remind individuals there are laws and rules governing when mowing right-of-way ditches can begin on the state highway system.

“Roadside ditches provide valuable nesting cover for upland birds, especially in portions of the state where there is limited upland habitat,” stated Tom Kirschenmann, GFP Division of Wildlife director. “Our department is asking the public to consider delaying haying and

mowing activities along roadside ditches as long as possible. These areas play a critical role in providing nesting habitat for pheasants. Even the delay of a week or two will result in more successful nest attempts.”

While current rules addressing roadside ditch mowing is only applicable to state highways, GFP asks landowners to consider postponing mowing on all roadside ditches and follow the same dates that apply to state highways.

In the spring and early summer, hen pheasants seeking suitable nesting locations are

attracted to the vegetation in roadsides. Pheasant production in roadsides is diminished when roadsides are mowed prior to completion of nesting activity. Incubating hens nearing their hatch dates can be struck and killed by mowing equipment. Peak hatching generally occurs in mid-June. Hens and newly hatched broods remain susceptible to mowing equipment for another two weeks after hatching due to the restricted mobility of chicks and the tendency of the hen and young to hide from approaching danger rather than flushing to escape.

Hometown Thursday for July 1 features Brandon Jones

Hometown Thursday for July 1 will feature Brandon Jones onstage. Jones and his band are favorites from previous years; the group is predominately a country/rock cover band with their own originals added to the song line-up.

Hometown Thursday takes place on the lawns of the Tri-State Museum and Visitor Center in Belle Fourche, at 415 Fifth Avenue. Beer and food vendors will be down on the back lawn and food vendors will include Street Eats, the Torch Creamery, and R V Catering.

Free train rides will be available for kids. On the museum deck, activities for kids include painting and drawing and a

special craft to make a patriotic hat. TREC Badlands Headstart activities for kids are located here as well as a gold painting station. The museum is open for visitation and includes additional activity tables, a dress-up trunk, discovery boxes and an archaeology dig box.

The Johnny Spaulding Cabin can also be visited during Hometown Thursday.

The Museum Gift Shop will have a "one night only" special of 25% off a kids' two-sided puzzle.

For more information about the event, please call 605-723-1200.

LEPC Looks to Improve Fire Protection Efforts

BETTY BRUNER

news@bellefourchebeacon.com

BELLE FOURCHE – The Local Emergency Planning Committee met for the regular quarterly meeting June 16 and heard from Rob Holso, Senior Field Representative for ISO Mitigation. ISO is a company whose main function is designed to help municipalities to improve fire protection efforts.

Holso comes into a community about every five years to evaluate Public Protection

Classification, which sets the risk of fire loss. He follows a Fire Suppression Rating Schedule by evaluating dispatch, fire departments, water systems, and community risk reduction. Standards are set by the National Fire Protection Association.

Holso said that it helps communities to see what needs to be done and what has been accomplished by following guidelines given by his evaluations. It benefits the community by reflecting on the community's involvement in fire protection.

His evaluation also helps to set insurance ratings. Communities can see where improvements can be made and that can enhance property owners' insurance rates.

There are several things that can be done to improve a score. Water flow is checked for adequacy. A community can do an annual hydrant check, document what is done and when, and do a flow test on hydrants. This can raise the score.

A fire department's training, organization, and record keeping all aid in raising a score. Holso checks the software used in dispatch and the overall system. Butte County is kept up-to-date regularly and receives good marks.

The role of LEPC is to form a partnership with local governments and industries as a resource for enhancing hazardous materials awareness and vigilance. Local governments are responsible for the planning and response within their area. Butte County LEPC strives to coordinate the readiness of the Belle Fourche, Nisland, Newell and Vale Fire Departments and works with dispatch and law enforcement by forming documentation of hazardous materials in the area.

The local committee is made up of law enforcement, city officials, dispatch members, and other concerned citizens of Butte County. A local entity that may have hazardous materials on site usually speaks at one of the quarterly meetings held at the Butte County Courthouse. The next meeting will be September 15, 2021 at noon.

Rob Holso explained how he evaluates a community's fire protection efforts. He works for ISO Mitigation. - Bruner photo

Butte-Lawrence County 4-H News

We still have openings for the Barn Quilt workshop to be held on July 15th at the fairgrounds. State Livestock Judging will be held on September 17 & 18th in Brookings if anyone would be willing to make the commitment to attend, please call the office and we will get you on a team. See more information below. Those who attended a judging in this 4-H year will be given first preference.

Fair entry has been open for 1 week and we have had very little activity! Please don't miss out on getting your Butte/Lawrence County Fair entries in!

FairEntry.com Fair Entry will close on July 15th.

Farm Service Agency Now Accepting Nominations for County Committee Members

HURON – The U.S. Department of Agriculture (USDA) Farm Service Agency (FSA) began accepting nominations for county committee members on June 15. Elections will occur in certain Local Administrative Areas (LAA) for these members who make important decisions about how federal farm programs are administered locally. All nomination forms for the 2021 election must be postmarked or received in the local FSA office by Aug. 2, 2021.

"We need enthusiastic, diverse leaders to serve other agricultural producers locally on FSA County Committees," said Joseph Schultz, Acting State Executive Director for FSA in South Dakota. "Now's your time to step up and truly make an impact on how federal programs are administered at the local level to reach all producers fairly and equitably."

Schultz said agricultural producers who participate or cooperate in a USDA program, and reside in the LAA that is

up for election this year, may be nominated for candidacy for the county committee. A cooperating producer is someone who has provided information about their farming or ranching operation to FSA, even if they have not applied or received program benefits. Individuals may nominate themselves or others and qualifying organizations may also nominate candidates.

USDA encourages minority producers, women and beginning farmers or ranchers to nominate, vote, and hold office.

Nationwide, more than 7,700 dedicated members of the agricultural community serving on FSA county committees. The committees are made up of three to 11 members who serve three-year terms. Producers serving on FSA county committees play a critical role in the day-to-day operations of the agency. Committee

members are vital to how FSA carries out disaster programs, as well as conservation, commodity and price support programs, county office employment and other agricultural issues.

LAAs are elective areas for FSA committees in a single county or multi-county jurisdiction. This may include LAAs that are focused on an urban or suburban area.

More Information

Producers should contact their local FSA office today to register and find out how to get involved in their county's election. They should check with their local USDA Service Center to see if their LAA is up for election this year. To be considered, a producer must be registered and sign an FSA-669A nomination form. The form and other information about FSA county committee elections

are available at fsa.usda.gov/elections.

Election ballots will be mailed to eligible voters beginning Nov. 1, 2021. To find your local USDA Service Center, visit farmers.gov/service-locator.

USDA touches the lives of all Americans each day in so many positive ways. In the Biden-Harris Administration, USDA is transforming America's food system with a greater focus on more resilient local and regional food production, fairer markets for all producers, ensuring access to healthy and nutritious food in all communities, building new markets and streams of income for farmers and producers using climate smart food and forestry practices, making historic investments in infrastructure and clean energy capabilities in rural America, and committing to equity across the Department by removing systemic barriers and building a workforce more representative of America. Monument Health Offers Free Sports Physicals

RAPID CITY, S.D. (June 15, 2021) –Monument Health is offering sports physical examinations free of charge to school-age athletes at all Monument Health primary care clinics and urgent care locations.

During the exam, the Monument Health provider will evaluate the heart, lungs, bones, joints and other functions to determine whether the student athlete is medically eligible to participate in sports. The exams are required by the South Dakota High School Activities Association, the Wyoming High School Activities Association and other organizations.

This free service does not include well-child exams, vaccinations, assessment of new or established medical problems, medication refills or any other types of medical exams. If the exam reveals issues that require further care, the patient will be referred back to their

primary care provider. If the patient doesn't have a provider, Monument Health can arrange an appointment.

The free physicals are offered as a courtesy to all local athletes, from grade school to college. Families are invited to schedule an appointment at a local clinic or stop at one of Monument Health's urgent care locations. To view a full list of locations, visit monument.health/locations.

Monument Health is a community-based health care system with a mission to make a difference, every day. The system offers care in 31 medical specialties and serves 14 communities across western South Dakota and in eastern Wyoming. Monument Health is composed of 5 hospitals and 40 medical clinics and specialty centers. Monument Health is a member of the Mayo Clinic Care Network.
