City Council Passes \$18M 2020 Budget

BEACON STAFF

news@bellefourchebeacon.com

BELLE FOURCHE - Upon second reading on Monday, Sept 16th, the Belle Fourche city council unanimously approved an \$18.1 million city budget for 2020. The budget figure represents a modest .006 % increase over the 2019 budget. At the same time, August saw the highest sales tax revenue figures in the city in at least the last five years.

“Our city department heads really did a wonderful job in holding the line and there was a lot of team work this year,” said Mayor Gloria Landphere. “And I felt that the council had very good conversations and got right into making the decisions they needed to in order to get things done.”

By law, the budget must be approved after the second reading prior to September 30th. A 20-day waiting period is now in effect before the budget becomes a city ordinance.

The budget includes an increase of \$165,250 for capital improvements for a total of \$3,076,000 in the CIP fund. The two largest line items in the CIP are \$1.24 million for 17 street projects and \$587,500 for the Belle Fourche Area Community Center (BFACC).

The BFACC plans to use those funds for new weight room equipment (\$50k), HVAC replacement (\$300k) sidewalk and concrete repairs around the building (\$2.5k), a new emergency backup generator (\$85k), cold storage for the theater (\$60k) and establishment of a reserve fund of \$90,000.

“I felt it important that we establish a reserve fund each year that accumulates to eventually pay for big projects that we may need in the future,” Landphere said. She added that a reserve fund has also been established for the Roundup grounds beginning with \$45,000 this year.

“The mayor’s intention here was to start setting aside funds so that we had cash on hand when something came up,” Schaefer said. “For example, last year we had a boiler blow (at the BFACC), and we were scrambling to come up with \$20,000. This way we can actively work on things like lobby and kitchen improvements, but still have emergency fund money if needed.”

Other large allocations include \$1.8 million in the capital project budget to replace the 40-year old Day Street lift station. The lift station serves 75% of the city, roughly from Custer Street to the south edge of town. The new pump will have three times the capacity of the old one, lifting wastewater from the lower elevation of Day Street up to the wastewater treatment plant lagoons on the city’s far north side.

Among other budget highlights are a \$60k increase

BUDGET A8

Homecoming 2019 on Parade

HOMECOMING PARADE - One thing can be said about the community of Belle Fourche, they know how to have a parade. That was certainly true last Friday for the 2019 Homecoming Parade. In the picture above, the ROTC Color Guard leads the Purple Pride Marching Band up 13th Avenue toward the high school. Additional homecoming photos on Page B7 - *Photos by Hunter Anderson*

Local Fly-in Draws Good Crowd

HELLO FLY BY - At left- spectators at the Belle Fourche Airport record the fly by of a vintage Cessna 195 (right) owned by Michael Rath of Spearfish. The circa 1950 aircraft sports a 42” diameter radial engine that made a “throaty” roar as it flew past the crowd. - *Beacon Photos*

BELLE FOURCHE - New Airport Manager James Deranleau hosted his first of what he hopes are many community events at the airport with a fly-in and job fair that attracted a good crowd of young and old alike last Saturday.

“We were just hoping to get the community out here and get them involved in what is out there for aviation jobs and also community jobs around us,” Deranleau said. “We were hoping to bring everyone together and experience what aviation is all about.”

There were several vintage aircraft on display on the tarmac as well as acrobatic planes and even antique cars and trucks. Inside the hanger, vendors set up booths and displays related to aviation, law enforcement, health care, land management, education and more. The Northern Hills Radio Controlled Aircraft Club also had several of their scale model aircraft on display.

The Young Eagles Chapter out of Rapid City provided free airplane rides for those aged 7 to 17 in the club’s 1975 Bellanca (seen in the foreground of the above right photo). Also on the ramp were a 1940’s era Stinson airplane and a medivac Blackhawk helicopter based out of Rapid

City to promote the armed services.

“It was just what we had hoped for,” Deranleau said. “We have so many old friends and lots of new faces, young and old alike.”

Contractor to Pay \$180k Penalty on 8th Avenue Project

BEACON STAFF

news@bellefourchebeacon.com

BELLE FOURCHE - Liquidated damages of \$180,000 have been set for the 8th Avenue Sewer Project that went well past its intended completion date. The money will be paid by the prime contractor on the project to the City of Belle Fourche.

Wet weather and an exceptionally cold February are seen as primary reasons for the delay in completing the project.

According to the contract between the two entities the prime contractor on the project, Heavy Constructors of Rapid City, is required to pay a penalty of \$900 per working day past the original completion date. According to Chris Robinson of HDR Engineering, the firm overseeing the construction, it was determined that the project was 200 days overdue.

“We’ve informed them (Heavy Constructors) and haven’t heard them come back and say no, or try to negotiate that. So as far as we know, yes they’ll agree to that,” Robinson said. “That (penalty) will be included in the final payout, once they sign that and it goes through council that will formalize that piece of it.”

The completion date had been set as October 15, 2018. According to Robinson the project was determined to substantially complete earlier in the summer so the clock has stopped running. However there are a few smaller items on a punch list that need to be completed.

The City is holding back the final payment on the project to make sure the liquidated damages are accounted for. HDR Engineering was required to remain on site past the Oct. 15th date to continue their duties of supervising and testing the work. Much of the \$180,000 penalty will be used to cover HDR’s additional costs.

“We had additional costs for travel time each day and each day that we had to be on site monitoring the work, extra testing for the additional concrete work that had to be done and construction observation time,” Robinson said. He estimates that HDR’s additional costs for the 200 extra days will be around \$175,000, about \$5,000 under the amount of the penalty.

John Baxendale and Elena Wolf were crowned Belle Fourche Homecoming Royalty. Obituaries

Rosa Lee Riley 93

Rosa Lee was born February 21, 1926, to John and Vella (Carmack) Johnston at the family ranch in Ridgeway, MT. She graduated from Belle Fourche High School and went on to attend Central Bible College in Springfield, MO for two years. She married the love of her life, Willard T. Riley, June 5, 1946. Willard and Rosa Lee lived in and around the Belle Fourche area all their lives. They owned and operated a dairy farm in Nisland for a number of years and were involved in other ranching pursuits. Over the years, Rosa Lee also did office work at a number of businesses in Belle Fourche.

After raising their 5 children, Rosa Lee and her husband were able to take some time traveling around the country and visiting many of their family, friends, and church family.

She was an active member of Black Hills Gospel Assembly most of her adult life. She loved gardening, raising chickens, canning, wood working, sewing, cooking, and crocheting.

Rosa Lee Riley passed away quietly Wednesday, September 18, 2019, at her son's home in Manteno, IL, surrounded by family.

She is survived by children, Gale (Brenda) Riley of Porter, TX, Allen (Delene) Riley of Manteno, IL, Kenny (Tess) Riley of Belle Fourche, SD, Mark (Sherrie) Riley of Humble, TX, and Bob (Glenyss) Ellis of Humble, TX. She also leaves 25 grandchildren, 35 great-grandchildren, and 6 great-great-grandchildren.

She was preceded in death by her parents, five brothers, husband, and

her daughter, Goldie Ann.

Visitation was held Sunday, September 22, at Kinkade Funeral Chapel in Sturgis.

The funeral service was held Monday, September 23, 2019, at Black Hills Gospel Assembly in Belle Fourche. A private family interment was held at Pine Slope Cemetery. Condolences may be sent to the family at: www.kinkadefunerals.com.

FUNERAL CHAPEL

Judy A. Wise 74

Judy A. Wise, age 74 of Newell, died Friday, September 20, 2019 at the Sturgis Regional Hospital.

Graveside services will be held 11am Friday, September 27, 2019 at the Hope Cemetery in Newell. There will be no visitation.

Arrangements have been entrusted to Leverington Funeral Home of the Northern Hills in Belle Fourche.

Judith Ann Jones was born November 28, 1944 in Cedar Rapids, Iowa. She was the daughter of Richard and Eleanor (Shearer) Jones. Judy grew up and attended school in Cedar Rapids. She was united in marriage to Larry Maddelein and to this union 3 children were born: Tim, Shelly, and Debbie. Judy and Larry lived in Iowa and in 1983 they divorced, and Judy moved to Sheridan Wyoming.

In the early 1990's, Judy moved to Phoenix Arizona where she worked in a tourist town called

"Rawhide" for many years. It was there where she met William Wise and they were united in marriage on October 10, 1996. The couple later moved to Deadwood and for the past 20 years they have lived in Newell.

Judy is survived by Bill, her husband of 23 years, of Newell; son, Tim (Sue) Maddelein of Riverton WY; daughters, Shelly (Jim Lunbeck) Benbo of Story WY, Debbie (Gary Clawson) Maddelein of Riverton WY; 5 grandchildren, Zakk David, Josh Ballard, Jessica Bailey, Sadie Aragon, Sierra Maddelein; several great grandchildren; and her brother, Gary (Karen) Jones of Moline IL.

She was preceded in death by her parents, and brother, Richard "Dick" Jones.

OF THE NORTHERN HILLS

Bernice Fern Scott 87

Bernice Fern (Barnett) Scott, at the age of 87, passed away September 21, 2019 at the Rolling Hills Healthcare in Belle Fourche, South Dakota.

She was born August 19, 1932 at Ridge, Montana, the daughter of Irvin Edison Barnett and Jessie Fern (Beltz) Barnett. She grew up under the big skies and wide-open prairies of southeast Montana, then moved on to marriage, children, travel and lots of adventures.

Survivors include daughter, Susan (Lyn) Smeenk of Belle Fourche SD, Deb (Charlie) Winstead of Boonville IN, Nena (Mark) MacGregor of Boonville IN, and son Shawn (Debbie) Griffin of Evansville IN; sisters Marlene Schoepp of OR, Judi (Dick) Kienbaum of Elkhart Lake WI, brothers David (Jonah) Barnett of Philippines,

Sam (Jane) Barnett of Howards Grove WI; sister-in-law, Joan Barnett of Billings MT; and a heart full of grandchildren, great grandchildren, nieces, nephews, and extended family and friends.

She was preceded in death by her parents; brothers, Virgil (Margaret) Therman, Steve (Kay), Phil and Timothy; husbands, Gene Griffin and Edward Scott; daughter-in-law, Nancy Griffin.

No services will be held. Bernice will be laid to rest with her parents in Kiel, WI at a later date.

Arrangements have been entrusted to Leverington Funeral Home of the Northern Hills in Belle Fourche. Friends may leave written condolences online at: www.funeralhomeofthenorthernhills.com

LEVERINGTON FUNERAL HOME
OF THE NORTHERN HILLS

Lawrence Giacometto 74

On the evening of September 12, 2019 Lawrence passed away at his ranch, in the house, because of a heart condition. Lawrence was 74 years old.

Lawrence was born in Broadus, Montana on March 20, 1945. He was the second son of Catherine Mary Teresa Trucano and John Charles Giacometto

Lawrence grew up on the family ranch as a child attending local schools on Bell Creek and Wright creek and he went to high school in Broadus. He worked at the Ford garage in Broadus during high school and eventually left for a short time working in Nebraska for Peter Kewitt Construction with Silvano Morella, they would travel home on the weekends and this is when he met Janet Elizabeth Traub.

Lawrence came back to work on the ranch on Bell Creek in 1964. On September 5, 1964 Lawrence married Janet Elizabeth Traub and they had two children, Ronald Francis Giacometto and John Charles Giacometto and later would serve as legal guardians for Ellen Ruth and Frances "Fran" Ruth. Lawrence spent time working on the drilling rigs during the Bell Creek boom and the ranch in 1965. In 1969 Lawrence purchased the Paul Winland place on Duncan Creek and moved from the home place on Bell Creek down to the Winland place in the spring of 1970 where he lived out his years ranching.

On April 10, 1968 Lawrence completed his solo flight while taking flying lessons with Darrel Blomberg and received his private pilot certification on July 11, 1968. Flying was a big part of his life, he continued to get his instrument rating in 1982 and his multi engine and commercial pilot rating from M.H. Bellow in 1984. He purchased a Cessna 340 twin engine airplane and enjoyed his time flying Slug Mills as well as other rodeo participants around the country to rodeos. One of his trips in the twin engine was flying Slug, Poppy, Darlynn, Charlee, and Jane to Tennessee where Slug and Charlee did a wild boar hunt while everyone else went to Dollywood and Gatlinburg site seeing.

Lawrence was very mechanically inclined and could engineer and build just about anything you could imagine. In high school he loved tinkering on cars and hot rodding them around. He may have had a time or two that his driving habits in these hopped up cars produced some pretty good

stories. It wasn't just cars that Lawrence was handy at. He was pretty good with electrical work too and did a lot of the rewiring in the buildings in Boyes.

He also took great pride in building his own log house on the ranch.

This was a project he started in 1982 and was not finished and move in ready until 1991 doing most of the work himself. Another accomplishment he was proud of was serving the community of Belle Creek by being on the Belle Creek School Board for several years. Betty Inskip came in to Lawrence's

life in 2003 and they enjoyed their time together traveling to Cancun, Mexico and fishing trips to Fort Peck. Betty was beside his side for the last 16 years of his life and was with him at his passing.

Lawrence was preceded in death by: John Giacometto (father), Catherine Trucano (mother), Louis Giacometto (brother), Ron Giacometto (son) and Rowdy(cat) his faithful friend.

Lawrence is survived by: Brother Robert Giacometto (Mary), nieces & nephews Jennifer Giacometto (Randall), James Giacometto, Tom Giacometto (Donna), Roxy Killens (Ira), Tammy Rismon (Todd), son John Giacometto (Cindy), grandchildren Andrew Giacometto (Michelle), Allison Giacometto, Kyle Giacometto, Ryley Giacometto, Dillon Giacometto, Significant other Betty Inskip, and her children Frankie Schoonover (Abbie), Priscilla McDowell (Bob), Jacklyn Bright (Thomas), Billy Jack Schoonover (Sammy).

Visitation will be held on Thursday, September 19, 2019 from 1:00-6:00 p.m. at Stevenson & Sons Funeral Home in Broadus. Funeral services will be held on Friday, September 20, 2019 at 11:00 a.m. at Faith Bible Church in Broadus. Interment will follow in the Valley View Cemetery. Condolences may be sent to the family by visiting www.stevensonandsons.com.

Should friends desire, memorials and donations can be sent to St. Jude's Foundation.

The family would like to send a special thanks to the Powder River County first responders. Your dedication and commitment to the community is greatly appreciated.

A World of Dolls Exhibit to Open

Kristi Thielen
Special to the Beacon

The Tri-State Museum and Visitor Center will open a new temporary exhibit entitled “A World of Dolls,” with a through-the-day reception of beverages and cupcakes, on Saturday September 28.

The Tri-State mounted a mini-exhibit on this topic four years ago and the response was so enthusiastic, it was decided to do a larger exhibit on the topic for the fall and holiday season.

“A World of Dolls” will consist of photos, storyboards, a touchscreen quiz and a children’s table. But the chief component will be a wide display of dolls from throughout the 20th century.

“We have quite an assortment of dolls from the early part of the 20th century among our permanent collections,” said Tri-State Director Kristi Thielen.

“But we don’t have nearly as many from the second half of the century. We sent out a press release requesting the loan of dolls and the response was tremendous. Some of the loaned dolls include Cabbage Patch, Revlon, Toni, Trudy, baby dolls, paper dolls, Victorian-attired and specialty dolls. We’ve also been loaned a doll cradle and a doll bunk bed with a little ladder to reach the top!”

A beautiful “Christmas” Barbie has been donated for a drawing. Beginning on Sept. 28th people can enter their name in this drawing; the winner will be chosen on the night of December 14th, following the Tri-State Performers final production of the holiday play, “The Christmas Plate.”

The exhibit will run through January 1st. It and the Christmas village which will be set up in the Visitor Center again this year, are the focus of the complex’s holiday decorating.

“We hope everyone who is interested in dolls will come to Belle to see this exhibit; it will truly be special,” said Thielen.

It is open Monday-Saturday, 9 a.m. to 5 p.m. Beginning October 1st, it will be open Tuesday-Saturday from 10 to 5 p.m.

First Saturday Brunch Features Butte County Water War-1934

The Tri-State Museum and Visitor Center’s October 5th First Saturday Brunch will feature Wayne Gilbert presenting on the **Butte County Water War**.

Museum to Hold “Pumpkin Fest” Auditions

Auditions for the play, “**Misunderstood Monsters**,” to be performed by the Tri-State Performers on October 26th at the third annual Pumpkinfest, will take place Monday, Sept. 30 and Tuesday, Oct. 1 at 6 to 8 p.m. each night. Auditions will be held at the Tri-State Museum and Visitor Center at 415 Fifth Avenue in Belle Fourche.

The play is a 30-minute Halloween comedy, about some unusual characters that bear a resemblance to Frankenstein, Bride of Frankenstein, Dracula and the Wolfman who are waiting at the Transylvania

Train station. An additional set of mysterious characters are on their way to the train station. While these people do not look like monsters, their behavior is odd and eerie. So who are the real monsters?

The play has roles for 6-8 actors, and those in kindergarten through 8th grade are encouraged to audition. There are some especially strong roles for middle schoolers. Prior theatre experience is not required and no audition preparation is necessary; students will read from the script.

Students from Belle Fourche, Spearfish, Newell and the surrounding area are encouraged to audition.

Rehearsals will be Sunday through Thursday from 6 to 8 p.m. until the performances on October 26th. Not all actors attend all rehearsals, until performance week when attendance is mandatory.

For more information about any of these events, or the Tri-State Performers, please call 605-723-1200. The Tri-State Performers is the museum theatre troupe of the Tri-State Museum and Visitor Center, located at 415 Fifth Ave. in Belle Fourche.

Obituaries Cont’d.

Donna Cooper 82

Donna Marie Cooper, 82, of Belle Fourche died Sunday, September 22, 2019 at the Rolling Hills Healthcare in Belle Fourche.

She was born June 9, 1937 in Nisland, South Dakota to Otto and Pauline (Eckhardt) Brost. She attended school in Belle Fourche and at the age of 15 she quit school and started working at Bob’s Lunch and later worked for the telephone company in Belle Fourche.

At the age of 23, Donna married Jackie Cooper. She was a homemaker and worked outside the home as a house cleaner. She received her GED at Black Hills College and went to work for the South Dakota Highway Patrol Motor Carrier Division where she worked for 22 years.

She was a member of St. James Lutheran Church and was president of WELCA

for 10 years. She enjoyed helping with church bake sales and other church activities. She enjoyed family picnics and gatherings.

She was preceded in death by her parents, Otto and Pauline Brost; sisters, Viola Brost, Ida Brost, Edna Hergerider, Irene

LeLacheur, Betty O’Brien and Darlene Brost; brothers, Ervin Brost and Darrell Brost.

She is survived by her husband, Jackie Cooper; daughter, Paula (Mark) Reese of Belle Fourche; sons, Shane Cooper of Rapid City and Derek (Janet) Cooper of Spearfish; 3 grandchildren, Mitchell Reese, Sarah (Eddie) Frazier and Emily Reese; great grandchild, Beckett Frazier; brother, Harold Brost and sister, Yvonne Spencer.

Visitation will be one hour before services at the Funeral Home.

VFW Post 3312 members were at Belle Fourche North Park Elementary last Thursday to teach the students about proper flag etiquette. Over 100 kindergarten students and teachers attended the Flag Etiquette program. The VFW Post commented the respect and attention of the students was impressive. Each year one class is responsible to raise the Flag in the morning. *VFW Courtesy photo*

Funeral services will be held Thursday, September 26 at 11:00 AM at Kline Funeral Chapel in Belle Fourche with Reverend Paul Howard officiating. Interment will follow at

1:00 PM at Black Hills National Cemetery near Sturgis.

The family suggests memorials to WELCA of St. James Lutheran Church.

Boys Soccer Boys Lose Two Close Games; Lady Broncs Draw, Lose One

James Trimble
Special to the Beacon

The Belle Fourche Broncs Boys Soccer team has been so close so many times this year, and last week’s games were no exception. With two home games during homecoming week, the Broncs lost a heart-breaker 2-1 to Sturgis on Thursday evening, and then dropped a hard fought contest to fourth seeded AA Rapid City Stevens 2-0 on Saturday.

On Thursday the Broncs were trying to avenge an early in the season 4-3 loss to the Scoopers. The Scoopers who were 8th seeded in the AA ranks were looking to improve on their 6-4 season.

The game was very evenly matched with both teams making good plays in the field and in the goal box. Belle Fourche was playing without staring goal keeper Hunter Cherveney who has a hand injury, but senior Gunnar Johnson filled

in well with 13 saves. The first half ended with no score.

The second half went all the way down to the last six minutes which saw the Scoopers score with 6:22 left and then got another score with just over 4 minutes left to go ahead 2-0. The Broncs Boys, as they have all season, didn’t quit. Senior defenseman Cruz Kellem notched a nice goal for the Broncs with just over two minutes left in the contest making it 2-1, but time ran out on the Broncs.

Belle Fourche and Sturgis both had 13 shots on goal and penalized equally with six each. The Broncs dropped to 1-9-1 on the year and Sturgis improved to 7-4.

The Broncs took on the always tough Rapid City Raiders on Saturday, on Senior Day for the Broncs, as it was the last home game of the season.

The Broncs played the Raiders nearly even the whole game. Ball possession and play bal-

anced out pretty even during the game, with the Broncs out-shooting the Raiders 18-17. Just as the last game with Sturgis the game was deadlocked nil-nil at the half.

Stevens was able to break the tie about midway through the half as Ross Moriarity put the Raiders up 1-0. Good defense by Seniors Cruz Kellem, John Baxendale, and Cordell Seyersdahl kept the Broncs in the game. The Raiders then put pressure on the Broncs and Belle scored an own goal with just four minutes left in the game and the contest ended with the Raiders on top 2-0.

“I think this was the best 80 minutes we have played all season” said coach Anthony Bradley after the game. “Cruz (Kellem) and John (Baxendale) had good defensive games and Josiah Trimble and Tristin Hendricks played good midfield tonight”, added Bradley.

Seniors playing their last home game were team co-captain Cruz Kellem, Barak Minor, Ethan Jones, Jaime Gonzalez, John Baxendale, Cordell Seyersdahl, and Gunnar Johnson.

The Broncs finish the season with two away games. They travel to Spearfish on Tuesday the 24th to meet the Spartans and October 1st in Hot Springs. The Broncs still have a slim chance to pick up a sixth seed to make the playoffs depending upon how these games at the end of the season turn out.

Lady Bronc Soccer
The Belle Fourche Lady Broncs Soccer team took to the Roundup Soccer field complex for two games during homecoming week. The Ladies avenged an early season loss to the Sturgis Scoopers on Thursday by earning a 0-0 draw. On Saturday, Belle played the fifth seeded Raiders from Rapid City Stevens and were defeated 7-0

The Broncs and Scoopers played to a scoreless tie on Thursday. Both teams had lots of good ball movement and opportunities to score. “I thought we played well tonight” said head coach Rob Creed. “We moved the ball well but just couldn’t get a score.” Dru Keegan, Vannah Rosales and Bree Pierce anchored the Belle defense, while midfielders Lauren Albrecht, Makenna Ward, and Jayme Peterson kept the ball moving forward for the Broncs.

Saturday Belle took on the talented Rapid City Raiders. The Raiders were able to get on the board with five goals during the first half while the Broncs were scoreless. Two goals by the Raiders within the first 15 minutes of the second half sent Stevens to a 7-0 lead. Belle would settle down and play the visitors even for the final 25 minutes as neither team was able to wrinkle the nets for a score.

“I think we were pretty tired from Thursdays hard game against Sturgis” said coach Rob Creed. “We settled down in the second half and played them pretty good.”

With the loss the Broncs fall to 2-7-3, while the Raiders improve to 6-1-2.

Seniors honored as they played their last home game were Makenna Ward, Savannah Rosales, Jayme Peterson, Bree Pierce, and Kailyn Creed. The Broncs have one game remaining on the road in Spearfish on Tuesday the 24th.

XC Runners Do Well at Broadus

Jordan Sandoval (R) leads teammates **Darian Pesicka** to the finish line at Tuesday’s Broadus Invite.

Chris Riley
Special to the Beacon
Three varsity girls finished inside placed in the top 10 at the 1st Annual Broadus Invite cross country meet on Tuesday, Sept. 17th.

Eighth-graders, Ava Allen (4th), Allison Hayes (6th), and Anika Main (10th), led the Broncs to a third-place team finish. Freshmen Alanah Pomrenke (16th) and Ayseluna Hockenbary (19th) rounded out the Belle Fourche scoring in the 5,000-meter race.

Addy Muhm claimed a convincing JV girls’ victory by over two minutes, while teammate Lorelei Seaman place seventh.

In the middle school girls’ race, Adeline Hayes was top-finishing Bronc in seventh place. Denali Larson celebrated her birthday with an 11th-place finish while teammate Adeline Thomsen was right behind in 12th. Alexa Swaney (16th), Addison Draine (21st), Lily Tippmann (27th), and Reagan Hatling (28th) also finished the 2,400-meter course.

Sawyer Clarkson claimed his third individual meet victory of the season, covering the 5,000 meter varsity boys race in a time of 17:20. Wyatt Keegan (13th), Ethan Jones (14th),

Devin Nowowiejski (15th), Cole Hockenbary (19th), and Isaac McKenney (26th) helped the Broncs to a third-place finish as a team.

Numerous Belle Fourche JV Boys runners make their high school 5,000-meter debut.

Freshman Nic Lambert led the way, placing third with a time of 21:39. Jordan Sandoval (5th), Darian Pesicka (6th), Harley Rivera (9th), Aiden Voyles (10th), Levi Melanson (13th), Zach Tonsager (16th), and Dustin Kolb (18th) also competed.

In middle school boys’ action, the Broncs had a trio of sixth-grade runners in the top five on their way to the team title. Izaac Runyan-Ramos (3rd), Sern Weishaar (4th), and Carsyn Hahne (5th) all broke 10 minutes for the 2,400-meter course. Harvey Walding (13th), Oden Walding (15th), Garett Huston (17th), Andrew McKenney (21st), Riggin Lutter (22nd), Alex Norlin (24th), and Cortez Rodriguez (30th) also contributed to the team victory.

The Broncs run at Hot Springs on September 24th and at Lead-Deadwood on October 1st before hosting the Black Hills Conference meet on October 10th.

Getting to KnowYour FFA Officers

As we continue with our FFA year we are going to get to know the leaders of our chapter. First, we will start our Vice President Destanie Lugmao. She is a 3rd year FFA member and a senior. What would you like to do after high school? “I am currently unsure, but I know I want to work right after high school and see where that takes me.” What made you want to join FFA? “I wanted to join a goal-oriented organization where people had the same goals as I did, and I wanted to better the community.” What contests have you done or want to do in the future? “I have competed in Natural Resources for 3 years and am trying Employment skills for the first time”. What impact would you like to have on the FFA chapter? “I would like to make our FFA chapter known within the community and to restore it to the chapters former glory. Are you involved in any other activities besides FFA? “I have

managed Volleyball all four years of high school and have been involved in Spanish Club as well”. How has FFA affected you as a person? “It has helped me better my people skills, stay up to date on my assignments and given me a reason to have better grades.

Respectively Submitted, Serena Davis, Reporter

A Happy Homecoming for the Broncs

Kelby Olson(6) shows the speed and agility as he cuts to the outside on this play. He had over 100 yards rushing. *John Skogberg Photo*

Even a 2-hour rain delay couldn't dampen the spirit of the Bronc faithful.

BEACON STAFF
news@bellefourchebeacon.com

BELLE FOURCHE – If Belle Fourche Head Coach Scott Slotten was looking for some positive signs, he found plenty after Friday night's 27-24 homecoming win over the Custer Wildcats at Lou Graslie field. Going back to last season his teams seemed to struggle through the fourth quarter.

Not last week. In fact, after a slow start, they looked strongest in the final 15 minutes on a soggy night plagued by a 2-hour lightning delay.

The Wildcats opened the scoring on their first drive after senior running back Micaiah Grace scored on a short run. The 2-point try was good, 8-0 Custer.

The Broncos came back and on 4th and goal from the 15, quarterback Colby Nowowiejski scrambled down to the two yard line before he was stopped. It remained 8-0 Custer after one quarter.

Belle Fourche's Jackson Tyndall then intercepted Custer quarterback Dathon Elmore but the Broncos could not take advantage, punting the ball away.

Custer put together it's second touchdown drive of the half moving 77 yards in only 4 plays as Grace scored on a 38-yard run, it was 16-0 Custer.

On the ensuing kickoff Tydall set the Broncos up with a 27-yard return into Wildcat territory at the 48. On the very next play, the big-play Broncos struck like the lightning on the distant southwest horizon. Kelby Olson took it 48 yards for the score and ran in the 2-point conversion to make it 16-8. Olson had his best game of the

season with 221 rushing yards and a touchdown.

After Custer went four and out the Broncos took over on their own 47 with 5:22 left in the half. Belle Fourche stayed on the ground with Olson powering a 10-play drive, capped off with Brextin Garza 10-yard run up the middle to pay dirt. The 2-point try was no good and the half ended with Custer leading 16-14.

After nearly a 2-hour weather delay the second half finally began. Custer tried an onside kick which was recovered by Belle Fourche near mid-field. The Broncos then put together a workmanlike drive with short runs until it was 4th and 14. That's when Nowowiejski found Tyndall on a 26-yard connection to give the Broncos the lead - the longest pass play of the night. The 2-point try was no good and it was 20-16 Broncos after three.

Now the fourth quarter and the Broncos were looking to finish strong on homecoming night. But after a nice Belle Fourche punt, Custer's Dathon Elmore nearly broke the Broncos string of games without a kickoff or punt return. Elmore took the kick at his own 15 and navigated his way 80 yards to the Belle Fourche 5-yard before he was stopped. From there, Elmore, who is also the Wildcat quarterback, took it up the middle and with a 2-point conversion gave Custer a 24-20 lead with 10 minutes left.

But this time the Broncos did not run out of gas in the closing minutes. Far from it. They put together their best drive of the game. A highlight of the drive came when Nowowiejski bobbled the snap from a shotgun formation, picked it up, and breaking several tackles, turned a sure loss into a nine-yard gain. Two plays later Brextin Garza took it in from 44 yards out, his

longest run of the night. The kick was good and the Broncos led 27-24 with 5 minutes left. Garza had 7 carries for 71 yards and two touchdowns.

"I challenged the offensive line this week and they really stepped up in a big way," said Scott Slotten, Belle Fourche Head Coach. "Led by Logan Goeders. I thought he had a huge game."

Custer had one last shot and after a nice kick return set them up at midfield Elmore broke off a 23-yard run and the Wildcats were in Bronc territory. But two plays later Elmore would throw his third interception of the night as Belle Fourche's Lan Fuhrer stepped in front of the ball and returned it 12 yards to the 44. In all the Wildcats tallied 4 turnovers but none as costly as that one.

The Broncos took over with 3 minutes left. And converting two third down situations, including a Kelby Olson 27-yard run, the Broncos kept the drive alive and ran out the clock at the Custer 15-yard line.

"I think the team really showed how resilient they are," Slotten said. "They really played their butts off with all the distractions we had. It was a great game from our captains."

Belle Fourche racked up 371 yards total offense to 276 for Custer. Most of that was on the ground with 328 yards total rushing. The Broncos had no turnovers and had just 4 penalties for 40 yards. Nowowiejski was 3 for 10 passing with 43 yards and one score. He also had 13 yards rushing.

The Broncos pick up a conference win, the final 27-24, and even their season record at 2-and-2. Next up for Belle Fourche is a road trip to Pine Ridge next Friday before returning home October 4th for a key matchup with fifth-ranked St. Thomas More.

Lan Fuhrer(24) intercepted Custer quarterback Dathan Elmore late in the game to give the Broncos possession and another chance to score. *John Skogberg Photo*

Anything Left in the Barrel? ————— By: Doug Cole

This edition contains the final submissions have been made to the “1st Annual Beacon Reader’s Corny Joke Contest”. Prize winning jokes will be printed in next weeks issue of the Beacon. We would like to thank everyone who submitted “Corny jokes”. An interesting “Sense of Humor” exists in our midst.

Last week we referred to a twelve year old contributor as “He”. We stand corrected the young contributor was a “She”, and her father confirmed she is a joy to have at the dinner table.

‘Censorship’ only had to nix one joke. It had to do “with a tall handsome Wyoming cowboy”. Without going into details as to why the joke was censored, you can tell by what we have revealed, it was also a questionable exaggeration.

Final Week’s submissions:
Q. How much do a Pirate’s earrings cost?
A. “Buck-An-Ear”

Q. Why couldn’t the Pony sing?
A. It was a little hoarse.

Did you hear the one about the North Dakota coyote? Got caught in a trap; chewed off three legs and was still caught.

A Buddhist monk goes to the dentist. When offered Novocain for pain he politely declines and says he prefers to use “Tran-sen-dental-medication

A man answers an ad for a talking dog. After entering the seller’s house, he asks the dog to tell him about his life and experiences. The dog says, “In my youth I was a guard dog in the U.S. Army. As I gained experience I went to work for the CIA and the FBI. I attended many high level conferences and sat at the feet of many important people and communicated secrets to my handlers. In later years I worked for the

DEA and was a drug interdiction dog, sniffing out illegal drugs. Now I’m pretty much retired.”

The man turned to the seller and said, “Amazing! How much do you want for this dog?”

The seller replied, “Twenty dollars.” Why so cheap? asked the man. “Well”, the seller said, “The dog’s a miserable liar. He never did any of that stuff.”

A man goes to Oregon and applies for a job as a lumberjack. The foreman, a muscular man of 6’ 5” and 280 pounds, looks down at the 120 pound applicant and begins to laugh. “You, a lumberjack? I think you’re a bit too small young man he bellows. Unshakable, the young man begs the foreman to let him try. The foreman says, “Okay. You see that tall pine tree over there? If you can cut that tree and stack all the wood by the time I get back from lunch, I’ll give you a job.” The young man agrees and begins to work. Several hours later the foreman returns and is amazed to see the tree cut down and the wood all neatly stacked. “Where did you learn to cut timber that fast and efficient? he asks. “Over in the Sahara Forest” the young man replied. “You mean Sahara Desert?” says the foreman. The young man replies, “Well, that’s what they call it now.”

A mystery: Someone has been sneaking into my yard at night and putting soil into our raised garden beds.....the plot thickens!

Back in the turn of the 20th century a young man from a large family stands at the opening of the local blacksmith shop. The Smith observes the young man wondering what he’s up too. The young man noted for his cockiness and quick wit, walks straight over to the forge, grabs a horseshoe and

immediately drops it. The Smith is laughing so hard he can hardly contain himself as he says, “Ha, burned ya didn’t it?” The boy shoves his thumbs into the straps of his bib overalls and replies, “Nope, just doesn’t take me long to look at a horse-shoe, is all!”

I have the worst kind of car trouble. The engine won’t start and the payments won’t stop.

People ask us how we’ve been married so long. We take time to go to a restaurant twice a week. A little candlelight, soft music, dinner and a long walk home. She goes Tuesdays, I go on Fridays.

A teacher asked his class,”If there are seven flies and I hit one with the ruler, how many are left? One boy answered,” Just the squashed one”

A little girl asked her father “Daddy, do all the fairy tales begin with “Once upon a time?” He replied,”no, there’s a whole series of fairy tales that begin with “If I’m elected, I promise.....”

Two snails were chatting on the sidewalk. “I’ll have to cross the road,” one says” Well, be careful,” the other one replies, “There’s a bus coming in an hour.”

I just burned 2,000 calories. That’s the last time I leave brownies in the oven while I take a nap.

A man absolutely hated his wife’s cat and decided to get rid of him one day by driving the cat 20 blocks from his home and leaving him at the park. As he was getting home, the cat was walking up the driveway. The next day he decided to drive the cat 40 blocks away. He put the beast out and headed

home. Driving back up his driveway, there was the cat! He kept taking the cat further and further and the cat would always beat him home. At last he decided to drive a few miles away, turn right, then left, past the bridge, then right again and another right until he reached what he thought was a safe distance from his home and left the cat there. Hours later, the man called home to his wife, “Jen, is the cat there?” His wife answers, “Yes, why do you

ask?” The man said, “Put him on the phone. I’m lost and I need directions!”

My first job was in an orange juice factory, but I got canned. I couldn’t concentrate.

I feel like a million bucks. All green & wrinkled”!

Sometimes we as humans can be like violets; Beauty covered by freshly laid manure on a hot summer day.

BUDGET From Page A1

in funding for the Tri-State Museum and Visitor's Center. According to Schaefer this will go toward personel, additional advertising and added promotion since the museum is taking over the Frisbee golf course and plans to host regional tournaments.

As for public safety and health and welfare, the budget includes small increases for the city police department, dispatch, building inspection, code enforcement and ambulance. There is also a \$100 per month increase in the city council member's pay. According to Council President Monte Talkington it has been 20 years

since council members have seen an increase. He says it is important to keep an eye on this if the community hopes to attract citizens to serve as council members in the future.

On the revenue side the city will bring in slightly fewer tax dollars but will see increased revenue from licenses and permits, the community center and from the city's four enterprise funds; the city liquor store, water, sewer and landfill services. Revenue from the landfill is projected up \$133,000 and revenue from the city liquor store should increase by more than \$120,000.

In other revenue news the city saw what Schaefer termed "exceptionally good" sales tax

8th Avenue Hay Creek Bridge Taking Shape

PAVING THE WAY - An October 21st completion date has been set for the opening of the new Hay Creek bridge on 8th Avenue. Crews have begun paving this week and will continue to make progress as the weather permits. Added to the project is the paving of the parking area on the south side of the police station a half block north. A 44' x 64' concrete pad with curb and gutter will be built. This should alleviate the standing water issues that occur on the south side of the police station following rain or periods of snow melt.

numbers in August. A total of \$399,501.88 was brought in to go along with \$30,487.40 in third-penny revenue. The figures were the highest monthly totals in at least the last five years and the first time third-penny hit the \$30k revenue mark since before 2014.

"Unfortunately we really don't get the information from

the state that we would need to be able to say exactly why these numbers were so good," Schaefer said. "We do know that the 100th year of the Roundup, ShopKo's going out of business sale and revenue from online sales tax were most likely factors."

The figures for August were 24% higher than last August

and put the city on pace to exceed last year's sales tax revenue by 6%.

"These are wonderful numbers," Schaefer said. "You'd really like to take them and run with them but you have to take a more conservative long-term approach before you can establish any real trends as to why it's happening."

PRCA and The Cowboy Channel Agree to Landmark TV Deal

COLO SPGS, CO. – The Professional Rodeo Cowboys Association (PRCA) and Rural Media Group (RMG) announced a multi-year agreement which will see the Wrangler National Finals Rodeo (NFR) move to The Cowboy Channel (TCC) and RFD-TV beginning in 2020. The ultimate annual rodeo event will now be seen by millions of people live simultaneously on two national TV networks. Also included in the deal is a wide variety of other PRCA programming, including expanded live coverage of the PRORODEO TOUR and the PRCA's Xtreme Bulls Tour events which will result in a huge increase in the amount, availability and quality of PRCA PRORODEO coverage on The Cowboy Channel.

"This is a huge milestone in the growth of the PRCA," PRCA CEO George Taylor said. "Never before has PRORODEO assumed the prime placement and coverage that will be seen under this deal. Our hats are off to Patrick Gottsch and his family, the owners of Rural Media Group, for their enthusiastic interest, support and devotion to our sport."

"We are so proud and excited to partner with the PRCA, the rodeo committees, and of course all the PRCA cowboys & cowgirls to aggressively produce and distribute original programming that will support rodeo 365 days-a-year, on networks that are totally dedicated to serving and expanding the western sports community," stated Patrick Gottsch, Founder & President of Rural Media Group, Inc. "There is a Golf Channel, the NFL Network, a baseball network, a tennis channel, and so on. Now rodeo has its own channel(s). RMG plans to do everything for rodeo and the PRCA that these other media partnerships have done for their sports."

The deal will begin early in 2020 and will be preceded with the launch of the weekly PRO-RODEO Tonight show on The Cowboy Channel. The PRCA regular-season coverage on The Cowboy Channel and RFD-TV is planned to begin in January. The finals of each televised PRORODEO TOUR event will be shown live on The Cowboy Channel and will be seen in taped highlight form later in the week in prime time and week-end afternoons on RFD-TV. Regular-season coverage also will include 10 episodes of the PRCA's Xtreme Bulls series, each with multiple runs across dayparts. The coverage will be a co-production of PRCA and RMG.

NFR programming for

HIGHLIGHTS OF THE DEAL

PRCA and the The Cowboy Channel / RFD-TV
-Beginning in 2020

- All 10 nights of the NFR live,
- Live coverage of at least 18 ProRodeo Tour final performances each year plus a taped highlight show for encore airings on both The Cowboy Channel and RFD-TV
- TV coverage of 10 episodes of PRCA's Xtreme Bulls, including the Xtreme Bulls Tour Finale with encore airings on both TCC and RFD-TV.
- Extended pre- and post-coverage of the NFR each night (Rodeo Las Vegas)
- A new weekly pro rodeo studio show, *ProRodeo Tonight*
- Heightened event production across all events, including the use of Sky Cam
- Enhanced fan experiences through programming that highlights the uniqueness of local rodeo communities, their organizing committees, and the charities they support, plus special access to the PRCA athletes and other PRCA members whose contributions are key to the sport of ProRodeo
- New national coverage of PRCA ProRodeo on one of the major broadcast networks will be announced at a later date.

2020 will start with a 24-hour marathon of prior NFR finals, leading up to a red-carpet pre-event show, and the live NFR simulcast on both RFD-TV and The Cowboy Channel for 10 straight nights. Each episode of NFR coverage will conclude with a one-hour post-event show. Replays of each episode of the NFR will take place the next day on both networks, including in East Coast and West Coast Prime Time.

"Our new state-of-the-art studio in the Fort Worth Stockyards will serve as the base for producing the daily PRCA programming, leading up to and culminating each year with the National Finals Rodeo," added The Cowboy Channel CEO Raquel Gottsch. "The massive volume of programming expected to be generated from this 6-year

agreement will serve to populate both The Cowboy Channel and RFD-TV with original, unduplicated 'live' sports-related content which is very much desired by all cable, satellite, and distribution companies. We expect our distribution to grow substantially as a result."

The networks are seen in a combined 94 million US TV homes. One or both are distributed by DISH, DIRECTV, Comcast, Spectrum, Cox, Sling, Verizon, AT&T, Mediacom, Suddenlink, AT&T Now and Roku.z

"We expect a significant increase in the viewing of PRCA programming as a result of this groundbreaking new deal," Taylor said. "This is one of the most exciting moments during my time leading the PRCA."

The Good Stuff

by Jim Thompson

Jim Thompson takes motivational stories that listeners and readers send him and incorporates them into the program. It has been on the air for more than 10 years.

I don't know to whom this should be credited but its worth attention.

"Symptoms of Inner Peace"

- A tendency to think and act spontaneously rather than on fears based on past experiences
- An unmistakable ability to enjoy each moment
- A loss of interest in judging other people
- A loss of interest in judging self
- A loss of interest in interpreting the actions of others
- A loss of interest in conflict
- A loss of the ability to worry (This is a very serious symptom)
- Frequent, overwhelming episodes of appreciation
- Contented feelings of connectedness with others and nature frequent attacks of smiling
- An increasing tendency to let things happen rather than make them happen
- An increased susceptibility to love extended by others as well as the uncontrollable urge to extend it

Warning: Be on the lookout

for symptoms of inner peace. The hearts of a great many have already been exposed, and it is possible that people, everywhere, could come down with it in epidemic proportions. This could pose a serious threat to what has, up to now, been a fairly stable condition in the world. If you have some or all of the above symptoms, please be advised that your condition of inner peace may be too far advanced to be curable. If you are exposed to anyone exhibiting these symptoms, remain exposed at your own risk.

And in closing a bit of fun, and perhaps some truth from George Carlin:
"Here's All you have to know about men and women; Women are crazy, men are stupid.
And the main reason that women are crazy is that men are stupid."

The Good Stuff was developed for radio by Jim Thompson nearly 2 decades ago. The Beacon is the only newspaper that it appears in. You can hear The Good Stuff in the Northern Black Hills on KBHB Sturgis, 810AM each weekday morning at 9:30. Or go online to KNKL.org each Monday through Saturday morning at 9:00

REGULAR SEASON ENDS SEPT. 30th

Newell-Vale-Nisland Roundup

COLLEEN BRUNNER
news@bellefourchebeacon.com

NEWELL – Commissioners Kim Richards, Karrol Herman, and Frank Walton traveled to county property east of Fruitdale on Friday to look at a proposed mono-fill site. While there they did a mental inventory of used supplies which is stored there, noting that East-West Transportation was loading surplus materials to haul away. This site is the location where the county buried dead livestock that perished in Storm Atlas. It is also the site of their pit run gravel supply. Currently, two large culverts, big enough to drive a truck through, are stored there in preparation for disposal. The culverts washed out of the Erk Road area this spring during flooding and have been replaced with new culverts that are 144” diameter and 70’ long.

Butte-Meade Sanitary District is working along Highway 212 east of Nisland, replacing water lines. There is a great deal of equipment and workers along the stretch below Owl Creek Hill all the way to Nisland, so travelers are urged to use caution

during hours when the crews are out.

St. Onge Livestock, Newell facility, had a larger than usual crowd this week for the sale on Thursday. The parking area was completely full and trucks and trailers were parked all along the highway in front of the facility. It was Ram Show and Sale week, so the numbers were much higher for the sheep sale.

The 74th Ram Show and Sale had lower numbers this year than previously. Although there were still plenty of breeds shown and sold, there were fewer numbers of representatives in the different breeds. There were also fewer spectators, as was noted by the Newell Lion’s Club, which was in charge of the parking on the sales day on Friday.

Junior Miss Labor Day Rodeo Queen Rachel Stranberg, and Miss Labor Day Queen Emma Rogers were in attendance at the show on Thursday to help out with photos and represent the area during the event.

The show started with the Rambouillet breed, and in the first group there were only

Rachel Stranberg, Jr. Miss Newell Labor Day, left. and Miss Newell Labor Day Queen, Emma Rogers, right, helped out at the 74th Newell Ram Show and Sale. -Brunner photo

Homecoming Royalty for 2019 at Newell are, King: John Jackson, Huttson Weeldreyer, and Tucker Gaer. Queen: Abbie Nelson, Jessica Heil, and Vanessa Jones. Attendants: Hunter Wetz, Caleb Mutchler, Austin Alexander and Elizabeth Packard. -Courtesy photo

Newell Hosts Cross Country Teams

COLLEEN BRUNNER
news@bellefourchebeacon.com

NEWELL – Friday, September 20, was the third Newell Irrigator hosted their annual cross country meet at the Newell Golf Club. There were seven teams beside Newell. The teams included Lemmon, Faith, Harding County, Bowman County, Spearfish, Dupree and Bison. There were races for middle school girls’ and boys’, JV girls’ and boys’, and Varsity girls’ and boys’.

Newell placed well overall, with especially good showing for the varsity girls’ team. In third place was Austin Alexander with a time of 21:37. Lexa Burtzloff came in 7th with a time of 22:15, and Rachel Erk placed 8th with a tie of 22:23. Stacy Mahaffy came in 12th with a time of 23:06, while Sarah Kirby placed 21st with a time of 26:07.

In boys’ varsity, Nathaniel Kirby and Garrett Winkler came in neck and neck, placing 9th and 10th with times of 18:58 and 18:59 respectively. Tayten Smeenk was close on their heels in 11th place, with a time of 19:21. Mick

Teammates Garrett Winkler, left, and Nathaniel Kirby, right, come in neck and neck. Kirby edged ahead just before the finish line to come in 9th in the home cross country meet at the Newell Golf Club. -Brunner photo

King placed 16th with a time of 20:13, and Wyatt Winkler placed 26th with a time of 24:26.

Running in middle school were Clint Winkler, David Kirby, and Caleb McGregor.

six entries. Jason Knutson of Centerville, served as judge. Targhee, Prime Samm, Rambouillet, Corriedale, Columbia, Hampshire, Suffolk, Dorset and Texel breeds were represented.

There was also a wool fleece contest with Dr. Lisa Surber in charge, and Paige Anderson of North Dakota State University did the weigh-ins.

A consignor supper for the show was held at the Newell Golf Course on Thursday evening and a supper for sales consignors was held at the NVN Senior Center following the sale on Thursday.

The SD DOT finally made life a little easier for those trying to traverse Highways 212/79 through Newell in front of the school. For many months, there have been several soft spots, that they have tried throwing some hot mix into. The spots just kept oozing up and building small berms along their edges. It was like driving through a maze, and

the number of trucks traveling this road weren’t helping the situation.

Finally, on Thursday and Friday, the crew spent time reworking the spots and overlay-

ing with pavement. The traffic was tied up for nearly ten minutes at a time as crews worked the spots, dumped the paving materials and moved equipment around.

Tate Ollila (center) shows his Rambouillet ewe during the Newell Ram Show and Sale on Friday in Newell. His sheep is being judged by Jason Knutson of Centerville and he is helped by his mother, Holly, left. -Brunner photo

This property east of Fruitdale is home to some of the county’s old culverts and rubble. Much of this has been surplused and sold and East-West Trucking was loading some of it to haul away this past week. -Brunner photo

Commissioners Meet

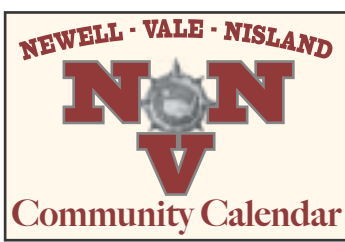

Newell County Commissioners met with Steve Clooten, who has presented a plan for a mono-fill site just south of High Street, east of Fruitdale. The site is home to some old pipe and equipment on county land. Also attending the meeting was Brett Foshie of Butte Electric, Will Vogel, State Environmental Scientist, Paul Elias of Hauck Electric and commissioners Karrol Herman, Kim Richards and Frank Walton. -Brunner photo

COLLEEN BRUNNER
news@bellefourchebeacon.com

FRUITDALE – Three of the five Butte County Commissioners met at a proposed mono-fill site, just east of Fruitdale off High street this past week. Meeting with the commissioners was Steve Clooten who has proposed the site and has met numerous times with the commissioners during their monthly meetings. Clooten has a small tire-shredding business in Belle Fourche, but currently takes that shredded material to Bison. He is proposing that Butte County get into the business; thus the meeting at the proposed site. This site is also a county-owned location for disposal and storage of materials that have been removed from county projects, such as collapsed culverts and scrap metal and wood. It is also the location where the county was responsible for burying

livestock that died in the Atlas Storm of 2013. It is also a location take Keith Franke has been leasing to run his sheep. Clooten is obviously anxious to get the project going, but commissioners are still waiting for answers. “We’ve been waiting for you to bring us a proposal,” said Commissioner Karrol Herman. Up to this time it has been mostly Clooten sharing what could happen, and how the county could benefit. However, there are costs involved in getting the site up and running, should the county decide this is in the best interest of the residents in Butte County. And the landscape as a whole. According to Clooten, he has the state on board and has been working with a state official at the Department of Natural Resources. On Friday, September 20, when the group met, Will Vogel, an Environmental

Scientist for the state, was in attendance but did not comment. Also in attendance was Brett Foshie, of Butte Electric, to discuss bringing power to the site; just one of the costs. According to Foshie, it would run anywhere from \$20,000 to \$30,000, depending on which way they came from current three-phase power. Along with Foshie, Clooten had brought along Paul Elias of Hauck Electric, who will be doing some of the work at the site once power is brought in. The proposed area is in a swale below a bluff where the dead livestock was buried. It would be 400’ x 400’ and at least 15’ deep, but could go as deep as 30’, according to Clooten. There would be a pad area where at least one 16’ dump trailer of tires would be brought daily for shredding and disposal in the mono-fill. “According to my guy at state,”

said Clooten, “This could last as long as 40 years.” However, to prepare the area it would take approximately \$25,000 of dirt work, where a berm would be placed between the pit and the dry creek running on the north-east side of the area. “It would be about \$4,000 to \$5,000 for the county each month,” said Clooten. He is to meet with the commis-

sion again on Tuesday, September 24, and offered to set up a conference call with the DNR official. Elias said he wasn’t sure he could have a detailed report ready for the commission at that time, based on costs of the work his company would be doing. “It’s not going to happen Tuesday,” said Herman. “We need a lot of questions answered.”

Public Notice

On the 8th day of October 2019 at 7:00 pm, the Butte County Planning Commission will hold a public hearing in the Butte County Commissioner’s Room, which is located on the Main level of the Butte County Courthouse, 839 5th Avenue, Belle Fourche, South Dakota. Then and Now *in Newell*

Sept. 30, 1909
With this issue of The Irrigator it starts on its 3rd year. The publishers wish to thank their many friends and patrons for their help and liberal patronage. They have tried to give the people of Vale and vicinity a paper that they could feel proud of and if and ever increasing business proved, anything we have done it. The Irrigator has and always been for Vale, first, last and the time and is yet.

The First Annual Belle Fourche Valley Fair held in Vale this week was a success from start to finish. Although only 2 weeks was given the committee to make all arrangements, advertise the fair and get the exhibits lined out, nothing was left undone and the crowds were as large as could be expected.

Sept. 26, 1919
Capt Seth Bullock, pioneer, a personal friend of the late Theodore Roosevelt and prominent figure in the history of the Black Hills, passed away at his home in Deadwood Tuesday morning as the result of intestinal trouble with which he has been a sufferer for years past. Bullock came to the Black Hills in 1876, locating in Deadwood, he was appointed sheriff of Lawrence County soon after its organization and in that capacity he did much in the way of straightening out some of the crookedest camps in the Hills within his jurisdiction.

You will save days of time and tons of energy by using “RED TOP” steel fence posts. These “RED TOP” posts have a sharp

(beveled) point (patented) which enables you to drive them into an old or new fence line at the rate of 200 to 400 per day. They outlast wood or concrete posts and cost less installed, no holes to dig. There are millions in use, come and let J.F. Anderson Lumber Co tell you about this economical and convenient fence post.

Sept. 26, 1929
Those from Newell and vicinity who attended the elegant ball at the Black Hills Sugar Plant Thursday evening of last week declare it to have been one of the most enjoyable social events of the season. The ball was given in the huge warehouse which was beautifully decorated with flowers and colored lights. In the decorative scheme, attention was called to every point on the project, a huge star for Vale, a water tank for Newell, a hub for Nisland, bee hives for Fruitdale and a cowboy for Belle Fourche being prominently displayed in an artistic manner.

The stealing of bees and honey has caused much alarm among local bee keepers. Bees and stocks of honey were stolen this week from D.E. Jones, John Egger, William Manses and James Lodge. The thief is said to be very clever. He has left no marks, according to the people who lost bees.

Sept. 28, 1939
Comes now porcupine eggs. Two women tourists halted at a filling station here and carefully unrolled from wrapping tissue several spiked oval objects bought in a Black Hills town.

“Porcupine eggs” one volunteered proudly “and only \$1 a piece”, the other added. The “eggs” were cockle burr pods. The women said they had been told they would “hatch” in a few weeks.

Twenty three residents of Butte County, the largest class on record in the county, will be up for examination for their final citizenship papers in Circuit Court at Belle Fourche today, according to Mrs. Effie Ross, Clerk of Courts and Judge Chas R. Hayes of Deadwood presiding. Those applying are: Vale: Lydia Lungren, Wm Reinhardt, Henry Burdiorff, Jacob Greenwaldt, Mary Reitz, Henry Greenwaldt, Emilie Achtziger, Conrad Lungren and Katherine Elizabeth Burbach all from Russia; Nisland: James Malcolm Scotland, Katherine Reisig, Peter Stark, Elizabeth Keil and Suzie Schneider all from Russia; Newell: Emiledge Shultz Lithuania, Albert Nelson Sweden and Jose Herrera Mexico: Fruitdale: Fred Keil Jr. Russia and from Belle Fourche: Isabella Herring Canada, Enrico Ayala Mexico, Lydia Amen, Lydia Kindsfater and Joseph Klein Russia.

Sept. 22, 1949
A practice polo game has been scheduled to be held at Newell baseball diamond this coming Sunday September 25 at 1:30, it has been announced. Purpose of the game, between teams made up of the veteran Alkali outfit from east of Sturgis and a newer group which was recently formed at Fairpoint, will be to introduce the sport to the

“Looking Forward to our Past” by Linda Velder from the Newell Museum

Newell territory. It is hoped that young men from other communities in the ranching area may become interested in organizing other teams. The general public and others interested are invited to enjoy the contest.

E. Moutka has rented his building on Main St in Newell, formerly occupied by Butte Electric Coop, to F.O. Jolley, Sturgis; he announced this week a variety store is planned there. The lease of the building, which Mr. Moutka has been redecorating is effective Oct 1, he revealed Jolley plans to put in a complete Variety Store, same to be operated by a daughter-in-law and son-in-law Mr. & Mrs. Michael Holmes, who recently moved to this area from Texas.

Sept. 24, 1959
“Gator Day” has been selected as the permanent theme or title for NHS homecoming, according to action taken by the Student Council on suggestions submitted by the student body. Homecoming plans for next Friday are already well underway, pep rally Thursday evening 7:30 in study hall, traditional burning of the “N” and snake dance through the streets of town. Larry Johnson Student Council President and Tom Pickard President of Student Safety Council issued jointly a statement for safety on the streets to watch for students and traffic.

Tony Todoroff at the Newell Hotel says no special treatment; just good care is all that is needed to grow large tomato plants in Newell gumbo. Tony has picked some tomatoes off

a plant that is 10’ tall. The seed came from Shumway Sensation Hybrid Variety from Indiana. He has grown taller plants here previously and has done some work growing tomatoes for horticulture study from SD State College.

Sept. 26, 1979
The 81-hour Emergency Medical Training (EMT) Course will start in Newell Monday in the new Fire Hall, week night classes are at 7:00 PM and Saturday session 8:00 AM. Anyone in the area interested in the course may contact Georgia Collins, Mark Jarnecke and Robert Newth, all of Newell. There will be 20 sessions of class instruction and 9 hour of actual emergency training. The cost is \$25 which includes books and the course may be used for College Credit. Participants don’t have to work on the ambulance if they don’t want to, but knowing what to do in an emergency is most imperative, officials say.

A Fossil Preservation and Recovery Workshop is being sponsored September 28 and 29 by the Association of South Dakota Museums (ASDM) at Wall. Dr. Phil Bjork, Director of the Museum of Geology at SDSM&T, will conduct the workshop which is designed to demonstrate the proper techniques for collection and preparing of fossil specimens, mainly on site in the Bad Lands National Park where a fossil will be excavated. Both Dr. Bjork and Bob Alex, state archaeologist, will discuss archaeology and paleontology in the state.

Learning More About You and Your Family

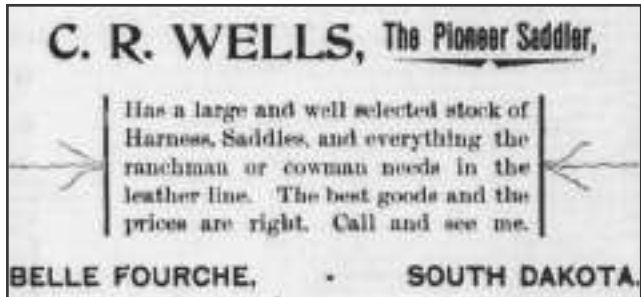

Who do you think you are? Find out on 5 Oct. 2019 at the Senior Center on 10th Avenue in Spearfish. DNA testing available to all of us who wonder who. We know a little about our past but, really, how much? Most of us know our parents, siblings, grandparents, and cousins. How many know great-grandparents (8) let alone their siblings and offspring? Now is your chance to delve into the mysteries of your ancestry. The SD Daughters of the American Revolutions will give you the chance. With help from genealogists you have the opportunity to find out more of your families' past. They will give you hints of how to begin and what to look for when you hit a snag, give you the time to try to find out more of who you are (maybe related to a famous leader or maybe a Bonnie or Clyde type criminal). Come join this group on Oct. 5th. Everyone is welcome and encouraged to join the thousands who are already learning who they are. The seminar will run from 10AM-4 PM with lunch provided. If interested, please contact Mary Buchholz (605) 892-4268 or (605) 210-1395. Seeing many.

Looking Back in Belle

Belle Fourche Early Saddler Wells Saddler

Banker and Bondholder Mr. H. Franklin was in town fore part of the week, and entered freely into the discussion of politics. Mr. Franklin is well read and well posted from his standpoint, and as it is to his interest to favor the gold standard, we find an excuse for him. He bought part of the bonds issued under the late administration, and when we showed him the proposals for bids, issued by the treasury department, which read that the bonds were "payable in COIN," he said the meant GOLD. He is an able financier, coming as he does from the recognized class of able financiers – the Jews. He was in the country during the panic of '73, and he attempted no explanation of the cause.

Capt. Bullock Dead - Founder of Belle Fourche and Pioneer of Black Hills Answers Last Call
Captain Seth Bullock of Deadwood, founder of the city of Belle Fourche and a Black Hills pioneer of '76, passed away at his home at 4 o'clock Tuesday morning of this week. Funeral service will be held at Deadwood this Thursday afternoon. The Society of Black Hills Pioneers will have charge of the service. A large number of our best business men and citizens will go to Deadwood to attend the funeral.

Captain Seth Bullock

Oil Rig Arrives
An eighty-four foot standard oil drilling rig arrived in Belle Fourche Thursday of last week, and Friday morning S. B. Standard and his crew of men started hauling the timbers to near Colony, Wyo., where a well will be sunk. The drilling is being done by the Exploration Oil and Gas Co., for the Roxana Oil Co. G. H. Wooten, secretary of the Exploration Oil and Gas Co. is here and will be in charge of the drilling operations. It is expected to sink a well to a depth of twenty-five hundred feet if necessary.

Sept. 28 1944
18th Annual Harvest Starts Next Monday. Factory Will Start Slicing Campaign Following Monday For Estimated Forty Day Run
Additional Mexican Nationals, War Prisoners Insure Labor Supply Harvesting of beets in the Black Hills Factory district for the eighteenth annual campaign will start next Monday morning, October 2, with delivery at all stations, and the factory slicing campaign will start the following Monday morning, according to present plans, deliveries and weather permitting, we are advised by Collins T. Cannon, South Dakota manager for the Utah-Idaho Sugar Company. It is estimated it will require about forty days to process the 60,000 tons from 5,600 acres, with 197 employees in the factory and 30 in the various receiving stations. **Stock Shipments During Last Week Totals 181 Cars Last Friday With 133 Loads Exceeded '43's Top Day Heavy**

This Week Last week's livestock shipments out of Belle Fourche reached a total of 181 cars, of which 110 were cattle and 81 sheep, according to a report from the local Chicago & Northwestern Railway station. This one day's shipment, states Agent L. W. Hamblin, exceeded the heaviest one day during the 1943 shipping season.

Memorial Service For Lieut. Roberts
Memorial services honoring Lieut. Bob Roberts, recently reported killed in action in the European war theatre, were held at the Congregational church at the regular services last Sunday. The altar was covered with beautiful flowers for the occasion.

Over 400 Expected For Hereford Tour
Over 400 cattlemen are expected to attend the South Dakota Hereford Association Tour

in the Belle Fourche, Sturgis and Rapid City area scheduled for Oct. 1 and 2, according to President Ralph Leddy, Twin Brooks, SD. The first day started off with a free pancake and sausage breakfast at the Crago Hereford Ranch located 25 miles northwest of Belle Fourche on Highway 212 and 4 miles north. They will visit the E. S. & Kent Robinson Ranch west of Belle Fourche before stopping at the Belle Fourche Livestock Exchange for dinner sponsored by the Belle Fourche Chamber of Commerce.

Weekly Editorial After 30 Years
If there's one lesson that has come out of all the 30 years of poverty programs and the billions in tax money spent on them, it is this: No program works until it gains the approval and cooperation of the basic citizenry. This approval comes thru results. This today, out of all the set-ups in the name of poverty since the early 1930's, only two have caught popular approval: Head Start and Peace Corps. Both of these programs were based upon the idea that education is the only cure for poverty.

Chamber Hears Report on Drugs
The problem of drug abuse in South Dakota was discussed at the Chamber of Commerce meeting Monday by Dick Meyer, special agent for the state Department of Criminal Investigation. Meyer pointed out that drug abuse of serious proportions was first noted in 1967. He says authorities watch for splinter groups of youngsters 12 to 20 years old. With excess money, excess time and a good method of transportation the young people are ripe for the drug peddler. He said authorities need all the cooperation they can get from parents and townspeople and urged anyone with suspicions to relay those to the authorities.

Capitol News

KAREN ODELL

news@bellefourchebeacon.com

Last week on Thursday morning, Ronda Cordell heard and felt a loud blast. Even the dogs had been scared. She called Justin Kerr, and he had heard it too. Ronda ran out to see if the propane tank had exploded, but it was ok. Then she ran downstairs to see if it had been the furnace in the basement, but even though there seemed to be dust in the air, everything was ok. She heard a bomber going over to the north, and then decided it must have been the sound barrier that had broke and shook up dust from everywhere.

This Monday, Mindy Yates and Kalie Kennedy came to ultrasound the cows for Ronda at the Desert. Curt Zolnoski came from Rapid City to help Ronda, Jon Hamilton, Diane Wear, and Clint Zolnoski. After they were finished they had a picnic lunch and then went into the Long Pines to move pairs to another pasture. Curt headed home that evening. Diane came to help Ronda get the yearling heifers on Tuesday, while Clint and Jon hauled bulls home from the Desert. Ronda went to Belle Fourche on Wednesday. After some revamping, Clint and Jon started testing the bale moving equipment. They finished at the Patenode place, before Jon headed back to Rapid City on Thursday evening. Chad Zolnoski began hauling tanks on Friday and finished with two trips Saturday. Clint, Denise, Darby and Abby Zolnoski went to Belle Fourche for supplies

on Saturday. Then Chad and Roudy spent Saturday night at Clint and Denise's. On Sunday, Cristen Westling came from Rapid City to meet Ronda at Alzada. Then they went on to Billings for Ronda's doctor's appointments on Monday.

Diane Wear worked at Ronda Cordell's three days this week. She took Janet Odell to Buffalo one day, and worked most days at the Over The Edge in Camp Crook. Josh and Holly Douglas visited on Saturday and spent Saturday night with Diane.

Charlie Odell has been hauling hay, and working on a waterer. Karen has been painting a room, practicing music, and teaching Hywel to tell her when he finds things. On Wednesday, they went to Buffalo to get the pick-up from Timm Roberts. They had coffee and Welsh cakes at Junior and Shirley Melum's on Friday. Junior and Shirley's daughter, Bertha and her husband had been visiting from Kansas City. Charlie inspected cows for Schell's, Roadifer's and Rokke's this week. On Sunday, they did their Bible reading and went to church at the Methodist Church in Camp Crook, where Karen played piano. Then they had lunch at the Over The Edge. Diane had a wonderful ham dinner with a most delicious dessert. They visited with Sandra Lyons, JoEllen Rolph, Dinsmore's, Chancey Odell, Meghan Reedy, and Gordon Anderson. Each day Karen would check the Sheriff's Facebook page for

news of Clara Braun. 'Thank you' to Wyatt, and all those who helped with clues and days of searching.

Erma Albert went with Dick to Deerfield for some elk hunting. She came home on Tuesday, and had developed a bad cold. Dick came home on Wednesday and will go back again in a few days to hunt again. Erma went to the dentist on Wednesday, and visited at Alfreda Davis's. Erma's cold grew worse, but some medication is helping.

Alvin Cordell has had hunters all week. Marlee went to Belle Fourche for a couple of days of football games. Gavin had a game one day, and Cade's team played the next day.

Lynn Gustafson went to Camp Crook on Monday for Bible study at the Methodist Church. Then she went back to the church on Tuesday for the extension club meeting.

Dale Moncur was out to the ranch this weekend to help pre-condition cattle. He and Darwin and the boys were helped by Rod Robinson from Chicago. Rod's dad had grown up at Gustave and lived near the church there. Rod still comes out to visit his cousins and to help out or hunt. They have got all the haying done that they intend to do. They finally ran out of time, and decided they would have to leave some of the hay in the field this year, even if there was another cutting available. Alex and Dale trailed cows back from Johnson's, and when Darwin and Rod went to gather cows over toward Bruce Gustafson's, they discovered all the gates had been left open. They are guessing bow hunters

Grand River Roundup

BETTY OLSON

news@bellefourchebeacon.com

Taz got home from the rodeo in Sioux Falls about 4:30 Sunday morning after driving all night. Interstate 90 was open again, but he could only drive about 10 miles an hour through all the water on the road from that heavy rain they got down in the southeast part of the state.

Casey and Taz joined the crew at the Hackamore ranch to help sort packs on Monday. Reub was trying to cut the grass along Olson Creek, but with all the rain we had last week, he got too close to the creek and wound up getting the swather stuck and had to get the tractor to pull it out. Taz went to Hettinger Tuesday morning to help Sage with a roofing project. Casey hauled hay all day and I took Reub over east so he could bale hay. I went in to the Coffee House meeting in Buffalo that afternoon. The Coffee House will have the Song Fest on October 6th in Buffalo at the Lions Civic Center at 6pm with lunch following. A lot of local entertainment have been invited to perform at the Christian

fundraiser and if you have a song, a reading or a poem you'd like to share, contact Mary Lu Holt in Buffalo.

It started to rain just as I left Buffalo that evening and then that terrible wind came up making it had to keep the pick-up from blowing off the road on the way home. Just east of Reva, a semi-trailer got blown off the highway and was upside down in the ditch. The wind busted a big window out of the south side of the Glendo Ranch store, blew a sky light off the roof of our cowshed down the creek, knocked a tree over in Reva, and left our yard full of tree branches blown off the cottonwood trees. The news reported 72 mph winds in Buffalo that night, but it seemed worse than that here.

Casey and Taz went to the Hackamore with the regular crew to help Dolls work their calves on Wednesday. Reub was baling hay down along the creek and I rode into Buffalo with Linda Mohagen that evening for our EMT training with

Colleen Long.

Casey and Taz joined the neighborhood crew to work cattle at Jensen's on Thursday while I canned tomatoes and Reub worked on the swather. Reub had bought a Kubota at the state sale in Sturgis last week and it wasn't working right, so he parked it at our son Thad's place near Bear Butte. Thad fiddled with it and got it to working so his son Till brought it up to the ranch that afternoon. Till also brought both of his soon-to-be wife's grandfathers up to have coffee with us and see the ranch. When Casey and Taz got home from Jensen's, Taz saddled up and moved the sheep while Casey hauled more hay.

Till and Kelsey's wedding rehearsal and supper was Friday evening at the Cadillac Ranch south of Belle Fourche. Reub and I went down early in the afternoon to pick up parts. Dennis and Roger Nash came over Saturday morning to bring me all the equipment he had from his knee surgery. Dennis has had both of his knees replaced and had everything I'll need after my surgery. Till and

Kelsey's wedding was Saturday afternoon at the Cadillac Ranch. It had rained hard during the night and sprinkled on us all the way to Belle Fourche. It was an outdoor wedding and, although it was pretty chilly, it didn't rain until we were back inside for the reception after the wedding. All six of our kids, a lot of our grandkids, all of our great grand kids, and lots of friends and relatives were there to visit with, so we didn't get home until the middle of the night.

Because of the wedding we had to miss my cousin Joe and Karen Wilkinson's 50th wedding anniversary celebration at the Reva Hall that evening. A good crowd showed up to help them celebrate and the lights were still on at the Hall when we came through Reva late that night.

Taz and Amanda came home late that night too, because Taz and Billy Boldon had to be in Dickinson for the rodeo slack at 7:00 Sunday morning where Taz took first in the steer wrestling.

Pastor Henry Mohagen was still gone, so David Douglas came up from Rapid City to give the message at Slim Buttes Sunday morning. We had choir

practice after church in preparation for the community Hymn Sing at our church next Sunday, September 29 at 7:00 and then we talked David into coming up for a bowl of soup at the ranch before driving back to Rapid City.

With the wedding and the anniversary celebration this week, I'll leave you with this old wedding anniversary story:

John wants to get his beautiful wife Emma something nice for their first wedding anniversary. So he decides to buy her a mobile telephone. Emma is excited, she loves her cell phone. John shows it to her and explains to her all the different and varied features on the phone.

On Monday Emma goes shopping in the local supermarket. Her phone rings and it's her husband. "Hi Emma", he says, "how do you like your new phone?"

Emma replies, "I just love it, it's so small and light and your voice is clear as a bell, but there's one feature that I really don't understand though."

"What's that, Emma?" asks the husband.

"How did you know that I was at Wal-Mart?"

Sundae & Mr. Goessl
Thursday, September 26, 2020 – 7:30 PM

This husband and wife (guitar/vocal) duo put on a vintage and inspired show that blends blues, swing, country and Latin sounds. Performing hits from the roaring 20's to modern classics and originals, Sundae & Mr. Goessl utilize technique, technology and unique instrumentation to give this little band it's big sound. Mr. Goessl's mesmerizing finger-style guitar dazzles and inspires while Sundae's sultry vocal interpretations drip with charm and nostalgia.

for arrangements

News From The Block

We had another really good feeder cattle special for our sale on the 19th. I would call the feeder cattle market \$2-4 higher on all classes. We had a lot of interest in the cattle all the way through the day - buyer participation was strong all day long. On the weighup cows and bulls there is still a big premium in the drug free program. Fall run is right around the corner - if you are thinking about marketing your livestock, give anyone of us here at Belle Fourche Livestock Market a call. Thanks for your business.
