2nd Annual Jackson Dental Charity Golf Tournament a Huge Success!

Jackson Dental hosted their 2nd Annual Charity Golf Tournament at the Belle Fourche Country Club on July 23, 2021.

The money raised was matched and donated to the Kenadi Jean Weis Foundation. The event was a great success, thanks to the sponsors, players, and businesses that donated to the cause.

The event sponsors included, Besler Cattle Company, BN Doors, Dakota Equipment Rental, Kitchen Designs, Munro Earthmoving, Redwater Eyecare and Subway. Businesses that donated prizes included, Scheels, Spearfish Wine Bar, and The Stadium Bar and Grill.

The team sponsors were BN Doors, Kitchen Designs, Munro Earthmoving, Hattie Arithson, The Wesley Crushers, Wolff's Plumbing & Heating, The Belle Fourche Beacon Social Distancing Club (masks optional), Schiller Painting, Pioneer Bank and Trust, and Spearfish Wine Bar.

The Jackson Dental Tournament is not your typical golf tournament. There are games and interactions with team members on each hole and players can donate to participate. This year, on hole #3, golfers could pay \$10 to shoot a paintball gun at a deer target to earn a better tee off position, and on hole #8 players placed their ball on a tee-ball stand and teed off with a baseball bat. Chris Bears,

\$10,482.00 Raised for Kenadi Jean Weis Foundation

owner of BN Doors said, "Jackson Dental hosts one of the best tournaments I've ever played in. You get to know the team and doctors through the interactions at every hole. Knowing your money is going to a great cause makes it that much better. I look forward to playing and being a tournament sponsor again next year!"

Through the help of the sponsors and players, Dr.'s Christopher Jackson and Jonathan Krum matched the funds raised and donated \$10,482.00 to the Kenadi Jean Weis Foundation. Hope Jackson said, "We are so proud of our team members for donating their time to put on such a fun, successful event for a very worthy cause.

Giving back to the community is extremely important to us and raising money to help make the world more inclusive for all children makes it that much sweeter."

Kenadi's "Gramma Jean" said, "Being chosen as the recipient of the Jackson Dental Charity Golf Tournament is such a huge blessing to us and our founda-

tion. Because of their support and generous donation, we will be able to continue with our mission of working toward a more inclusive world, where we embrace all people irrespective of disability, age, medical or other need. We are extremely grateful to Jackson Dental as they have truly made a difference in our lives."

Commission Discusses Emergency Egress

BETTY BRUNER

news@bellefourchebeacon.com
The need for an emergency egress for the Hay Creek Ranch subdivision was explained to the commissioners during the July 27 meeting. Sheriff Fred Lamphere had written to the Planning Board that he felt an emergency egress should be added. There is an exit off Halle Rae Lane, but Lamphere would like to use the section line as an emergency egress.

Deputy State's Attorney LeEllen McCartney explained that there are two issues with approving the egress that the commission is to govern. One is determining maintenance and the other is that the section line runs through a portion of Hay Creek and Belle View Subdivisions. Part of the section line is on private land and is not owned by the county or maintained by the county.

Commissioner Stan Harms noted that the best solution would be to authorize the use of the Right of Way and limit it to emergency use only with minimum maintenance.

Commissioner Kim Richards voiced his support on a second exit and recommended vacating the section line as the best option.

There began further discussion regarding forming a work group to modify the Subdivision Ordinance. Harms stated that commissioners should be setting policy and then passing it onto the Planning Board. "We are the final approval of plats," he said. "We are responsible to the public."

It was agreed that there needs to have several members from commissioners, the Planning Board and others to discuss and recommend policies to the

commissioners.

Commissioner Karol Herman summed up the discussion by stating, "We are in agreement to form a group and move forward."

The Butte County Commissioners fielded procedural matters at recent commission meetings held in July and August. Former Butte County Commissioner Ed Goss had several questions for the commissioners during the July 23 meeting and Lacey Peterson, representing the BH Pioneer, had several comments during the August 3 meeting pointing to irregular commission procedures. Goss asked why commission meetings are not on YouTube or Zoom as many other counties have begun to do. Also, he pointed out that the county

Councilman Resigns, New City Liquor Store Manager Hired

BEACON STAFF

news@bellefourchebeacon.com
BELLE FOURCHE – There is an opening on the Belle Fourche City Council. During the last regular meeting on August 2 Mayor Randy Schmidt read into the record the resignation of Ward 4 Councilman Derrick Jones. The move comes after Jones was presented with a job-related relocation to Utah.

Jones was just elected on April 4th of this year by a wide margin over Betty Jo Hoffman and Wayne Gilbert for the Ward 4 seat.

The council set October 12th as the date for a special election to fill the vacancy. Petitions to fill the seat will be available as soon as the open seat can be

publicly advertised.

Bob Somervold will take Jones' seat on the Planning & Zoning Commission as council representative alongside Monte Talkington.

This marks the second special election for council the city will have held since April. On July 13th Heidi Parker won a special election in Ward 1 to replace outgoing LuAnn Trudo.

The council also acted in approving the hiring of a new manager for the city run Belle Fourche Package Liquor Store. Richard Niesent will assume the role of full-time manager after the departure of Brenda Allen on July 31st of. The city will pay Neisant a base salary of just

Reva Potter
Special to the Beacon

The BFHS Fine Arts Boosters is hosting a FABulous Gathering: A Fine Arts Membership Social in the Wine Room @ Graps on Wednesday, August 18th, from 7-8 PM. All are welcome to join the group for hors d'oeuvre and an opportunity to learn about upcoming fine arts events in the Belle Fourche Schools.

The Fine Arts Boosters is

an organization of parents and community members with a passion for art, music, and theater in our Belle Fourche schools. The Fine Arts Boosters (FAB) are looking to expand their membership, inviting parents and anyone who is interested in promoting fine arts events and supporting the young people who participate in these activities. The past few years the organization has operated with fewer members than in the past and hope more

members will mean better attendance and support for local fine arts events.

FAB sponsors yearly camp scholarships, fine arts field trips, and fine arts events. The main fundraiser of the FAB group is the Community Talent and Variety Show that features singers, actors, dancers, musicians, and bands from our local area. This show brings community members of all ages together for an afternoon of entertainment in the spring.

SD United Dynamo Girls Win National Soccer Championship

Belle Fourche's Tessa Stearns Part of United Dynamo SoccerTeam

UNITED DYNAMO
Special to the Beacon

The South Dakota United U15 Dynamo team traveled to Denver on July 16-20 to compete in the US Club Soccer National Cup at Dicks Sporting Goods Park. Having won their

regional competition in a dramatic shootout a month earlier in Chicago, Dynamo came into the National Cup as one of the top-ranked teams in the country, and were looking to outperform their previous runner-up finish at the National Cup tournament in 2019.

Dynamo came back as 2021 national champions, going undefeated over the weekend and culminating with a 4-1 win over the Pittsburgh Riverhounds.

At Kline Funeral Chapel we take pride in the way we serve our families. We Live Stream our funerals and offer Video Tributes at no extra cost. It's part of our excellent service for doing business with us.

Live Streaming is a way that people who cannot attend the funeral are able to view the entire funeral at a later time at your own convenience. Viewing is done by going to our website, klinefuneralchapel.com and scrolling down the web page until you come to the bold sentence, "please visit our live streaming site by clicking here." Click and it will move you to our tv channel where you will see the deceased name, click on the name and an arrow will appear in the center of the tv screen, click on the arrow and the funeral can be viewed in its entirety.

Ronald Anderson 55

Ronald Ray Anderson, 55, of Belle Fourche, South Dakota died Wednesday, August 4, 2021 at his home.

Ron was born December 24, 1965 in Albuquerque, NM to Milton and Claudette (Giroux) Schott. The family moved to many different states throughout the years. Ron settled in Belle Fourche where he lived most of his life.

He graduated from McLaughlin High School, McLaughlin, SD. Ron attended Bible College. He loved to run so he joined Boys High School track team. He also loved the girls.

Ron was a fun outgoing guy who made friends

wherever he went. He loved everybody.

He is survived by his two sons, Dalton and Jessie; a sister, Annette Anderson and Tawnee Quenzer and a brother, Wayne Schott.

He was preceded in death by his parents, Milton and Claudette and a nephew, Casey Schott.

The family will be having a celebration of life gathering/BBQ at a later date. Friends and family are all welcome to attend.

An online guest book is available at klinefuneralchapel.com

Joyce Hughes 78

Joyce A. Hughes, age 78 of Belle Fourche, died Monday, August 2, 2021 at her home.

Services will be held 11am, Thursday, August 2021 at Black Hills National Cemetery. Arrangements are with Leverington Funeral Home of the Northern Hills in Belle Fourche.

Friends may leave written condolence online : www.LeveringtonFH.com

Joyce Arlene Augustine was born September 11, 1942 in Idaho. She was the daughter of Stanley and Hazel (Wilhelm) Augustine. At a young age, Joyce moved with her family to Hill City, where her father worked on the Crazy Horse Memorial. Joyce attended Hill City High School, where she enjoyed being a cheerleader. In 1959 she was united in marriage to Larry Hughes. To this union 5 children were born: Vickie, Linda, Debbie, Stanley, and Mark. Following their marriage, Larry and Joyce lived in Custer for

years, where Joyce worked as a waitress at the er Café. In 1994 they moved to Belle Fourche. y died in 2015.

ce was a generous person who would give hing to anybody. She cared about people and specially loved her children, grandchildren, and grandchildren. And Joyce made the best fried enicken and homemade gravy in the world. She will be greatly missed by all her loving family.

Joyce is survived by her sons, Stanley of Belle Fourche, Mark (Letha) of Custer; daughters, Linda (Rick) Wright of Belle Fourche, Debbie Kurrasch of Rapid City; 9 grandchildren; many great grandchildren; and 4 sisters, Cheri, Elaine, Carol, and Mary.

She was preceded in death by her parents; husband; daughter, Vickie Sharp; and brothers, Gary and Wayne.

Leverington Funeral Home of the Northern Hills

Ross Trezona 67

Ross Lester Trezona, 67 of St. Onge, SD passed away at his home on July 25, 2021.

Ross was born in Deadwood, SD and attended school in Spearfish, SD graduating from high school in 1972. He spent most of his life in St. Onge and jokingly referred to the property he owned in St. Onge as the "Rancho Deluxe". He lived a quiet life and enjoyed solitude. At different times in his life, he enjoyed hunting and fishing. Lots of fun times and good memories working at the St. Onge sale barn and playing basketball in Spearfish in his old school Converse high-tops! Years back, he had a very special dog-a black and white Sheltie named Sheppie, who went by "Shep" for short and loved the jerky from the St. Onge store.

He is survived by his daughter, Jaci (Don) Ruesch, and one grandchild, Zane Haivala all of Billings, MT, as well as two brothers, David and Kevin Trezona

both of SD. Ross was preceded in death by his parents, Betty and Johnny Trezona.

Ross has ridden over the last horizon and his spirit will always be in St. Onge. He had many good friends who will remember his best days.

Cremation has taken place. Condolences, thoughts and memories would be greatly appreciated and can be forwarded to Jaci Ruesch 2120 Brentwood Lane, Billings, MT 59102. A Celebration of Life will take place at a later date and Jaci would like to share the memories from her dad's family and friends at that time.

Arrangements are under the care of the Fidler-Isburg Funeral Chapels and Isburg Crematory of Spearfish. Online condolences may be written at www.fidler-isburg-funeralchapels.com

Isburg Funeral Chapels & Crematory Service

Donald Miller 97

Donald Leroy Miller, 97 of Spearfish, SD passed away on August 4th 2021.

Visitation will be from 5-7 pm on Wednesday, August 18, 2021 at Fidler-Isburg Funeral Chapel. Funeral services will be at 10:00 am on Thursday, August 19, 2021 at the funeral chapel with burial at Black Hills National Cemetery with full military honors. In lieu of flowers, a memorial has been established to benefit Veterans of the United States.

Don was born in 1924 in Valparaiso NE to Harold and Bertha (Marshall) Miller. They then moved to Torrington-Sunrise WY until 1928 when they moved to Lead SD. In 1935, the family moved to Spearfish, it is here that he would call home and make many friends over the rest of his life. He graduated from Spearfish High School where he participated in football, baseball and track. He also helped with the family business, Miller Dairy. In 1943 he was drafted into the Navy. He served his country from 1943 to 1946. In 1946 he was honorably discharged after being on the USS Yorktown overseas in the south pacific.

While in his family's restaurant he met his true love Viola Dorsett who became his wife in 1947. They farmed in Wyoming and started their family. From this union seven children were born. They also spent a short time in Brookings, until Don's father fell ill and they moved home to run the family business, Miller & Sons Sawmill.

Don built the family home with the wood from his sawmill and started with just one room which Viola, three children and himself lived in until he built the rest of the house one room at a time around them. He found wood was what he loved to work with. He is known to many as the "woodman". After the sawmill shut down he went into the woods and logged for many years. He then began to work for Homestake Sawmill until it burned down in 1976. He wasn't ready to retire so he became employed at Homestake Gold Mine for nine years until he retired in 1985. Retirement found him busier than his working years. Many of his customers said the firewood he worked up and split himself was the best.

He was very active in the VFW for many years and served as commander several times. He loved his country, family and community very much. Some of his most treasured times were dancing, fishing and playing horseshoes at Iron Creek Lake, hunting with his brother, sons and great-grandsons, vacationing in Hawaii, Norther Hills Barber Shop and anything to do with family and friends.

He was preceded in death by his wife of 60 years, Viola Miller, his parents, Harold and Bertha Miller, two sisters, Lola Adam and Betty Goff, one daughter, Joyce Boyer, one son, Jack Miller, five grandsons, one great-grandson and son-in-law, Wayne Boulware.

He will be greatly missed by sons Rob (Carol) Miller of Rapid City, SD, Herb (Laura) Miller of Wina, MN, daughters Linda Boulware of Kingsville, TX, Beth Gross of Sioux Falls SD, Maelynn (Jim) Poitra of Belle Fourche, SD; grandchildren Wade Buchholz of Rapid City, SD, Terry (Barb) Buchholz of Lakeville, MN, Katrina Hughes of Belle Fourche, SD, Lauri Mullins of PA, Jeff Miller of Sheridan, WY, Terry Kennedy of Colorado Springs, CO, Tracy Litzenger of Bethlehem, PA, Angela Miller of Sheridan, WY, Anthony (Jen) Boulware of New Linden, WI, Lucinda (Jerry) Martinez of Kingsville, TX, Shannon Nordman of Sioux Falls, SD, Kyle Gross of Colorado Springs, CO, Hope (Will) Blinco of Hawthorne, NV, Crysta Oldenburg of Minneapolis Molly Miller of Wiona, MN, Tristan Miller of New York, NY, TaNikka (Dale) Haggberg Whitewood, SD, Kiara Poitra (Mike), Whitewood, SD; numerous great-grandchildren and great-great grandchildren, and a brother, George Miller of Piedmont, SD.

The family would like to thank VA's Homebase Program, Heartland Home Health, and Spearfish Monument Hospital staff.

Arrangements are under the care of the Fidler-Isburg Funeral Chapels and Isburg Crematory of Spearfish. Online condolences may be written at www.fidler-isburg-funeralchapels.com

1953-2020

Another Perspective

This Another Perspective is from the archives of Foursquare pastor Dr. Jack Hayford

"An Epitath"

Luanne, my sister, went home last Sunday. Jesus met her at 11:30 in the morning, while I was preaching the third service on The God Who Works in the Dark.

Beside her bed, just a few blocks from my pulpit, my father and mother had bowed a few hours before.

Father, she's Yours. We release her into your hands, in Jesus' name.

We had all fought a good fight. No enemy, not even cancer, and no specter, not even death, could drive out the confident sense of rejoicing: All is well! Through Christ our Conqueror, all is well!

A dozen stories long to be told, for as I moved through the ensuing hours I witnessed and experienced one miracle of God's grace after another. Oh! The marvel of God's way - Unsearchable - past finding out - until you're there by His leading. And then you discover wisdom, peace, grace, joy, power, and wonder you've never know before.

I sat with Duane, my brother-in-law, in the mortuary on Monday morning - helping him with decisions

praying for guidance on simple and large matters - watching it all flow together - and then

Jack, would you write the wording for the tablet that will mark Luanne's grave?

My pencil scrawled out some thoughts.

Words didn't seem enough. There was too few of them to empty my heart. I finalized a statement and prepared to read it to Duane and my father, seated across the room.

First, her name, birthdate, and homegoing date, and then: Duane's faithful wife, Amy and David's loving mother. She worshiped the Living God. She glorified His Son Jesus. And she gave herself to win China for Christ.

Then I stopped. No. Wait. My pencil scratched a hasty edit, converting the past tense into the present: She worships the Living God, and she glorifies Jesus Christ.

Ah, praise God! To write an epitaph for a graduated saint, you need to watch your tenses. She's still worshipping. Oh, how she's worshipping Him! So am I.

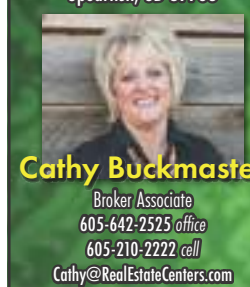

Luke 4:8 Jesus answered, "It is written: 'Worship the Lord your God and serve him only.'"

Miranda Gallagher of the Belle Fourche Chamber is Declared Finalist In Alignable Main Street Mentors Search

Miranda Gallagher, standing in front of Grant Street Chamber Office, Is One Of The Top Contenders Remaining In The Alignable Competition That Ends On August 24 *Courtesy Photo*

BOSTON, MA: August 4, 2021 -- The largest online referral network for small businesses, Alignable.com is announcing the local finalists in its North American search for business leaders who've gone above and beyond to help peers and their communities with their economic recovery.

Today, Alignable's network is honoring Miranda Gallagher of Belle Fourche Chamber as one of the finalists in the Main Street Mentors Search. Miranda is also a contender for one of two national Main Street Mentor prizes: lifetime Premium Alignable memberships, valued at nearly \$11,000 each.

Nearly 50,000 small business owners voted and provided testimonials for their local business superstars. This is the first year Alignable has hosted the Main Street Mentor and the outpouring of gratitude for the finalists has been remarkable -- at peak times, 50 votes landed every minute.

The final round of voting starts today. Winners will be announced by early September.

Inspiring Everyone To Band Together

"Thousands of local recoveries across North America are happening at vastly different rates," said Eric Groves, Alignable's Co-Founder and CEO. "But there's one common denominator in communities reaping rewards now: business mentors like our contest superstars are inspiring their peers to come together and move the small business economy forward."

"Belle Fourche's business community means a great deal to me and I'm delighted I've been able to help other busi-

nesses recover. In Belle, we're all here for each other, despite our obstacles," said Gallagher. "I am thrilled to be a finalist and very grateful for the support I've received. And while we all want to win, it's most important for us to keep fighting for our communities until they rebound fully, no matter how long that takes."

Local contest winners will receive Main Street Mentor badges on their Alignable profiles, recognizing their contributions. In past years, the awareness generated through contests like this one has helped drive additional connections, prospects, and new business for many winners.

Reinforcing Our Superstars' Efforts

"While recognizing business leaders driving prosperity is always important, it's vital to our current recovery that we reinforce our finalists' grassroots efforts now," said Alignable's Co-Founder and President Venkat Krishnamurthy. "Several didn't realize how much their peers appreciated what they've done for their communities, until they saw so many testimonials emerge from the contest, encouraging them to keep up the good work."

About Alignable
Alignable.com is the largest online referral network for small businesses in the U.S. and Canada. With 6.5 million+ members across 35,000+ communities, Alignable is the network where small business owners drive leads and prospects, generate referrals, land new business, build trusted relationships, and share great advice.

From A1 City of just under \$42,000 with an incentive and bonus program that could push that to \$50,000. "I'm ready and looking forward to it," Neisant said. The city of Belle Fourche was also recognized by the state for the quality of the city municipal water supply. The Department of Agriculture and Natural Resources (DANR) awarded the city with a Drinking Water Certificate of Achievement Award. "We cannot live without access to safe and reliable drinking water," DANR Sec. Hunter Roberts said. "This award is a testament to the hard work and dedication of South Dakota's drinking water system operators and their efforts to ensure their customers have access to clean drinking water."

Roberts singled out the Belle Fourche system's operating specialists for their work. Certificates were presented to Steve Nafus, Dirk Hoffman, Ryan Stedillie, Kim Smoot, Ryan Reeves, Danyel Nixon and Karl Hulin. "I want to thank these guys for keeping our water safe," Mayor Randy Schmidt said. To qualify for the award, public water systems and their operations had to meet all compliance monitoring and reporting requirements, drinking water standards and certification requirements for 2020, according to Roberts. On the consent agenda the council approved several items from Public Works. They approved the replacement of approximately 12 sewer services

From A1 **National Champs** Coach Matt DeBoer informed the girls prior to the match to treat it like any other game they had played in the season, and they did just that. Pittsburgh, the Southwest Regional champions who had gone undefeated in tournament play, came out aggressive and fast, providing pressure to a Dynamo defense that had not seen much activity all weekend. Ryann Berry of Pierre scored first for the South Dakota squad, with an assist from forward Dashani Peters of Aberdeen midway through the first half. Dynamo's second goal would come less than a minute later with a breakaway for Peters that found the corner of Pittsburgh's net. The Riverhounds answered with a goal that got past Dynamo keeper Mohrgyn Brug of Rapid City shortly before halftime. That was the last time Pittsburgh was able to put any pressure on Dynamo's defense, though, and SD United added two more goals in the second half. Other games through the weekend leading up to the championship round of the U15 premier division included Dynamo downing Real Colorado Edge 6-3 in a match that was noted for its aggressive play on both sides of the pitch resulting in numerous fouls called on both squads. Dynamo led through most of the game by a score of 6-1 with two additional goals coming on penalty kicks late in the match. on Lawrence Street between 8th Avenue and 10th Avenue. These were slated to be replaced to a point behind the curb. Lawrence Street is currently undergoing an infrastructure upgrade. Also, approval was given to surplus playground equipment at Thomas Gay Park. The old equipment will soon be replaced with new playground equip-

Members of the **South Dakota United Dynamo U-15 Girls Soccer** team hoist the National Championship Trophy in celebration after winning the title of National Champions. Belle's **Tessa Stearns** is member of the team. *Courtesy Photo*

The South Dakota girls next played the Houstonian FC where the Dynamo girls fast and dynamic playstyle resulted in their first shutout of the weekend with a score of 2-0. The next day produced more of the same, where Dynamo beat Amarillo Rush SC, the runners-up in the South-Central Region, by a score of 3-0. This marked the first time in South Dakota US Club Soccer history a coach won the National Cup as both coach and player. Coach Matt DeBoer was a member of the SD United Barcelona U17 team when they were national champions in 2013. The SD United Dynamo club is based in Pierre where it conducts monthly practices, but is made up of girls from all across South Dakota as well as North Dakota and Wyoming. Tessa Stearns of Belle Fourche was added to the Dynamo team this spring in the wing position and helped the squad to multiple tournament wins through the season. She joined other Black Hills area players Issy Larson from Belle Fourche, Madie Donovan of Spearfish, and Mohrgyn Brug of Rapid City. vendor walk-up windows to face the sidewalk for convenience and safety. It was further approved that 7th Avenue be closed from State Street to Harding Street on Saturday for a tractor and truck show and shine as part of the event to celebrate the community and the third anniversary of the pub-

By: Doug Cole

Running a hometown weekly newspaper can be a daunting task.

It wouldn't be possible to accomplish without the hundreds of people in the area who contribute items, story ideas, photos and sharing area happenings.

We encourage you to "keep them coming".

There is no such thing to the newspaper as "too much news" or "too many pictures"

An even greater contribution is those of you throughout the area who take interest in the local

news and want to read what is happening.

To all of you in the seven counties in the Tri-State area who receive the Beacon we want to show our appreciation for your support.

This coming Saturday, August 14, as part of the Belle Fourche Crazy Days and the "Bring Your Trucks & Tractors to Town" we are having a **Beacon Appreciation Lunch** from 10:30 till 2:30 or until we run out.

Truck & Tractor viewing starts at 9 am.

We will be serving the locally

grown world's only Keil Sweet Corn and 100% USA Beef Hamburgers.

So make it a point to be in Belle the 14th and eat Keil Sweet Corn and 100% USA beef hamburgers and stop by and let us show our appreciation for the support you've given the Beacon. **ALL ARE WELCOME!**This week's paper is a bit heavy with Crazy Day's ads. Some great opportunities to shop Truly-Local Aug. 13 & 14. Look them over, it may be just what you've been looking for!
See You at Crazy Days

The Good Stuff

by Jim Thompson

The Good Stuff was developed for radio by Jim Thompson nearly 2 decades ago. Jim Thompson takes motivational stories that listeners and readers send him and incorporates them into the program. It has been on the air for more than 10 years.

This may not be new to you, nonetheless it's a good reminder for all of us. I don't know who gets the credit but it's a wonderful thing to reflect on. Especially if you're the one charged with the responsibility of providing a National Anthem singer for a public event.

Just Sing it the Way You Learned It

Anonymous

So, with all the kindness I can muster, I give this one piece of advice to the next pop star who is asked to sing the National Anthem at a sporting event: Save the vocal gymnastics and the physical gyrations for your concerts.

Just sing it the way you were taught in kindergarten - straight up, no styling. Sing it with the constant awareness that there are soldiers, sailors, airmen and Marines watching you from bases and outposts all over the world.

Don't make them cringe with your self-centered ego gratification. Sing it as if you are standing before a row of 86-year-old World War

II vets wearing their Purple Hearts, Silver Stars and flag pins on their cardigans and you want them to be proud of you for honoring them and the country they love - not because you want them to think you are a superstar musician.

They could see that from the costumes, the makeup and the entourages.

Sing "The Star Spangled Banner" with the courtesy and humility that tells the audience that the anthem is about America - not you.

No more needs to be said.

Eli Lord Looks to Stay in Top 15 Following Deadwood Win

Last year, Eli Lord was running extra steers and watching his brother, Levi, compete at the Wrangler National Finals Rodeo. This year, Eli is looking to back into the Wrangler NFR box as a competitor.

After a win at the Deadwood (S.D.) Days of '76 Rodeo, Lord is well on his way to meeting his goal.

Lord's first run put him in a tie for sixth place, making his second run crucial. With the pressure on, he ran a 3.8, good for second in the round and first overall with 8.1 seconds on two

head, earning \$5,802.

"I didn't know a lot about the steer, and I got a great start," Lord said. "The steer led off right and it ended up working out really well."

The Days of '76 Rodeo is just down the street from Lord's hometown of Sturgis, making this win special.

Between runs in Deadwood, Lord hit the road for Cheyenne, Wyo., where he tried his luck at "the Daddy of 'em all," taking fourth in the fourth performance. Next, he'll head to Preston, Idaho, and Phillips-

burg, Kan.

Entering Deadwood 12th in the PRCA | RAM World Standings, Lord hopes to stay in that NFR qualifying spot in the coming weeks.

After seeing his brother qualify for the NFR last year, Eli said that making the event a family affair would mean the world.

"Everybody that rodeos, that's what we're all trying to do out here," Lord said. "And it's extremely hard to do.

"Everybody says it, but it's kind of an indescribable feeling

Mick B. Harrison's
Artists License
...and other wonderments.

The references for this small painting was an old pickup and trailer at a photo shoot I attended at the Shearer Ranch near Wall, SD some years ago. I've actually used one or both in other paintings over the years. Short story. When we loaded the horse into the single axle trailer the weight of the horse lifted the backend of the lightweight pickup off the ground! Needless to say the horse wasn't exactly a happy camper. We were also going to run the rig down a dusty dirt road for some action shots but between the aforementioned and the inability of the truck to keep running, we opted for safer situations. Another call for Artist's License. Btw, no animals, vehicles or artist types were hurt in the making of this painting. Just sayin'.

Capitol News

KAREN ODELL

news@bellefourchebeacon.com

So many things have happened that Karen Odell may not think of them all. Cody Odell had come to help us for a few days from Mitchell when we were quite sick, and things were now going ok. Then last week, in the middle of the night, the Camp Crook ambulance took Charlie Odell to the emergency room where they discovered blood clots in his lungs. After treatment, he was sent to Ft. Meade hospital to intensive care. Karen had had Covid too, and was still weak and dizzy at times. At home, she discovered the waterer had been knocked off by the fighting cows, and was being held by the water line. The water had leaked to make a huge gumbo lake around the platform. She bailed out the waterer so that she could move it back in place, reset the float, and strapped the waterer to a pole. Each time the cows came to water, she had to bail and straighten the waterer. The second time she had to use a different strap because the first was too slippery with gumbo. Finally she used a log chain and a bracket to attach it to the pole. Inside she found the plastic pipe was leaking and decided the waterer was lowering pressure to the house. She feared she could not get the pipe back on the fitting if she pulled it off to repair the end. At last, she felt she had waited long enough that she could not infect anyone and she could call for help. Cody and Charlie had threatened her not to go down into the well, so she called for some help from Ernie Melum. When he came to climb down the ladder and shut off the waterer, he also decided to do some wonderful work on the waterer, and got it repaired. It had been over a couple of weeks after the onset of Covid when Karen went to Buffalo for a couple of stock tanks, and be-

gan watering with a hose from the house each day. She could sit outside as she ran water, and the sun seemed to help her regain some strength and reduce dizzy spells. Next the pump at the windmill slipped into the casing and couldn't be used. Micki, Rowan and Murphy were arriving from Tacoma on Tuesday, and Jeff and Amanda flew in from Iowa that same day, and picked Charlie up from the hospital in Sturgis. The dog got sick that day and Karen thought she would have drive two hours to Belle Vet after running water, but the vet was booked up, and told her what to do at home. It worked, and the dog got better. When Karen went out to get meat to make hamburger and rice for the dog, (as directed), she found that the freezer had quit with nearly everything being ruined. She fed some to the cats for a couple of days, and had to haul the rest out into the pasture to be thrown out. Cody's family came and Cody, Jeff, Rowan and Kellan went to retrieve the pump from the well in the pasture, and after much thought, their contrived equipment worked. Then the water pressure at the house got low and finally quit. The boys had gone to Buffalo for more water tanks and luckily they were full. Cody worked at fixing wiring to the pump. Charlie hobbled up the hill to supervise, and Karen and Kellan helped. Luckily, Cody Jeff, Rowan and Kellan had set up more tanks and driven posts at the other well, to fill those tanks. The girls provided some wonderful food, and it was great to have grandkids there. Finally on Sunday, everyone left for home and Karen and Charlie were feeling a bit stronger and able to cope. We could not have made it without their help, food, cooking and Ernie's help, too. Kylie's overnight oats was all that tasted good for a while. We learned that Kylie's parents in eastern SD, had been prescribed Ivermectin as soon as they knew they had Covid, and they had a very much easier time with the disease. Dale and Darwin Moncur came out to the Moncur ranch

for the weekend. They, too, have been spending their time working on and checking water this week.

Ernie Melum and his new helper have been working on their own water problems. On Saturday, Tommy Melum came down to Karen and Charlie Odell's to visit with Carson Odell for the afternoon. It was so good to have him visit with Carson, Kellan, Rowan, Kenna and Murphy for part of a day. Ronda Cordell went to Buffalo for an appointment and lunch at the Blossoms 'n' Brew on Monday. She stopped to see Shirley Moseley, and enjoyed coffee and a visit in the main dining room at the apartments. They were joined by the other ladies that live there, and Shirley played a few enjoyable tunes on the piano. On Wednesday Ronda went to Belle Fourche and Spearfish. Diane Wear came to Ronda's from Ekalaka to help Friday with preconditioning and to move pairs at the Gap, and Gene Secrest came from Spearfish to help. Friday early, to beat the heat, they headed to do the job. Luckily the cows were close. It went fast and the heat of day didn't come. It was even a bit chilly for a change. After getting home, Ronda went up to get Oren and Arlie Basler for an overnighter at her house. They went to town to eat supper at the Over the Edge. On Saturday she took the kids back home, and then went into John and Linda Humbracht's 50th Anniversary party. Chad, Debby and Roudy Zolnoski were on their way to Ronda's from Brainard, MN where they had attended a family reunion over the past few days. They will stop briefly for Razzle, their dog who's spent the time at Ronda's.

Clint Zolnoski made a trip to Bowman on Thursday. Denise and the girls went to Spearfish on Friday afternoon. Clint caught a ride down with Gene Secrest, and the Zolnoski's had plans to go to Cheyenne, WY for the weekend to visit the Zolnoski's there.

Hope to have time to write more next week. Neighbors may have lots of news stored up.

PRCA News & Notes

The ProRodeo Cowboys Association® and Las Vegas Events announced last week the 2021 Wrangler National Finals Rodeo® will start at 5:45 p.m. PST/8:45 p.m. EST. The Wrangler NFR, which returns to the Thomas & Mack Center in Las Vegas Dec. 2-11, will feature the top 120 contestants in the world for a 10-day competition to determine the winners of the coveted PRCA Gold Buckle and a share of the \$10.257 million purse. In its previous 35 years in Las Vegas, total attendance has reached nearly six million fans. "To accommodate the greatest number of fans interested in watching the NFR, the PRCA and The Cowboy Channel requested an earlier start time which we felt was reasonable," said LVE President Pat Christenson. In 2019, the event had a total attendance of 168,289 over the 10 days of competition at the Thomas & Mack Center and has sold out more than 330 consecutive performances in Las Vegas. The Cowboy Channel is the official network partner of PRORODEO and the exclusive broadcast and streaming partner of the Wrangler NFR. Live coverage of the Wrangler NFR can be found on The Cowboy Channel and RFD-TV through its cable and satellite partners and online at cowboychannelplus.com. For more information on the Wrangler NFR, please visit NFRexperience.com or through social media at [/LasVegasNFR](https://www.facebook.com/LasVegasNFR) and use #WranglerNFR. For the latest PRORODEO news and Wrangler NFR coverage, please visit prorodeo.com or through social media @PRCA_ProRodeo.

Saddle bronc horse Spider, a two-time National Finals Rodeo selection out of the Bailey Pro Rodeo stable, passed away July 26. He was 26. "He had coliced after he bucked in (Nampa, Idaho)," said Brandee Moore of Bailey Pro Rodeo. "I don't know if his out did it and it just intensified. We treated him and did everything we could do, but we lost him." Spider's last two outs were at the Snake River Stampede in Nampa. Dawson Dahm had an 81.5-point ride on July 20, and Tegan Smith had an 82.5-point trip on him July 23. Spider's two outs at the NFR came with Isaac Diaz (2015) and Jacobs Crawley (2018) aboard. Spider also was the 2017 Badlands Circuit Saddle Bronc Horse of the Year. "Spider had a huge rear out, every trip he would come out he would have a huge rear out," Moore said. "If a cowboy

could get past that rear out and ride him through that he would get you to the pay window every time. He had the same trip every time. He went to Houston and Denver every year. He was super healthy, and he never had any stress. We tried to retire him twice. We held him off a bit and left him at home and he got depressed. We put him back on the road and he was phenomenal. He never missed a trip." Spider lived on a ranch in Karlsruhe, N.D., for the last several years with Moore and Shane Gunderson. The horse was owned by Shane Vaira.

Las Vegas Events recently announced The Cowboy Channel Cowboy Christmas will open on Wednesday, Dec. 1 – one day earlier than originally scheduled – from 5-10 p.m. (PST) for a special preview shopping experience and official tree lighting. The show will then continue daily at the Las Vegas Convention Center Dec. 2-11 from 9 a.m. to 4 p.m. After the special opening date and ceremony, The Cowboy Channel Cowboy Christmas will run concurrently with the Wrangler NFR over the next 10 days and feature more than 500,000 square feet of show floor and slightly fewer than 350 exhibitors from across the U.S. The area is adjacent to the Rocky Mountain Elk Foundation's Hunter & Outdoor Christmas Expo. Average attendance over the past four shows in Las Vegas (2016-19) was slightly less than 250,000 over the 10 days.

Nominations are being accepted for the PRCA Donita Barnes Contract Personnel Lifetime Achievement Award, created to recognize PRCA members who have dedicated their lives to advancing the rodeo industry through their commitment, work and contributions. Any active member (or active lifetime member) of the PRCA may nominate eligible contract personnel members for the award. Nominees must have been a PRCA member for a minimum of 15 years and may not have won a yearly contract personnel award within 15 years of the date of nomination (life members may be nominated even if they are not actively renewed). Nomination letters of 500 words or fewer may be e-mailed to mnaber@prorodeo.com or mailed to the PRCA, 101 Pro Rodeo Drive, Colorado Springs, CO 80919 by 5 p.m. (MDT), Aug. 6.

Saddle Bronc Rider Ties PRCA Record

The Hardgrass Bronc Match in Pollockville, Alberta, is relatively new to the ProRodeo schedule but it has already provided some of the top performances in the sport. That was the case again on July 31.

Saddle bronc rider Dawson Hay didn't win the event but stole the spotlight with his world record-tying 95-point ride on Calgary Stampede's Wild Cherry in the short round.

"She's a really crazy good horse," said Hay, who was com-

peting about five hours from his home in Wildwood, Alberta. "The hardest part of her is spurring her out. It hasn't really sunk in (tying the ProRodeo world record)."

Zeke Thurston and Kirk Thomson shared the rodeo title with 182 points each in the two-head average. Hay was third with 181.5 points.

Hay, who qualified for the 2019 National Finals Rodeo, was aboard Wild Cherry for the third time in his career, but he'd

had no luck the first two trips.

"This was my first time to stay on," Hay said.

Hay, 23, now shares the saddle bronc riding ProRodeo world record with Doug Vold, who had a 95-point ride on Franklin's Transport in Meadow Lake, Saskatchewan, in 1979, and ProRodeo Hall of Famer Glen O'Neill, who had a 95-point trip on Franklin's Airwolf in Innisfail, Alberta, in 1996.

Ask The Motor Medics®
From the Hosts of the Under The Hood® radio show.

Dear Motor Medics,
I have a Nissan Titan and it has a ticking noise in the engine. It has had this for about a year and it doesn't seem to get any louder, but it makes me nervous about taking it on trips far from home. When I have my engine oil changed my shop says it's just lifters and they probably are noisy because I tended to change my engine oil every 10k miles, I know, that's too long between changes. I recently put in an additive that cleans the engine oil system and the noise stopped for two weeks then came back. Should I try two cans at the same time?

Carry in Hills Minnesota

Dear Carry,
NO! That's the best way we can answer that last question. Never use an additive in a way not directed by the manufacturer of said product or you risk permanent damage. Additives have their place and if used as directed sometimes can fix a problem and save you a ton of money, but they are also some of the most abused products out there. With your extended oil changes, you probably clogged up some oil passages and using the cleaner helped restore them. Most of those cleaners are meant to be installed, then the engine oil changed within a few minutes of running. If that works then you may be able to repeat every 1000k miles for a few months and you may save the engine.

Take care, the Motor Medics

Dear Motor Medics,
Hey, what gives with the low tire pressure monitors? I am so sick of these things. It seems like every vehicle I drive has the low tire light on and even when I add the correct amount of air the light still stays on. How do these things work and how can I shut the light off permanently so that I don't have to worry about it.

Derik in Osage Beach Missouri

Dear Derik,
Yikes! It's never any fun having a light come on and taunt you like that. Check Engine lights, ABS lights and Low Tire lights are some of the most annoying things on a car, but they all are there for a reason. They either are trying to save your life or the car's life. In the case of a low tire light it is the former. Low tire warning systems were made mandatory by the government for safety a while back due to so many accidents caused by tire failure from under inflation. The system uses pressure sensors mounted in the tire usually on the valve stem and they contain batteries and a transmitter to relay the pressure and tire temp to the vehicles computer where it determines if it is a safe pressure and either illuminates the warning lamp or not. The system can't be bypassed, and it would not be legal to do so. Get it diagnosed. Most shops can repair them at a reasonable price.

Take care, the Motor Medics

125th Anniversary Celebration Event

Saturday, Aug 14
10 - 12 noon
Railroad Transportation

Rick Mills
of the SD State Railroad Museum will be sharing information on Railroads in the Black Hills at the D.C. Booth Fish Hatchery.
Americans have always had a fascination for railroads — there is simply nothing else like them in size and scope. Railroads and our nation grew up together and in ways both good and bad, this dynamic combination changed this continent, its people, and its history forever. The study of this relationship remains important to us in modern times.

Roger Lessly
Roger Lessly was instrumental in creating the replica Fish Car #3 under the leadership of Steve Brimm at the D.C. Booth Historic National Fish Hatchery & Archives. Roger will be answering questions and talking about the processes undertaken with the Fish Rail Car.

Hot Rods for the Hatchery Car Show
Sat, August 14 8 am - 12 pm
D.C. Booth Historic National Fish Hatchery

Wednesday, Aug 25
1:00 - 2:30 p.m.

Jace DeCory
Black Hills State University professor, retired

Jace will be sharing information and insights into the Native America culture and traditions.

Jace DeCory is an enrolled member of the Cheyenne River Sioux Tribe, with family ties to other Lakota Nations. She is a retired Assistant Professor of American Indian Studies (AIS) at Black Hills State University in Spearfish, South Dakota. Jace has given hundreds of cultural presentations with her primary interests including Lakota history, art, philosophy, American Indian women and cultural change.

The Ojete Sakowin Essential Understandings
That's the way I try to live my life - in wolakota- in peace, in balance, in harmony. It's a philosophy, it when you walk on earth, you try to live in balance with whatever task you have at hand."

From A1 **Commission**

webpage is not up to date. According to Goss, the webpage should be kept current or done away with.

"I not surprised things have not changed in the last 20 years," he said as he observed that the commission's methodology has not seemed to have changed.

However, a resident from Lawrence County with a business in Butte County voiced his defense for the commissioners. He said that all the commissioners are accessible and are ready to give any information that they have available.

During public comments on August 3, Peterson produced a letter from Managing Editor Mark Watson that outlined several items showing concerns that have been noted over the last several weeks.

The letter respectfully asked that minutes be posted according to state law. And pointed out that the agenda had been strictly followed concurring with times listed. Finally, it was pointed out that news media is to have documents that are included in the commissioners' packets unless it relates to contractual items or personnel.

The comments were accept-

ed by the commissioners and assurances were given that the procedures would be remedied. Business done Aug. 3 included:

*Highway Superintendent Dwayne Heidrich informed the commission of the need to repair/replace a John Deere tractor. Replacing the tractor may be the better choice but Heidrich said he will do more checking.

*The bridge north of the feedlot on Ruby Road will be replaced by box culverts at the cost of approximately \$62,000. The work will start the end of September.

*Black Hills Energy was granted a Right of Way on Wood Road and Lower Redwater Road. They will be replacing underground wiring with overhead wiring.

*Golden West was granted a Right of Way to put in a trench on Old Highway 212.

*The commissioners discussed putting in removable speed bumps in Fruitdale. It was decided that speed bumps would not be feasible at this time, but stated that deputies should be encouraged to write more tickets.

The next regular commission meeting will be held August 17 at 1 p.m.

From A6 City

lication of the Belle Fourche
Beacon.

The city will soon be having a community tire cleanup. To help with the cost the council approved participation in a DANR grant to help cover the cost. The state will pay 80% of the tire cleanup with the city responsible for 20%. The 20% will be covered by those who drop off tires for disposal at the landfill. The DANR typically sees these programs last from 6 weeks to 3 months. The city has until December 31, 2021 to incur costs eligible for the 80% reimbursement. In 2018 the city's cost for tire cleanup was \$40,000 of which the state covered \$30,000.

A new city budget adoption ordinance passed its second reading and will now go into effect. It states that the annual municipal budget be submitted to council for first reading no later than the first regular meeting in November. The second reading shall be held five days after the first.

The council approved Mayor Schmidt signing of a letter endorsing NeighborWorks Dakota Home Resources of the Black Hills for their application to

the SD Housing Development Authority's (SDHDA) Housing Opportunity Fund. Any for-profit entity, nonprofit entity, housing authority, or agency of the state would be able to apply for these funds to aid in housing rehabilitation within the city. "With the high costs of rehabilitation, coupled with an aging housing stock, these funds will be of tremendous help to the residents of Belle Fourche," Schmidt wrote in his

letter to the SDHDA.

Invoices were also approved for work on the Jones Park splash pad to Ainsworth-Benning for \$2,694.71; Brosz Engineering for rehab design work on the Roundup Street bridge in the amount of \$8,372.00; KLC Engineering in the amount of \$25,400.00 for continued work on the airport master plan; and A&L Contractors for Lawrence Street rehabilitation- Phase 1 in the amount of \$74,685.45.

Northwest TIMES
Aug 12, 1897
Again in the Black Hills
After an absence of two months John Pierce returned to the Black Hills last Thursday. Mr. Pierce is at the head of the greatest mining deal ever attempted in this part of the country. After his arrival in Lead he held a conference with some mining men whose properties are bonded, awaiting the action of the English capitalists, but a press representative was unable to get any information from Mr. Pierce in regard to the deal, except that his visit with English capitalists was entirely successful and that the outlook was particularly bright. A capitalists accompanied by a mining expert will be in the Hills in a short time to personally examine the property. Belle Fourche is, of course, interested in the deal as it means a smelter and etc. at this place if the deal closed.

Council Meeting
The town council met in regular session Monday night, and allowed the usual grist of bills. The marshal's report for the month was accepted. It was decided to build a hose cart and hose towner and bids have been advertised for. The marshal was ordered to build needed cross-walks as soon as possible. A levy of three mills on the dollar was ordered on the '97 assessment for the town.
Talk of the Town
Married at the Methodist parsonage, Wednesday evening, Aug. 4th, Mr. J. T. Timmons and Mrs. F. E. Quint. Mr. Timmons arrived on Wednesday's train from Ohio and is a very pleasant gentleman. The bride

is well and favorably known to all. They will make their home in Belle Fourche, and THE TIMES wishes them a happy and prosperous wedded life.
The CY outfit and Tom McCumsey will each arrive about Saturday with a herd of range beeves for shipment, the first of the season. The latter has about six cars. Go to the New York store for ready made wrappers.
H. E. Thompson is enjoying a week's outing in the mountains hunting, fishing etc. During his absence he is represented in the Clerk of Courts office by his daughter, Miss Nellie.

Content For Abandonment Made More Difficult
In a recent contest from this district wherein the charge was abandonment, the Commissioner of the general land office dismissed the contest, holding the entry intact on the ground that the improvement made did not warrant the charge of abandonment and because the entryman, while not fulfilling the law as of regularity of residence, had time enough left to make up the time required to fill in to make his twenty-one months of residence. It would seem from the June 6, 1912 law provided a sufficient period of the life of the entry (Homestead entry) to allow enough time in which the residence make may be made up, a contest could not be sustained for abandonment.
John B. Case Answers Call Pioneer Citizen Passes Away at His Residence South of Town Wednesday Morning.
John B. Case died at his home two miles east of Belle Fourche.

by Mary Buchholz

Funeral was held at the home Thursday afternoon. John B. Case was born December 2, 1858 at Alton, Ills. He journeyed west when a young man, first locating in the Gunnison country of Colorado where he remained for a few years, then went to Ft. Collins, and from there came to the Black Hills country about 1880 or 1881. For a few years he was employed by W. R. Perkins on Redwater, and during this time located a homestead of 160 acres. Later he purchased the Alex Mitchell place and one of the one hundred sixty acre places belonging to Jesse Hall. Mr. Case was one of the men instrumental in getting the west-side supply canal of the Redwater irrigating system. During the forty years of residence in this section of the country he has taken an active interest in public affairs, and served four years as chairman of the board of county commissioners of this county.

Whether it's Fighting Fire or Painting
When Belle Fourche volunteer firemen set out to do a job, they do it with gusto. Here's some proof. A new five-stall fire station is now in the process of construction on Sixth Avenue. Firemen made a deal with the

city council. If the city would provide the shell of building, the firemen would take care of the rest – the painting, interior finish, plumbing, electricity, etc. Outer shell of building was completed this week, so the firemen set about painting the concrete block. With the aid of a platform anchored to a fork lift, six of the firemen climbed and began swinging brushes as the fork lift gently lowered them from the roof line to the ground. With this kind of operation exterior of building was painted in two evening.
State Polio Death Toll Climbs to 17
Pierre Aug 12 – Fatalities in South Dakota from the polio outbreak have risen to 17 with two deaths in a Pierre hospital in the last 24 hours. The latest victims are 15 year-old Albert Moran of White River and Donald Lee DeWolf of Winner. Both died only a few hours after admission. Also in the Pierre hospital as suspected cases are the Whiter River youth's twin sisters, Pansy and Emma. Four other confirmed or suspected

cases were admitted over the weekend.

Turf Club Reports All Systems "Go"
"All systems are go." That was the way the Black Hills Turf Club officials summed up their preparations for the opening of the 1971 parimutuel race season when they met Wednesday night in their last formal gathering before the start of racing activities Saturday. President Cliff Bruggeman introduced Clifford Chamley of the state racing commission who will be in Belle Fourche for the race meet. Saturday's races will be written Friday. A final work "bee" was scheduled last night to have the grounds ready and cleaned up. Another meeting of the directors and committee chairmen is scheduled for Aug. 25. Racing activities will start at 2 p.m. Saturday. Over 100 horses have already been entered for this weekend, including a larger

BELLE FOURCHE
DOWNTOWN BUSINESS DISTRICT

above the crowd of community uniqueness.

John A. Newby, author of the “Building Main Street, Not Wall Street” column dedicated to helping communities and local media companies combine

synergies allowing them to not just survive but thrive in a world where their “Truly-Local” identity is being lost to Amazon, Wall Street chains and others. His email is: john@360MediaAlliance.net.

“Building Main Street, not Wall Street” by John Newby

10 Critical Elements to Transformation

This past week, one of our Truly-Local board of directors, Jimi Coplen, owner of The Rural Spark recapped 10 great takeaways from an event she held known as the “Rural Spark”. She had great presenters from around the country and Canada participate sharing their combined wealth of knowledge. A complete column could be written on each of the 10 points shared; I wanted to paraphrase each of these ten outstanding items.

#1 Leadership is Vital. We have stressed this over the past couple years. Amazing initiatives and results require amazing leaders. It takes leaders with vision, innovative leadership, and a willingness to take a chance. Jimi pointed out, “It may take several elections to get the right group. But, key leadership is the one constant that we need in our communities to make great things happen.”

#2 Create an ecosystem for startups. A transformative community is nearly always an innovative community ripe with the entrepreneurial spirit. Many communities spend a lifetime and huge sums of taxpayer dollars courting big boxes and manufacturing companies, only to be met with failure 99% of the time. Take that same effort and nurture the entrepreneurial spirit within and you will be met with success. Our country was built on the backs of innovation and small businesses, your com-

munity will be too. **#3 Conversations Matter.** Never stop communicating your mission and never assume you know the answers. Constantly look for ways to involve

new residents and organizations in the transformative process. You will be amazed at the ideas, issues, problems, and visions that take place by having conversations with as many community members as possible. This provides another level of transparency which is critical to your long-term success.

#4 Stop doing economic development the way you have always heard it should be done. To quote Jimi, “Don’t be scared to do something different. Change it up. Go out and find the businesses that you would like to bring to your community and bring them there, even if you must buy it yourself! Match them with high school and college kids who are interested in that field. There is more than one way to do economic development.”

#5 People are moving back to small places. People are leaving larger cities in droves. Now is the time to build a community that attracts others. Improve the infrastructure, shopping, entertainment, and dining options. Be unique! To quote the movie Field of Dreams, “If you build it, they will come.”

#6 Companies are moving to places where employees want

to live. Quality of life is huge when companies and entrepreneurs look to relocate. Before companies consider a community, they send advance teams into town to rate the quality of life. This includes living, shopping, dining, and entertainment. If you don’t measure up, all the money and tax breaks you throw at them will be for naught. Build your community in such a way that it sells itself.

#7 Do One Thing. Quoting Jimi again, “It can feel overwhelming when you are trying to make positive changes in your community. Start small. Do one thing. Get everyone on board and invest your time and money into that one thing. Give it time to grow into something great. Go for the small wins to help build momentum quickly.”

#8 Build to Scale. Know your strengths and weaknesses, Rome wasn’t built in a day. While thinking big is the ultimate key success, starting with a winning project is critical. Success breeds success, start small and work your way up the ladder of project success.

#9 Community Development takes a lot of Work. While community transformation is hard work, there is nothing more exciting and critical. It takes great leadership coupled with vision to make it happen. Above all, as Winston Churchill said, “Never, Never, Never give up.”

#10 Be Original. Your community must find and accentuate those things that make them unique. When you create unique experiences, you will attract tourists and those that want to be a part of something unique. Don’t be plain and normal, you can get that anywhere. Stand out

Special Butte County Commission Meeting

BETTY BRUNER
news@bellefourchebeacon.com

BELLE FOURCHE-Auditor Elaine Jensen opened the Special Commission meeting with a few words to the commissioners and department heads gathered in the Commissioner Room. She acknowledged that the minutes were behind for June and July, due to personal reasons including shoulder surgery and a shortage of personnel in the Auditor’s Office.

“The provisional budget was not done by July 31, but shortly after that date,” she said. Sandy Heidrich has been hired

as an Office Manager which will alleviate much of the workload.

Jensen assured the commissioners that a Deputy Auditor would be hired by August 12 at 5 p.m.

Following her remarks, the commissioners looked over the Provisional Budget and discussed several items. An additional \$225,000 was added to Dispatch for new radios. Also, three per cent was added for COLA for county employees. Taxes paid to the county were listed as being increased by 1.2% as approved by the State. No American

Rescue Funds were figured into the Provisional Budget since the Federal Government is to provide more guidance on permitted expenses in late August. The Final 2022 Budget can be adjusted during the commission’s budgeting process as more information becomes available.

Adjustments can be made to the Provisional Budget during the commission’s budget process as they meet with Department Heads. The Provisional Budget is published twice, then with changes, adopted September 24.

From B6 LOOKING BACK

than average number of thoroughbreds. Races will be held Saturday and Sunday afternoons and again next weekend, Aug. 21-22.

Barbecue Time at Belle Fourche Livestock Exchange

They came by the hundreds Thursday to Belle Fourche Livestock Exchange to celebrate its open house for the free barbecue of the occasion was a lamb and beef barbecue staged in front of the exchange. Belle Fourche merchants arrived to help serve. Open house marked completion of extensive remodeling program at exchange.

Grassland Sites Managed for Wildlife

Pierre – Select sites on the National Grasslands have been chosen for development into prime wildlife areas under a cooperative agreement between the Department of Game, Fish and Parks and the U. S. Forest Service. At present 16 sites have been chosen and are in various stages of development. Development practices include the fencing of small watersheds to exclude grazing and promote the growth of vegetation, and the planting of trees and shrubs. This affords protective cover, food and water for wildlife, and provides an effective soil erosion control.

Catch a Sheep, Catch a Vision

BETTY BRUNER
news@bellefourchebeacon.com

NISLAND-As youngsters lined up ready to put their sheep catching prowess to practice, Gwen Kitzan explained the background and rules for the annual Catch a Sheep contest at the Butte Lawrence County Fair.

The contest was started by Tyler Harris and Keith Franke with a vision to see the sheep industry continue to expand in the area. The idea is that the final six “catchers” would receive a ewe lamb to start or add to their flock. The winners keep a record book of the lamb during the year, bring the wool back next year, and show the lamb at next year’s fair. Since they are given a ewe, the offspring will also be part of the fair in the years to come.

Glen Haines, one of the sponsors, said, “It’s such a great program. That’s why I got involved.”

St. Onge Livestock and the Tupper family furnish the older ewes for the contest. Older range ewes are used and have not been handled, adding to the adventure for the youngsters.

Several people add to the “Catch a Sheep” escapade, including Brian Franke, Jackie and Tristan toClements, Newell Ambulance crew, and the Butte/Lawrence County Fair Board. Winners of this year’s matchup and ewe lamb sponsors are as follows:

Justin Stranberg, sponsored by Pat and Ronna Burke
Nate Kari, sponsored by Levi and Tysha McDonald
Natalie Yates, sponsored by Glen Haines
Casen Schmidt, sponsored by the Shaykett Family
Kyler Schmidt, sponsored by Serena Davis
Victoria Ginsbach, sponsored by Ty Davis

It may look like chaos, and it is, as eager youngsters scramble to catch a sheep and perhaps catch a vision of the future. - Betty Bruner photo

To catch a sheep

Winners and ewe lamb sponsors of the Catch a Sheep contest at the Butte/Lawrence County Fair are from the left with sponsors in the back row, Serena Davis and Kyler Schmidt, Glen Harris and Natalie Yates, Ty Davis and Victoria Ginsbach, Shaykett Family represented by Brandon Shaykett and Casen Schmidt, Pat and Ronna Burke (not pictured) and Justin Stranberg, and Tysha and Levi McDonald with Nate Kari. - Betty Bruner photo

Thirteen Years and Counting for NAVFC

COLLEEN BRUNNER
news@bellefourchebeacon.com

NISLAND – For the past 13 years, the Nisland/Arpan Volunteer Fire and Rescue Department has held a brisket feed on the first Saturday of August. This year was exceptional. With other businesses becoming involved as supporters, the members of the department served a steady stream of people from 10 a.m. to 2 p.m. on Saturday, August 7 in the fire hall. Picnic tables were hauled in from the fairgrounds for the

event and other tables were set up inside and most of the time they were full.

A lot of great visiting went on between locals, who continue to support the local fire department in this way, as well as people coming in for the Sturgis motorcycle rally.

“We saw the signs,” said a rider from Lincoln, NE. “We knew we had to come ‘cause it was gonna be good. We’ll be back next year.”

The brisket feed, which includes beef brisket, pulled pork, beans, slaw and desserts, has become well-known in the biker community for the place to be on the first Saturday of August. Word is filtering out to the rally community.

The auxiliary helped prepare the slaw and beans, drinks and desserts, but the department members were the ones in the serving line. Fire Chief Stan Lewis and other members took turns serving the food in the open window of the new kitchen. The fire hall is just a couple years old and a fully outfitted kitchen was one of the main needs that was identified. The fundraiser helps to pay for the new hall which houses all the trucks the department uses to respond when paged. These volunteers all drop whatever they are doing when the call comes, whether it be to

The tables were full most of the time. Fireman Ronald Fick-bohm, center, visits with a couple local women who came to support the department. - Brunner photo

grass or structure fire, an accident or a rescue of some type. The department has a truck and trained volunteers in search and rescue.

For most of the four-hour window, there was a waiting line to grab some delicious food. Then there was time to sit and visit with friends new and old.

There was also a silent auction, with items ranging from a firefighter “flapper” (a tool used to suppress fire manually) to a kitchen basket and hand-made walking sticks. People took time to peruse the items and

mark their bids.

The department thanks all who attended, locals and visitors to the area. The department could not exist to serve the community without this support. If you were unable to attend the feed but would still like to donate you can send a check to NAVFC, PO Box 169, Nisland, SD 57762

“It was an awesome day,” said Lewis. “We’d like to thank the Meat Shop of Nisland and Integrity Meats in Belle Fourche for their part in the donation of food and services. We can’t do it without all of you.”

NAVFD Brisket Feed

Photos by Colleen Brunner

NAVFR members (background from left) Tom Lewis, Ronald Fickbohm and Chief Stan Lewis serve up some brisket to a group of bikers who "saw the signs posted on the highway" and figured it would be good eats. Fireman Bill Noziska, (fourth from right) visited with them. The beautiful quilt (hanging above from the railing) was made and donated for the silent auction by Tish Palmer. - Brunner photo

Audrina Gustafson (left) is the granddaughter of department PIO Colleen Brunner and Jenna Yule (right) is the daughter of firefighter Maynard Yule. They volunteered their time for the feed. - Brunner photo

The bikers kept trickling in and soon the street across from the fire hall had a whole line of bikes as their owners enjoyed the delicious brisket feed in support of the Nisland/Arpan Fire Department. - Brunner photo

Thankful for the support of local businesses, the NAVFR appreciated the donation of all the buns from Integrity Meat. This helped with the brisket feed on Saturday, August 7, and will also provide buns for the annual Butte County Fire Protection Fire School on August 14 at the Nisland fairgrounds. - Brunner photo

Newell Community Club Presents Chase The Ace

Purchase your ticket for **\$5** from any Community Club Member or at Newell Area Businesses. Proceeds go to the **Newell Rodeo Arena Grandstand Fund.**

Tuesday night: 7:00 pm Drawing at the Newell Bar.

One name from the tickets sold each week will be drawn.

That person will win 10% of the week's ticket sales and draw 1 card from the deck.

If they find the **Ace of Hearts**, they will split the jackpot 50/50 with the Newell Community Club.

If they find another card, the game continues next week as the Jackpot grows with ticket sales.

Other Aces will pay \$100 and Jokers are \$25.

The Deck is reduced by 1 card increasing your chance to find the **Ace of Hearts**.

Tickets can be purchased on line @ newellcommunityclub.com

Must be 18 years or older to participate. Must be a South Dakota resident.

Please send: Letter of interest, resume, 3 letters of recommendation, South Dak. teaching certificate to Andrew.Fergen@k12.sd.us.

Roll 'em and Pat 'em

The days may get long during fair week, but there's a way to fill the time whatever age you are. Katelyn Kammerer shows Clara Blair how to "rollem and pattern" while they wait for older siblings to finish showing their animals. - Betty Bruner photo

Local volunteer departments exist partly because of the volunteers and partly because of the community. The motive for the day was to visit with people during the brisket feed as Brian Mills, far left, is doing here with Karrol and Bryan Herman (far right). Sitting with Mills is his wife Cody and daughter Kimber. Volunteer departments are a "family affair." - Brunner photo

Then and Now *in Newell*

“Looking Forward to our Past” by Linda Velder

August 10, 1911
One load of lumber went through here Saturday for a shack in the Castle Rock vicinity. Does it not seem strange when others are going with their household goods the other way? Many settlers are leaving for the winter and some never to return again. Yet we see some land seekers nearly every week. One gentleman came in on Friday's stage who has been spending considerable time looking over several states and yet he expects to locate in Butte County.

Rev. D.M. Brown, the new pastor of the Congregational Church has moved his family from Lead and is occupying the little building by the church. The family consists of Rev. Brown, Mrs. Brown, a son Charles W., a lad of 18 who will teach school this season on Dry Creek near Orman and a daughter, Mrs. Ernest Farrington at the Experiment Farm.

August 11, 1921
Earl Wilson, who has the contract for putting up the buildings at the Butte County Fair grounds, has moved onto the grounds, built a camp and is now putting in the concrete foundations. Lumber and other material that is being hauled out so the large force of work-man he has with him will be kept busy until his contract is finished. There have been some changes made in the plans.

In a recent contest from this District where in the charge was abandonment the Commissioner of the General Land Office dismissed the contest, holding the entry intact on the ground that the improvements made did not warrant the charge of abandonment and because the entryman, while not fulfilling the law as to regularity of residence, had time enough left to the life of his entry to make up the time he required to fill in to make his 21 months of residence. Of course if no attempt at residence has been made, no house been built when the contest is started, abandonment charges would appear to be good.

August 13, 1931
Favorable weather conditions existing during the past 2 week-ends has been beneficial in causing the fungus disease to affect grasshoppers. An observance in the alfalfa field of David Korpi southeast of Newell reveals the fact that grasshoppers have begun to die as a result of the fungus disease. The area observed where hoppers were numerous has never been poisoned and hoppers are dying in numerous numbers. Humid and damp weather prevailed for a short time when the fungus diseases starts and practically wipes out the hoppers.

As school time approaches you want to get the children ready. Bad tonsils should be remedied. If a sufficient number can be secured we will have a specialist hold a clinic at Dr. Clark's office in Newell. Leave your name immediately, if interested. Also we are vaccinating

for small pox and immunizing against diphtheria, safety-first measures advised by the state board of health.

August 14, 1941
Pvt Albert Lee Carroll, 30, of Starbuck, Minn died in the Army hospital at Ft. Meade Thursday night of internal injuries sustained earlier in the day while engaged in field maneuvers along Willow Creek, about 6 miles east of Newell. The inductee, a member of Troop A of the 4th US Cavalry, was charging over a hill when his horse tripped and fell on him. He was inducted into the Army on March 27.

Included in the variety program planned for the Newell Labor Day celebration will be a talk by Lt. Governor A.C. Melter of Kennebec. The popular state official will talk at 1:15 in the afternoon following a free street performance by the Olympia Boys. The celebration will began Sunday evening with additional shows, baseball game between Newell and Sturgis and concert. Monday morning will bring children's; pets and floats led by the Sturgis band; afternoon band concert; amateur contests followed by the dance at the City Hall music by “Sam & His City Fellas”, KFYZ Radio artists.

August 16, 1951
Lester C. Persson, reclamation engineer who has been employed on Operations & Maintenance work on the Belle Fourche Irrigation Project here for the past 3 years, received notice the past week of his promotion and transfer to the Angostura Project at Hot Springs. Persson, who will be employed by the Bureau of Reclamation as Operations & Maintenance during construction of the Angostura Project. Persson is a graduate of Montana State College and plans to move his family to their new home.

Putnam, the Portis hat salesman and consistent South

BETTY OLSON
news@bellefourchebeacon.com

It was another hot, dry week with no rain and a couple of fires, one south of Prairie City and the other south of Scranton. With the dry weather, we did a lot of checking water and cows near Ludlow and Lodgepole. I'm writing this early because some of the newspapers need it by Friday because of the motorcycle rally in Sturgis.

Taz got home Sunday afternoon and he and Casey went up to our Horse Creek pasture on Monday to pull the bulls out and bring them home. Reub and I went over to Cow Camp to check the water there and we stopped to visit Tricia and Cody Herman on the way over there to meet their new baby boy. Little Jacob Don is a real sweetie! Casey went to Bowman Monday afternoon to get some buck lambs while Amanda and the kids took Taz to Bowman that afternoon to meet his traveling partners to head to rodeos in Glasgow, Great Falls, and Bozeman Montana and Heber City Utah.

Casey hauled the last of the hay bales off the creek bottom on Tuesday. Reub and I went in to Buffalo that evening for the community gathering to pray for rain at the Rec Center. Tom Johnson led the meeting and Pastor Mike Smith, Pastor Cliff Claypool, Father Bryan Sorenson, and Pastor Henry Mohagen spoke and led us in prayer. Please keep praying for rain because we really need it.

Casey went to check water at Horse Creek on Wednesday. Reub and I went to Hettinger that morning and then down

to check water at Cow Camp, getting home just in time to eat lunch. I got the gardens watered again that afternoon before the wind came up hard. We were hoping the heavy clouds would bring us rain, but we only got a few drops that didn't even leave anything in the rain gauge.

Reub's cousin Billie Dee called me Wednesday afternoon about the Olson family reunion that she and some more of his cousins are planning to have at his cousin Brenda and Jim Hoiland's place in Eugene, Oregon on August 13 & 14. Billie is the daughter of Lester and Suzie Olson. Her mother was a sister to Sylvia Doll so Elaine Doll-Dunn's Olson kids are her double cousins! Reub and I aren't going to be able to go because of all the water and cow checking, but we'd sure love to go. The last time there was an Olson reunion was 1998 at our ranch, which is where Delos and Hattie raised 14 kids just north of our house along Olson Creek. Delos settled here in 1898 when he was riding for some of the big cow outfits and Hattie and the rest of the family moved up here from Red Fern in the Black Hills right after their 5th child, Claude Olson was born in 1899.

Our great grandson Knox Olson turned 3 years old on Thursday and Amanda had a birthday party for him that evening with both sets of his grandparents and his aunt and uncle Kami and Jace Jenson brought his little cousin Keen down to help Knox celebrate his birthday.

We had to make a run to Hettinger Thursday afternoon to get

parts for Reub's side-by-side and on the way home we came on an awful semi wreck north of Valloff's place. The semi was tipped upside down in the ditch, the trailer behind it was blocking all of the highway and the Hettinger ambulance was taking the driver to the hospital. Sheriff Wyatt Sabo was on the north side of the wreck and we met the new Harding County deputy, Henry Head, who was stopping traffic on the south side of the wreck. Randy Valloff called his son Vance to bring the firetruck up in case the wreck should start a fire and we met Vance after we put the pickup in 4-wheel and got around the wreck through the ditch to head home. This was the first wreck on highway 79 this year, but until the highway department puts shoulders on the highway, it probably won't be the last wreck we see this year.

With the motorcycle rally going on, I'll leave you with this:

A State Patrol sees a motorcycle puttering down the middle of the highway at 14 MPH & he says to himself, "This is just as dangerous as speeders!" He turns on his lights and pulls the bike over. Approaching, he notices it is an elderly gentlemen with a wide eyed, white as a ghost biker chick on the back.

The old biker obviously confused, says to the officer, "I don't understand, I was doing the speed limit! What seems to be the problem?"

The officer replies, "You weren't speeding, but you should know that driving way slower than the speed limit can also be a danger to you & other drivers."

"I was doing the speed limit exactly... Fourteen miles an hour!" the old biker says a bit

West River Cooperative Telephone Company

Phone 605.244.5213 www.sdplains.com

Proud communications provider of the Newell, Vale & Nisland areas

Dakota booster, is currently receiving many letters regarding his recent proposal that the nick-name of South Dakota be changed to something other than "The Sunshine State", pointing out there were 11 state nick-names "the sunshine state" and expressed the thought that South Dakota might desire a more distinctive moniker. A big majority of the letters from his

suggestion of it being called "Mount Rushmore State". Other suggestions have been included: State of Infinite Variety, and Sunshine State. Letters on the subject can be addressed to him in care of Valley Irrigator or Bratton's Store.

August 10, 1961
Thieves, gaining entrance to the Newell Municipal Liquor

Store by breaking a bar on the rear window, made off with around \$1100 worth of liquor sometime late Sunday or early Monday morning. The break-in was discovered by Tom McDermott when he opened the place Monday morning. Manager Ted Lesser reported he had stopped there to check equip-

Then and Now C4

This is a typical Homestead shack also referred to "Tar Paper Palace". They were covered with tar paper to keep out the weather and some vermin. This is a one-room building where the kitchen, bedroom and living room were in the same room. They were cold in the winter and hot in the summer.

From C3
Grand River

cocky. The State Patrol, trying to contain a chuckle explains to him that “14” was the route number, not the speed limit. A bit embarrassed, the old man grinned and thanked the officer for pointing out the error, and started to ride off.

The officer says “Hold on... Before I let ya go, I have to ask... Is your passenger OK? Your ole lady seems awfully shaken & she hasn’t muttered a single peep this whole time.”

“Oh, she’ll be alright in a minute officer. We just got off interstate 90.”

From C3
Then and Now

ment shortly before midnight Sunday but nothing seemed wrong. Principal loot included full cases of whisky from both the on-sale and off-dale store rooms, 7 cases of crème de menthe; wine and Vodka were also taken. The thieves also forced doors on a juke box and bowling machine, but gained only about \$30. Butte County Sheriff George Hafner and State Agent Ray Dillavou were called to investigate.

Go-cart gadabouts and kid motorists are going to be in trouble with law enforcement

officers according to the SD Motor Patrol. A rash of summer accidents involving underage drivers and such unlicensed vehicles as go-carts prompted the Patrol decision to step down hard on violators. They believe the responsibilities still lies with the parents; parents who buy go-carts for their children should make sure the kids aren’t tooling around town or driving on highways with them. Several off-highway deaths and injuries involving go-carts on private grounds have occurred in this area already. In traffic, they’re just “suicide-carts.”

Images from the Butte / Lawrence County Fair
Photos by Betty Bruner

Rhonda Vallery and Sandi Heidrich, along with Stan Lewis, served 248 pies at the Butte/Lawrence County Fair last week. The pies are made and donated by many local ladies for the Nisland-Arpan Fire and Rescue Auxiliary each year for the annual fund raiser at the fair. Rhonda Vallery was thankful for all the help. “It’s amazing. And we are so thankful,” she said.

The line for the wonderful pies made by many of the ladies in the Nisland community was long from the beginning of pie sales until the end. One hundred forty-eight pies were sold during the Butte/Lawrence County Fair.

During the Pig Round Robin Showmanship, the showman displayed their talents with all species of the county fair. Here are the Senior and Junior Swine showman.
