Back to the drawing board... Debate Continues on City Employ- ment Residency Requirement

BEACON STAFF

news@bellefourchebeacon.com

BELLE FOURCHE - By a 6-to-2 vote the Belle Fourche City Council decided to send the proposed changes to Section 5.19 of the city handbook back to the Legal & Finance committee for a second time in hopes of reaching a compromise on the changes.

Section 5.19 requires all city employee department heads to live within 3 miles of the Belle Fourche city limits. Other full-time employees must live within 25-minutes of the city.

The proposed change says that all city employees, regardless of status, need to live within an expanded 30-minute response time of the city. In other words, employees, including department heads, could live where they wanted to as long as they could report to work in 30 minutes or less. The 30-minute response time rule would encompass an area that would include Spearfish, Newell and most of Sturgis as well as areas west, north and east of the city.

The change was proposed as an effort to expand the talent pool for potential city employees, namely department heads. Those in opposition argue that department heads should live within or very close to the city in order to better serve the

BELLE FOURCHE - The suspect in an armed robbery at a local convenience store is now in custody, according to Belle Fourche Police Chief Marlyn Pomrenke.

On Saturday night August 31st at around 9:45pm the YesWay at the corner of Fifth Avenue and Summit street was robbed at gunpoint by a suspect brandishing a handgun.

A police spokesman told the Beacon that they had an identification of the suspect and issued a warrant for an arrest. The arrest was made last Friday night and the suspect is in custody.

Pomrenke praised the swift work of his department and the cooperation of the SD Highway Patrol, and the Meade and Pennington County Sheriff's Departments in making the arrest.

The matter is still under investigation according to a police department spokesperson.

Total City Subsidy Allocations Cut by \$42,000

Closing of ShopKo and loss of internet service sales tax seen as leading factors.

BEACON STAFF

news@bellefourchebeacon.com

BELLE FOURCHE - A slowdown in sales tax revenue has resulted in a reduction of the 2020 city subsidy allocations to area organizations by a total of 21.4% over last year. All told the city will dole out \$153,900 next year as compared to \$195,900 that was allocated for 2019.

"We're facing a couple of different things unlike we've had in past years," said Mayor Gloria Landphere. "There's quite a bit of unknown out there but we've tried to be as positive as we could. I can't remember a year since 2008 that we've had this kind of challenge with sales tax."

Sales tax revenue and 3rd penny sales tax (211 Fund) often referred to as the "bed and booze" tax, are two of the major income sources that allow the city to fund various civic organizations. The 3rd penny may be used for sports and

recreational organizations that promote the community.

This year, the city finance office knew there would have to be some belt tightening due primarily to two factors. The first is the June closing of ShopKo and the second is the end of internet service sales taxes.

Landphere said she and Breanna Schaefer, City Finance Officer, went through the budget, plugged in all the revenue and department expenditures and ended up with around \$586,000 in applied cash in the general fund. After considering expected sales tax cash flow she says they determined that \$100,000 would be available to fund \$170,700 in subsidy requests. Last year all entities were funded at 100% of their requests, totaling \$155,900.

A packed chamber at City Hall then watched as the Belle Fourche City Council wrestled with some difficult decisions for more than 90 minutes.

Councilman James Ager suggested that three major requests be dealt with first; Belle Fourche Development Corporation (\$75,000), The Chamber of Commerce (\$40,000) and the Center of the Nation Business Association, or CoNBA,

(\$10,000). All three subsidy requests were the same as they were last year when the three groups received \$125,000 in total.

"These groups are all basically promotion of the city, commerce, growth and the economy," Ager said. To get the ball rolling, he proposed beginning the conversation with funding these groups with equal amounts for 2020, starting at \$10,000 each. "It's just a talking point, we got to start somewhere."

"I would like to see them all get what they asked for," said Councilman Randy Schmidt. "But if you think EDC (Belle Fourche Development Corporation) is only worth \$10,000 to the city, I want to have that conversation."

"The unfortunate scenario that this creates for us is that

we have to cut the funds and the budget of the groups that replace the lost sales tax," Councilman Travis Martin said. "They're the ones who bring in the businesses. That's the struggle I'm faced with right now is that we're potentially going to cut the legs off the one thing that gets the businesses back in here to build us back up. So I really want to know what the bottom line that they can work at and still be productive for us."

Council member Annie Reich presented numbers to the council that reflected how each subsidy affected each organization's bottom line in the past. "The EDC did not receive any funds in 2018 and they were at -\$30,000 without that \$75,000," Reich said. "CoNBA didn't receive any funds that year and

Work to Begin on Winkler Road Bridge

COLLEEN BRUNNER

news@bellefourchebeacon.com

BELLE FOURCHE - The Butte County Commissioners approved a \$69,399 quote from Forterra Pipe and Precast of Rapid City to supply materials for work on replacing the closed Winkler Road bridge. There was some discussion about contact that had been made with Commissioner Karrol Herman about the possibility of a different site, but after the commission discussed it, it was determined that the project would go forward as planned. The quote was for materials only, with the county highway department crew doing some of the labor on the Winkler site themselves. The bridge replacement could cost up to \$140,000.

"It will probably be October before the work will actually commence," said County Engineer Jason Hansen.

Getting the Winkler Road bridge open is seen as critical since the Horse Creek bridge over heavily-traveled Orman Road a mile to the south is due to be closed before it can be replaced. A Winkler Road detour would save several miles and up to a half-hour in travel time for emergency vehicles.

Also at the Sept. 3rd meeting the commission discussed a haul route agreement between Butte County and BPM of Colony, WY, on the 3V Road northwest of Belle Fourche. The company already had an agreement but asked for an adden-

dum, to include mining through the road at a certain point, with BPM providing an alternative route for landowners.

"They'll (BPM) contact all of the landowners," said Highway Superintendent Dwayne Heidrich. "They will get it done, and then make a new road, which will take a curve out, make it straighter, and they'll reclaim the gravel." The work is expected to commence within two to three weeks, according to Herman. It should take approximately another three weeks to finish, barring weather issues.

Commissioner Frank Walton stated, "I hate to see that road torn up, but I guess we don't have a choice."

The commission also discussed the Wilson Cemetery Road issue, where county crews have been working to repair the damage done by haul trucks. The commission voted to install weight-limit signs at a previous meeting, but the company involved and the trucking companies hired, are working toward a haul agreement.

"Roth (trucking) won't haul till it's (agreement) in place," said Heidrich. "They don't want to get a ticket."

It was also noted that the wheel tax petition deadline was Friday, September 6, and that one petition had been taken out to be circulated. The petition on the mill levy increase proposed by the commission, fell short of valid signatures and the issue will not come to ballot.

Henry Nore 83

HENRY L. NORE, 83, of Belle Fourche died September 2, 2019 at the Rapid City Regional Hospital.

He was born July 29, 1936 in Albion, Nebraska to Albert and Oline (Aase) Nore, the youngest of 9 children. He graduated from high school in 1954 from Wahoo Academy and attended college at Wahoo College from 1954-1955. Henry enlisted in the United States Air Force in 1956 and was honorably discharged in 1960.

Henry met his sweetheart Ardith Johnson and they married October 11, 1959 in Crosby, ND. He and his bride have lived in Belle Fourche for 40 years. Some of the places Henry worked were MDU, Western Star and UBC. As a former city council member and local personality, Henry was loved by many in the area. His love, enthusiasm and persistence blessed all who knew him.

He loved to whistle and always had a smile. He was blessed with a great sense of humor, was very dear, kind and polite. Henry loved helping people

and always had a twinkle in his eye.

He was preceded in death by his parents, Albert and Oline; 5 siblings, Alice Lee, Thelma Mauer, Sygni Holt, Gilbert Nore and Luther Nore and a daughter, Brenda Parke.

Grateful for sharing his life are his wife, Ardith; children, Marcelle Herman, Howard Nore, Mark (Melissa) Nore; grandchildren, Adam Parke, Nikki Beard, Randy Herman, Daniel Herman, Kyle Ryan, Lily Nore and Berklee Nore; great grandchildren, Millie and Max Parke, Kameron Beard, Oakley and Sloan Herman; brothers, Paul Nore and Ole (Marion) Nore; sister, Bertha Anderson and nieces and nephews.

Donald "Don" Hafner 101

Donald "Don" D. Hafner, 101, passed away with family at his side on August 30, 2019 at North Colorado Medical Center in Greeley, CO.

A lifelong resident of Newell, he spent his last few years with his daughter, Connie in Colorado. Don was a loving husband and devoted father. He married his life companion, Ruth M. Powers, on June 20, 1941. They shared 61 years together.

Don had a wonderful sense of humor and a gentle spirit. He was an unassuming man of integrity, strength, and many talents. It seemed there was nothing he could not do or build.

After graduating from Newell High School in 1935, Don went to work at the Homestake Mine in Lead, then opened a plumbing and appliance store in Newell. Drafted in October, 1942, he served in the Army, first at the Climax Molybdenum Mine in Leadville, CO, and then in Korea in the 143rd Field Artillery Battalion during WWII.

After the war, Don returned to his Newell business. A man of diverse interests and abilities, he bought a drilling rig in 1951 and, into the mid '60s, drilled water and gas wells in South Dakota, North Dakota, and Wyoming. Don had completed a certified course in diesel mechanics and once had a pilot's license. He restored 2 antique automobiles and was a member of the Horseless Carriage Club of America. As a member of the Newell Boat and Ski Club, he was instrumental in building many facilities at Newell Lake, all of which are now sadly gone. An avid fisherman, he kept many area dams planted with bass.

Always a strong supporter of his community, Don served about 25 years in the Newell Volunteer Fire Department and served many years on the City Council in various capacities. He installed and maintained many of the town's water mains.

Most will probably remember Don as being in the wool business. Throughout his life, he worked at the Hafner Wool warehouse in Newell until it closed, later becoming the manager of North Central Wool Corp. in Belle Fourche from which he retired in 1985. He designed and built the first hydraulic wool baler in 1958, and subsequently built a number of others, some of which were sold to mills and warehouses across the country.

Don was preceded in death by his wife, Ruth and a daughter, Dorothy.

He is survived by daughters, Donna Hafner of Grand Junction, CO and Connie (Dick) Williamson of Greeley, CO. Also surviving are granddaughter, Heidi (Scott) Krise and great-grandchildren, Kimberlyn, Courtney, Braden, and Jenna of Briggsdale, CO.

Mass of Christian Burial was held on Monday, September 9, 2019, at St. Mary's Star of the Sea Catholic Church in Newell. Burial followed at Hope Cemetery in Newell.

Memorial contributions may be made to the Newell Volunteer Fire Department, P.O. Box 405, Newell, SD 57760.

Cornerstone Returns to Methodists Fifty Years Later

Group of Methodist church members on hand to welcome the cornerstone back to north side of church. Time has eroded the century plus native sandstone, but the 1894 date still remains visible. Back Row – Dale Fadley, Pastor Sheri Fadley, Maureen Clarkson, Jeb Clarkson, Mary Riley, Judy Rippe, Carol Henneman, Eileen Miller, Gloria Key, Chari Hogsett; Front Row – Scott Reder, Kris Cook, Monica Albrecht, Mariaha Brill, Sonia Ribordy, Jerry Henneman

Jeb Clarkson, after reading Pat Engbretson’s recent series of articles about the history of the Belle Fourche United Methodist Church called Pat and said, “I may have something the church might be intersted in.”

The Clarkson family had been in possession of the original 1894 sandstone church cornerstone since 1969 when the foundation was razed to prepare the way for the construction of a new bank on the corner of 7th and State, the same site where Pioneer Bank & Trust rennova-tion is currently underway.

Jeb’s mother, Dottie Clarkson stated she had saved it from the rubble pile in 1969 and had it moved to the Clarkson family home along the Belle Fourche River east on Highway 212 where it has been a lawn orna-ment for the past fifty years.

The retired Jeb Clarkson while doing yard work had the inspiration to return it to the church for their 125th Anniver-sary Celebration.

BF United Methodist Tradition Continues

PAT ENGBRETSON
Special to the Beacon

At the dedication of the new church, long time member Mary Ritts was asked to speak. She started out by saying “I couldn’t figure out why I was given the honor of taking part in this program. Then I remembered they had wanted old relics of the church to display, so then I knew why they chose me for this honor and I’m on display.”

She went on to say, “The early years of our church were years of hard work and sacrifice for everyone. We have never been a congregation of mon-eyed people, so all we have or accomplished through the years

has come through the willing-ness to work together toward a common goal...We continue to care for and share with each other and our community.”

This tradition continues through to today. The list is long for the programs of the church that help the members and the community. Vacation Bible School brings in children from around the town. King’s Kids is open to all children.

There is Sunday School for both children and adults. Bible studies are held often for members, sometimes with members providing leadership and sometimes the pastor. The United Methodist Women continue with their service of

mission work. They have a Christmas Bazaar in Novem-ber of each year. Members of the church work with the Food Pantry. The church has an Angel Store which is open once a month for anyone in need. There is a Free-For-All in Oct. The church sponsors a Compassion Child, Jose. There is Bingo once a month during winter months that is open to everyone. In August there is always a Biker Breakfast. A Prayer Chain is available for anyone who wants prayers for themselves or others.

Any questions concerning any of these programs can be answered by calling the church office at 892-2405.

Sunday, September 8 was the **United Methodist Church’s 125th Birthday Celebration**. This ceremonial cake decorated the bell tower pedestal. The “Block Party” featured a picnic, Face painting, Games, and a “Belle Fourche to Minnisela” Stage Coach offering rides to the gather-ing. National Remembrance & Volunteer Day

September 11th is Pa-triot Day and a National Day of Service and Remembrance. On this day Americans across the country are called to volunteer in their local communities in tribute to the individuals lost and injured in the attacks, first responders, and the many who have risen in service to defend freedom.

You, like me, may have not been aware that September 11th has been so designated. I became aware of it because First Interstate Bank will close at noon so that their staff may volunteer here in our commu-nity.

What a great idea. We have all kinds of volunteers in our

community doing many great things. I hope that this designation will encourage MORE of you to volunteer in our community to help make a difference here in Belle Fourche.

The Chamber has always had volunteers called Ambassadors. We could not do what we do without them. Thank you Kay Cooper, Mike Reade’ and Rich & Joyce Drabek. You are fun to have around, and are a great encouragement to the Chamber staff.

As you go about your busi-ness this week, try to thank those that volunteer in the places where you find them. Besides that, consider volun-teering yourself!

Letter to the Editor

Dear Editor,
AMERICAN VOTERS WAKE UP! The progressives have leaned so far to the Left they have taken our liberties guaranteed in our constitution away.

RELIGION; They took prayer out of our schools, big business told employees to not say Merry Christmas, Obama outlawed all religion from all military and business wouldn’t let employees put Christian symbols or Bibles on their desks, this is a freedom lost.

SPEECH; When a middle school student stated that there are two genders (male and female) and he got kicked out of school, when conservatives cannot go to schools and universities and talk to students without causing a riot, when people cannot express their views on net-works without getting shut down, this is a freedom lost.

PRESS; It used to be a newspa-per, radio or TV would report the facts of a news story. Now they do not get the facts straight and then add their opinions to what happened. This is a way for them to tell you what they want you to believe. The media is brainwash-ing their audience into believing everything the progressive Left

wants us to believe.

This is our First Amendment to the Constitution lost.

GUNS; Now they are going after our guns. Our founding Fathers knew what they were doing when they put the Second Amendment in our Constitution. They were pro-tecting our First Amendment from the Government. There are over thousands of laws regarding Gun Control, they don’t need any more. The laws on the books should be enforced. If a person commits a crime with a gun he should be given the maximum punishment, if he kills a person he or she should get the death penalty or life in prison.

Call your representatives and senators and tell them no more gun laws. We are about to lose your beloved United States of America with all of the progressive pro-grams that are being shoved at us.

Thank you for reading my letter.

Broncs Lose Two Matches

James Trimble
Special to the Beacon

The Belle Fourche Broncs Boys started out the season with a win, but are currently now in a seven game losing streak as they were defeated last week by St Thomas More and James Valley Christian.

The Belle boys came out playing tough against the Cavaliers, a team they haven't beaten in four seasons. Belle would get the early momentum as Jamie Gonzalez would have a nice assist to Barak Minor and he ripped the cords with 25 minutes left in the first half. Belle's defense led by senior Cruz Kellem would hold the Cavaliers until Andrew Evans put a shot in with only a minute left in the first half making it 1-1 at the halftime break.

Both teams would battle hard until More would get three goals in a five minute period. Evans would hit 2 goals within a minute at around the 26 minute mark, and Will Green would score another shot three minutes later and More pulled ahead 4-1. Belle would then answer back on a shot by senior defender John Baxendale on an assist from Josiah Trimble and Belle cut the lead to 4-2 with

11 minutes left in the game. The momentum would be short lived. Andrew Evans would then hit his fourth goal of the night thirty seconds later and the Cavaliers commanded the 5-2 lead, which would be the final score in the contest. The Broncs and Cavaliers would each have 23 shots on goal as the game was pretty evenly played except for the final score.

Coach Anthony Bradley commented on the tough loss, "I thought Cruz Kellem played an outstanding game as did Tristin Hendricks. Josiah (Trimble) was all over the place." The Broncs now 1-6 travel to James Valley Christian at Huron on Friday.

The Broncs made the long trip east river to take on the James Valley Christian Vikings on Friday September 3rd in Huron.

Belle would start the game with good ball control and would get on the board first on a nice left footed shot from Josiah Trimble, his 9th goal of the season. Again however, the momentum would be brief. Vikings midfielder Sam Pichura would crease the net only twenty five seconds later tying the score at 1-1. The Broncs, who started the game without

the services of starters Jaime Gonzalez and John Baxendale, also lost the services of goal keeper Hunter Cherveny at the 19:22 mark as James Valley put in another score making it 2-1. Freshman Brayden Carbajal would take over and play well but Zach Kleinsasser would hit the back of the net with 10 minutes left in the first half and the Vikings were in pulling away 3-1. Broncs junior Josiah Trimble would then send a rocket to the goal hitting the upper cross bar and careening off with 5 minutes left. As has been a recurring problem for the Broncs this season, James Valley would score again as Jessie O'Neill dropped a shot in of a blocked ricochet with only a minute thirty left in the half and it was 4-1.

Both teams would play to a stale mate in the second half and the Broncs would also play without midfielder Tristin Hendricks who was injured late in the first half. Conrad Schreier, Anthony Staley, Cruz Kellem and Cordell Seyersdahl would all keep the Vikings scoreless in the second half. The Broncs now 1-7 on the season face the highly rated AA Spearfish Spartans on Tuesday September 10th in Belle Fourche.

Belle Girls Soccer Lose Narrowly to STM

Special to the Beacon

The Belle Fourche Broncs girls Soccer team battled rival St Thomas More in a big match-up at the Roundup Soccer fields on Tuesday afternoon as part of a boys/girls double header. The Lady Broncs would battle the Cavaliers hard but came up just short as St Thomas More prevailed by a score of 3-2.

The first half was dominated by the Cavaliers and they scored right away with just over a minute played in the contest junior Jenna Jacobson found the net and St Thomas More led 1-0. The Belle defense would begin to stiffen but More would sneak in another goal by freshman Gabrielle Robbins who pushed up from her defensive position to give More the 2-0 lead heading into halftime.

The second half started nearly the same as the first, as Robbins rammed home her second score with just two and a half minutes elapsed and the Lady Cavaliers were in control 3-0. However, the Lady Broncs wouldn't go away. Belle defenders Dru Keegan and Bree Pierce would sty-

mie the More offensive threats as the offensive side continued to get shots and put pressure on the Cavaliers defensive corps. The Broncs would get on the board with fourteen minutes left in the match as freshman Jessica Dudley would break the goal line with a nice shot to narrow the deficit to 3-1. Belle continued to dominate the ball control and would again have several shots down the stretch. Belle would score again with three minutes left as Jayme Peterson would hit a cross toward the goal where Makenna Ward would get a foot on it and send it to freshman Ava Walker who tapped it in and Belle was back in it at 3-2. The Lady Broncs would keep the pressure on until the end but couldn't come up with another score to tie.

Coach Rob Creed commented after the contest, "We started slow, but the second half we started to show sparks of what we are trying to accomplish." The Lady Broncs, who are now 2-5-1 on the season, are in action next on Tuesday when they host the Lady Spartans from Spearfish in Belle Fourche.

BOX ELDER - The Belle Fourche Broncos picked up their first football win of the season last Friday night with a 28-12 win over the Douglas Patriots. The Broncos bolted to a 28-0 lead after the third quarter and withstood two late Douglas touchdowns for the win.

Belle Fourche quarterback Colby Nowowiejski threw for 248 yards and three touchdowns while Brextin Garza tallied a 6-yard TD run to cap the scoring. All three touchdown passes were to all-conference receiver Jackson Tyndall who was shut out of the end zone in the season opener against Vermillion. Tyndall began the day last Friday with the flu but played through it finishing with more than 100 yards receiving.

The game was slowed with 31 penalties for a combined 182 yards. At one point in the second half penalties were called on five straight plays. The Patriots had a costly holding call when a 52-yard touchdown run was called back in the third.

As they did in the season opener Belle Fourche showed its big play capabilities. In the first quarter Nowowiejski hit Kelby Olson on a 71-yard pass that set up the Broncos first score. Nowowiejski hit Tyndall on 4th and goal from the 5 to

cap an 81-yard drive.

In the second quarter the Patriots nearly converted a Bronc fumble into points but Olson picked off Douglas quarterback Anthony Ramsey near the goal line. The Broncos took over and drove 99 yards for a score as Brextin Garza found the end zone off left tackle on a six-yard run. The extra point was no good and Belle took a 13-nothing lead into the break.

The Broncos recovered a Patriot fumble on the second play of the half at the Douglas 34. Five plays later Nowowiejski dropped straight back with good protection and hit a wide open Tyndall on drag route coming across the middle. Tyndall ducked upfield and ran it in to complete the 26-yard play. The two-point conversion was good and Belle Fourche was up 21-nothing.

Later in the third Belle Fourche would convert a 3rd patriot turnover into points as Olson recovered a Patriot fumble at the Douglas 46. On the next play Nowowiejski hit Tyndall for their third connection. This one from 46 yard out and the Broncos were in control 28-nothing after three.

The Patriots were finally able to take advantage of good field position in the fourth. They drove 40-yards for a score. Ramsey, rolling to his left, found Tyler Clark who dragged

a couple of Bronc defenders the final 5 yards into the end zone - a 25-yard scoring play to make it 14-6.

The two connected for the Patriots final touchdown with 9:35 to play. Ramsey took a high snap in the shotgun and rolling right, found Clark who jumped straight up, snared the ball on the sideline at the 18, came down at a standstill while Kelby Olson in pursuit slid out of bounds behind him. Clark tiptoed down the sideline to complete the 38 yard play.

That ended the scoring as the Bronc defense stiffened to make the final 28-13.

“We have been stressing finishing games and they played their hearts out to accomplish that,” said Coach Scott Slotten. “We need to improve upfront and eliminate the penalties. Penalties kill drives. But this is a fun hardworking group that will continue to improve every week. We’ll be a dangerous team at the end of the season.”

The Broncos are 1-1 on the season as their road trip continues. Next up for the Broncos is another Douglas. This one at Douglas, Wyoming. The Bearcats lost their opener to Wyoming Class 2A defending state champion Buffalo 29-26 last Friday night. Going into the season, Douglas was the state of Wyoming’s 4th-ranked Class 3A team.

Personal Bests at Augie Twilight X Country

Chris Riley

Special to the Beacon

A pair of school records and 10 personal records highlighted a great day for the Belle Fourche harriers at Friday’s Augie Twilight cross country meet.

Senior Harley Fischer and freshman Sawyer Clarkson each set new 5K school records and led the 14 Broncos who made the trip to Sioux Falls.

The evening’s first race was the JV girls’ 4,000-meter event, which saw three Broncos compete. Eighth-grader Addy Muhm took 38th place in the field of 261 competitors. Freshman Alanah Pomrenke claimed 100th place and senior Megan

Keegan came home 163rd.

Eighth-grader Jordan Sandoval was Belle Fourche’s lone entry in the JV boys’ 4,000-meter race. His clocking of 16:25 was good enough for 149th out of 389 runners in that event.

The varsity girls’ 5,000-meter race had 196 runners. Fischer was the first Bronc across the line, claiming 85th place with a time of 20:56. Eighth-graders Allison Hayes (101st) and Ava Allen (114th) were close behind. Junior Hayley Wilbur (165th) and eighth-grader Anika Main (177th) rounded out the Bronc entries.

Clarkson placed 20th out of 252 runners in the varsity boys’

5,000-meter race to pace Belle Fourche. Clarkson and his four teammates in that race all set new personal records on the flat and fast course. Sophomore Cole Hockenbary (155th), freshman Devin Nowowiejski (165th), sophomore Wyatt Keegan (187th), and freshman Nic Lambert (238th) all represented the Broncos.

Belle Fourche sends a limited squad to Pine Ridge on Tuesday, Sept. 10th to preview the Region 5A course while the Broncos host the Belle Fourche Invite at the Belle Fourche Country Club on Thursday, Sept. 12th, where racing begins at noon.

RESIDENCYFrom Pg. A1 citizens. The council’s Legal & Finance Committee (LFC) who initially took up the issue in late July, is made up of council members Randy Schmidt, Vern Hintz, Annie Reich, and Troy Shockey. They made their recommendation for change to the full city council in early August on the consent agenda. At that meeting, Council President Monte Talkington removed it from the consent agenda for open debate and the city council eventually tabled the motion and sent it back to the committee for more debate and community input.
On August 26th the LFC voted unanimously not to make any changes to their original recommendation and sent it back to the council last week.
After 30 minutes of vigorous but civil debate on September 3rd, it appeared the council would be split on the motion to approve the amendment. However then, LFC Chairman and Ward 1 Councilman Randy Schmidt made a new motion that overrode the first motion with a new one, seconded by Council President Monte Talkington, to send the proposed changes back to his committee for a third round of debate. That motion passed 6-2. Voting in the affirmative were

Ager motioned and the council voted 6-2 to fund the BFDC at \$40,000, a 46% reduction in funding. The Chamber of Commerce was voted (7-1) a \$30,000 subsidy, a 25% reduction and CoNBA was funded (6-2 vote) at 100% of their request, \$10,000.
The Silver Linings Senior Center made a subsidy request

Schmidt, James Ager, Travis Martin, Talkington, Annie Reich and Bob Somervold. Those opposed were Troy Shockey and Vern Hintz.
“I don’t want to see it again,” said Shockey who voted against the new motion and is in favor of expanding 5.19 much as some other area Black Hills communities have.
“I hope that all of us get to the Legal-Finance Committee what we’d like to see and they can hash it out and get it back so we can put this behind us,” said Ager who voted in favor of sending it back to committee.
“I don’t know about any of you but when I saw the names on my petition (for council) none of those signatures came from 30 minutes outside of the city,” said Talkington.
“I think if we can work something out with regard to the department heads issue, we can get an agreement,” said Councilman Trevor Martin who is in favor of having department heads live within the 3-mile limit. Martin believes there’s room for negotiation within the framework of the requirement as it stands now. “You can always negotiate with an applicant that is interested in those department head positions that can provide enough flexibility to allow us to keep the requirement as it is.”

of \$15,800 this year after receiving a requested \$3,500 last year. Executive Direction Laura Bennett made a brief statement to the council pointing out that in 15 years the number of seniors in the community will double and that this demographic is not being fully served. She said she hopes to transition the center into more than just a play place or activity center and put more emphasis on offering services such as respite care.
In addition she cited the need to move toward a paid director’s position. “I’m okay with just being a volunteer but if something should happen to me we need to be able to encourage someone to take my place,” she said. “Not everybody’s going to do this voluntarily.”

After a motion by Hintz and a second by Shockey the council voted 8-0 to fund the Center at \$10,000. Also funded were Teen Court (100%) at \$7,600 (8-0 vote), Prairie Hills Transit (77%) at \$5,000 (7-1 vote), A.B.C. (60%) at \$3,000 (7-1 vote) and the Cowboy Band (86%) at \$2,500 (8-0 vote), among others. Total allocations from the general fund were \$113,900.
Two groups were funded from the 3rd penny which had \$48,000 available. The Black Hills Roundup was granted \$25,000. The BF Country Club requested \$25,000 to go toward property taxes and insurance. They were allocated \$15,000 for a total allocation from the 211 fund of \$40,000.

BF Development Corporation Feels the Budget Challenges

BEACON STAFF
news@bellefourchebeacon.com
BELLE FOURCHE - For Hollie Stalder, Belle Fourche Development Corporation Executive Director, she’s seen it before but this year seems to be a bit more challenging.
The corporation’s city allocation was cut by 46% last week due largely to an expected slowdown in sales tax collections within the city. The BFDC had requested \$75,000 in funding, as it had received in 2019, but was allocated \$40,000. In 2018 it received no city funding.
“We anticipated a cut but did not think it would be that much,” Stalder said. “It does have an effect and will make our work more challenging.”
Perhaps the most difficult part is that with the full funding last year the BFDC was able to put in place more aggressive marketing programs and give a boost to other ongoing efforts such as enhancements to the Industrial Rail Park, Empower Belle Fourche and Leadership Belle Fourche.
“It is a setback,” Stalder said. “What you want to do is move forward and we may have to tread water for a year on some things. We have a lot of great things going and we will need to get more creative.”
Last year the BFDC received 15% of its funding from Butte County, 20% from membership dues and 64% from the city. Other funding sources include a contingency fund that the BFDC can draw from if absolutely needed.
“What I would like to see more of is ways we (the city) can work more closely together on every level,” said Ward 3 Councilman Travis Martin. “We need to know what we can do to help (BFDC) get businesses back in to fix these sales tax revenue numbers going forward.”
“I think it might be good to work out an agreement with the city that would let us know more in advance if these kinds of cuts were coming,” Stalder said. “Ultimately you find out in September whether you’re funded and it can feel a bit like the rug has been pulled out from under you.”
Stalder says the BFDC’s

mission is to bring business to the community, broaden the tax base and bring jobs in. Over the past few years the city has welcomed Pipeline Plastics, Permian Tanks and the BLM regional office. Also Runnings has built a new store, tripled its workforce and quadrupled its footprint in the community. Between the four entities are 100 jobs. Stalder says these are people who shop here, buy gas here, eat in area restaurants, and engage health care here. Many, if not most of them, live in Belle Fourche. She says the economic impact in property taxes alone is \$180,000 per year.
Other positives from this year include RPMinerals. They are working on a manufacturing facility near the city airport to supply a bentonite product for drilling applications. Although it is in the county it is expected to positively impact the city economically.
Currently the BFDC is working to bring a new owner/tenant to the ShopKo location on the north side. There has been interest and they have shown the building more than once in recent weeks.
“There are a lot of great things happening here,” Stalder said. “We just want to continue to benefit the community and provide good jobs and make sure good things can happen.”
“I love working for Belle Fourche and with our board. They do so much in donating their time and expertise,” she said.
The BFDC is working on a few critical projects in the Industrial Rail Park on the city’s west side, including a rail siding at the loading dock. Stalder says they will need to “sit down and see what would be compromised the least.”
The BFDC is currently in the second year of the Empower Belle Fourche project, a grass roots effort, led by citizens, to build ways to improve the city economically and from a quality of life standpoint. The project is in partnership with Dakota Resources. Stalder was certain it would move forward but any additional resources needed for the program would have to be looked at.

Sherlock Holmes and Dr. Watson, after a long day of detecting clues pertaining to a crime in a national park, pitch their tent and go to sleep. In the middle of the night, Holmes wakes Watson up and asks him what he sees. Watson says, “I see millions of stars.” Sherlock says, “What does that tell you?” Watson says, “It tells me there are millions of galaxies, that Saturn is currently in Leo, that it’s approximately a quarter past three, and, meteorologically, we should have a nice day tomorrow. What does it tell you?” Holmes cries in exasperation, “You idiot! Someone has stolen our tent!”

A couple of first-time deer hunters were successful in shooting a deer. They were happily dragging it by the tail back to their pickup when they met another hunter. He congratulated them, and then told them the deer would drag a lot easier if they got hold of the antlers instead of the tail, because the way they were doing it, it was going against the grain of the hair. So they thanked him and started dragging it by the antlers. After awhile, one of them said, “That guy was right-the deer does drag a lot easier this way.” The other guy said, “Yeah, but the heck of it is, we’re getting further from our pickup.”

A Rancher between here and the North Dakota border was known to keep all his money in cash in a sealed cream can in the barn. When a neighbor asked why, he said, “I don’t have a bank account because I don’t know my mother’s maiden name.”

An official surveyor came to his place with his high tech, modern GPS equipment and told the rancher, “You definitely live in South Dakota. “Whew” responded the rancher. “why so relieved? asked the surveyor. “No more cold North Dakota winters!”

Constitution Week September 17-23

The Catherine Thybo Chapter of DAR promotes the September 17-23 observance of Constitution Week with this reminder: the Preamble to the Constitution "We the people of the United States, in order to form a more perfect union, establish justice, insure domestic tranquility, provide for the common defense, promote the general welfare, and secure the blessings of liberty to ourselves and our posterity, do ordain and establish this constitution for the United States of America."

There are two documents of paramount importance to American history: the Declaration of Independence, which forged our national identity, and the United States Constitution, which set forth the framework for the federal government that is still in use today. While Independence Day is a beloved national hol-

iday, fewer people know about Constitution Week, an annual commemoration of the living document that upholds and protects the freedoms central to our American way of life. This year, the annual celebration begins September 17, 2017.

The Daughters of the American Revolution (DAR) initiated the observance in 1955, when the organization petitioned the U.S. Congress to dedicate September 17-23 of each year to the commemoration of Constitution Week. Congress adopted the resolution, and on August 2, 1956, President Dwight D. Eisenhower signed it into Public Law #915. The

celebration's goals are three-fold: to encourage the study of the historical events that led to the framing of the Constitution in September 1787; to inform people that the Constitution is the basis of America's great heritage and the foundation of our way of life; and to emphasize U.S. citizens' responsibility to protect, defend and preserve the Constitution.

"The framers created a Constitution that translated into law the ideals upon which our nation was built," said DAR President General Ann Dillon. "Their vision was so forward thinking that their words still guide us today. No American history education can be complete without a thorough understanding of the impact the Constitution has had on the lives of American citizens past and present."

Butte-Lawrence County Fair Youth Rodeo

COLLEEN BRUNNER

news@bellefourchebeacon.com

NISLAND – Organizer Alicia Kokesh said it took a while but she finally got the youth rodeo results from the fair tallied.

"The 2019 NFR (Nisland Fair Rodeo) was another success," said Kokesh. "Our number of contestants was down this year, but not by many. The weather was true to its tradition for the day of the rodeo; hot. We all survived the day and ended with the much-loved crepe paper race."

Results: 0-5 Barrels, 1st- Rozyn Koan 13.25, 2nd- Gray Crago 22.23, 3rd- Neacy Conry 25.86. 0-5 Flag Race, 1st- Rozyn Koan 7.30, 2nd- River Seymour 10.43, 3rd- Gray Crago 11.30. 0-5 Goat Tail Untying, 1st- Ryan Koan 3.48, 2nd- Gray Crago 3.85, 3rd- River Seymour 4.30. 0-5 Boot Race, 1st- Neacy Conry, 2nd- Tristy Tetrault, 3rd- Addyson McGrath.

6-8 Barrels, 1st- Delia Ginsbach 20.45, 2nd- Scout Casteel 20.68, 3rd- Remi Crago 21.48. 6-8 Dummy Roping, 1st- Natalie Lei 4.84 (two loops), 6-8 Pole Bending, 1st- Raina Reder 26.53, 2nd- Cade Pelster 31.53, 3rd- Scout Casteel 32.28. 6-8 Flag Race, 1st- Hadley Janikowski 10.89, 2nd- Scout Casteel 12.81, 3rd- EJ Janikowski 13.63. 6-8 Goat Tail Untying, 1st- EJ Janikowski 2.53, 2nd/3rd- Delia Ginsbach & Hadley Janikowski. 9-13 Pole Bending, 1st- Jaden Erickson 23.25, 2nd-

"I want to thank Curt Westland, Chad and Faye Pelster and kids, Shanna Howell, Katrina and Justin Kolb, Clete Schmidt, Cliff Conrey, Justin Crago and Rich Kokesh," said Kokesh. "I know I have missed some people in this list, because it takes many people to help put this event on. I also want to thank our sponsors this year: Belle Fourche Vet Clinic and Pioneer Bank & Trust of Belle Fourche. Again, thank you to everyone who helped, supported, entered, and enjoyed the 2019 NFR."

The Good Stuff

by Jim Thompson

Jim Thompson takes motivational stories that listeners and readers send him and incorporates them into the program. It has been on the air for more than 10 years.

One of my very favorites, though there are probably 100 tied for *most favorite!* Dale Winbrow wrote it.

The Man In The Glass

When you get what you
want in your struggle for
pelf,
And the world makes you
King for a day,
Then go to the mirror and
look at yourself,
And see what that guy has
to say.
For it isn't your Father, or
Mother, or Wife,
Who judgment upon you
must pass.
The feller whose verdict
counts most in your life
Is the guy staring back from
the glass.
He's the feller to please,
never mind all the rest,
For he's with you clear up
to the end,
And you've passed your
most dangerous, difficult test
If the guy in the glass is
your friend.

You may be like Jack Horn-
er and "chisel" a plum,
And think you're a wonder-
ful guy,
But the man in the glass
says you're only a bum
If you can't look him
straight in the eye.
You can fool the whole
world down the pathway of
years,
And get pats on the back as
you pass,
But your final reward will
be heartaches and tears
If you've cheated the guy in
the glass.

NEWELL – Newell was busy all this past week gearing up for the annual Labor Day celebration. This year was a bit different as the Newell Community Club, organizers of the four-day event, celebrated 60 years.

The community club recently kicked off its new website at newellcommunityclub.com, and all the events, dates, locations and times were listed, which was a huge help to those coming to town and locals as well.

Charlie Harrison, who lives on 5th and Dartmouth took advantage of the weekend’s influx of visitors to set up a garage sale. He had a lot of items that would be useful and was also trying to sell a used trailer house on a lot he had recently purchased.

“It would be good for storage or for additional sleeping area,” said Harrison.

In preparation for the arena events the community club, along with help from Butte Electric installed arena floodlights

so nighttime events could be enjoyed. There are several poles surrounding the arena now to light up the night.

City offices were the site of the annual bake sale and breakfast feed during the Labor Day celebration. Sabrina Harmon, Pat Lee, Betty Baker-Cozer, and Darlene Stapp, helped sell the items and hand out free t-shirts to all.

The Newell Improvement Committee celebrated the grant award they just received from Wellmark Foundation by entering a float in the annual parade. Those riding shot water at the crowd and also threw out beach balls, swim goggles, and flower leis to help celebrate the parade theme of a Weekend in Paradise.

It was time to get down and dirty during the weekend, with a little mud volleyball. This event is held on Sunday afternoon and is organized by Jean Smeenk. The winners this year were: Kellsie Boylan, Taurie Collins, Megan Dix, Levi McTaggart, Caleb Weaver, Paul Austin, Hayes Bean, and Tyrel Jacquot.

McKaLee Mahaffy and Taylor Gaer, team up to dig deep and return the ball, while Braidy Nelson and Kassidy Weeldryer watch it sail over their heads and across the net.

NEWELL – The 2019 Sanford International Senior PGA Tour of Champions will be held September 16-22 in Sioux Falls at the Minnehaha Country Club. On two of those days, the 18th and 19th, Newell High School golfer Abbie Nelson, will be on the links, as a caddy. She will be there as an official caddy for the Pro-Am events for Midco and Energy Management, courtesy of the South Dakota Beef Industry Council. The SDBIC invited young people involved in the production of beef to apply for three positions at the Tour of Champions Caddy position.

Abbie Nelson was part of the Newell girls golf state 6th place team this past spring. She will soon be rubbing shoulders with a PGA Pro/Am golfer at the Sanford International PGA Tour of Champions in Sioux Falls later this month.

Getting Our Fill of Rodeo

COLLEEN BRUNNER
news@bellefourchebeacon.com

NEWELL – It wasn’t hard to get your fill of rodeo during the four-day Labor Day celebration this past weekend in Newell.

Starting with the 2nd annual bronc futurity on Friday night, people had the chance to see every rodeo sport there is. Top three winners in each contractor category started with the 2-year-old colt futurity winners. Tying for first were Longbrake Rodeo and Soap Creek Buckers. Third place was also a tie, with Lesmeister Bucking Horses and UU Livestock.

For the 3-year-old colts, Longbrake was also the first-place winner, while a tie for second went to Schmidt Rodeo and Lesmister Bucking Horses.

Bronc Contractor awards went to Kling Rodeo with a first-place finish and Headings Rodeo, LLC, in second.

Winner’s in the cowboys long-go were: 1st-J.D. Anderson, 2nd-Lane Schuelke, and a third-place tie between Taygen Schuelke and Jacob Lewis. In the short-go, the winner was Jacob Lewis.

Buddy barrel race saw Levi McTaggart and Preston Novak grab the top spot and a cash prize of \$250.

The cowboys long go Calcutta winners were: Lee Anderson, first, and Dick Keil/Keith

Lane Schuelke rode his bronc to a second-place finish Friday night in Newell.

Then and Now in Newell

Sept. 18, 1909

Several of the Vale sportsmen have been out duck shooting since Friday, but on account of the warm weather there are not many ducks in the country.

Dick Richards is busy this week moving into his home- stead north of town. Dick is building a house, barn and corals and other wise preparing for winter; “the house is almost big enough for two”, he says.

Sept. 11, 1919

Arrangements have been made through Secretary Hartwell and Lieut. Stephenson of Ft. Pierre for another day of the flying machine at Newell on September 27, stating that there will be 2 machines here all day and passenger flights are already being booked because to many could not ride on Labor Day.

Mr. & Mrs. Heggland, Alphonse Johnson, Inga and Thora Heggland, Anna Langberg and Mr. & Mrs. Syverts enjoyed a chicken dinner at the Elmer Adams home Sunday and all report an enjoyable time.

Misses Ruth Simmons and Reba Jones both of Texas have accepted positions as teachers in the Horse Creek Consolidated School. Miss Simmons, who is the sister of Mrs. L.C. Clift, and Miss Jones have been visiting at the Clift home since June. Simmons is Principal of the school.

Sept. 12, 1929

A heavy frost visited on September 7, 8, 9 and 10th and we'll just have to talk with the Weather Man! Up until 3 years ago he had some respect for the month of September, but this year put one over a little too early to suit folks, making tomatoes and cucumbers vines look pretty black. It seemed too bad as cukes were bearing their very best. Apples, plums and corn have not been harmed.

Several buildings at Castle Rock have been painted and now make a much better appearance. Several of the neighbors also contemplate painting their home and out buildings by the new method of spraying on paint.

Simon Scruggens says he likes to come in the house these days because the kitchen smells so good, his woman is making pickles of all sorts, jelly and other stuff. And he's glad he lives on the farm when he thinks of all the good things the big city man ain't got.

The thermometer soared to 104 degrees here Tuesday, highest reading on record this late in the season, according to Joe Bonnemann, observer at the US Experiment Farm Station. It also was the second highest reading for September, being topped only by a temperature recorded on September, 1908.

Dr. Oscar H. Clark was given a special place of honor with the American Legion Color Guard at the head of the parade in Newell's Labor Day parade. The local Ross-Kayras Post observing of the fact that Clark is the only living Spanish-American War Veteran in the immediate Newell area. The 86 year old physician began his practice here in 1913 and retired several years ago and winters in Arizona. He also operated the Black Hills Honey Apiary before retir-

ing; however he still maintains a farm southwest of town.

Sept. 12, 1979

Bill Smeenk, Newell reported to the Butte County Sheriff that sometime within the last 6 weeks, 180 head of sheep were stolen, apparently from a pasture near the Center of the Nation northwest of Newell. Missing are 140 lambs and 40 mixed aged ewes. They are branded with a dot over a bar in black paint on the right hip near the middle of the back. Smeenk has searched all over the area by airplane and talked to his neighbors, with out finding a trace of the lost sheep.

The farm sale for Vernon and Lillie Holst, September 1 was well attended; Vale Lutheran ladies served lunches. The Holst's have purchased a house in Newell and have moved into town. The new owners of the Holst farm are Mr. & Mrs. Charles Fields, formerly of Eagle Butte. Mrs. Trula Fields is the new Elementary Principal for Newell School. Fields attended Northern State College for her Bachelor of Science Degree, Black Hills State College for her Masters, University of Maryland Special Guidance Class and at a College in Missouri Special Reading Causes.

To Presenters and Donators,

The entire group of folks, who put together the Suicide Prevention and Mental Health Awareness, August 27th at the BFACC in Belle Fourche, would like to thank everyone who presented the informative education and to the donators of ice, water, pizza, coffee, printing, finances for marketing and advertising, and other items we used. We truly believe that the folks that mattered were in the audience. To have the Chief of Police there asking questions and getting things lined up for education the police force was awesome. And by the same token, to have the Assistant Fire Department Chief there was a plus. To have our local EMT staff voluntarily attend in case of emergency was awesome. To have the Mayor there was fabulous. We recognized two retired school teachers, and a few folks we knew would be taking the information back to their groups. The education from our get together will now go out into the rest of the community. Word of mouth can travel fast!

Thank you, everyone! It was our pleasure to have you attend and participate in the educating of folks on such a difficult subject of importance. Again, Thank you!

Let ‘em Go!

“The stock market is going down,” says New York paper. Good! Let ‘em go down, down, down to perdition, where they belong, and let the men who gamble in them go too. They represent nothing but an organized conspiracy to grind gold out of the long suffering and debt-ridden people who owe them nothing. – New Road

Silver Not Redeemable In Gold

Let me strongly urge the significant of the fact that the existing standard silver dollar is at a parity with gold and is so for the sole reason that the demand for its use for that which it can do makes it so. Let it be understood once and for all that the silver dollar is not redeemed in gold. The contrary impression is curiously general and is entertained by men whose knowledge of the general subject ought to be proof against the error.

Town and Country

Remember – Max Schuft buys your live stock. Office in Bolles block, phone 92, Belle Fourche.

I.A. Stearns left Sunday for Omaha and Chicago, where he will purchase merchandise for the L. A. Stearns Co. store.

Beet Harvest

Harvesting of sugar beets in the Belle Fourche valley will

start between September 20 and 25, according to Phil Dale, agricultural superintendent for the Great Western Co. A total of seventeen hundred seventy acres of beets have been grown in this district this season, and in comparison to other localities the yield here will be very good. The Sugar company is now advertising for men and teams to do hauling, and ranchers who have good heavy teams and are looking for work will do well to confer with Mr. Dale. The company furnishes wagons and beet racks.

Moves To Larger Quarters

J.J. DeKorte has moved his plumbing shop from the room north of the R. W. Brown barber shop to the Muth building, opposite L. G. Robinson’s Overland garage. The new location will give Mr. DeKorte much more room, and will enable him to arrange displays in an attractive manner, as well as allow him to carry a much larger stock of goods.

Bold Auto Thieves

That auto thieves throughout the country are becoming more bold in their activities is being demonstrated every day. Last week some parties from Scranton, N.D., were in Belle Fourche and while here found a car that had been stolen in the North Dakota town. Of the activities of this particular band of thieves, the Camp Crook Range Gazette says: “One of the best organized gangs of automobile thieves that has ever operated in the Dakotas was rounded up last week, after three months of successful operation in the town of Scranton, Bowman county, North Dakota. Fifteen cars have been stolen by the gang of four, according to the confession of one of the members of the gang. Most of these cars had been taken and resold in the vicinity

of the town without anyone suspecting the guilty parties.”

Beet Growers Directors Planning for Campaign Sugar Co. Announces Tentative Dates for Campaign

Meeting With Dewey A meeting of the directors of Black Hills Beet Growers Cooperative Association was held at the Black Hills Sugar Plant, Tuesday afternoon, to discuss with the Sugar Plant officials plans for the forthcoming slicing campaign and beet harvest. President Alex Kling, Fruitdale, presided over the meeting, with W. D. Buchholz as secretary. Directors present were Carl D. Anderson, Newell; George Jeffery, Spearfish; Earl Alexander, Vale; William Schmele, Newell. The Black Hills Sugar Plant was represented by Manager Collins T. Cannon, and Henry Hales, field man in the end of the county. Manager Cannon announced that all stations would be receiving beets on October 2, and that the slicing campaign at the factory would begin about October 9. This year’s labor supply for topping beets is extra good, with about 320 Mexican Nationals, 95 war prisoners and 100 valley people.

J. F. Koller Sells Studio Business To Dryden Photo Shop

J.F. Koller, secretary of the Belle Fourche Commercial Club and manager of the Black Hills Round-Up, has disposed of his studio business to Dryden’s Photo Shop. He will devote all his time to his present duties with the Commercial Club and Black Hills Round-Up. Although not so old in years, Joe may be considered as one of the older businessmen of the city, having operated his studio shop in Belle Fourche for

He came to Belle Fourche during the summer of 1923, coming her to see the Round-Up, and he puts it: “At that time I was a roving picture taking man and planned to stay about two weeks. It appeared then to be a city of young business men of civic activity – I decided right then to establish a studio shop, and never regretted the step.”

City Schools Seeking \$61,800.13 From Taxes

The Belle Fourche city schools are seeking a total of \$61.800.13 from tax levy to operate the local school system for the present fiscal year, July 1, 1944, to July 1, 1945, according to the transcript of budget filed with the county auditor. This year’s property valuation of the district is placed at \$2, 192,253. Last year’s valuation was listed at \$2,182,231.

Prisoners of War

For the first time in the history of our state we have a group of prisoners of war interned in this section. About 100 Germans, young and middle aged men, are confined at the camp at Orman. Always under guard, various groups are sent out to assist in agricultural operations around the country.

Chamber Meeting Features Wool Business

The story of local wool handling activities was related to the Chamber of Commerce at its weekly noon luncheon Monday as part of the continuing program of recognizing local industry. Special guests yesterday were Woodrow Hafner of the Hafner Wool Company of Belle Fourche and Newell and

Bob Meyer and Harold Sheldon of the Farmers Ranchers Cooperative. Bob O’Donnell of the firm of Walt and Bob O’Donnell was also scheduled to take part in the program, but was unable to attend. Hafner reported to the group that 75 per cent of the 1969 wool clip has been sold. However, not all of it has been shipped. He said this is the result of military cloth orders. The cost of synthetics and the foreign wool market are key factors in the sale of domestic wools, Hafner explained. He said he felt the wool incentive payment program should be continued. Meyer said the firm had handled two million pounds of wool, half of that thru the Nation’s Center Wool Pool which Meyer described as the nation’s top wool pool on the basis of volume and quality. Today it has 130 members – 42 in Montana, 33 in Wyoming and 45 in South Dakota.

Rodeo 1969 Championships Announced

Another rodeo season comes to an end for members of the Northwest Ranch Cowboy Association. The 1969 champions were named following the finals rodeo here last weekend. Tom Miller, Red Owl, receives congratulations from NRCA President Bud Day for winning 1969 all-around honors. Day had won the award for four consecutive years and looked like a sure bet to repeat. Things went wrong at the finals, however, and Miller moved ahead to take the title. Vern Richardson, Long Valley, edged Don Nixon of Alzada by 28 points to win the bull riding title and the handsome saddle that goes with each title.

CHARLIE ODELL

news@bellefourchebeacon.com

It has been quite a while since I did the news so I decided to give Karen a break and do the news. On Labor Day Karen, Hywel and I went to Buffalo for the barbeque. Hywel made several new friends. I inspected some cows for Tim Schell on Friday and then went to Ft Meade for some appointments. On Saturday Tim and Tom Roberts came and got the old 4010 John Deere tractor. On Sunday Karen, Hywel and I went over to Buffalo for the Horseshoe Tournament. Karen won second in her division and Hywel made a lot of new friends. More people probably know him better than they know me. We ate dinner at the "Over the Edge" on the way home.

On Labor Day weekend Dorothy, Dawn and Bryce Padden met Donnie and Lynn Brewer and Russ Brewer and their families at Fort Peck. They spent the weekend camping and fishing. On Monday Dorothy went to Camp Crook and had

lunch with Lorraine Chin before Lorraine headed to a Triple E Conference in Vancouver. On Thursday she went with Brandon and Ashley to Buffalo to watch Junior High Football game. She had seven Great Grand kids in the games.

Monday was Labor Day so Ronda Cordell went over to Buffalo for the parade and Barbeque. Cristen Westling and Jon Hamilton followed her over to attend both before heading home to Rapid City after spending two nights at the ranch. On Tuesday Ronda went to Rapid City for two dental appointments. Diane Wear came to do chores and doggie sit. Thursday Ronda went to two appointments in Ekalaka in the afternoon. She has spent several mornings digging on a hydrant that is in a bad place for the backhoe to get at because of phone and electrical lines running close. She has been weed whacking, making chokecherry jell, running down a UPS delivery of vaccines and moving cows. She went to town Saturday afternoon to pick up Lowell

Cordell's metal detector to use to locate a water line shut-off. She ate early supper at the Over the Edge. Sunday Clint, Denise, Darby and Abby Zolnoski came up in the morning. Clint took the 4-wheeler and the girls took the Ranger and went looking for cows in the Hills. After finishing there, they went to Zolnoski's and ate soup. They then went west to Bergstrom's. Clint did some fence repair while they went to check on pairs. Darby got to feed cows cake which she thinks is great. Ronda startled Abby when she yelled out for the cows to come, but Darby looked at her, and then try to call them. It worked. Clint has been trying to get the millet baled. With the shower yesterday of .30" and today's .20", it may take some sunshine to get the last few windrows rolled up. He said that it was making over four bales per acre. The next job will be to get those bales into a hay yard. The way the weather has felt the last few days we may need all this hay. It was 99 degrees a week ago and 45 today.

Lynn Gustafson went to town

for groceries one day. They have finished haying. They went to church at Little Missouri on Sunday.

Erma and Dick Albert came home from Deerfield on Tuesday where Dick was scouting for elk. On Friday they took their pickup to Belle Fourche to have a recalled part replaced. They did some shopping and got a new ATV battery. They went to church on Sunday.

They are busy hauling and stacking hay at Moncurs.

On Thursday Dawn, Bryce and Dawn's dad Roger Stevens went to Buffalo to watch the Junior High football game between Ekalaka and Buffalo. On Friday they went to the Grandparents Day in Buffalo. They had six grandkids playing in the games. Then they went to Ekalaka to the watch Michelle's sons play in the Homecoming football game. On Sunday she defrosted all four freezers.

On Sunday Julia and Doug Davis went to Sturgis to watch their Grandsons compete in Motocross. Keaton won third in the first round, second in the second round and third overall

and Kellan won fifth in the first round. They got to visit with Jake and Callie and Sarah and her friend. Jake came out during the week and he and Travis helped Doug do some big projects that required more than one person. On Friday they had supper in town with Amanda and Travis, Amanda's mom and Amanda's cousin Tony and his family. Amanda and Travis went to visit Amanda's family during the week. They are leaving on Monday for their home. Julia worked three days during the week. Julia's sister Lori came out to visit during the week.

Justin Kerr went to Ekalaka to the Junior High volleyball games.

Billy Roadifer spent the week working cows. He went to the LaBree auction on Saturday.

It has been chilly the last few days but it looks like we are going to have normal or a little above temperatures for the next week. I hope everyone has a great week and Karen will be visiting with you next week.

Grand River Roundup

BETTY OLSON

news@bellefourchebeacon.com

Labor Day weekend was fun in Buffalo. Rep. Sam Marty called me early Monday morning to see if I could drive him through the parade in Buffalo that day. I didn't stay for the rodeo because I had to get home to pick up Reub to go to the Glendo Gathering at Roger and Judy Nash's that afternoon.

Lots of friends and neighbors came to the community gathering, so there were lots of folks to visit with and Judy, Roger, and Dale cooked a delicious supper for us. They used to have the Glendo Gathering in the Slim Buttes on Labor Day, but this weekend was archery season so Reva Gap was full of hunters, leaving no room for us. I took some of Mom's old pictures along to see if some of them could tell us who they were of and gave some of them away to folks that could identify their relatives.

Cal, Ty and Jamie Thybo, Jace Jenson, Luke Rice, and Casey went to Doll's Tuesday morning to help the Hackamore ship yearlings. Reub was busy haying at Glendo, so I took him lunch over there before I got the laundry done and all the gardens watered that afternoon.

I took lunch to Reub again on Wednesday while he was swathing at Glendo and Casey was busy hauling bales to the hay

corral. I had to go to Spearfish on Thursday to get an MRI of my knee that is scheduled to be replaced the first week in October. For some reason the road work on Highway 79 north of here and the work on Highway 20 by Reva that was supposed to be done this year has been postponed until next year. It would sure be nice if they would put some shoulders on Highway 79 to put a stop to all the wrecks caused by vehicles that drop a wheel off the shoulder and wind up upside down in the ditch. Of the six wrecks just this year, there was one fatality.

Dennis Nash hosted the Big Nasty Breakfast Fly-In this Saturday but the weather didn't cooperate. It rained that morning and it was foggy enough that only two planes landed on his airstrip, Ernie Clark flew up from Spearfish and Vaughn Meyer flew up from Sorum. Lots of other pilots drove to the Fly-In so Judy Nash still fed a pile of folks a delicious breakfast of pancakes, sausage and scrambled eggs. Dennis said that it is really Judy's fly-in, because when she's done doing the cooking, he's done too! Casey, Missy, Amanda and the little people, and RonE and Starla Jenson all went to Spearfish for the BH football game

that afternoon, but Reub and I just stayed in the house out of the rain. It might be a while before they are able to get back in the hayfields.

Sunday School started at Slim Buttes Lutheran this Sunday and church time changed to the winter schedule with a potluck dinner following. Have you seen the Trump bear that Jeff Jensen built out of hay bales in his pasture right next to Highway 79 just south of the Slim Buttes? Wow! I took pictures of it when I went to Spearfish the other day and shared it on Facebook. So far there are almost 200 likes on it. I also sent a copy to the SD Republican party and to Pres. Trump's office. Thanks for doing that Jeff!

Dave Penn sent me this Trump joke a couple years ago:

A CNN reporter walks into a neighborhood tavern and is about to order a drink when he sees a guy at the end of the bar wearing a "Make America Great Again" hat. It didn't take an Einstein to know the guy was a Donald Trump supporter.

The CNN guy shouts over to the bartender, loudly enough that everyone in the bar could hear, "Drinks for everyone in here, bartender, except for that Trump supporter."

After the drinks were handed out the Trump guy gives the CNN guy a big smile, waves at him and says, in an equally loud

voice, "Thank you!"

This infuriates the CNN reporter. So he once again loudly orders drinks for everyone except the guy wearing the Trump hat. As before, this doesn't seem to bother the Trump guy. He just continues to smile and again yells, "Thank you!"

So the CNN guy again loudly orders drinks for everyone except the Trump guy. And again

the Trump guy just smiles and yells back, "Thank you!"

At that point the aggravated CNN reporter asks the bartender, "What is the matter with that Trump supporter? I've ordered three rounds of drinks for everyone in the bar but him and all he does is smile and thank me. Is he nuts?"

"Nope," replies the bartender. "He owns the place."
