## Broncs' Football Records "Home" Win on the Road at Douglas

RAPID CITY - In what was supposed to be a home game the Belle Fourche Broncos varsity football had to take to the road to play the Douglas Patriots in Rapid City. Despite the change of venue the Broncos recorded their third win of the season defeating Douglas 20-13 last Friday night.

It was to be senior night at Lou Graslie field but last week's snowfall made the field unplayable. Snowplows and snow blowers could not navigate the soggy turf leaving it up to cadre of volunteers with shovels to try and clear the field before game time. The task proved impossible and the location of the game was moved to Rapid City early Friday. Senior night has been moved to this Friday night when the Broncos host Spearfish.

Belle Fourche struck first against the Patriots. Quarterback Nolan Wahlfeldt, who started in place of injured Anthony Budmayr, directed the Broncos to a score on the their opening drive. Wahlfeldt kept the ball for the final five years on third and goal to put the Broncos up 7-0 with the extra point. That is how the

## Winter Comes Knocking

The calendar says October but Old Man Winter came knocking in a big way last week with a heavy wet snowfall. The storm took its toll on area trees such as those shown above in Herrmann Park. The National Weather Service reports that the city received up to a foot of snow. Areas around Deadwood received 27 inches. Winds gusted in excess of 50mph causing power outages in several places. The liquid equivalent of the snow was in excess of 2.5 inches with areas near Union Center receiving more than 4-inches of rain/snow. Most agree the precipitation was much needed. - Beacon Photo

## Bronc Fullback Logan Tyndall Plays With a Prosthetic Leg

RICH WINTER  
605 Sports.com

The first time Belle Fourche football coach Scott Slotten noticed, now sophomore Logan Tyndall, was at a youth football camp. The drill allowed participants to run a play, score a touchdown and celebrate that touchdown. Slotten watched as Tyndall scored, undid his prosthetic leg before twirling it around as his celebration. "I figured I would do that because no one else on the field can do that celebration," Tyndall said. Tyndall was born with a condition, Fibular Hemimelia, a congenital longitudinal limb deficiency characterized by complete or partial absence of the fibula bone. Folks in Belle Fourche are well aware of Tyndall. The 5-foot-3, 128 lb. sophomore plays football, wrestles in the winter, pole-vaults in the spring and plays baseball in the summer.

"I just love being with my friends and playing team sports where we can all be together," he said.

Tyndall wasn't sure he was big enough to compete at the high school level. Once again the draw of being with friends helped him continue his football journey.

"I just showed up because my friends were going," he said. "I didn't want to miss out on a whole season where I had to sit home and not play." Tyndall found the weight room in sixth grade when we took a recreation weight lifting class. "He can bench 200 lbs. and can squat 275 lbs.," Coach Slotten said.

"He's a strong kid that loves the weight room." Slotten shares a story of Logan and his older brother Jackson, an All-State, Honorable mention selection a few years back. "Jackson told Logan he needed to quit lifting because Logan would try to eat at the dinner table shirtless to show his muscles," he said.

## Amended City Cannabis Ordinance Approved by Committee

BEACON STAFF

[news@bellefourchebeacon.com](mailto:news@bellefourchebeacon.com)

BELLE FOURCHE - The city's Legal and Finance Committee unanimously approved a city ordinance, Ordinance 8-2021, putting forth licensing provisions for marijuana establishments in the city. The ordinance added specific items adopted by the state of South Dakota into the

language of the city ordinance. These included definitions of what parts and products of the plant will be included. It also added definitions of cultivation facilities, dispensaries, manufacturing facilities and testing facilities.

The ordinance was scheduled for its first reading at last Monday night's regular city council meeting. A second reading will be held during the first council meeting of November and then 20-days later the ordinance will go into effect.

Up to this point the state of South Dakota has only legalized the medical use of cannabis.

The recreational use, which voters approved in last April's election as Amendment A, was challenged in the state's Supreme Court which heard the case last April but has yet to rule. As a result the issue will need to be voted on again in 2022

if enough signatures are obtained to get it on the ballot. An activist group, South Dakotans for Better Marijuana Laws (SDBML),

are attempting to collect the 17,000 signatures needed by November 8th to put the issue before voters in November of 2022.

In the near term, the city will provide forms for cannabis establishment licenses and no other application form will be considered. The applications would only pertain to medical facilities. The fee for submitting the application is \$30,000. License renewal fees will be \$10,000 each year.

The location and floor plan of the proposed establishment must be presented with the

## City Settles on Fifth of the Month for Water Bills

BEACON STAFF

[news@bellefourchebeacon.com](mailto:news@bellefourchebeacon.com)

BELLE FOURCHE - The city of Belle Fourche has settled on the fifth of the month as the due date for water bills, after working out the issue with an Omaha software company. G-Works was hired last year to streamline the city's payment systems but there was an issue that soon

came up.

The new software came with a due date for the city water bills on the first of the month. The previous due date was the 15th. Breanna Schaefer, City Finance Officer, felt the earlier due date was a burden on some residents since many payments are concentrated at the end or the beginning of the month, having the water bills due more

toward the middle of the month was seen to be a more palatable situation.

In the intervening weeks G-Works and the city have been working toward a solution to give Belle Fourche residents more flexibility that the G-Works software would allow. It was finally worked out that

**Peter “Pete” Krush**

Peter (Pete) Krush, longtime retailer and resident of Belle Fourche passed away on October 18. Arrangements are being made at Kline Funeral Chapel. A full obituary will be available later.

**Vonda McCarty-Zebroski 55**

Vonda McCarty-Zebroski, age 55 of Belle Fourche, died Friday, October 15, 2021 at the Hospice House in Rapid City, following a courageous fight against cancer.

The funeral service will be held 1pm Wednesday, October 20, 2021 at Leverington Funeral Home of the Northern Hills in Belle Fourche. Visitation will take place one hour prior to the service. Interment will be held in Pine Slope Cemetery.

Vonda's funeral will be broadcasted live online, on Vonda's obituary page located on the funeral home's website: [www.LeveringtonFH.com](http://www.LeveringtonFH.com)

Vonda was born to Bessie (Kitto) and Gene Charles on April 4, 1966 in Stephenville, Newfoundland, Harmon Air Force Base. The family moved back to the United States to the Fairchild Air Force Base, Spokane WA on June 1, 1966 where they resided until they moved to Nogales, AZ in December, 1974. In December 1978 the family moved to Hill City, SD where Vonda graduated high school in 1984.

Following high school graduation, Vonda began working in the food industry in Rapid City and eventually moved to Spearfish to continue her career. While in Spearfish, she contributed to the opening of the new Applebee's Restaurant. She became part of a close knit Applebee's family, aka "Apple Buddies". She then worked several years for NeighborWorks Dakota Home Resources in education and financing. She was passionate about assisting individuals and families in obtaining their homes.

Vonda and Ronnie met in 2008 and married February 17, 2017. She often said she married Ronnie because of his wonderful sisters! They started RV Catering which they've operated in western South Dakota and Lake Havasu City, AZ. They had many adventures making great friends and memories along the way.

Vonda was a giver, and poured her heart into to her family and friends. She had no "steps"; she believed all the children in their blended family were her own. She touched the lives of many and made "forever friends".

Vonda is survived by her husband, Ronnie Zebroski of Belle Fourche; father, Gene Charles of Rapid City; children: Billy (Maggie) McCarty of Spearfish, Clyde Smoot of Gillette WY, Kayla McCarty of Whitewood, Megan (Tony) Exley of Gillette WY, Kristi Frey of Gillette WY, Logan Zebroski of Spearfish and Tator Dog Zebroski; 10 grandchildren: Christian McCarty, Alaynia Sherrard, Annabella Sherrard, Landon Zebroski, Lillie Exley, Makayla Paule, Niya Frey, Randon Apala, Bently McGriff and Bridger Smoot. She is survived by her two sisters Wanda (Jeff) Dale of Lake Havasu AZ, and Tammy Munguia of Pamona CA, many nieces and nephews, and an abundance of friends. She was preceded in death by her mother, Bessie Charles.

## Pastor’s Perspective

Paul Miller, in his book titled, “A Praying Life,” writes: “One of the subtlest hindrances to prayer is probably the most pervasive. In the broader culture and in our churches, we prize intellect, competency, and wealth. Because we think that we can do life without God, praying seems nice but unnecessary. Money can do what prayer does, we think, and it is quicker and less time consuming. Our trust in ourselves and in our talents makes us structurally independent of God. As a result, exhortations to pray don’t stick.”

Another author, named Donald Whitney, put it like this, “When our awareness of the greatness of God and the gospel is dim our prayer lives will be small.”

Gratitude is vital to have a vibrant prayer life. Colossians 4:2 reads like this, “Devote yourselves to prayer, keeping alert in it with an attitude of thanksgiving.”

In that text, the apostle Paul is telling the follower of Jesus to choose an attitude of gratitude. We see the call to thankfulness all throughout the pages of the scriptures. For example, I Thessalonians 5:18 states that, “In everything give thanks; for this is God’s will

*This week’s Pastor’s Perspective is provided by Stephen Carson, Belle Fourche Connection Church*

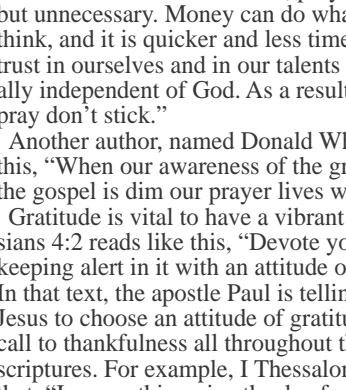

**“A Praying Life”**

for you in Christ Jesus.” This means that we are to give thanks at all times....in both the good and bad days of life. We are to devote ourselves to prayer in an attitude of thanksgiving.

Pause for a minute to think of all that the follower of Jesus has to be thankful for. Spiritual blessings (Eph 1 says that God has blessed us with every spiritual blessing in the heavenly realm), physical provision, family and friends, and so many other things! Now pause for a bit to thank God for those things.

When we are truly mindful of all of God’s blessings in our lives, then our prayer lives will reflect that. Further, grateful prayer also takes our focus off of negative things and opens up our eyes to God’s abundant grace, blessing, and provision in our lives. Prayerful gratitude is an act of worship that draws our hearts closer to God.

So be mindful of God’s blessings in your life. As the old hymn writer wrote, “Praise God from whom all blessings flow!” And even in the bad days, thank God for His presence and goodness in your life. Let us be Christians who devote ourselves to prayer in an attitude of thanksgiving as that honors and glorifies our great God.

**Getting To Know Your BSL Board Members**

**Colleen Butler Treasurer**

I was raised on a ranch in rural Harding County, SD, and graduating from Harding County High School. I obtained a Master of Public Administration – Environmental Management degree from the University of South Dakota and worked in Land Use Planning and Development Administration and Enforcement for nine years in Wyoming and Illinois. Then I worked as a Planner for Community Action in Pierre, SD, until the office closed. I currently work for myself as a Certified Quantum Energetics Structured Therapist in Belle Fourche.

In my spare time I like to hike, walk, and take many pictures. I sought a position on the Belle Silver Lining Board of Directors to assist in growing the organization. I believe that all people should enjoy life to the fullest of their physical and mental capabilities for as long as possible; and desire to see programs which will assist our area seniors to enhance their experience of the mature years of life.

I am currently the treasurer of the Belle Silver Lining Board of Directors. I also lead senior appropriate fitness classes at Belle Silver Lining every Wednesday and hikes every Friday and Saturday. Fun Fit Chair is at 10:00 am Wednesday mornings and Fun Fit Move is at 10:30 am. We enjoy our time together laughing at ourselves and with each other while working our muscles and our cardiovascular systems. Weather permitting, we hike a short 1-to-3-mile hike on Friday mornings and longer hikes on Saturdays. We enjoy getting out in nature seeing the beautiful Black Hills while we walk, laugh, and visit. Medical studies have shown both types of exercises improve mental and physical health and longevity at all ages. And laughter is always the best medicine.

## DAR Presents Vern Bills Literacy Champion Award

Catherine Thybo Chapter DAR member **Mary Buchholz** presents **LaVern Bills** with the Literacy Champion Award  
*Courtesy Photo*

**Mary Buchholz**  
Special to the Beacon

Catherine Thybo DAR chapter awarded Vern Bills with their Literacy Champion Award to individuals who are involved with community activities that promote literacy at their October 10 meeting. Vern has created a Little Library on his lot across from the Belle Fourche post office. The small library contains books that people are welcome to borrow or trade. Vern has collected so many books he created another smaller library for children's books. In his little library park there is a piano, a picnic table and bikes to ride, a very welcoming spot right near the Belle Fourche river.

The little library is a memorial to Vern's mother Dorothy Ogard who was an avid book reader. When community members add books to the library, Bills puts a sticker on the back of each book that says, "always a gift, never for sale," and attaches a pamphlet detailing how the library works. "I've been amazed that people use it as much as they do, and that it hasn't been tampered with," Bills said. "That tells me that there is a respect for books."

LaVern O. Bills is a driving force for the economic and cultural change for over 45 years in our local northern Black Hills communities.

Raised by a teaching family, literacy has been paramount in his life not only as a businessman but as a teacher, which was his first chosen profession. It never left him.

Vern conceived of the Community Education Council 25 years ago that joined the school system with the business community to form a partnership to enhance literacy in Belle Fourche.

He stores the excess books that are dropped off in his garage next door and ends up

supporting other Little Free Libraries from his abundance! He expanded his library to include a Children's Library adjacent to his original library. They are all at his own expense.

These are, of course, dedicated to his mother who was his first teacher.

Not content with the Little Free Libraries, he added a picnic table for those so inclined to recline with a book under the umbrella canopy.

Still not satisfied, he opened an auxiliary library in the near by laundromat for children and adults.

Vern, knowing there could be more amenities at this "culture vortex", copied an idea he had seen and placed an old piano next to the library! Now, this little corner of the world could provide literature and music to those interested in visiting this center of entertainment in Belle Fourche! It has provided musical notes for many gifted and not so gifted piano players and appreciation for those whose talent is "listening".

This is the third used piano that has been placed there! The weather cover and "tuning" of the piano are, again, at his expense.

Yet still more ideas flew from Vern Bills when he devised "Free Bikes to Ride and Return". So now people visiting the "Cultural Vortex" of Belle Fourche can read, make music and exercise along the Beautiful Forks. Donated bikes are made serviceable by Vern and Willard at South Side Standard. Fixing flats, brakes, seats and chains are again at his own expense! Bikes are donated and they are just asked to ride them and return them.

LaVern O. Bills is a champion of literacy, the arts and our community. He walks the walk of what we are called to be in a community.

## Belle Fourche Area Community Theater Holds Annual Meeting

**Nathan Schreier**  
Special to the Beacon

Last Saturday Belle Fourche Area Community Theater held their Annual Meeting at Venue 519; the focus of which was to present a review of the 2020-2021 Season to the organization's members and conduct the first ever board elections since the local non-profit's inception back in the summer of 2019. Belle's community theater has been putting on shows in the BFACC theater and community hall for the past decade, but only in 2019 did the group become an official entity, the non-profit Belle Fourche Area Community Theater. The first board was elected in a general meeting of community theater members at Leaky Pot that

summer. This first board, along with Executive Director Derek Olson, carried out the necessary work to create the organization and led the theater group through their first two seasons and the COVID pandemic.

At this year's annual meeting, the review of the 2020-21 season was a rosy one. Despite the challenges and limitations presented by COVID, the organization managed to grow and maintain fiscal solvency. They put on several creative, virtual theatrical experiences and returned to the stage in person this past summer with an evening of One Acts and then a wonderful rendition of the classic Arsenic & Old Lace. Following the presentation of their annual report, elections were held. The board

## Chili Cooking Contest October 22nd

Nineteen teams have signed up to display their culinary talents at the Belle Fourche Chamber of Commerce's 2nd Annual Moonlight Madness Chili Cooking Contest on October 22nd.

The chili will be located in businesses throughout the community.

Sampling will be from 5-8 pm. Your opportunity to sample all the delectable soups and vote for your favorite is available for \$5.

The \$5 gets you a bowl and the opportunity to vote.

You can only vote once, but can sample all if you wish.

Last years contest unofficially had one hearty appetite that claimed to have sampled eight.

With nineteen available that record may fall.

**Broncs versus Crusaders**

Few rallies back and forth were seen as the Lady Broncs dominated over the Crusaders for a 3 set sweep last Thursday night. The game started out with a quick swing from Kaylin Garza at 1-1 followed by an Ace from Adyrana Hovland for the Broncs to take the lead for the rest of the night. Later in set one, Mackenzie Lyons serve was hard to handle for the team in blue giving her a service ace. Grace Clooten kept the Broncs' momentum by winning a joust at the net. Hovland finished off set one with a kill to finalize the

score at 25-10. Set two saw a number of unanswered points for the Broncs to take the lead 12-2. Mataya Ward planted the ball into the hardwood on the Crusader's side of the court to bring it to 16-2. Tia Williamson finished out the set with a well-placed push to right back for the kill and record a one-sided final score of 25-3. A few more Bronc aces, blocks, and Red Cloud ball handling errors helped the Broncs to lead the 3rd set the whole way. Garza put down the final kill of the night to seal the win of the set 25-13 and the match 3-0. The win helped improve the Broncs'

record to 17-6 so far on the season.

The Broncs scored an impressive 22 points from the serving line in aces with Hovland recording 8 and Dylan Stedillie earning 7. The Bronc setters Lily McCarty and McKenzie Lyons recorded 20 and 10 set assists respectively. Garza was unanswered at the net with 10 kills and 3 blocks while Chloe Crago kept the ball off the Broncs' floor with 13 digs.

**Douglas Tournament**

Belle Fourche earned great seeding points for the tournament by going 3-0 in pool play. They defeated Kadoka Area 25-

The Broncs responded on their next drive going 68 yards for a score. Devin Nowowiejski, who had another big night, ran 17 yards for the score. Kyren Nulle's extra point sailed wide right and it was 13-6 Belle Fourche at the half.

Lightning struck from the clear starlit sky to open the second half. Belle Fourche's Kyren Nulle took the opening kickoff and returned it 82-yards for the score. His extra point was good and it was 20-6 Broncs with a few seconds gone in the third. Each team struggled with hanging on to the ball with several fumbles and bad snaps. The Broncs were on the plus side of

16 and 25-20, Bennett County 25-19 and 25-14, and Lemmon 25-10 and 25-16.

In bracket play, they knocked off

Bison and New Underwood to

earn their place in the championship game. The Broncs battled with Rapid City Christian but just couldn't earn the win.

a fumble by Douglas as Gabe Heck set Belle Fourche up on the 35 yard line after recovering a Patriot fumble. The Broncs drove down to the six yard and a 23-yard field goal attempt sailed wide, keeping the score at 20-6.

In the fourth quarter the Patriots recovered a Bronc fumble deep in Belle Fourche territory and scored with a 16-yard run two plays later to narrow the gap to 20-13 with 14:00 left in the game.

Douglas mounted one last drive in the game, going from the Bronc's 45 down to the 40. That's when Gabe Heck's third interception of the night put an end to any further Patriot threats with :37 left. From there the Broncs took a knee, celebrating their third win of the season with the victory formation. The final score would be 20-13 Belle Fourche.

The Broncs improve to 3-and-5

with their first conference win

of the season. They will close

the regular season out next

week at home with Spearfish. It

will be senior night.

### Cross Country Runs at Regions/State Next

Kandi Tonsager  
Special to the Beacon

The Bronc cross-country teams competed in the Region 5A races at Hart Ranch after a move from Custer due to the recent snowstorm.

The girls Varsity team had 5 runners; Alanah Pomrenke placing 41st with a time of 24:41, Allison Hayes placing 34th with a time of 23:23, Ayseluna Hockenbury placing 23rd with a time of 21:58, resetting her PR by almost a minute, moving her to 6th on the Lady Bronc top ten of all time board and coming up just short of a state qualifying place. Two Lady Broncs placed in the top 20, qualifying them for the state meet next week; Ava Allen at 20th place with a time of 21:22, a season best,

and Kyra Vandenberg at 9th place with a time of 20:04, a new PR by 45 seconds, a course record and new school record, also moving her to number one on the Lady Bronc top ten of all time board.

On the boys side, the Varsity team place 5 runners in the top 20 and all 6 runners in the top 25. The 5 runners in the top 20 individually qualified for state and the overall team placement of 2nd place allowed the team to qualify as well. The top 3 placing teams in Regionals qualify as a team for state allowing all runners on the team to run in the state meet regardless of individual qualification standings. Carsyn Hahne came in at 22nd with a time of 19:18, a new PR, Harley Rivera came

in at 20th with a time of 18:54, a new PR, Zach Tonsager came in at 15th with a time of 18:35, a new PR and an addition to the Bronc top ten of all time board at number 10. Lennon Clarkson placed 12th with a time of 18:23, Aiden Voyles came in at 4th place with a time of 17:18 for a new PR and a move to 5th on the top ten of all time board. Sawyer Clarkson is the Region 5A boys champion with a time of 15:23 and top rankings for next week's state meet.

The Broncs had a full JV Boys team running at Regionals as well with many accomplishments of their own. Nic Lambert came in 1st for the JV champion and a place on the state bound team with a time of 19:02. Justus Funk was next

### Boys Broncs Golf Team Competes at State Meet

Jim Trimble

news@bellefourchebeacon.com

The Belle Fourche Broncs boys golf team competed in their first state tournament as a team in over ten years recently held at the Madison Golf and Country Club.

The Broncs were led by Aiden Voyles who shot a 94/97 over the two days of play. Rexton Audiss carded a 115/112, Lange Shockey 110/108 and Harvey Walding 109/112. Tea won the team competition nipping out runner up West Central by only 5 strokes. Belle finished the contest in 11th position. Kaleb Jost of Sioux Falls Christian was the individual medalist. "The boys struggled a bit as nerves and a tight tree lined course with water contributed to our higher scores," said Broncs head coach Bill Burr. "We have a very young team and this was a great learning experience for them. We put together a good season and look forward to what we can accomplish in the next couple of seasons," he added.

### Broncs Boys Soccer Win Quarterfinal Fall in Semis

Jim Trimble

news@bellefourchebeacon.com

The Belle Fourche Broncs Boys soccer team won their first playoff game since soccer was sanctioned by the SDHSAA in 2014 by defeating Vermillion 2-1 in an overtime shoot-out on the Tanagers home pitch. The Tanagers got on the board first as they knocked in a free kick just outside the block to take an early 1-0 lead. The Broncs had some opportunities to even the score in the first half but Vermillion would go to the

lockers nursing the one shot advantage. Midway through the second half senior midfielder Ethan Jensen got loose down the left side and put in a nifty left footer that knotted the score at one apiece. The Broncs appeared to have the go ahead score with about 15 minutes left in the game on a nice cross pass that senior Charles Alberts put in the net, but the sideline referee called out of bounds before the kick. Alberts also had a penalty kick that was nicely blocked by the Tanagers keeper. Both squad

would battle to final horn and went into overtime tied at 1-1. Neither team could take advantage of a score in the two 10 minute overtime periods which led to the penalty kick shoot out to decide the game. Bronc junior defender Anthony Staley put in Belle's first penalty kick followed by freshman midfielder Darian Pesicka's successful kick. Bronc senior goalkeeper Hunter Cherveney made two big stops in the box down the stretch as Charles Alberts nailed his kick and freshman Isaac Voyles put the game winner in

for Broncs as they prevailed 4-3 in penalty kicks which resulted in the 2-1 victory. The Broncs then took their second trip to Eastern South Dakota in a week to tangle with the number one seeded and undefeated Sioux Falls Christian Chargers in Sioux Falls in the Semifinals. Belle had played the Chargers earlier in the year in Sioux Falls and fell 10-3. Belle came out pressing the talented Christian team in the first half and did a good job of neutralizing their potent offense. The Chargers did push three scores in the net and led

at intermission 3-0. They were able to take advantage of a few Bronc breakdowns in the second half to hit five more goals to come away with a final score of 8-0 and advance to the State Finals where they will face the Tea Titans. "I was really proud of the way our boys played hard in the playoffs," commented head Coach Lucas Trimble. "We really came out against Christian with good intensity and gave them a very competitive first half," he added. The Broncs end their season with a winning record at 7-6.

## Anything Left in the Barrel?

By: Doug Cole

Set your calendars for Friday October 22 for the 2nd Annual Belle Chamber of Commerce Moonlight Madness Chili Cookoff Contest.

I'm not a Facebook dweller, but have been shown by others where the battle for the claim to be the best has already begun there.

The modern dish we know as chili, also known as chili con carne (chili with meat), does appear to have roots in the American West, particularly the State of Texas. An old legend holds that immigrants from the Canary Islands brought a recipe for chili with them when they settled San Antonio in the early 1700s.

When it comes to the story of chili, tales and myths abound.

While many food historians agree that chili con carne is an American dish with Mexican roots, Mexicans are said to indignantly deny any association with the dish.

Enthusiasts of chili say one possible though far-fetched starting point comes from Sister Mary of Agreda, a Spanish nun in the early 1600s who never left her convent yet had out-of-body experiences in which her spirit was transported across the Atlantic to preach Christianity to the Indians. After one of the return trips, her spirit wrote down the first recipe for chili con carne: chili peppers, venison, onions, and tomatoes.

Another yarn goes that Canary Islanders who made their way to San Antonio as early as 1723, used local peppers and wild onions combined with various meats to create early chili combinations.

Most historians agree that the earliest written description of chili came from J.C. Clopper, who lived near Houston. While his description never mentions the word chili this is what he wrote of his visit to San Antonio in 1828: "When they [poor families of San Antonio] have to lay for their meat in the market, a very little is made to suffice for the family; it is generally cut into a kind of hash with nearly as many peppers as there are pieces of meat-this is all stewed together."

In the 1880s, a market in San Antonio started setting up chili stands from which chili or bowls o' red, as it was called, were sold by women who were called "chili queens." A bowl o' red cost diners such as writer O. Henry and democratic presidential hopeful William Jennings Bryan ten cents and included bread and a glass of water. The fame of chili con carne began to spread and the dish soon became a major tourist attraction. It was featured at the World's Fair in Chicago in 1893 at the San Antonio Chili Stand.

By the 20th century chili joints had made their debut in

Texas and became familiar all over the west by the roaring '20s. In fact, by the end of that decade, there was hardly a town that didn't have a chili parlour, which were often no more than a shed or a room with a counter and some stools. It's been said that chili joints meant the difference between starvation and staying alive during the Great Depression since chili was cheap and crackers were free.

U.S. President Lyndon B. Johnson was a big chili lover. His favorite recipe became known as Pedernales River chili after the location of his Texas ranch. Johnson preferred venison, which is leaner to beef, probably due to doctor's orders about his bad heart. Lady Bird Johnson, the First lady, had the recipe printed on cards to be mailed out because of the many thousands of requests the White House received for it.

"Chili concocted outside of Texas is usually a weak, apologetic imitation of the real thing," Johnson is quoted as saying. "One of the first things I do when I get home to Texas is to have a bowl of red. There is simply nothing better."

In 1977, chili manufacturers in the state of Texas successfully lobbied the state legislature to have chili proclaimed the official "state food" of Texas "in recognition of the fact that the only real 'bowl of red' is that prepared by Texans."

*Chili Humor:* The secret to making slow cooked chili is placing the bay leaf on top, not the bottom.

A good chili doesn't rest on its laurels.

A big pepper is sitting on the couch when his small pepper roommate walks in the door shivering. Big pepper: "Why are you shivering? Are you cold?" Small pepper: "I'm a little chili."

Sweethearts**

Friday, October 29, 2021 – 7:00 PM

A quartet led by a harmonizing female vocal trio (Soprano, Mezzo, Alto) plus piano accompaniment. Their music harkens back to the Andrews Sisters and the era of beautiful harmonies. Swing with the trio as they strive to bring joy and human connections through music.

Mini Exhibit**

A new mini exhibit, entitled “Along Came a Spider,” will have its opening reception at the Tri-State Museum and Visitor Center on Saturday, October 23 from 9 to 5 p.m.

The exhibit looks at the science of spiders, as well as their impact on culture and history. It includes storyboards, photos, a touchscreen quiz, a take-home workbook, a children’s book to read and artifacts.

The through-the-day reception will include beverages and special “spider” cupcakes. There is no admission charge to see this exhibit.

The Tri-State Museum and Visitor Center is located at 415 Fifth Avenue in Belle Fourche.

November First Saturday Brunch features presentation on Buffalo soldiers

The Tri-State Museum and Visitor Center’s November 6th First Saturday Brunch will feature a presentation on the Buffalo Soldiers. It will be provided by Randy Bender, who is the president of the board of directors at the Old Ft. Meade Museum, in Ft. Meade.

Buffalo soldiers were African American soldiers who mainly served on the Western frontier following the American Civil War. Their name likely stems from Native Americans who felt that the men’s hair resembled the wooly coat of a buffalo, and the soldiers came to consider the term one of respect.

The brunch will begin at 10 a.m. and is \$5 per person or free with membership. The presentation is at 10:30 a.m. and is free to all. Reservations are required and are capped at 50. To make reservations, call 605-723-1200.

The Tri-State Museum and Visitor Center is located at 415 Fifth Avenue in Belle Fourche.

**THANK YOU ALL FOR YOUR BUSINESS!**From A1 **Logan**  
Having an older brother comes  
with some benefits.“He’s four years older and  
we’ve never been in the sameschool but I always looked up  
to him during his high school  
career,” Tyndall said. “At the  
house he would push me and try  
to toughen me up. He’s been abig role model and I’ve always  
looked up to him.”Tyndall is the starting fullback  
and gets a lot of defensive snaps  
from a linebacker position for  
the 2-5 Belle Fourche Broncos.  
“He’s done a great job and he  
won’t back down from anyone,”  
Slotten said. He throws his face  
mask into the chest of guys  
twice his size and moves his  
feet to try to kick them out.”  
Logan Tyndall doesn’t have  
an ACL or PCL and he gets a  
replacement prosthetic about  
once a year.“My ankle is stiff with no ankle  
flexion,” he said. “It makes  
my run look a little wonky and  
maybe slows me down a little.”  
Tyndall really doesn’t spend  
much time thinking about play-  
ing with a prosthetic leg. On  
occasion he runs into anotherperson with a leg like his which  
usually initiates a greeting.“I don’t see a lot of people like  
me but anytime I do it ends with  
us having a conversation,” he  
said. “It is cool to meet other  
people like me and show themwhat I can do to help them  
realize they can do other things  
like that.”Belle closes their season with  
Senior recognition at home  
against Spearfish Friday night.**Logan Tyndall (20) blocking for Kyren Nulle (25) in Custer game earlier this season. Photo Courtesy John Skogberg****Erin L. Melling**

**The Good Stuff** — by Jim Thompson

*Jim Thompson takes motivational stories that listeners and readers send him and incorporates them into the program. It has been on the air for more than 10 years.*

I brought back some good stories from the Irish while living in Kinsale, County Cork. This is one I heard in a pub while sitting around the fire place:

**A Lesson in Communication**

A London lawyer runs a stop sign and gets pulled over by an Irish cop. (In Ireland they're called Garda.)

He thinks that he is smarter than the cop because he is a lawyer from LONDON and is certain that he has a better education than any Irish cop. He decides to prove this to himself and have some fun at the Irish cop's expense.

Irish cop says, "License and registration, please." London Lawyer says, "What for?" Irish cop says, "Ye didnae come to a complete stop at the stop sign."

London Lawyer says, "I slowed down, and no one was coming." Irish cop says, "Ye still didnae come to a complete stop. License and registration, please"

London Lawyer says, "What's the difference?" Irish cop says, "The difference is, ye havte come to a complete stop, that's the law. License and registration, please!"

London Lawyer says, "If you can show me the legal difference between slow down and stop, I'll give you my license and registration and you give me the ticket. If not, you let me go and don't give me the ticket." Irish cop says, "Sounds fair. Exit your vehicle, sir."

The London Lawyer exits his vehicle. The Irish cop takes out his baton and starts beating the lawyer and says, "Daeye want me to stop, or just slow down? "

And so it goes; communication is a two way street.

### Get the Work Done but Take Care of Y'urself

Not sure if this is what people want to read...but maybe some youngster will gather something from it.

When I was young..when branding calves..we just caught them by hand and threw them down and held them. We learned the best and easiest way to do that at a very young age and mostly wrestled the smaller ones.. leaving the larger ones for the bigger boys and men. As we got bigger, we could wrestle bigger calves.

When I was about age 11, some of the neighbors we helped, went to using a calf table. We younger boys were delegated to pushing the calves up the race or chute, to the calf table. So some brandings you wrestled and some you tabled.

Then heeling and dragging calves out on a horse to waiting wrestlers came along. So we had three different ways of doing the same job. Then we learned to use a Nord-

fork to hold he calves with, thereby using a horse to hold the calves. Then we learned heading and heeling, where two horses and riders catch the calves by head and heels, the calf is laid down by the ground crew and the head rope is moved to the front feet so the horse and riders could hold the calf.

We all became proficient at all the different ways. Who you were helping dictated how the work was done.

I was very good at pushing calves up a chute and preferred that job when using a table. And any time cattle of any size were pushed up a chute for any reason..no matter calf, yearling or cow..and I was part of there crew, that was where I usually worked. I liked it and seemed kind of handy at it and I wasn't handy at all with a vaccine gun! Heck, just ask my neighbors!

But...I also got my feet

stomped on a lot..while getting good at pushing cattle down a chute, especially where I was in the chute behind them. And even after I was good at it.. accidents happened...and I got my feet stomped on.

Fast forward to today..at 63 years of age. I am setting here recovering from surgery to fix my left foot. The doctor said she had never seen so much arthritis before. I am sure it is from all the foot stomping over the years..bones getting cracked and healing, leaving more and more bone, healed upon cracks.

This is a long way around to say this....I don't care how anyone gets their stock worked. There is a good argument for each style. But.....I never ever got my feet stomped on unless helping while using a chute.

Odd... ain't it? Take care of your body.. it's the only one you get!

## Capitol News

### KAREN ODELL

news@bellefourchebeacon.com

This week, Capitol and Tie Creek got their first blizzard of the winter. Monday was a nice, and warm day.

Tuesday was a nice day, too, so Charlie Odell felt so good and recuperated from Covid, that he decided to make his first solo trip to Spearfish. He picked up lots of groceries, to get stocked up for a rainy day, and at his last stop at Leuder's, he talked with Doug and Julia Davis. Julia, too, was feeling a bit stronger, and decided to ride along to town with Doug, that day. Doug had noticed that it was beginning to rain in town, so they were hurrying to head home, while Charlie finished getting things in the store. By the time Doug and Julia got home, the blizzard was in full swing, and the road was a mess, and someone had taken to the ditch and back out again. The tracks in the snow almost pulled Doug and Julia in the ditch, too, so their progress was down to creeping. When they finally got home, Doug called Karen to warn her that Charlie might have some trouble, or at least be late. Charlie made it past the tracks into the ditch without going off the road, and he got home ok, too, but it was a slow and interesting trip. The next morning, Karen was surprised that the electricity had not gone off, because outside the snow was so extremely wet and heavy, that huge limbs of the trees had broken off, surrounding the house and piling up everywhere. It looked as if a tornado had hit them. The gates to the dog's yard, were both buried with huge limbs and snow, but they could get out the

front door. They were not surprised when the electricity soon went off, and Capitol and Tie Creek were without electricity for a couple of days.

Karen and Charlie began playing cards, as they had in many other blizzards of the past. That brought Jack Teigen to mind, because he loved playing cards, and the thought made Karen miss talking to him. You discover again that the sewing machine, the stove, washer, TV and freeze dryer doesn't work, and soon you are back to a slower way of life, and that might be a good thing. Karen played piano and violin, read and slow-cooked on the wood stove. The phone battery still worked, and they learned that Donna Lewis was ok. When Karen finally got the huge limbs dragged off the dog gates on the second day, the dog went wild, running and zooming around like a nut. He was like a prisoner set free again.

Charlie plowed out to the road, and got out to Wolfy's a couple of times. Then on Friday, he made a trip to Buffalo. On Sunday, Charlie and Karen went to church at the Methodist Church in Camp Crook, where the Bishop Bob Ruedebusch, was visiting for the Charge Conference meeting. Pastor Jerry Dinsmore and the Bishop conducted the service, and the hymn singing was great. Karen had chosen some old songs, and everyone seemed to know them well.

Erma Albert had physical therapy, on Monday, and got her allergy shots on Tuesday. She and Dick went to town to get their antelope meat on Thursday. They went to the Senior Citizen dinner, the next day, and stayed to play cards afterward. On Sunday, they went to mass at the Catholic Church. Then they had a planning meeting for their bazaar. The Catholic

Church will sponsor a community viewing of 'The Passion' movie on October 24th, for junior high up to adults. There will be a pot-luck lunch at noon, and everyone is invited, then the movie will be shown at the old school gym. It will be presented in Latin with English subtitles. Everyone is welcome.

Snow was the big news for Alvin and Marlee Cordell, too. On Monday, Marlee went to Belle Fourche to help Ashley Pearson do some work on her house, but she got snowed in, and didn't get home until Friday. With the very wet snow, Tie Creek was running water all the way to the Little Missouri. Alvin fed hay during the storm. One day, he saw 35 elk cross from east to west just south of Tie Creek. They had probably come down from the Long Pines, and were then headed back toward the Sheep Mountains.

Bruce and Lynn Gustafson have been recovering from Covid. Lynn had been fully vaccinated, but still got it. They are slowly getting their endurance back.

Doug and Julia Davis toughed out the cold days without electricity, until Julia had on so many clothes she felt like a snowman. They had been to Belle Fourche, on Tuesday. By Sunday, Doug decided it was time to bring the cows down from the Short Pines, and he spent the day on the tractor, getting stuck a few times, but got them home. They had gotten about eighteen inches of snow.

Junior and Shirley Melum were drifted in after the blizzard, because the heavy snow was packed against their door. Soon Tommy came with a shovel, and shoveled them out. Their cows, that had been four miles away on Hackberry, drifted with the storm, and ended up scattered along the river.

A weekend trip to the Big Horn Mountains with my wife and some friends was the beginning for this piece. During our meanderings we came across a rockslide area I thought would make a great background scene somewhere down the road. Some weeks later and after a series of thumbnail sketches, I contacted a friend about being the model for the hunter. He was perfect and even had the jacket, similar lace-up boots and rifle. The elk and bear came from other means and sketches.

*Mineral Wealth*

The Black Hills will be the third largest producer of gold during the year 1897, and its output will be, according to a fair estimate, equal to that of the Klondike. The Chicago Times Herald has compiled a statement of the annual yield, which, it predicts, will be \$96,000,000. The division of this amount and the district from which it will come is as follows Colorado \$24,000,000; California \$20,000,000; Black Hills (four largest mines) \$7,800,000; Arizona \$6,500,000; Montana \$6,000,000; Idaho \$4,000,000; Oregon \$2,000,000 Total \$74,300,000. The director of the mint reports that the world's output for 1897 will be about \$240,000,000, or an increase of \$23,000,000 over last year's production. Two-thirds of this production is to be used and is used for money, the remainder going to the arts.

### Montana Ram Sale

J. O. Washington of Broadus, Mont., was high bidder at the recent Miles City, Mont., ram sale. He paid \$80 each for ten Columbia rams owned by Mt. Haggin Land and Livestock company of Anaconda, Mont. Other bids were \$65 each for a pen of ten Columbia and Rambouillet cross bred rams owned by same company. Glen Scammon of Wibaux bid \$46 of five Targhee rams owned by Henry Yoppe, of Livingston, Mont.

### Girl Scout Drive Under Way Monday

The drive for Girl Scout funds got under way with a breakfast at the Don Pratt Grill Monday, Oct. 14, under direction of Bob Howlett and his committee of business men. The men divided the business district and each went out and started calling on various places of business and it is reported very generous donations are being received. It is hoped that enough funds will be received so the local Girl Scouts will be able to carry on their year's program without having to sell Christmas cards,

cookies, etc. from house to house. Belle Fourche has seven active Girl Scout troops, girls who are working on their various projects – projects which are sorely needed to help bring this community and country back to normal peace activities, help deaden the war drums and the excitement of the past four years. Ninety-seven people in the Girl Scouts will carry on during the year with this week's donations.

*Zoning Ordinance Takes 2-1 Beating*

The proposed zoning ordinance for Butte county went down to a crushing defeat by almost a 2-1 margin in the special election held in the county Tuesday. Over 1000 persons took time to vote in Tuesday's election, and a large majority turned thumbs down on adoption of the zoning ordinance. The vote was a decisive 785 against the adoption of the ordinance to 417 in favor. The vote carried in one or two of the Belle Fourche precincts, but even in Belle Fourche, where a zoning ordinance has been in effect for more than a year the pattern of acceptance was inconsistent. In Hoover there were no yes votes and in Castle Rock only 2 yes votes.

### Belle Man Named To Who's Who List

Eric Beals, son of Mr. and Mrs. Robert Beals, Belle Fourche, is among the students at the National College of Business who have been selected for inclusion in the 1972 edition of Who's Who in American Universities and Colleges. Beals is a business administration major, has been active in intramural sports at NCB and received the National Bank of South Dakota scholarship in his sophomore year. The Belle Fourche man was one of 12 students at NCB to be selected.

### Koller Honored For Tourist Work

"For Distinguished service to the South Dakota Travel Industry." That's the way the plaque reads. It was presented to the holder, Joe Kollar, Belle Fourche, Wednesday night at the annual meeting of the Black Hills Badlands and Lakes Association at Rockerville. Koller was for many years Chamber of Commerce secretary in Belle Fourche as well as secretary of the Black Hills Roundup. Thru all those years he was actively involved in promoting the tourist business for South Dakota. He didn't stop after he retired as Chamber secretary. Koller continues to write extensively, much of his work has historical interest. He also continues his association with the Black Hills Roundup.

*“Building Main Street, not Wall Street”* by John Newby

### Creating a Solid Community Foundation

The famous British author, J.K. Rowling once said. “I was set free because my greatest fear had been realized, and I still had a daughter who I adored, and I had an old typewriter and a big idea. And so rock bottom became a solid foundation on which I rebuilt my life.” When it comes to building a rock-solid community foundation from which to build upon, many communities seem to encounter the same obstacles. But just as the quote points out, oftentimes when we feel we are at rock-bottom, that is the time to start building and becoming whom we believe we can ultimately become.

How might a struggling community begin to build that rock-solid foundation? Let me offer a few suggestions.

When I visit or work with communities, the biggest problem I tend to see is that the same people are attempting to do all the work. Not only that, but we also see many communities where the same couple dozen people occupy most of the board seats on the Chamber, Main Street, Rotary, and other boards about town. It is great to see the dedication of the few that really pull their weight, but often, what we really see is people not doing much because they are overloaded serving in multiple organizations or just occupying a board seat to satisfy their egos.

Communities must expand their boards, committees, and

involvement to build a strong foundation. They must involve younger generations, they must reach out to the youth of the community where it makes sense, and they must reach out to the organizations that have been left out. Where and who are these potential board, committee, and organizational members to be found?

When we assist a community in building a rock-solid foundation that will ultimately inspire and move forward a Truly Local mindset and habits, we leave no stone unturned. We encourage reaching out to local Veterans organizations such as the VFW and American Legion. We encourage reaching out to the local religious community and/or pastoral organizations. We encourage involving the youth through their schools as well as their educational leaders such as Superintendents and teachers etc. We have even seen school districts provide graduation credit for youth community involvement, much like a work credit program. It is great when you have first responders involved as well. They understand the nature of the community in whole new light. Also, reaching out to all the Health-Care facilities is important – they are critical.

That’s not all, we encourage communities to involve the media as much as possible. We like to see them involve additional business owners and leaders.

Involving community political leaders adds a whole new element of communication if done right. Don’t overlook senior organizations as well as retired groups, they have knowledge, leadership and in many cases, ample time to serve.

When communities learn to marshal all their resources they will be able to build foundations unimagined with their previous processes. To build a working rock-solid foundation, you need an army of new resources to assure success. Many of the above groups literally have that army ready at the beck and call to perform community service, work events, create events, volunteer, and other tasks needed for success to follow.

Building a rock-solid foundation is critical for success. Involving as many community organizations and individuals as possible in that process is the key, after all, many hands make light work. Great leaders understand the need to build teams, they understand the need to involve everyone humanly possible. They will motivate the masses and excite the team and community. Great leaders are really what stands between failure and success. Make sure your community is building that rock-solid foundation. If they are not, just remember change is usually brought about by visionary leaders. Do what it takes to find those leaders and give them the reigns to foster hope and create your future through a rock-solid foundation.

A group photo of four young people standing in front of a dark backdrop. Above them is a white banner that reads "2021 Western Junior Livestock Show" with a small American flag to the left. The person on the far left is a young man wearing a red baseball cap, a blue button-down shirt, and blue jeans. He is holding a large wooden plaque with the "WJ" logo and a landscape image, and a small certificate. The second person is a young woman with blonde hair, wearing a blue t-shirt with a graphic. She is also holding a large wooden plaque with the "WJ" logo and a landscape image, and a small certificate. The third person is a young man wearing a grey baseball cap, a green hoodie, and blue jeans. He is holding a small certificate. The person on the far right is a young man wearing a grey baseball cap, a red and black plaid shirt, blue jeans, and black boots. He is holding a small certificate. The ground they are standing on appears to be straw or hay.

Newell Community Club Presents

# Chase The Ace

Purchase your ticket for  from any Community Club Member or at Newell Area Businesses. Proceeds go to the **Newell Rodeo Arena Grandstand Fund.**

Tuesday night: 7:00 pm Drawing at the Newell Bar.

One name from the tickets sold each week will be drawn.

That person will win 10% of the week's ticket sales and draw 1 card from the deck.

If they find the **Ace of Hearts** they will split the jackpot 50/50 with the Newell Community Club.

If they find another card, the game continues next week as the Jackpot grows with ticket sales. **Other Aces will pay \$100 and Jokers are \$25.**

The Deck is reduced by 1 card increasing your chance to find the **Ace of Hearts.**

Tickets can be purchased on line @ [newellcommunityclub.com](http://newellcommunityclub.com)

**Must be 18 years or older to participate. Must be a South Dakota resident.**

### From C1 AI Day Camp

tial in great conception rates, according to those hosting the day camps. Youth will be able to work with real, female beef cow reproductive tracts and there will be breakout sessions to allow them to see what they are working with inside a cow.

At the Philip location a YQCA training will also be offered at

8:30 a.m. directly before the AI Day Camp at the same location. For those 4-Her's needing that training it is a good opportunity to get twice as much training on the same day. You can find more information on that training at [www.yqca.learnrow.io](http://www.yqca.learnrow.io) and use the youth's 4-H credentials.

Those interested can call the local extension office in Belle Fourche for more information.

## “Looking Forward to our Past” by Linda Velder

October 19, 1911  
County Surveyor Carl C. Adams and Eugene Ball in company with R.K. Bates and Tom Gay began Friday at Willow Creek and are surveying the Old Bismarck Trail to the Meade County line, for the county Commission of Butte County. It is the intention of the commission to make this a legal road.

The work of remodeling the old skating rink building for church purposes has commenced. It is the intentions the Methodist people to partition off 36 feet of the front and fit it up for church and Sunday school. The interior will be prepared and ceiled and ample seating will be provided. It is now expected that the building will be ready for occupancy Sunday, October 29 at which time it is proposed to hold special opening services.

Hog cholera has been diagnosed on the Project, Dr. J.E. Phelps State Veterinarian; Dr. Weaver State College; Dr. Combs fieldman for Livestock Sanitary Board and G.W. Dunn local Veterinarian visited farms in the vicinity. At the Oscar Milberg and Hannah Wilson farms, they found both hog cholera and hemorrhagic septi-cemia. On the Adam Hill farm, cholera alone was found. Dr. Phelps will call a meeting with a view to lifting the restrictions for the use of virus eradication in the section, which has heretofore been termed a cholera free area. Perfect sanitary conditions should be carried out about the entire farm and the strictest kind of quarantine both for self and neighbors should be practiced.

The first of the week, the men interested in the Horse Creek Community Hall, turned out in force and put a substantial fence around the building while the ladies met the same day and finished a quilt which, we understand, is to be sold in the near future.

Concluding operating expenses were too high to maintain the Butte County Poor Farm for 1 or 2 person, it was revealed last week. The Butte County commissioners decided to abandon the Poor Farm it was revealed last week. The farm located about 3 miles southeast of Belle Fourche was being operated during the past few months for only 1charge. The farm will either be rented or sold. The Commissioners adopted a Resolution to pay for the care of the charge in a private home. Butte County's Poor Farm was established late 1913 and has been improved from time to time.

Copper on the march!  
National Defense's demands for copper are so great that soon none may be available for building additional telephone lines except as needed for defense purposes. The situation already is such that, in many localities, it is not possible to provide all customers with just the type of telephone service wanted and there may be delays on some long distance calls, this is revealed by Northwestern Belle Telephone Company.

**BETTY OLSON**  
news@bellefourchebeacon.com

Last Sunday afternoon Casey, Missy, Taz, Copper and Knox rode to bring the cows into the pasture they needed to be in to wean the heifer calves on Monday. Monday morning Clint Doll, Bill Holt and RonE Jenson came down to help the guys wean the calves and haul them over to the feedlot up at the old place. Amanda brought a delicious lunch to feed the bunch over at the shop after they got all the calves hauled home. Reub and I went to Buffalo Monday afternoon to get lumber to build another bookcase in the garage and we got to listen to the weaned calves serenade us all night.

Halleluiah, we got rain!! Last Sunday Casey had to go down to the church early that morning to help mop up the water that ran in the basement after the .55 hundredths we got the day before. This week we got 2 inches of rain on Tuesday and .78 hundredths on Wednesday. After hearing the weather report, Casey went down to the church on Monday to fill in the hole that was causing the rain to leak into the church.

I was sad to read in the Bison Courier about the death of Ed Deibert, 81, from Fargo and formerly from Bison. Ed passed away Friday, October 8, at Sanford Medical Center in Fargo. His memorial service was Tuesday, October 12, in

Fargo. Ed grew up in Bison with nine siblings. He leaves behind his wife, son, and three grandchildren. His family has our sympathy.

It was cold, windy and raining all day on Tuesday with a little bit of snow. Reub covered my tomatoes plants because it was supposed to freeze for the first time that night and then he spent the rainy day inside working on the new bookcase.

It rained all day again on Wednesday and water is finally running down Olson Creek in front of our house for the first time this year! Casey went down to a meeting at the church that afternoon and Taz put a new radio in the tractor to replace the one that quit working. Reub got the new bookcase built and we started putting more books on it. Taz and Amanda went to Buffalo for volleyball that evening. It froze here Wednesday night.

While we were sorting through all the books, I found one that my friend Ruth Dombroski gave me years ago. The title is “The Wood Carver” by Grace Noll Crowell and it was given to Ruth by her Sunday School teacher, Mrs. Finstad in Bison for Christmas in 1954. Ruth came to America with her parents and grandmother from Latvia. They were ‘Displaced Persons’ from Latvia which was part of the Communist Soviet Union back then. Ruth’s father worked as a mechanic in Bison. Alice (Shinabarger)

Baker and Ruth were a year older than me. Alice taught Ruth to speak English before they started school and when we moved to Bison from Prairie City I started school in second grade while they were in third grade. Alice had Ruth speaking English without even an accent, although her parents spoke English with a heavy accent and Ruth’s grandmother never learned a word of English.

After all that wonderful moisture, Taz and Casey spent most of the day on Thursday blading the road to the mailbox to get all the washboards flattened out. They were so bad that it almost would bounce the vehicles off the road but now the guys have it so nice it’s like driving on the highway. It froze hard again Thursday night.

Reub and I drove to Wyoming Friday afternoon to spend the night with Guy and Megan’s family and to watch Creed play football Friday night in Gillette and Saturday morning in Sheridan. That was a lot of fun!

South Dakota truck and car operators were asked for their old license plates this week as a contribution to the nation's scrap pile. Governor Sigurd Anderson said the growing need for iron and steel scrap made it necessary for every individual to contribute any scrap that could be used in the defense effort. The governor said he will make an appeal to filling stations and garages and ask that these places be used as collecting points. The state Motor Vehicle Department said more than 100 ton of steel were used in manufacturing South

Dakota's 1951 license plates.

# Irrigators Cross Country Heads to State

**COLLEEN BRUNNER**  
news@bellefourchebeacon.com

PHILIP – The Newell Irrigator boys’ and girls’ cross-country teams competed in the Region 5 meet in Philip recently. Although the teams were small in numbers this year, they still made some impressive stats at different meets.

The sport has been coached by Kyle Sanderson since its inception in the Newell athletic program. Each year Sanderson has taken some student athletes to the state meet, most times an entire team. And this year is no different.

The girls’ program will be sending a team to state for the ninth straight year.

“They edged out the fourth and fifth place teams by one and two points,” said Sanderson. “Rachel (Erk) led the way with her third-place finish overall.” She was followed by Bethany Mahaffy in 11th, Stacy Mahaffy in 20th, Natalie Yates in 23rd, and Sarah Kirby in 27th. All five girls and Garrett Winkler for the boys will race in Sioux Falls on October 23 at the State Meet.

Winkler finished 2nd overall, which is the highest place for a Newell boy in school history. David Kirby placed 22nd and Clint Winkler placed 33rd.

“Rachel ran one of the best races I have ever seen her run,” said the coach. “She battled it out with a former state cham-

pion for most of the race and became just the fourth Newell girl to place in top three at the region meet.”

Sanderson said the girls’ team has a couple of battle injuries that left them with question marks heading into the meet, but the five girls stepped up and got a top three team finish.

“It was a lot of fun,” he smiled.

“Garrett is our only senior and I know he wanted to perform well at his last region meet. His second-place finish is best in school history at the region meet. I really look forward to what the girls and Garret can do in Sioux Falls next week.”

Newell Volleyball

# Irrigators Host Moorcroft Wolves

**COLLEEN BRUNNER**  
news@bellefourchebeacon.com

NEWELL – The Newell Lady Irrigators hosted the Moorcroft Wolves on Thursday, October 14 in Austin auditorium. Unfortunately for the Irrigators the contest ended up with their opponents going home with the win. The match took just three short games.

Rachel Erk stayed at the service line, moving the Irrigators into the lead, 4-1. A quick two points for Moorcroft and the side out came back to Newell, but they were not able to maintain possession.

Moorcroft’s Kaylee Terry too three points in a row, to pull her team ahead, 6-4, and then Kailee Gill took them to an 11-7 lead. A time out by Coach Tysha McDonald seem to help and Gill took the Wolves to a sizeable 16-7 lead.

Finally, Taylor Gear got the Irrigators pumped up but only managed two points. A quick change of possession on both

sides set up Katie McTaggart at the line. She served up two points and there was another quick side out.

Two points for each time at the serving line seemed to be all the Irrigators could manage. That was broken up by HayLeigh Fenner taking the Moorcroft lead to 21-14. The Irrigators suffered a first-game loss, 25-19.

Game two wasn’t a whole lot better, and Newell was down 9-5 when Char Cranston came to the line for Moorcroft, serving until the Wolves were ahead 16-5. Newell could not get anything going. Stomprud served for one point but with the exception of an ace serve later in the game by Mary Mahaffy, and a kill shot by Taylor Gaer, the game all belonged to Moorcroft, with a final of 25-9.

The Irrigators fared a bit better in game three, with Newell taking a quick lead, 3-2. Kendra Hansen served four points in a row and Moorcroft took the lead, 5-3. Kim Johnson came

to the line with a decisive first serve ace, followed by four more points, one on a kill shot by Gaer. Newell was up 9-6. McTaggart, assisted by some good work at the net by Rachel Erk with two kills in a row, saw the Wolves taking a time out. Newell was up 12-8.

Moorcroft tied it at 13 all before Kim Johnson tipped the ball over the net and the Wolves could not return. Newell pushed the lead to 16-14 before Moorcroft turned it back to their advantage, tying it at 16.

Johnson then went to the line to serve two points, Gaer grabbed two more and the score stood at 20-all. McTaggart served and Megan Jackson blocked two returns in a row and the Irrigators were up 22-20.

A Wyoming time-out saw the Wolves rally and finish up with the points they needed for the third game, and match win, 25-23.

# Newell Volleyball Falls in Three at Buffalo

**COLLEEN BRUNNER**  
news@bellefourchebeacon.com

BUFFALO – The Newell Lady Irrigators traveled to Buffalo on Friday, October 8, for a tough match with the Ranchers. They came away with a three-game defeat. Rachel Erk started at the service line for Newell and Buffalo quickly got the side out. Karlin Teigen stepped up to the line and snagged five quick points for her team.

Katie McTaggart served up next and with support on the court the Irrigators logged two points on the scoreboard, leaving the score at 6-3, Buffalo. Three more points in the Ranchers favor came before Newell managed two more points. Several net serves by Newell as well as one by Harding County, sent Stacy Mahaffy to the line.

Hadley Pihl took residence at the serving line for Buffalo and took the score all the way

to 19-7 before Megan Jackson pounded down an ace serve. However, the side out came right back to the Ranchers for two more points, leaving the Newell ladies down 21-9. A quick change of possession on both sides saw the score pushed to 23-10 before McTaggart once more went to the line. This game ended in a 25-11 loss.

The Irrigators pushed hard and stuck with their opponents through the second game. A more ambitious front line with kill shots by Taylor Gaer, Jackson and Erk, and some more consistent serving saw Newell up 15-10. McTaggart had three ace serves in a row, before Kim Johnson went up high for a block. Harding County hung in there and snagged seven points to set the score at 20-19. The game was tied up on a net serve by Newell.

Aspen Vining served up two points in a row for the Ranch-

ers, and Erk came back to the line for Newell to keep the Irrigators ahead by one slim point. Teigen came back to finish things up for Buffalo though as she pushed ahead by the two points needed to win, 27-25.

The third game was another unbalanced contest as the Ranchers to a 4-2 and then a 6-3 lead. Newell struggled with their serves, but the side-out switched on nearly every new server. Vining ground out three points in a row and then Teigen grabbed three more.

Coach Tysha McDonald took a time out with the score at 15-8, but couldn’t rally her team. Although Johnson snagged an ace serve, several others went in the net or the rally ended with the side-out going back to the Ranchers. A block by Johnson gave the Irrigators another point, but the game ended with a score of 25-19, giving the match to Harding County.

# Section of S.D. Highway 79 Closed Northeast of Belle Fourche

BELLE FOURCHE, SD – The South Dakota Department of Transportation (SDDOT) says that S.D. Highway 79 is closed from the junction of S.D. Highway 168 (mile marker 150) to the junction of S.D. Highway 20 (mile marker 199). This 49-mile road closure is in place until further notice.

The road closure is necessary for the safety of the traveling public. The traffic diversion at Frog Creek (mile marker 160) on S.D. Highway 79 is experiencing substantial road erosion following last week’s substan-

tial precipitation.

Motorists should plan to use alternate routes including S.D. Highway 20 to U.S. Highway 85 south or S.D. Highway 73 to S.D. Highway 34 west.

# Butte County Shooting Sports Prepares for New Season

**COLLEEN BRUNNER**  
news@bellefourchebeacon.com

BUTTE COUNTY – The Butte County 4-H shooting sports group has started preparing for their new season after a successful last year in sending a team to Nationals. New member safety training was held on Sunday, October 3 with both the youth and parents present for the duration of the training. Parent participation is encouraged for all events throughout the season. The training was held in the shooting sports building in the basement of the BF Development Corp. The training was a prerequisite to participating in the practices which begin in January 2022. The group offers compound archery, BB Gun, Air Rifle, and Air Pistol events. After age and attendance requirements are met, .22 rifle and pistol are also available.

Shooting sports members have already started taking orders for holiday wreaths. Selling wreaths for individual use or as a donation for the 4-H members to place wreaths at the National Cemetery is a fundraiser for the group. It helps each team member with their shooting fees for the year.

Members must be enrolled in 4-H and join a 4-H club for their regular club work.

Shooting sports is open to enrolled 4-H members age 8 and up. The Shooting Sports can then be listed for the 4-H club the member. You may call

Amy Clark at 605-569-0408 for more information and ask how you can purchase a wreath. Or contact any Butte County 4-H member, such as Mackenzie Rans or Emmet Frerichs to purchase a wreath and support the BCSS team.
