## County Postpones Again

**Betty Bruner**

[news@bellefourchebeacon.com](mailto:news@bellefourchebeacon.com)

Once again, the Butte County Commissioners have postponed giving a Permit to Operate for Cannabis Cultivation and a Permit to Operate for Cannabis Manufacturing to Center of the Nation Cultivation. The operation had not been granted a Permit to Operate earlier this month by reason of a Cease and Desist Order that had prevented them from operating. The order was written due to noncompliant fencing that research has shown to be within legal limits.

The commissioners were hesitant to allow the operation, located south of Belle Fourche on Highway 85, to be approved although they seem to have met all State regulations, to continue because of questions concerning the use of a water source.

According to the application approved by the State, there was no water usage plan. The representative from Center of the Nation Cultivation first stated that a private well would be shared with the landowner. Then he stated that another plan is to use a cistern and water would be hauled.

County B5

Commissioner James Ager asked about the well owned by Mike Taylor and what aquifer sourced the water to the well. According to Ager, the State lists all the wells dug in South Dakota and he could not find anything on Taylor's well.

"If I showed you a picture of registered wells and the names of those registered wells, could you show me your well?" Ager queried. "Whose name would it be registered under?"

Taylor said that he was not aware that wells were registered. However, Ager said that as far as he knew all wells were registered with the State. State's Attorney LeEllen McCartney further explained that to her knowledge, the State relies on the representation by the applicant for information on water and wastewater plans. Without a current shared well water agreement she encouraged the commissioners to table further discussion.

According to Taylor, an agreement had not been clearly defined. At the moment, Taylor pointed out, the plan was to use the cistern and then progress to

## City Approves Move Toward Engineering Assistance Firm

**Beacon Staff**

[news@bellefourchebeacon.com](mailto:news@bellefourchebeacon.com)

With an expected increase in building and construction activity in the city during the next few years the Belle Fourche City Council approved a move to begin advertising for an outside firm to assist the city engineering department.

"We are expecting a lot of activity coming into the city and this will help us review engineering and construction plans for new buildings," said Brent Hardy, PE, City Engineer.

The plan will ask engineering firms to submit SOQ's (statements of qualifications) for private provider engineering services for the city. The SOQ's will be received at the city's engineering office over the next several weeks and unsealed for review.

The city has the option to develop a short list of candidates to be called in for interviews and the selected firm will be invited to enter into contract negotiations with the city. If negotiations fail, the city will move to the next highest ranked firm and proceed with negotiations.

Hardy expects construction activity at the Rail and Industrial Park to increase in both pace and scope over the next few months. There are also several other projects on the books and many more proposed projects as the city looks to build more housing for the influx

of citizens. The SOQ request is seen as a move to keep the city prepared for the expected workload.

Earlier this year the city was named Community of the Year by the Governor's Office of Economic Development (GOED) and Hollie Stalder, Belle Fourche Development Corporation Executive Director, has seen a steady stream of interest from businesses looking at the Belle Fourche area.

The newly completed expansion of the rail transloading facility has already attracted new customers and Stalder expects it to be a hive of activity in the coming months. There is still interest from investors in building a new convention center. And a large housing project, with nearly 100 units, is planned for the city's south side along with several smaller housing developments. Albany Farms is also in the process of locating a large flour mill at its campus in the BFDC rail and industrial park.

According to Hardy, the private engineering firm will help perform plan review for engineering and construction plans for new and additional buildings, developments, structures, and infrastructure as needed within the city. They will work directly with the contractor and developer to assure compliance with building codes, city ordinances and other specific design requirements.

## Hallam Cheer Coach Association President-Elect

**Beacon Staff**

[news@bellefourchebeacon.com](mailto:news@bellefourchebeacon.com)

In an interview, Belle Fourche cheer coach, Michaela Hallam talked on how the team prepared for the season, summer conditioning, choreography camp, and what they are excited about for this season.

Unlike the past couple seasons, this year has felt normal again. Cheer tryouts were held in May so the athletes could start summer conditioning in preparation for this Fall. Bronc cheerleaders attended weight training in the morning

Michaela Hallam

3 days a week to develop the strength they needed to hit some of the new stunts that had been choreographed in this season's routine. This routine was choreographed by Coach Hallam and Coach Doyle. The theme for this year's routine is Sunflowers. Each member of the squad has a meaningful connection to sunflowers and it felt important to showcase them. This season so far, the cheerleaders had a high attendance at their Pee Wee Summer camp fundraiser. The Pee Wee campers performed at the first home football game on September 2nd. Thus far, the Broncs have attended 2 competitions with the next being this Saturday. At both competitions, Belle Fouché scored highest out of their conference competitors and took home first place at the Douglas invite on September 17th. We look forward to continuing to progress and compete again at Douglas for Black Hills Conference on October 13th.

It is important to Coach Hallam that the belle fourche cheerleaders are active members in their community. Each cheerleader volunteers time

## Albany Farms Attracts Overseas Investor

*Upcoming food shortages in Europe prompt visit to Belle Fourche*

**Beacon Staff**

[news@bellefourchebeacon.com](mailto:news@bellefourchebeacon.com)

With record high inflation and the looming possibility of food shortages in Europe, Albany Farms has drawn the attention of a major food distributor in Great Britain. The Belle Fourche Beacon has learned that shortly after Labor Day a senior executive with a large food processing investment group in London flew to Belle Fourche to talk with company officials about a major investment in the Belle Fourche operation. Ramen demand increases during tough economic times as it is seen as a valuable and cost-efficient food source.

"The reason he came is that the European Union is in

drought and for two years their crop production has been way down," Lyle Rogalla, Plant Supervisor and Albany's Lead Engineer, told the Beacon. "They are running out of fertilizer and seed and are predicting famine. So they are trying to make some connections now to the U.S. It's likely that the U.S. will be looked upon in a significant way to feed the world in the next few years until they recover from this."

The British investor was described as polite, cordial and enthusiastic toward the Belle Fourche operation. His firm would be poised to make a significant investment into Albany Farms' operation in the city but there is no word on specifics or timeframe. According to Rogalla, the representative met with Albany's CEO Bill Saller for about four and a half hours on Sept. 5 after hearing an update

on logistics and manufacturing from Rogalla.

The potential investment continues a string of positive developments for Albany's presence in Belle Fourche after facing earlier headwinds. The relocation of production by Albany to Belle Fourche came in the midst of the COVID economy which created serious supply chain and shipping issues. The machinery for ramen manufacturing comes from Taiwan which was dealing with its own political and economic tension related to China. When the equipment was shipped, it sat offshore, bottlenecked in Los Angeles for more than a month, while dock operators dealt with a worker shortage. Shipping costs to get the equipment to Belle Fourche once it was off-loaded, quadrupled.

But plans forged ahead, and

## First Step Taken Toward New Lighting at Roundup Sports Complex

**Beacon Staff**

[news@bellefourchebeacon.com](mailto:news@bellefourchebeacon.com)

It's long been an issue that the lighting around the sports fields at the Roundup Sports complex needs an upgrade. This past week the first step toward the future upgrade was taken when the City Council approved testing the subsoil for suitability in supporting new light poles.

The council gave the go-ahead to American Engineering and Testing (AET) to perform drilling tests at eight sites around the complex. The cost of the services will be \$7,850 with the money to come from the Roundup Improvement Project budget.

AET will drill at least 20-feet down at each of the pre-selected locations to see

how stable the soil is and if it would be suitable for use in constructing the proposed light pole foundations. The firm will contact South Dakota One Call to determine what, if any, underground utilities exist at each bore site. The city will be responsible for locating any private underground utilities and informing AET if any exist at each site.

The soil samples will be taken a lab and examined for soil type, density, saturation, and other factors that may need to be considered when engineering

## The Holistic Cowgirl Celebrates New Belle Fourche Location

**Beacon Staff**

[news@bellefourchebeacon.com](mailto:news@bellefourchebeacon.com)

In early September local entrepreneur Samantha Arpan took a leap of faith fulfilling her dream of having her own studio and opened a new location in Belle Fourche. The Holistic Cowgirl studio now calls the bottom level of the Tri-State Chiropractic building home at 1515 5th Ave #201. The studio offers massage therapy, yoga, and functional flexibility classes. Samantha is no stranger

to healthcare and self-care in rural areas. She is also a rancher near Alzada, Montana, with her husband Brandon. She is excited that their journey has finally led her home and will allow her to pursue her passion for helping people live a more pain-free and healthy lifestyle while still being able to ranch.

As the daughter of military parents, Samantha developed a passion for fitness and adventure instilled by her family from an early age. She loves the outdoors, you'll frequently find her rock climbing, hiking, horseback riding, working on her family ranch, or helping a neighbor work livestock. Her interest in holistic care began after September 11, 2001, her mother was reactivated by her Marine unit, and she lived with family members while her mother was back on active duty. While staying with her aunt who was, a massage therapist, yogi, and nurse, she learned about yoga, massage, and other tools that were essential to maintaining a healthy pain-free lifestyle.

**James(Jim) Maupin 73**

James Ernest Maupin (Jim) was born May 28th, 1949 in Pierre, SD; the son of Thomas J. and Christine Maupin of Eagle Butte, SD. In 1952, the family moved to the ranch south of Alzada, MT just over the Wyoming line, where they raised registered Hereford bulls for many years. He attended grade school at the country school near the ranch. Jim attended Hulett High School where he participated in football, wrestling and track. It was during Jim's junior year that the wrestling program in Hulett began.

married Chris Kinghorn in Belle Fourche, SD. He operated the ranch with his sons Thomas and Charles until his death while attending an auction sale on Sunday, September 25th, 2022. He is survived by his wife, Chris; son, Thomas and daughter-in-law, Rebecca and his beloved grandchildren, Thomas and Riley all of Sundance, WY; son, Charles of Sturgis, SD and brother, Baine Maupin of Buffalo, SD and many nieces, nephews, cousins and friends.

Throughout the season he would stay during the week with the Lee Willy and Charlie Moore families and through this Jim and their sons soon became best friends.

Proceeding him in death were his parents, his siblings, Thurman McKinney, John Walter Maupin and Peggy Symonds.  
Funeral services are pending in the care of Kline Funeral Chapel in Belle Fourche.

He continued to ranch after high school with his parents until their deaths in 1978. On October 5th, 1974 he

**Pastor's Perspective**

*This week's Pastor's Perspective is provided by Rev. Don McKillop, Trinity Lutheran Church, Belle Fourche*

**"Be Ready Always"**

Christians of every generation have thought that the end of the world and the return of Jesus must be near. They would talk about certain things that are happening in the world. I'm sure that people thought the end was near during the terrible plagues of the 14th and other centuries in Europe when hundreds of millions of people died of the Black Plague. During the Revolutionary War people talked of how the end must be near. Imagine Christians living in the years of 1914-1918, and 1939-1945 in Europe. No doubt they thought the end was very near. We continually hear people saying even today that the end must be near. And it may be. We don't know. A few years after Jesus ascended into Heaven, Peter thought that the end must be near. In 1 Peter 4, Peter wrote, "The end of all things is at hand; therefore be self-controlled and sober-minded for the sake of your prayers. Above all, keep loving one another earnestly. You should also be hospitable to one another without grumbling about it,

and use your spiritual gifts to serve and minister to one another, always seeking the fame of God's name, not your own." Peter had no idea that the world would still be in existence 2000 years later.

While Peter didn't know when the end would come, he did give advice on what we are to be doing in being ready for the end. He said we are to be praying for each another, loving each another, and taking care of each another. And he also said that we are to be living in a way which honors God. Matthew 5:16 says, "In the same way, let your light shine before others, that they may see your good deeds and glorify your Father in heaven." We are to repent of our sins, and put all of our trust in Jesus and His death on the cross as the payment for all of our sins. In speaking of the end of the world and the return of Christ, Jesus said, "Be ready always." Hebrews 9:28 says, "Christ, having been offered once to bear the sins of many, will appear a second time, not to deal with sin but to save those who are eagerly waiting for him."

**A Brief Introduction to Suicide Prevention**

**Date**  
Saturday October 1st, 2022

**Time**  
10 AM

**Location**  
Belle Fourche Area Rec Center  
1111 National St.

Suicide can be prevented. This presentation will cover what we know about this leading cause of death, the most up-to-date research on prevention, and what we can all do to fight suicide.

Participants will learn the common risk factors for suicide, how to spot the warning signs in others, and how to keep ourselves, our loved ones and those in our community safe.

**Feeding South Dakota**

The **Feeding South Dakota (FSD)** free distribution occurs monthly on the second Thursday of the month at the BF Baseball Complex. The distribution was begun after the emergence of the COVID-19 virus, and afforded volunteers the opportunity to distribute food to many families who are in need. The truck arrives after 1:00 p.m. and the distribution begins after 1:30 p.m. Volunteers from area churches help facilitate the distribution. Those interested are asked to show up after noon on the day of distribution. On average, FSD distributes to 150 families. A double row of vehicles lined up from the parking lot entrance to the distribution truck. Their next distribution will be October 13. *Beacon Photo*

## Broncs Boys Soccer Go 1-2 in Recent Contests

**JIM TRIMBLE**  
news@bellefourchebeacon.com

The Belle Fourche Boys varsity soccer team dropped two contests and picked up their third win of the season in recent games. The Broncos hosted St. Thomas More on senior night in Belle Fourche on September 10th. The Cavaliers found the net three times in each half to coast to a 6-0 victory over the Broncos. More outshot Belle 25-8, with Broncos forward Keegan Walker getting six attempts to score. Ethan Staley and Brayden Carbajal led the defense and Josh Brill stopped 23 shots from his goalkeeper spot. On Tuesday the 15th the Broncos traveled to Sturgis to take on the Scoopers. Sturgis scored three goals in each half to come away with the 6-1 victory. Scooper Senior Carson Oedekoven rapped in 5 goals

for Sturgis. The Broncos got on the scoreboard in the second half as Sophomore Midfielder Drake Sutter hit junior defender Cody Foes who drilled it home from outside the 18 for the goal. Sturgis dominated in shots with 31 compared to only 6 for Belle. Junior Ethan Staley and senior brother Anthony Staley led the defensive effort. The Broncos travelled to Custer to take on the Wildcats in their first year in sanctioned soccer. The Broncos prevailed for their third victory of the season 9-4. Sophomore Darian Pesika and eighth grader Keagan Walker each scored twice as did freshman Josh Brill who came out onto the pitch to play some offense in the game giving way to Keagan Walker in the keeper spot. Griffen Biehl, Anthony Staley and Ethan Staley had the

other netters for Belle. Brayden Carbajal racked up 5 assists for the Broncos. The Broncos are currently just outside the playoff position at the number 7 seed with one game remaining against the Hot Springs Bison in Belle Fourche. Belle is going to need to win this game and then get a little help from other teams they have played in the season to improve their power points rating. The Broncos stand at 3-6 on the season.

## Broncs Girls Varsity Soccer Ends Season

**JIM TRIMBLE**  
news@bellefourchebeacon.com

The Belle Fourche Girls varsity soccer team wishes it had a few more games to play this season, as they rapidly improved their play in the last three games of the year. The Ladies had 7 of their 10 games in a two-week span in August with only three games played in September and finished the season at 0-9-1. The Lady Broncos took on St. Thomas More on senior night as part of the doubleheader with the boy's game. The Ladies had just dropped a game to the Cavaliers 7-0 ten days earlier, but this would be a different contest. Both teams battled to a nil-nil tie in the first half as sophomore defenders Joselyn Shockey, Alexa Swaney, and Tessa Stearns helped stifle the Cavaliers offense. In the second half good offensive play by Lady Broncos seniors Tori Brill, Ava Walker, and Natalia Biehl along with freshman Jazlyn Olson and eighth grader Kyra Vandenberg

put up a season high 14 shots on goal but couldn't get a counter to drop. More was able to get two scores in the half to gain the hard fought 2-0 victory. Bronc goalkeeper Aleyah Carbajal was again good at the net for Belle garnering in 25 saves on the evening. "We have made such a great improvement since we played them last week," said Broncos head coach Rebekah Trimble. "I was really proud of the way we battled." The Lady Broncos final game of the year was played in Sturgis against the Lady Scoopers and the fast improvement in the Broncos game continued. The Broncos jumped out and took a 4-2 advantage at half-time. Senior forward Jessica Dudley hit the first goal at the 29-minute mark to answer the Scoopers first counter scored two minutes earlier. Sturgis took the lead with a goal at 24 minutes, but senior forward Tori Brill would answer with a goal less than a minute later by an assist from Ava Walker to tie the score at 2. Jazlyn Olson found the net for the Broncos on a long ball assist from Brill and a second netter by Dudley with 5 minutes left staked the Ladies to the 4-2 intermission lead.

In the second half Lady Scooper junior Keira Muchow dropped in two of her game high four goals and Sturgis took the lead 6-4 with just under 16 minutes left to play in the game. Tori Brill would again rip the cords with her last score as a Lady Bronc a minute later to make it 6-5. The Broncos put up a valiant fight down the stretch but were unable to tie the contest and Sturgis would come away with the win. Belle put 18 shots on goal with Brill having 8 and Walker 5 with eighth grader Lynley Seaman getting two shots on goal. Carbajal stopped 21 of the 27 shots put on her from the Scoopers. "The girls came out strong and just put everything they had into the game," commented coach Trimble. "We were just crashing the goal offensively and kept up the pressure on Sturgis defensively also," she added. Broncos seniors playing their last game were Tori Brill, Ava Walker, Jessica Dudley, Natalia Biehl, and Payge Oakes. Despite losing these seniors the Lady Broncos have a strong bunch of experienced players returning which should help them next year.

## Five Lady Bronc Senior Soccer Players

# Spearfish Spoils BF Homecoming 40-12

**Beacon Staff**  
news@bellefourchebeacon.com

**BELLE FORUCHE** – The first play of the game set the pace for the Belle Fourche Bronc varsity football team as they fell behind early in the first quarter against rival Spearfish and never recovered in a 40-12 loss last Friday night before a large homecoming crowd at Lou Graslie Field.

The Broncos opted to receive the opening kickoff which was fumbled to the Spartans. It was the first of four costly turnovers on the night and a bit uncharacteristic for a team which had graded well with ball security up to this point.

Spearfish took over at the Belle Fourche 25-yard-line and on the third offensive play of the game Spartan quarterback Seth Hamilton rolled to his left and found a wide-open Brayden Delahoyde in the end zone. The extra point made it 7-nothing.

At this point early in the game the Broncos were far from shell shocked. In fact, just the opposite. They began the following drive on their own 21 and drove quickly toward the Spearfish end zone. Bronc quarterback Nolan Wahlfeldt connected with Tatin Yackley on a 32-yard pass to set the Broncos up in Spartan territory at the 32. Four plays

later Kyren Nulle powered his way up the middle, shredding the Spartan defense, taking it 23 yards for a matching touch-down. The extra point was no good and Spearfish held on to a slim 7-6 lead.

“We went into the game believing that we could run the ball,” said Justin Walker, BF Head Coach. “And there were a lot of parts in that first half and in the second half where those running plays did hit. It’s the counter plays that didn’t hit.”

On the next drive Spearfish Dylan Doren broke loose after a catch completing a 65-yard pass play after several missed Bronc tackles. That let to a 5-yard touchdown run by Bridger Neihaus and it was 13-6.

After a Belle Fourche interception thrown by Thomas McCoy on a halfback pass the Spartans would score again making it 20-6 after one. The Spartans added a score in the second quarter to make it 27-6 at the break.

After Belle Fourche forced the ball over on downs from Spearfish, Wahlfeldt was intercepted by Caden Langenfeld who nearly returned it for a touch-down. The Spartans scored when Brady Hartwig hauled in a Hamilton pass from a yard out. The Broncos blocked the extra point and it was 33-6 with

9:11 left in the third. Spearfish added one more score in the third to make it 40-6 going into the fourth.

The Broncos would score after an impressive 15-play 81-yard drive that was capped by a Wahlfeldt to Yackley 13-yard pass. Every play on the drive, except for the touchdown, was on the ground as Nulle, Thomas McCoy and Devin Nowowiejski powered the attack with solid blocking up front. The missed extra point made the final score 40-12.

“It was a tough game. We started the game with a special teams error and it’s really hard to come back after you make an error like that,” Walker said. “The bright side was we ran the ball well and we did do some good things on defense. We made a couple mistakes here and there and, again, we got started off on the wrong foot. But football is a multitude of plays, a multitude of players making this happen, right or wrong, and we just had more wrongs than rights tonight.”

The Broncos fall to 2-and-3 on the season as they take to the road this Friday night against Lakota Tech (Pine Ridge) at 4:00pm. Lakota Tech is 0-5 on the season after losing at Rapid City Christian 50-to-8 last Friday night.

## Cross Country Teams at R. City Invitational

**Sarah Hayes**  
Special to the Beacon

The Broncos traveled to Rapid City on Friday September 23 to compete in the Rapid City Invationals at Hart Ranch.

The middle school team, led by coach Matt Wattier started the day off for the Broncos with impressive performances from the young squad.

The team hasn’t competed since August 30th because of weather conditions. The Belle Fourche meet on September 8th was moved to earlier in the day and shortened to only JV and Varsity races because of extreme heat conditions. The Custer Invite on September 15th was also limited. The combined JV and Varsity girls’ race was the only race to finish. The boys Varsity race started but was stopped in the middle because of lightning and a deluge of rain. The JV boys and the middle school races were cancelled.

Five Bronc boys competed in the 3k race with a large field

of 194 runners. Eighth grader Nathan Hudson came across the finish line in 11:12.86 for 23rd place. Jaxon Bach and Tucker Olson were the next Broncos across the line in 12:04.29 and 12:07.85, good for 61st and 65th place. Thad Mckenney finished 90th with a time of 12:42.30. Prosper Knappen came in at 109th at 13:07.66.

Sixth Grader Lia Mundt was the lone Lady Bronc to compete in a field of 71 sixth grade girls. She ran the 3k in a time of 12:48.33, good for 10th place. Her performance moved her into the number three spot on the middle school record list.

Later in the day, the Varsity and JV teams competed with runners from North Dakota, South Dakota, and Wyoming.

The Varsity Lady Broncos competed against 134 runners. Ava Allen came across with a time of 22:03.79 for 74th place. Misty Drieling and Shaine Weishaar came in close behind with times of 22:07.4 and 22:24.29, good for 77th

and 85th place. Lily Nore was next with a time of 23:46.39 at 112th place. Ayse Hockenbary and Allison Hayes rounded out the Broncos with times of 24:1036 and 25:05.26 for 118th and 124th place. The girls are working hard to try to get a full team to the State competition this year.

Varsity boys were up next. Competition was fierce in a field of 152 runners, but the boys competed well all the way to the end. Sawyer Clarkson finished with a time of 15:36.33 for a 3rd place finish. Lane Krautschun finished 9th with a time of 16:42.89. Harley Rivera, Sern Weishaar, Justus Funk, and Darian Pesicka came through with the pack with times of 19:04.44, 19:21.80, 19:34.43 and 19:50.04.

Finishing out the day was the JV runners. Tegan Fredrickson and Malachi Funk represented the Broncos in a field of 140 competitors. Tegan ran 22:32.32 and Malachi finished in 24:17.

**Lady Bronc Volleyball Homecoming Week Recap**

**Fehrin Brindley**

Special to the Beacon  
Despite an impressive playing in set 1, the Broncos lost to Rapid City Christian 3-0.

Tied at 2-2 in set 1, Mataya Ward placed a shot cross court over the block for the first point of a run for the Broncos.

Lilly McCarty got a block off the RCC outside hitter and Ward put down a kill from the middle to put the score 13-8. Adryana Hovland found an open hole on the ten-foot-line to bring it to 14-9, but Christian made a strong comeback to pull the score to 24-24 in set one.

A comet net violation gave the Broncos the one point advantage before Christian was able to string the next three points together to win 27-25.

Set two saw some of the most impressive back row defense from the Broncos with Ward and Libero Chloe Crago digging up strong swings to keep the ball alive.

Sloan Young pulled off an ace serve to decrease the opponent's lead to 9-11 and Ava McLennan had a solo block at 14-16 to bring the Broncos within one point. However, the Broncos couldn't quite find enough ways

to score to beat the State-ranked team of the comets in set two, losing 25-20.

Highlights for the home team in set three included a couple of big stuff blocks from Grace Clooten early on and an open tip to left back from McLennan to bring the Broncos up by one, 10-9. The Broncos, however, were unable to rattle Christian and ended up losing the match and set three 25-15.

Belle Fourche Broncos Host Home Varsity Tournament, Wins Second  
Belle Fourche was full of school buses from all over Western South Dakota and some teams from North Dakota and Montana on Saturday for a varsity volleyball tournament to close off Homecoming week.

The Broncos played Sturgis in the first pool play game winning both sets 25-10 and 25-21. They then defeated Wall 25-10, 25-20, and Lakota Tech 25-10, 25-23. Going into bracket play, Belle Fourche defeated Redfield in 2 straight sets before dominating New Underwood in the semi-finals. In the championship game, the Broncos fought hard, but were unable to stop the undefeated Hawks of Broadus, MT for the home tourney title.

The Bronc Volleyball record improves to 12-5. They hope to improve that win column even more Tuesday as they face off to Custer before heading to the Eastern side of the state to play Aberdeen on Friday and in the Redfield Tournament on Saturday.

### Anything Left in the Barrel?

Beacon Correspondent Meg English and her husband John have been spending some time in the south of France in France.

She marks the first International coverage for the Beacon. You will find the first of her overseas articles on page A8 of this week's edition.

Her submissions are loosely grouped under the general head-

ing of "The Incidental Tourist".

In our texting communications of late I offered that the only French I knew was, "Tout le monde aime samdi soir."

It was from a song we sang in high school choir that meant "Everybody Loves Saturday Night."

The page one story on Albany Farms gives insight into the wealth of opportunity that is coming to Belle Fourche with their presence here.

By: Doug Cole

Employment opportunities and business development throughout the community cannot help but grow.

We have a couple other new business stories that are being worked on and when the principals are ready we will be sharing with our readers.

This growth requires planning and a vision for how we want to grow and prosper as a community.

We should all embrace and enjoy the challenge.

For the third year in a row, the Wildlife and Fisheries class from Belle Fourche High School has been partnering with the US Fish and Wildlife Service at the DC Booth Fish Hatchery. While at the hatchery, the students receive hands on lessons on fish culture operations. The class taught by Austin Bishop, applies the knowledge they acquire from the hatchery to design their own hatchery as part of the class curriculum. During the visit the students first learn a little about the history of the hatchery, the species of fish raised, research being conducted, and how to care for fish. To finish off the lesson, the Belle Fouché class dons waders and completes a survey of fish size in the raceways. The hatchery staff is very appreciative of the Belle Fourche class and has often requested the students to come back to assist with additional fish operations, to which they have been more than eager to do. *Courtesy Photo*

# Language Barriers--La belle fourche.

## "The Incidental Tourist"

Meg English  
news@bellefourchebeacon.com

For decades I've known that the phrase means the pretty fork, and that these words arrived with French pioneers. This week, I have reversed the journey and am actually walking the streets of their ancestors. Here in France, and on the way here through the Netherlands and Spain, I've been thinking about the seemingly endless variety of languages throughout the world. A quick Google search identifies between 6000-7000 languages in use today.

Many countries or regions recognize numerous official languages. Today, hundreds of languages are alive in Asia, Africa, the Americas, Australia, and even the arctic regions where small groups of people may represent the only users of a given language. Some of these languages may not exist in writing, but only in spoken form.

Even "antique" languages no longer used don't always just die and go away. Languages once considered "dead" such as Hebrew, Latin, or Old English are often revived to help scholars better translate historic and literary documents.

The multitude of world languages complicates com-

munication. One wonders why there can't be just one universal language? Why not English for example? English is generally regarded as the "language of commerce" meaning that educated people throughout the world learn English to conduct business with other educated people in the world who speak, read and, write English. If everyone just spoke English, and expected everyone else to speak English, wouldn't life for travelers be much easier?

Easier maybe, but less rewarding, not to mention insulting to the people you are visiting. Language is the soul of a culture. Even a rudimentary understanding of the language of the country makes a visit to a foreign culture much richer both for the traveler and the hosts. Also, contrary to popular belief, few people in many non-English speaking countries speak English.

For these reasons, I am trying to learn French while visiting in France. It's not easy. French has peculiar pronunciation rules. People speak far too quickly. A few weeks ago, my knowledge of French was limited to three words, Belle, Fourche, and Oui. Oui, pronounced "wee" is French for "yes". However, my French vocabulary is growing, although slowly.

I now know the days of the week, and how to ask for cof-

fee... and wine!

I've spent a lot of time paying attention to the language on signage, which has provided opportunities to learn French words. One in particular was especially provocative. It depicts a bright yellow fish (see photo), and includes the words, "Les poissons pedicure qui prennent soin de vos pieds". That, in English, means "pedicure fish who take the (dead) skin from your feet".

After a week walking in the footsteps of those old French pioneers, not to mention all the airports, I'm seriously thinking of giving it a try...

ANNOUNCING A FULL TIME OFFICE POSITION AVAILABLE  
To inquire please call 605-642-2200

St Onge Livestock has a receiving station for the Gillette Area. It is on Northern Drive in Gillette. Call Doug Miller at 307-660-0960 to let him know what is coming. You can unload all day every Thursday until 4 pm. You can also call Justin Tupper at 605-680-0259 & he can let them know your cattle are coming also.

We also have a receiving station at the Broadus Yards, Broadus, MT. You can drop your cattle off every Thursday from 1:00 pm to 3:00 pm. For more information, call Brandy Escott at 406-951-1666, Tyler at 406-853-5690 or Justin Tupper at 605-680-0259.

Attention to all Sheep & Goat Producers, it is required that every Male & Female animal over the age of 12 months have a scrapies tag in place to sell. These tags can be obtained by the producer for FREE by calling 1-866-873-2824. If they come to the sale barn without being tagged, you will be charged \$2hd for our vet to do them. Please call us if you have any questions.

## The Good Stuff

by Jim Thompson

Jim Thompson takes motivational stories that listeners and readers send him and incorporates them into the program. It has been on the air for more than 10 years.

Listen, I'm retired and I no longer have a staff. I've been doing this for over 4 years this time around and I don't always remember what I've written about before. So if you've seen this before forgive me. Just enjoy it again, OK?

### Eat Your Pie First

One day I had lunch with some old friends. Jim, a short, balding golfer type, about 85-years old, came along with them; all in all, it was a pleasant bunch.

When the menus were presented, my friends and I ordered salads, sandwiches, and soups, except for Jim who said, "A large piece of home-made apple pie, heated please."

I wasn't sure my ears heard him right, and the others were aghast. When Jim continued, completely unabashed... "along with two large scoops of vanilla ice cream."

We tried to act quite nonchalant, as if people did this all the time, but when our orders were brought out, I didn't enjoy eating mine.

I couldn't take my eyes off of Jim as I watched him savoring each bite of his pie a-la-mode. The other guys just grinned in disbelief as they silently ate their lunches.

The next time I went out to eat, I called Jim and invited him to join me. I lunched on a white meat tuna sandwich, while he ordered a chocolate parfait. Since I was chuckling, he wanted to know if he amused me.

I answered, "Yes, you certainly do, but you also confuse me. How come you always order such rich desserts, while I feel like I must be sensible in my food choices?"

He laughed and said "I'm tasting all that is possible for me to taste."

I try to eat the food I need and do the things I should in order to stay healthy, but life's too short, my friend. I hate missing out on something good. This year I realized how old I was. (He grinned) I've never been this old before,

so, while I'm still here, I've decided it's time to try all those things that, for years, I've been ignoring."

He continued, "I haven't smelled all the flowers yet. There are too many trout streams I haven't fished. There's more fudge sundaes to wolf down and kites to be flown overhead."

"There are too many golf courses I haven't played. I've not laughed at all the jokes."

I've missed a lot of sporting events and potato chips and cokes.

"I want to wade again in water and feel ocean spray on my face."

I want to sit in a country church once more and thank God for His grace.

"I want peanut butter every day spread on my morning toast."

I want un-timed long distance calls to the one I love the most.

"I haven't cried at all the movies yet, or walked in the morning rain."

I need to feel wind on my face. I want to be in love again.

"So, if I choose to have dessert, instead of having dinner, then should I die before night fall, I'd say I died a winner,

because I missed out on nothing. I filled my heart's desire."

I had that final piece of pie before my life expired."

With that, I called the waitress over. "I've changed my mind, "I said. "I want what he's having, only add some more whipped cream!"

- Be happy and enjoy doing whatever your heart desires. You only go around once on this crazy planet.

Quietly eating his pie first. - Jim T jim@livewithjt.com

## Contract Personnel Announced for 2022 NFR, NFSR

**NFR is Dec. 1-10 in Las Vegas and NFSR is Nov. 4-5 in Mulvane, Kan.**

COLORADO SPRINGS, Colo. (Sept. 20) – The contract personnel for the Wrangler National Finals Rodeo presented by Teton Ridge and the National Finals Steer Roping were announced Tuesday by the PRCA.

For the ninth time in 10 years, two of the announcers for the Wrangler NFR remain the same. Randy Corley and

Pendleton Roundup winners at the \$587,575 rodeo: All-around cowboy Marty Yates (\$6,541, tie-down roping and team roping); bareback rider Kaycee Feild (175.5 on two head); steer wrestler Riley Wakefield (17.3 seconds on three head); team ropers Joshua Torres/Jonathan Torres (19.1 seconds on three head); Kolby Wanchuk saddle bronc 174.5 on two head); tie-down roper Trevor Hall (29.0 seconds on three head); breakaway roper Jacey Fortier (6.0 seconds on two head); barrel racer Kacey Gartner (57.11 seconds on two runs); steer roper Logan Currie (37.4 seconds on three head); and bull rider Bubba Greig (88.5 points).

Wayne Brooks will be on the microphone for the 10 nights in Las Vegas Dec. 1-10. They will be joined by announcer Roger Mooney.

Corley, who was inducted

into the ProRodeo Hall of Fame in 2017, will be making his 20th NFR appearance, while it will be the 10th of Brooks' career. Mooney will be making his sixth appearance at the NFR.

Livestock superintendent John Barnes makes his 17th consecutive Wrangler NFR appearance. The assistant livestock superintendent is Kenny Barringer. Floyd Campbell is the saddle horse boss.

The chute bosses are Tony Amaral (timed events) and Tom Neuens (roughstock).

Sunni Deb Backstrom, who was inducted into the ProRodeo Hall of Fame in 2021, is the NFR secretary, marking the 17th year in a row she has been selected. Jennie Murray is the assistant secretary.

Timers are Shawna Ray, making her third NFR trip in a row, Courtney Morehead is making

her third appearance, and this is the second time for Molly Twitchell.

Benje Bendele is the music director. The assistant music director is Josh Hilton.

At the NFSR at the Kansas Star Arena in Mulvane, Kan., Nov. 4-5, Charlie Throckmorton and Jody Carper will handle the announcing duties. This is Throckmorton's 21st appearance at the NFSR, and his first since 2019, and Carper's eighth, fourth in a row.

Chute boss John Gwatney is back for his 13th consecutive trip, and the arena usher is Josh Edwards, who last served as the arena usher in 2020. The NFSR secretary is Sandy Gwatney, the former PRCA Secretary of the Year, and wife of John, will be the secretary at the NFSR for the seventh time. The timers are Mary Brunner, who is making her seventh appearance at the NFSR and Katherine Merck, who is making her NFSR debut.

Jake Ostrum will be making his debut as the music director at the NFSR.

## Capitol News

**KAREN ODELL**

Dick and Erma Albert had an interesting week. Erma played cards at the senior center on Tuesday. On Friday, she picked up Delores Sperle on the way to the Senior Citizen dinner. Erma and Delores stayed to play cards after the dinner, and Erma stayed to visit with Delores after taking her home. Erma had had an encounter with a scammer the week before, so they took their computer to Radio Shack to have a virus removed. On Sunday, they went to church at the Catholic Church, and then had lunch at Saloon Number Three with the Smiths, who had just come from church at the log church.

Lynn Gustafson and Linda Matthews made a trip to Bowman, on Tuesday. On Wednesday, Lynn went to the Diligent Doers Extension Club meeting at Little Missouri Church. That evening, Bruce and Lynn went to Pete Anderson's to visit with Pete and his mother, Dixie. Dixie had come out to visit for a few days. On Saturday evening, Bruce and Lynn went to Buffalo for the Tracy Rooter benefit, at the community center.

Marguerite Roselle and her son, James and his girlfriend from California, visited at Junior and Shirley Melum's this week. It was good to see them and to visit with them again. Shirley has watched each day as the ash trees become more golden. The cooler weather might have already affected the trees, and it looks like fall is on the way. Ernie and Tommy Melum went to Baker church, on Sunday. They are busy getting ready for winter.

Dorothy Padden had a really busy week. It was Bryce and Dawn that kept her busy, so

they had a busy week, too. Dawn is always busy taking sports pictures, and she publishes them on Facebook for everyone to see. She gets some really interesting shots of things that the eyes of spectators miss, like a player losing his shoe, or exasperation, or surprise on the face of a player. On Monday, Bryce, Dawn and Dorothy went to Buffalo for the junior high volleyball game. It was just Dawn and Dorothy that went on Tuesday, to see the little girls' basketball team play against Bison. Then on Wednesday, Dawn and Dorothy went to the Diligent Doers Extension Club meeting at the Little Missouri Church. Lynn Gustafson was the hostess for the regular meeting this month. On Thursday, Bryce, Dawn and Dorothy went to Buffalo again for the junior high volleyball games. The fire crews came in just as the games were ending. They had been fighting fire to the south at the Clanton ranch. Dorothy went with Dawn to Lemmon, on Saturday, for the all-day junior high football jamboree with eight teams. They got there early, and it was still very chilly, so they huddled under a blanket for the first game. Then Dawn got her camera out, and when she began walking the sidelines to take pictures, she finally began warming up. The day was good for pictures, and she could take them from either side of the field. When they got home, Dawn called her son, Kelly, to wish him a happy birthday.

Charlie Odell went to town for an eye doctor's appointment on Tuesday. His new glasses will come in the mail this week. On Thursday, he made a trip to Camp Crook to meet the garbage truck, and to

stop in at Wolffy's. Karen still has her garden growing inside her greenhouse. The wind nearly took the greenhouse away one day, but now she has it staked down, and hopes the cover is strong enough to last for a while. She spent her week working on enhancing and sizing pictures for publication. She will use them in revising and republishing her Sugar Creek Township history books. She got another portion published in digital form as an ebook. On Saturday, Charlie and Karen went to Belle Fourche and Spearfish to do some shopping. Then on Sunday, they did some Bible reading, and went to church at the Presbyterian Church in Marietta, Georgia on YouTube. The children's sermon had brought children to the front of the church, and the minister kept the children at the front to see the baptism of a baby girl. It was special for the children, because they were right at the front where they could see the whole ceremony and feel a part of it. The sermon, though originating from Bible times, was perfectly relevant for living in today's situation. The organ and the choir were beautiful. Karen talked to her brother, Jim, in Kansas City in the afternoon, and kept in touch with kids and grand-kids with texts. On Sunday evening, Charlie went to the Over The Edge to pick up a delicious supper.

Your reputation is not your character. A reputation is just what other people think you might be, but your character is what God knows you are.

#### From A1 Albany Farms

Albany began beta testing on their first ramen cup line in late August and made a small initial product shipment to General Grocers in mid-September. The company plans its first major, multi-truckload shipment, in October and has distribution agreements in place with Walmart, Target and HEB, with product packaging branded with "made in Belle Fourche, South Dakota, USA."

"We're making it," Rogalla said. "We come to fourth down and we bet on ourselves. We don't punt, we run another play and make a first down. We've been fourth down miracles for a year-and-a-half now here in Belle."

The investment proposal includes creating an additional ramen product manufacturing line to exclusively supply Great Britain. Sources tell the Beacon that cost figures and a budget for the additional production line were presented and are under consideration.

When considering the uncertainty of manufacturing in Tai-

wan along with shipping delays and costs, Rogalla proposes engineering and constructing the manufacturing equipment for the production line domestically instead of going offshore. Rogalla, who has spent decades as a leading food manufacturing product engineer, says there are capable engineering minds in the area along with machinists and electricians to get the job done.

"And if you need welders, I mean, man, Belle Fourche is full of great welders," Rogalla said.

There are three major companies that control most of the world's \$60 billion ramen production, often referred to as the "Ramen Cartel" in the food industry; Nissin, Nongshim and Maruchan.

Rogalla says these three basically control all Ramen production equipment. There is no U.S. company that builds a ramen-specific noodle making production line.

Rogalla's vision is to bring together experienced organizations change that. He has been

a long-time associate of Orle Cohen of Western States Machinery, whom Rogalla worked with for three decades prior to his coming to Albany Farms. Cohen now operates ORICS Industries, a leading North American manufacturer of food production equipment.

Among other packaging machines, ORICS builds pasta food production equipment using all US-manufactured equipment. Combining the expertise of companies like ORICS with local skills and engineering, Rogalla hopes to be able to create the first domestically made ramen-specific production equipment.

As for timeframe, Rogalla says there would be a lot of engineering, design and testing work upfront but when it's all done, making the equipment domestically would be more efficient and possibly as quick as securing machinery off-shore. With domestic production, future expansion in Belle Fourche would also be more proficient as well as changes, modifications and repairs to machinery.

#### From A1 County

a shared well.

After some discussion, Ager noted that he was not prepared to make a decision on the Permit to Operate and asked that the motion made by Stan Harms be changed.

Chairman Kim Richards said that everything must be in place before the permit could be granted. Commissioner Karrol Herman noted that there was nowhere in the written plan for water usage.

Harms would not change his motion and called for the question.

Following a vote with Harms the only dissenting vote, the motion failed.

Center of the Nation Cultivation will need to supply more information on the water source to be used before approval will be given.

Travis Ismay spoke to the commissioners about his concerns for permitting establishments to cultivate, manufacture, and sell medical marijuana.

He pointed out that the county ordinance limited the number of cultivation facilities to five and that it was unnecessary to approve any more, even though the present cultivation facilities were "grandfathered" in.

Another member of the audi-

ence, Deb Kukukcha, said to the commissioners that with every time an approval of another facility a message is sent to young people that marijuana is ok.

Michelle Evans, a member of the audience, pointed out that she has seen what marijuana does to an area since she is from Oregon.

"It will change the landscape of the entire state," she said.

The commissioners appreciated the comments, but gave no action.

Financial statements as of December 31, 2020 have been audited and a report was given by Bruce Hintz, Auditor in Charge. There were no deficiencies in internal control or any material violations of laws, rules, and regulations. There were outstanding checks in the amount of \$59,230 that had not been remitted to unclaimed property, as they should have been. However, there has been a majority of the money recovered.

Overall, the audit went well, according to Hintz, and everything was in order. McCartney explained the ongoing process of establishing Cannabis Code Enforcement. A plan is being written that will address the how of cannabis facility code enforcement. Code enforcement will be under

#### From A1 New Lighting

neering the light pole foundations. AET will supply the city with its analysis data, opinions and recommendations on moving forward.

The drilling is expected to begin in October and will take two days to complete, according to Walt Feeger, PE, Sr. Geotechnical Engineer for AET. Lab testing will take up to 10 days, according to Feeger, and then a final report will be issued to the city about ten days after that, prior the end of November if all goes according to plan.

As the city continues to work on the 2023 budget an amount of \$120,000 is allocated in the Capital Improvement Plan

(CIP) for enhancements at the Roundup Grounds which would include electrical upgrades and other advancements. To pay for new lighting at the ball fields, soccer fields, and rodeo grounds it is proposed that \$70,000 be set aside per year for ten years to pay for the improvement, an estimated total cost of nearly \$700,000. Grants, or a sponsored donation, is also being considered to help defray the cost of the new lighting and perhaps bring the project to reality sooner.

The council last week also approved a contract with Albertson Engineering of Rapid City to design, bid and administer the construction of a retaining

wall at the BFVFD Fire Hall in the amount of \$5,340. The cost does not include construction. This is a 2022 CIP budgeted item.

The plan, received by Bob Nelson, Belle Fourche City Administrator, calls for the removal of the existing wood retaining wall on the west side of the property. The site would then be slightly realigned, and the new wall would be built of precast concrete Redi-Rock blocks with a ledge stone finish.

The city would be responsible for acquiring three quotes for the construction of the wall. The city would also be responsible for removal of all trees prior to construction.

#### From A1 County

the Department of Public Safety inspectors and will probably entail at least one inspection a year. She pointed out that it is still a work in progress.

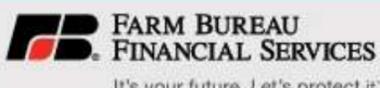

The commissioners were reminded of the "Be An Educated Voter" forum at the Newell School in Austin Auditorium on Tuesday, October 25 at 6 p.m. Candidates and other specials

guests have been invited to attend. The event is sponsored by Whatever It Takes Coalition in Newell.

The next regular commissioners meeting will be Oct. 4 at 9 a.m.

**Looking Back in Belle**

These articles come from newspaper microfilm from the Belle Fourche Public library, using a new microfilm reader and printer. The photographs are from the Tri-State Museum.

After reading the book about Harding County pioneers Lizzie and George Dell and their friendship with Lakota Chief Sitting Bull, I decided to research other Harding County resources about other Indian friendships. *Back Trailing in the Heart of the Short Grass Country* by John O. Bye published in 1956 includes several accounts of encounters.

**Harding County Native Encounters**

Long after the buffalo were gone the Indians continued to roam over the country and each spring and fall would make a trip from the Sioux Reservation to the Rosebud and always camped for a while where our cemetery now is. They would hunt the antelope that trailed north or south according to the season, sometimes in large herds. It was only necessary to lie in wait for them. It was quite a sight to visit their camp after a day of killing and see the meat hung to dry on the wheels and tongues of their wagons. They usually went on foot when hunting and frequently called on us but seldom had anything to say – just walked in and sat down but some times gave us quite a surprise when we would look around and find them sitting quietly there in the kitchen. If you gave them something they would leave at once but soon some more would come. Mrs. Wilder told me once of a young Indian girl that came carrying a baby. She gave them each a cookie, they left and another girl come with a baby; they each had a cookie too. They kept that up for hours until she discovered it was the same baby. If they found your doors closed they would walk around the house and look in the windows. Camp Crook was quite a trading post in those days. The store would take the deer, antelope and other hides in return for tobacco, bright colored calico, safety pins and ribbon of which they kept a supply for that purpose.

One of high spots in my early life is the time we call the "Indian Scare" that happened in December, 1890. We were all nicely settled for the winter when word was sent out from Fort Meade that Sitting Bull and a band of his followers were missing from the Reservation and as there had been a feeling of unrest among the Indians that fall it was thought best for the people out in the country to get together and prepare to protect ourselves until troops could be sent or Sitting Bull located. Jess Kerr, Lee Chuning and Frank Gayden took it upon themselves to notify the people and rode day and night until everyone had the message. So everyone hastened to gather up their cherished possessions, food and guns and each little community congregated at a home of one of their neighbors. I cannot remember how long we were there but I know life became rather monotonous in a few days. My father, becoming restless, decided he would ride into Camp Crook and hear what he could of the outside world. He arrived there just as the troops from Fort Keogh did so he had good news for us and we made preparations then to return to our homes. (from John O. Bye)

General Custer didn't miss Harding County's board acres very far, if any, but it's positively known that Sitting Bull knew every antelope trail in Harding County and used to head a band

by Mary Buchholz

of Sioux about every fall on a trading and hunting excursion through here. He would bring a lot of "Wak-a-pom-a-nie" coats and blankets, that had been issued to the Indians by the Government, and trade for sugar, coffee and tobacco. It was a great treat for those "intestine eaters" to temporarily change from their "Kinnikinnik" smoking mixture to the luxurious "Big Bale" of the early nineties and they would sit around a camp fire with considerable appreciation. Uncle Tom Pryor, the very early merchant of Camp Crook, bought Sitting Bull's pipe while "Bull" was on one of these expeditions and it was kept in the Pryor family for many years. Through the educational connections of Hugh Pryor with South Dakota institutions of learning this pipe finally landed in the Historical Department of the University at Vermillion.

*Ray Gilbert and this writer (John Bye) Hold Powwow with Indian Chiefs*

"The writer, when a small boy, met Sitting Bull face to face once at the old Willett Ranch on Valley Creek, together with five other Indians, and if any one of them would have suggested that I "jump through the hoop" I would have made an immediate effort to put on an exhibition. Fortunately, however, all they wanted was how they could eat and Mrs. Willett saw to it that they were filled up on bread and butter and potatoes and coffee. When those bird started piling food on Sitting Bull's plate it was like forking fodder into a silo and the capacity of six hungry Indians can only be measured in "loaves and fishes" consumed in a given time. The apparent appetite of the proverbial bay baler is a "piker" in comparison, and when they got through and blundered out and rode away, Mrs. Willett didn't have enough food on that ranch to feed a jay bird."

From Ethel Ashcroft Jacobs "Was pleased to read in the little book (Back Trailing) what your brother said about Indians. I always thought it was disgraceful the way they were treated. Sitting Bull was a gentleman in comparison to some of the soldiers. The Indians used to camp just across the river from us each fall when they were allowed to leave to hunt antelope. The last time I saw Sitting Bull was after he came back from Europe with Buffalo Bill's Wild West Show. He gave me a photograph of himself that last trip – apologizing for the broken corner. He also gave me a beaded necklace, made of beads picked from ant hills. The boy that was killed when he was, was also with him on that trip. Yellow Robe, his granddaughter, also. I read of her once in a while. She is still in one of the eastern states, in schoolwork, I think."

Chief Sitting Bull

**Harvesting and Storing Potatoes**

Allowing potatoes to stay in the ground for a week or two after the tops die helps the tubers to "set" their skins, so that they will store much longer. The process may be aided by cutting off vines a few days before harvest.

After digging them, allow the tubers to further cure by storing them in a dark but well-ventilated area at cool room temperatures (60 to 68 degrees Fahrenheit is ideal) for a few days to two weeks. The tubers will then keep best stored at 40 to 50 degrees Fahrenheit

in relatively high humidity. If you don't have an area that can be kept at that those temperatures, place the potatoes in the coolest area of the house, for example a basement corner may stay cooler. However, do not refrigerate potatoes, as they will convert their starch to sugar. Potatoes should always be kept in a dark area, or they will turn green and develop toxins. Do not store potatoes near apples or tomatoes, as ethylene given off by them may cause the potatoes to sprout.

Should root vegetables be washed before storing? Not if they just have a bit of dirt clinging to them. If they are muddy, they can be gently washed. Make sure they are air-dried (they can be slightly damp, but not wet) before storage, or else storage rots will have an opportunity to set in.

Root crops may also be stored in a garbage can dug into the ground, layered with slightly damp sand. Straw or other insulating material is then placed over the top to prevent freezing.

Puzzle Answers on D4

## "Building Main Street, not Wall Street" Storytelling and the Imagination of Your Brand?

Ernesto Sirolli, most adequately pointed out when he said, "The future of every community lies in capturing the passion, imagination, and resources of its people".

John Newby

the emotional appeal that you are providing to your citizens, potential citizens, and potential customers? To transform to the fullest, you must have a story that connects emotionally.

A story that not only transforms the community, but also transforms the thinking of those in the community. After all, what is a community without its citizens? It has been said, the condition of your downtown becomes the condition of your community. You can't change the heart and soul of the community without changing the heart and soul of those people that live in the community. You must help the citizens build the belief they are worthy of more than currently exists. You must instill the pride that is needed to assure powerful transformation.

Have you ever wondered why some communities seem to always get it right or just seem to figure it out, while others seem to wander aimlessly from study to study and from failed attempt to failed attempt?

It isn't by accident; it is by a lack of direction. They don't confuse activity for productivity, and they have a plan. Zig Zigler rightfully said, "Lack of direction, not lack of time, is the problem. We all have 24-hour days."

It doesn't stop there however, once you have built the compelling and emotional story that connects to readers, viewers, and so forth, then you must

attach the theme of that story to everything you do. That story becomes a part of your brand, it becomes a part of everything you do. That theme is then woven through your brand, your marketing, your advertising, and all your content marketing efforts.

Let me use the words of others much smarter than I to close this week's column. Seth Godin said, "A brand is the set of expectations, memories, stories and relationships that, taken together, account for a consumer's decision to choose one product or service over another."

As you build and convey your community or business brand, you can expect just as Howard Schultz expressed, "If people believe they share values with a company, they will stay loyal to the brand." It is so important that a community or business control the message that is not only conveyed, but that is felt in the marketplace. Scott Cook said, "A brand is no longer what we tell the consumer it is—it is what consumers tell each other it is."

A community MUST build, promote, and repeatedly convey their brand non-stop. They must tell the story that controls the narrative of their community. If you aren't conveying a message that brands and promotes your community or business, rest assured that your competitors are. Oftentimes the difference between successful communities or businesses and those not as successful is their story. Emotional connections are critical, create your emotional connection and start elevating toward a brighter future.

John Newby is a nationally recognized Columnist, Publisher, Community, Business, Media, Strategic Consultant & Speaker. His "Building Main Street, not

**2022 Family and Consumer Sciences Show Story**

**Chris Maupin**  
Special to the Beacon

Sixty years ago, a group of Extension agents, 4-H leaders and parents held the first Western Junior Home Ec Show which is now known as the Family and Consumer Sciences Show (FCS Show).

According to show president, Peggy Turbiville, Sundance, WY, "We want everyone to come and enjoy, meet new people, and hopefully build friendships that will last a lifetime."

The 60th Show will be held October 7 and 8 at the Central States Fairgrounds in Rapid City, SD. The event consists of 12 contests held over two days which are open to all youth ages five through 18, from all states and some contests have an adult division.

The show will conclude with a style show, awards and honoree tea at 3PM on Saturday, October 8 in the Walter Taylor Building on the fairgrounds.

During the awards program, all former contestants and volunteers will be recognized for keeping the show going for so many years. In some cases, several generations are participating in the show.

Bread Baking and Dairy Foods Demonstrations were the first two events held in 1962.

The show historian, Ree Reich, Belle Fourche, SD and Chris Maupin, Publicity Chairman, Hulett, WY have organized 6 large scrapbooks of historical items which will be available for viewing during the show.

The 85th Western Junior Livestock Show will run from October 4-8, also at the fairgrounds.

The twelve contests are Lego, FCS Judging, Produce ID and Judging, FCS Skill-a-thon, Meat

Identification and Judging, Family Life Photo, Sewing Contest, Place Setting, Public Presentation, Measuring, Home Living and Cookie Decorating(non-competitive).

No pre-registration is necessary and help is available if you are newcomer to the events. The Lego contest and Cookie Decorating were added in 2021 and proved to be extremely popular. This year the Sewing Contest has been changed to include items other than garments which may be constructed or purchased to include an under 40 inch sewing division which might include wall hangings, doll clothes or other sewn items.

There is also an over 48 inch division which could include quilts.

The following contests are only held on Friday from noon to 6PM, Home Living, Family Life Photo, and Meat Identification. The other contests are held on Friday as well as from 8AM to Noon on Saturday. More information about each contest and a schedule can be found in the show book on Facebook under Family and Consumer Science Show, at your local extension office, by emailing Chris Maupin to request a booklet, or by calling show president, Peggy at 307-283-1229.

The 2022 Show Honoree is Vicki Triggs, Rapid City, SD. Having grown up on a farm south of Mitchell, SD, Vicki (Fraser) Triggs had the opportunity to be involved in 4-H for 6 years. As she attended a county school close to their farm, her parents thought the 4-H program would help with her development of cooking, gardening/canning, sewing, crafts and to participate

in the sheep show. There Vicki learned to develop her demonstration, speech skills and to be involved with the public. After high school, she went into a nursing program and worked as a RN for the Monument Health System for 44 years. When her daughters, Kerl and Roberta were able to participate in 4-H, she volunteered for 11 years as a leader and was on the board of directors for the Pennington County program. During this time she helped with the Horse and Rodeo programs.

Beginning in 2006, Vicki was asked to join the Western 4-H Family and Consumer Sciences Show and has not looked backwards. She has been the coordinator of Meat Identification and currently serves as chairman on the Sewing and Home Living contests. "It has been a great experience to watch and listen to these young members participate and grow with the program and watch them visit with the judges in these divisions." Vicki loves the fact that the 4-H/FFA/ FCS Show programs are a family affair and looks forward to seeing the participants come back each year and for that reason she will continue her love of working with them at the Family and Consumer Sciences Show. Vickie now gets to encourage her 6 grandchildren to participate. She will continue to assist with the show as it develops with the changing times.

While the number of participants has declined over the years, the friendships and learning opportunities make it a worthwhile opportunity for youth and families from South Dakota, Wyoming, Nebraska, Montana and other states.

## Show Up

Welcome back to the Beacon's Fine Arts column, featuring the events and entertainers of our community. Time to find out where and when to Show Up. Follow your favorite fine arts events in the schools right here!

**FINE ARTS BOOSTERS - aka Belle Fourche FAB! ANNUAL MEETING, Wednesday, SEPTEMBER 28th at 5:30 PM at Grap's.** Remember when you stepped on stage to perform in your school years - and how much the clapping, smiling audience meant to you? The Belle Fourche FAB supports all of the students in their fine arts activities, and they want to spread this message about their organization: Supporting the students in fine arts is FUN! FAB holds two main events in our community, The Christmas Belle old-fashioned holiday program & The Belle Fourche Community Variety Show. Your talents are needed at these events - on stage & behind the scenes. Students & adults work together in FAB at the concession stand & with other fundraisers to prepare for a fabulous fine arts trip for our BFHS students. So Show Up at the FAB Meeting to help our youngest performers!

**SEPTEMBER 29th - BROTHERS is the FIRST PERFORMANCE of the BELLE FOURCHE CONCERT SERIES' SEASON. NEED CONCERT SERIES TICKETS TO ATTEND!** The Series is five concerts between September and April. Series tickets are \$25 for students, \$40 for adults, and \$90 for a family. Just call Connie (892-2370), Danelle (892-5962), or Mary (560-2177) to get tickets for five wonderful concerts before Friday night!

**MARK YOUR AUTUMN CALENDARS for these Fine Arts Events in our schools:**

- OCTOBER 1: ORAL INTERP OPENING MEET, BFHS 9 AM, No Admission Charge**
- OCTOBER 6, 7-9 PM: AUDITIONS** for the Belle Fourche Area Community Theater (BFACT) Vintage Hitchcock, A Live Radio Show. Great opportunity to get involved with theater - and not have to memorize! The show will have speaking and sound production roles with this nostalgic, suspenseful performance.
- OCTOBER 9th, 4PM, & OCTOBER 10th, 7 PM, BFRC Theater: AUDITIONS** for the BFACT Family Christmas Show: A Christmas Carol.
- OCTOBER 15th: PUMPKIN FEST PLAY:** Tri-State Performers, 12 noon & 2 PM at the 6th Annual Pumpkin Festival.
- OCTOBER 17: BFHS BAND CONCERT, 7 PM, BFRC Theater, No Admission Charge**
- OCTOBER 28th & 29th : RADIUM GIRLS AUDITIONS.** Belle Fourche High School Theater will hold auditions Wednesday & Thursday, October 28th & 29th from 4-6 PM in the high school choir room for this fantastic show. Radium Girls follows the true story of women workers who were poisoned by their factory's radium-based paint. Radium Girls is a fast-paced drama laced with humor amid a dark storyline.
- NOVEMBER 11: VETERANS' DAY - MUSIC, POETRY, SPEECHES: BFHS PROGRAM, 9 AM, BFRC Theater & BFMS PROGRAM, 2 PM, BFMS Gym, No Admission Charge**
- NOVEMBER 17, 18 & 19, 7 PM - FALL PLAY: RADIUM GIRLS, BFHS Theater; \$3 Students, \$5 Adults.**

Maybe YOU know what SHOW is UP next? Share your fine arts tidbits and upcoming events at belle-lavenue@gmail.com. I especially love the juicy backstage dish and green room gossip! Stay cool out there friends, and don't forget to Show Up!

Belle Fourche **FINE ARTS BOOSTERS** provided cold water refreshment for the hardworking BFMS & BFHS Band members at the end of the Homecoming Parade. *Courtesy Photos*

### SPEARFISH

Patty Moe 605.641.2287

### BROTHERS

Thursday, September 29 - 7 pm  
 Canadian singer, pianist, and producer Jim Witter has created a new show called "Brothers" which features the hits of "musical brothers" like Lennon and McCartney, Hall and Oates, The Righteous Brothers, The Beach Boys, and many others. Jim will be paired with his multi-talented partner Ian Tanner.

### THE HALL SISTERS

Saturday, October 15 - 7 pm  
 A vocal/instrumental foursome of talented siblings, the Hall Sisters have established themselves as one of the up-and-coming and premier acts in the country pop genre. Their unique sound combines the harmonic prowess of the Eagles, the soulful blend of the Carpenters, and the energy of country pop.

### DAN MILLER'S COWBOY MUSIC REVUE

Thursday, March 9 - 7 pm  
 Dan Miller and his Cowboy Music Revue have been entertaining audiences from around the world for 17 years. Over 170,000 people from 68 foreign countries have enjoyed the first-class musicianship and family-friendly production that this group is famous for.

### TAKE 3

Thursday, March 30 - 7 pm  
 Take 3 is a classical crossover trio led by virtuoso violinist Lindsay Deutsh, with piano and cello. They had a short tour for Allied in the 18-19 season which was very well received. Take 3 is a highly polished ensemble, combining musicianship, an enjoyable mix of music, and dynamism on stage.

### HOW SWEET IT IS!

Monday, April 24 - 7 pm  
 Nashville-based Steve Leslie is an awarded singer, songwriter, and guitarist. With "How Sweet It Is", he turns his warm baritone voice and consummate guitar playing to the music of James Taylor, one of his most influential favorites. Steve's songs have been recorded by Kenny Rogers, Darius Rucker, and others.

## "Ten Characters in Search of a Story" Draws an Audience

Meg English

news@bellefourchebeacon.com

An attentive group assembled at the Belle Fourche Library on a Saturday for some lunch-time entertainment as several members of the Belle Fourche Writers (BFW) shared their stories.

The stories were the result of a group project. Earlier this year the BFW initiated a story challenge to anyone who wanted to participate. The group created ten characters. The challenge was for each writer to write a story based on some or all of the ten characters.

Authors who read their works included Kathy Bjornestad, Jeri Blare-Bartlett, Eric Beeman, Margie Bolte, Lynda Edwards and Joan Gerkin. Jean Helmer read for Dale Kringen who could not be present.

Both authors and audience appreciated the presentation. Bruce Roseland offered his reflection "Perhaps the most interesting thing to me was sitting in on all these sessions and

seeing how all these characters evolved.

Jean did a bang up job in keeping the sessions moving along—I wanted to know what happened next, which is always the sign of a good story, a page-turner.

I believe those that presented felt great pride in having created something."

The presentation moderator, Jean Helmer explained that to maintain time limits, each reader read for 10.5 minutes. "That left the audience wanting more." She said.

Margie Bolte agreed, "The readings were great!

Meg English added a thank you to the Belle Fourche Public Library. "The Belle Fourche Writers so appreciate Wanda Nelson and her staff for graciously allowing us to hold our meetings at the library and for hosting this event."

The October meeting for the Belle Fourche Writers will be Saturday, October 15 at the library from 10 to noon.

Eric Beeman

## Wanted: A Dickens of a Cast

"I will honour Christmas in my heart, and try to keep it all the year." ~Ebenezer Scrooge  
 Belle Fourche is honoring Christmas 2022 with A Dickens of a Christmas. Belle Fourche Area Community Theatre's Christmas shows have been an annual production since A Seussified Christmas Carol in 2015. This year seemed like a good time to revisit A Christmas Carol with the focus on performing a traditional version. The idea evolved into possibly building an entire holiday season around Dickens. Toi Lyn Flick, BFACT board president, took the idea to the Belle Fourche Chamber who graciously (and enthusiastically) agreed and A Dickens of a Christmas was born!

The Belle Fourche Chamber, working with the Belle Fourche Area Community Theatre, are celebrating the holiday season with many Dickensian events culminating in 3 performances of Charles Dickens' A Christmas Carol December 9th, 10th and 11th. Auditions for A Christmas Carol will be Sunday, October 9th at 4pm and Monday, October 10th at 7pm in the Belle Fourche Rec Center theatre. "

As this is the climax of the city-wide Dickens of a Christ-

mas celebration, we would love to have a large cast and crew," states Flick, director of the show. "We want our Christmas shows to be open to family involvement, something Mom, Dad and the kids can all do together! To that end, auditions are open for all ages for the chorus or extras roles. We do ask that children younger than 8 have at least one parent involved in the show as well. The speaking roles are largely for adult/high school ages, with a few for ages 10-14." While there are roles for men and women and a variety of ages, the largest need is for men. A Christmas Carol contains many male parts and, as any of you who came to see You Can't Take it With You in August may have noticed, there have been a shortage of men at auditions. "When I direct a community theatre show I do my best to accommodate those involved," states Flick. "I understand that those participating have work and various other obligations as well as the show." So come on gents, help us make some Christmas magic and memories. There are many very talented men and women in the area, so come on out and audition for this traditional holiday masterpiece!

Serving Newell, Vale and Nisland Communities

## Fire East of Newell Burns 350 Acres

Colleen Brunner  
news@bellefourchebeacon.com

NEWELL – According to Incident Commander, Mike Gruble of the Vale Fire Department, a grass fire east of Newell on Old Highway 212 burned around 350 acres before it was brought under control. Around 13 individual units responded with twice that many personnel from Newell, Vale, Nisland/Arpan, Castle Rock and even a ranch-based truck from the Davis Ranch lending mutual aid.

Newell was called out around 12:26 p.m. on Saturday with units heading out Highway 212 before realizing that there was no access to the grassland near Old Highway 212 and Radio Tower Road. Finally, crews were able to access the area, but tender trucks joined the brush trucks from each department as water was in short supply and the winds were whipping the flames.

It was Newell's brush truck 7 that responded first, but due to no clear path to the fire, a Nisland/Arpan truck and a Vale truck showed up at the area first, allowing Gruble to become IC.

## Freedom Auction Holds First Event

Colleen Brunner  
news@bellefourchebeacon.com

NEWELL – Freedom Auctions, LLC, is a brand-new, veteran owned and operated business, located in Newell at 406 Jewell Ave. and online at <http://www.freedomauctionssd.com/>. The auction service runs completely online.

Collin and Carlee Berry are part of an entrepreneurial family in the Newell area. Collin's parents, Roy and Suzanne Berry have begun, enhanced and sold several businesses locally, including Newell Hardware and Newell Service Center. Roy continues to run Berry Equipment at their home place south of Newell. Suzanne has recently purchased and is renovating the Newell Hotel, providing both a quiet, comfortable place to stay and a great meal. That business, called the Bunkhouse, is located on Girard in Newell.

So Collin comes from the business owner spirit naturally, and along with his wife Carlee have taken the leap into a new opportunity in the hope of providing a needed service both locally and in the surrounding area.

Collin has lived in the Newell area since 2006 and returned after serving in the military. Carlee has lived in Newell since she and her husband married in

Collin and Carlee Berry getting ready for their first on-line auction via FreedomAuctionsSD.com. This couple brings something new to the area and they are a lot of fun. - Courtesy photo

2016.

"I love auctions, so thought I would try and help people sell their items," said Collin. "Freedom Auctions is your go-to company for all of your auction needs."

Berry said he hopes people get the most out of their goods and wants to support local businesses and individuals.

Bidding has already begun, but you have time to bid on items until September 29.

Auction D4

## Norwoods Celebrate 60 Years

Lelani and Pastor Craig Norwood, formerly serving at Nisland Independent Community Church from 1974-1986, returned to celebrate their 60th wedding anniversary this past weekend. The couple was married on August 25, but waited until they were back in the Nisland area to celebrate with family, church members and friends. Story on page D4. - Brunner photo

To Charlie Cooper's friends and acquaintances. We greatly appreciate the friendships and support you gave him over the years he lived in Newell. This has been very comforting as we deal with his passing.

- The family of Charlie Cooper.

## Newell Community Club Presents

# Chase The Ace

Purchase your ticket for from any Community Club Member or at Newell Area Businesses. Proceeds go to the **Newell Rodeo Arena Grandstand Fund.**

Tuesday night: 7:00 pm Drawing at the Newell Bar.

One name from the tickets sold each week will be drawn. That person will win 10% of the week's ticket sales and draw 1 card from the deck. If they find the **Ace of Hearts** they will split the jackpot 50/50 with the Newell Community Club.

If they find another card, the game continues next week as the Jackpot grows with ticket sales. **Other Aces will pay \$100 and Jokers are \$25.**

The Deck is reduced by 1 card increasing your chance to find the **Ace of Hearts.**

Tickets can be purchased on line @ [newellcommunityclub.com](http://newellcommunityclub.com)

**Must be 18 years or older to participate. Must be a South Dakota resident.**

### Newell Volleyball

## Irrigators Take LMC Tourney Title

Colleen Brunner

news@bellefourchebeacon.com

FAITH – The Newell Lady Irrigators have been on a tear and the Little Moreau Conference volleyball tournament in Faith on Saturday proved no problem as they just kept rolling along, grabbing the conference trophy to add to the case in Austin Auditorium.

The girls did have a rough time at Hill City on Thursday night as they traveled to take on the Rangers, a Class A school, on their home court. The Rangers, who were at 8-5 started tough and stayed that way. Newell went into that game undefeated at 12-0, and though they grabbed one game and gave their opponents a tough time, lost in a 3-1 game.

They started the first set down by two, tied it up at three and kept doing that throughout the first match until the Rangers surged ahead to win, 25-20. The Newell girls really struggled in the second set letting Hill City

widen the gap to 20-8 before they started rallying. The set ended in a disappointing 25-15 loss.

The third set saw the Rangers begin to struggle while the Irrigators smelled a win. Newell started out with the familiar tie-it-up scenario for the first few points before moving ahead, sometimes as much as six points before the Rangers would get a side-out. The Irrigators kept pushing and working hard and grabbed a slim margin right at the end, 25-22. The final set was not to be theirs. Once again Hill City dominated the court while Newell had several out-of-bounds serves, which for them is unusual. They lost the final set 25-23 and the game 3-1.

They bounced right back for the Little Moreau Conference tourney, held in Faith on Saturday, September 24. The brackets were set up for best-of-three.

In the first game Newell was matched with Tio Spay Topa

and won handily in two sets. The scores were 25-4 and 25-9. That sent the Irrigators to play the Lemmon Cowgirls where they also took them down in two sets. The scores for those sets were 25-10 and 25-23.

Next up was A bit tougher team, the Faith Longhorns, where the Irrigators ended up losing one set but won the game, 2-1. The scores were 19-25, 26-24 and 25-23.

Timber Lake had previously lost to Faith but because the tournament was a double elimination-style, Newell played them first and ended up losing in three sets, 23-25, 19-25 and 15-23. They then had to play the Panthers again for the championship and won in three sets, 19-25, 27-25, 25-19, giving the Irrigators the Little Moreau Conference win.

The girls will be busy this next week, playing McIntosh on Tuesday and Wall on Thursday, both games in Austin Auditorium starting at 5 p.m.

### From D1 Fire

for water, the blaze was soon contained, and mop-up process began. By 5 p.m. most of the personnel and rigs had been sent back to their individual

departments, although most first lined up at the gas stations on the south side of Newell before heading back to their barns.

Sturgis and Belle Fourche were called for mutual aid but returned to base without coming to the fire, according to Gruble.

Looking east from Old Highway 212 just north of Newell, smoke could be seen billowing high and dark. - Vicki Morrell photo

(Left) The Newell Lady Irrigators kept their winning season intact and even brought home a little bling to add to the trophy case as they grabbed the Little Moreau Conference title at Faith this past weekend. Grand River Roundup

Betty Olson

news@bellefourchebeacon.com

Fall arrived this week and it sure felt like it outside. The temperature dropped from 89 degrees on Monday to 62 degrees on Wednesday with only a tiny shower of rain on Thursday.

Casey, Taz and Trig and a bunch of neighbors went up to the Hackamore Tuesday morning to help Doug and Clint Doll sort pairs. Amanda took her car to Bowman to get it worked on and Trig fixed the lawnmower for Reub when the guys got home that afternoon.

It was only 33 degrees late Tuesday night and it was chilly Wednesday morning when the guys went back up to the Hackamore to gather the cows again, but they came home before lunch because there were enough cowboys up there to vaccinate the calves. Casey finished hauling hay that afternoon and Taz and Amanda went to Bowman and bought a newer car to replace their old one.

It was chilly and the wind was blowing 50mph when Reub and I went to Buffalo Thurs-

day afternoon. We had a good visit with David Natwig who is running for circuit judge for this district. Dave's aunt was Maxine Lahti, who grew up in Harding County on the ranch where Bret and Pennee Clanton live now. When we left Buffalo we could see a lot of smoke from a fire down south of Buffalo and we met several fire trucks headed that way while we drove home. The fire burned around 900 acres between the Moreau River Loup and the Redig Road, burning within a half mile from Billy Clanton's house!

Did you see that Pennee Mitchell was the featured artist at the 2022 Hill City Quilt show? Pennee is a very talented artist and runs the Quilt Connection in Buffalo in the house where her parents, Darrell and Dolly (Henderson) Mitchell and their family lived. Amanda and Syd Turbiville flew out of the airport in Rapid City on Thursday to a ZIYA conference in Utah and they got home Sunday night.

It was cold and windy when Reub and I went to our old friend, Bea Verhulst's funeral in Reeder Friday morning. Beatrice "Bea" (Pederson) Verhulst, 92, of Reeder, passed away on Sunday, September 18, at the Western Horizons Nursing Home in Hettinger. Bea's funeral was on Friday at Our Saviors Lutheran Church in Reeder and she was buried next to her husband Ralph Verhulst in the Ralph Cemetery.

The guys went up to the Hackamore again Friday morning to help Dolls gather the cows again so they could vaccinate the rest of the calves. Trig and Sterling Lee left for the NDRA finals rodeo in Watford City, ND, on Friday and Casey and Taz worked on the stockade at our east place that afternoon.

Taz, Trig, and Sterling Lee were all up in the PRCA rodeo in Dickinson on Saturday. Casey and Missy went up to watch them and Grandma Missy took Taz's kids out to play with Lanie and Matt's kids while

they were up there. Copper said they had a lot of fun. Reub and I went to the Thrashing Bee south of Meadow Saturday morning so Reub and Iver Heier could cover the Gideon booth there. Our pickup was acting up on the way down there. Going down the highway it would shut off, start up again, and shut off again several times before we got to the Thrashing Bee but for some odd reason it acted plumb normal on the way home that afternoon.

We borrowed Casey's pickup to go back to the Thrashing Bee early Sunday morning to work the Gideon booth again. David Johnston from the Triple R Ranch gave the sermon that morning and we had a good visit with him. David is a rock lover and Reub took him Buck's bolo tie with a beautiful polished petrified wood rock mounted on the front of it. When David gave the sermon at the Ranchers Camp this year he gave everyone there a rock he had put through his rock tumbler and wrote an encouraging message on each one. Casey, Missy, Trig, Taz and the little people all went to church at Slim Buttes Lutheran that morning and got to watch little baby Nolan Arthur Besler's baptism.

Casey, Taz and Trig went to help gather cows at Bill Holt's Sunday afternoon so he could preg test Monday morning. When Reub and I got home from the Thrashing Bee Sunday afternoon we could hear on the

fire radio that the fire south of Buffalo that started on Thursday had broken out again and the local firemen were out fighting it again. Good thing the wind wasn't blowing like as it was on Thursday.

I know I've shared this before, but it's good:

A fire started on grassland near a farm in Indiana. The fire department from the nearby town was called to put the fire out. The fire proved to be more than the small town fire department could handle, so someone suggested that a rural volunteer fire department be called. Though there was doubt that they would be of any assistance, the call was made.

The volunteer fire department arrived in a dilapidated old fire truck. They drove straight towards the fire and stopped in the middle of the flames. The volunteer firemen jumped off the truck and frantically started spraying water in all directions. Soon they had snuffed out the center of the fire, breaking the blaze into two easily controllable parts.

The farmer was so impressed with the volunteer fire department's work and so grateful that his farm had been spared, that he presented the volunteer fire department with a check for \$1000. A local news reporter asked the volunteer fire captain what the department planned to do with the funds.

"That should be obvious," he responded, "the first thing we're gonna do is get the brakes fixed on that stupid truck."

Grand River - C. Begeman photo

Then and Now in Newell

"Looking Forward to our Past"

by Linda Velder

September 26, 1912  
O. E. Farnham departed Friday for Salt Lake City to attend the first regular session of the Federal Water User's Association. He will also attend the National Irrigation Congress in the same city beginning September 30. Mrs. Farnham accompanied as far as Omaha where she will visit relatives.

Misses Tutus and Taylor are having their houses papered this week. Mr. McDermott is enlarging his house also this week. Rufus Goer called at the McDermott home to inspect the improvements.

The Belle Fourche Milling Company is in the market for all of your wheat. Their price is more than 10 cents per bushel of the market price. They can handle all of your supply, as there is no elevator in Newell, it is necessary for you to join together so as to get a car loaded in 2 days. They will help arrange for railcars upon notice from shippers. Communicate with Charles S. Price at Newell, as to when you want to ship and the number of bushels of wheat you want to sell and the Milling Company will be promptly notified.

J. D. Moore returned Monday from San Angelo, Texas, where he has been engaged at engineering on an irrigation project

conducted by a private corporation. Mr. Moore intends to live on his 40 this winter and prove up in the spring. Mr. Moore's claim is just south of Mr. Read's and is a valuable 40.

September 21, 1922  
The duck hunters were out in force last Saturday morning, at the opening of the bird shooting season. The cannonading around this part of the county on that particular morning was of the continuous order and to a soldier, who was "over there" some 4 years ago, must have been a forceful reminder of the happenings in France. Several hundred dollar's worth of ammunition was exploded to get a few bags full of birds. As usual, Cap Ridgeway is claiming the record of mallards.

According to word to the local baseball team from officials at Sioux Falls, it is learned that there is every assurance that Babe Ruth and Bob Meusel of the New York Americans will be in Deadwood on October 19, where they will take part in an exhibition ball game.

September 22, 1932  
A number of Hoover area sheepmen are trailing their lambs to Newell this week which have been sold to feeders. H. J. Devereau, Burke

Bros. and Howard Sheridan are shipping 3 car loads of lambs to Brookings and Centerville, in eastern part of the state, where they will be placed in feed lots before going to market. They also will be loaded out of Newell Friday morning.

George Maass, manager of the city water department, is laid up with a badly burned foot. George was handling a bottle of acid and in some way the bottle broke, the acid running into his shoes, and causing severe burns. During his absence from work Fred Gadsden is attending to the regular pumping duties.

September 24, 1942  
Frank Wendt had the misfortune of getting a piece of steel in his eye while working in his shop and after standing it for 4 days, he finally went to Belle Fourche on Thursday and had it removed surgically.

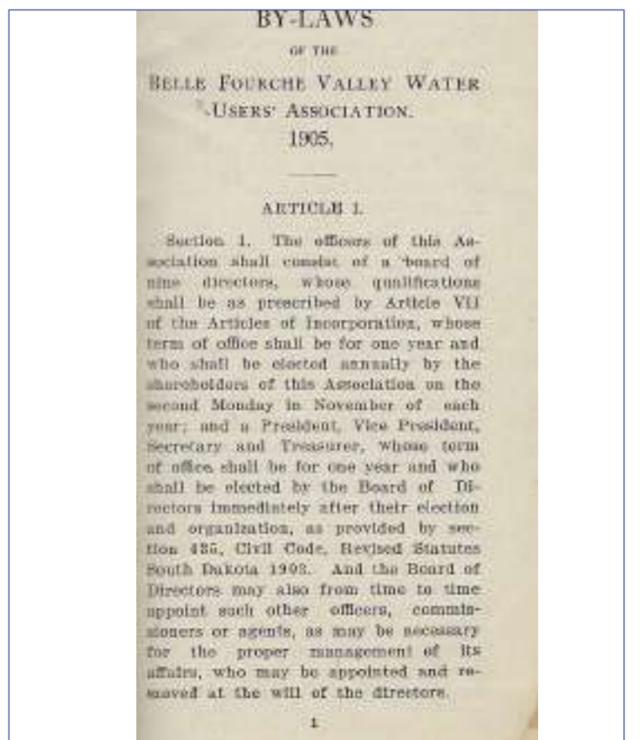

Elsie Jukkola, Virginia Kivimaki, Betty Wiest, Elvie Killinen, Esther Wahlfeldt and Rose Winkler, all Business College students in Rapid city, visited at their respective homes over the past week end. Among the School of Mines students spending a 2-weeks vacation here at home base are: Robert Winkler, Edwin Jukkola, Francis Eickelman, John Wold and Darrell Hansen.

Irrigation engineer J.D. Moore, circa 1912.

Water user's manual inside page.

September 25, 1952  
In a special nun-off election this week, Donald Breidenbach, Newell High School, Senior, was elected President of the Student Council, while Clyde Brown and Rosa Lee Jacobsen, also seniors were named Vice President and Secretary respectively. The following cheer leaders were also chosen: Rosa Lee Jacobsen and Patty Yuill Seniors; Arlie Kirk Junior and Yvonne Webb sophomore.

Ted Stenson, who is employed at Sam's Service center, suffered a bad gash on his forehead Saturday night when a jack which he was using slipped from under a vehicle. What might have been more serious injury was treated by Dr. C. K. MacLean, who closed the wound with 4 stickers.

Marilyn Mickelson, who teaches the lower grades at Horse Creek School, has been confined to her home with a severe case of jaundice. Mrs. Byron Schipke is teaching during her absence.

September 20, 1962  
Star and Rural Route carriers

and employees of the Newell Post Office entertained Post Master and Mrs. Paul Wiest at a pre-retirement dinner at the Cove Cafe Monday evening. Mr. Wiest has served as Newell Post Master since June 10, 1936 and will retire September 30, was presented with a special matched set of 4 golf woods from the group. Others of the "Postal Gang" included: Mr. & Mrs. Arne Lund; Mr. & Mrs. A.W. Simonds; Mr. & Mrs. Kirk Malcolm; A. J. Hade; Mr. & Mrs. Dan Wiest; Austin Post, Mr. & Mrs. Ray Keene and Mr. & Mrs. Donald Seaman. Keen and Seaman are Star and Rural Route carriers and Mrs. Schell's late husband Louis served as a rural mail carrier here for many years.

All 12 families were represented Friday after school when Mrs. Charlotte Milberg and Mrs. Ruby Johnson, teachers at the Horse Creek School, were honored for their recent birthdays. Birthday cake, ice cream and coffee were served.

From D1 Auction

vehicles and much, much more. Previews for the auction which began on September 22 and runs through September 29 online, are on September 25 and 29 from 19 a.m. to 4 p.m. at the 406 Jewell Avenue location. Items purchased must be removed between September 30, 10 a.m. to 4 p.m. or October 1, 10 a.m. to 2 p.m. A catalog of auction items is available on the website at [www.FreedomAuctionsSD.com](http://www.FreedomAuctionsSD.com). Bidding closes at 6 p.m. on September 29.

The company has an online presences on Facebook at <https://www.facebook.com/freedomauctionsllc>, on the website at [www.freedomauctionssd.com](http://www.freedomauctionssd.com), and you can contact them via email at [info@freedomauctionssd.com](mailto:info@freedomauctionssd.com). Collin's phone number is 605-786-3194.

Both Collin and Carlee love hunting, fishing, camping and being out of doors, so the auction business fits them well.

Norwoods Celebrate 60 Years

Colleen Brunner news@bellefourchebeacon.com

NISLAND – Pastor Craig and Lelani Norwood, formerly of Nisland (circa 1974) and serving at the Nisland Independent Community Church from 1974 – 1986, were back at the church this weekend with most of their extended family members to celebrate their 60th wedding anniversary.

The event was hosted by their children, Bill (Pauline) Norwood and Anne (Steve) Carter of Belle Fourche, Bruce (Jill) Norwood of Colorado and Sherrie (Ben) Day of Idaho. Many members of the church also showed up to celebrate the day along with locals that the Norwoods knew during their 12 years of ministry in the area.

The Norwoods plan to move back to the local area from Washington state where they have been living for many years, while serving during the summer months in Alaska. With retirement has come the desire to live closer to family and with two of their four children living in Belle Fourche the moves makes sense.

On Saturday, an open house was held from 2 to 4 p.m. with cutting of the cake with the Norwood's original cake-topper, many photos from the couple's life and their wedding photo and Lelani's wedding dress on display.

Daughter Sherrie was MC for the event, talking about her parents lives, playing a fun game of "who knows best," and then encouraging the couple to tell the story of their wedding day. Son Bill gave a toast to the couple and then it was a fun afternoon of visiting with family and friends.

Lelani and Pastor Craig Norwood center, are shown with their four children, Sherry Day, Bill Norwood, Anne Carter and Bruce Norwood. - Brunner photo
